

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

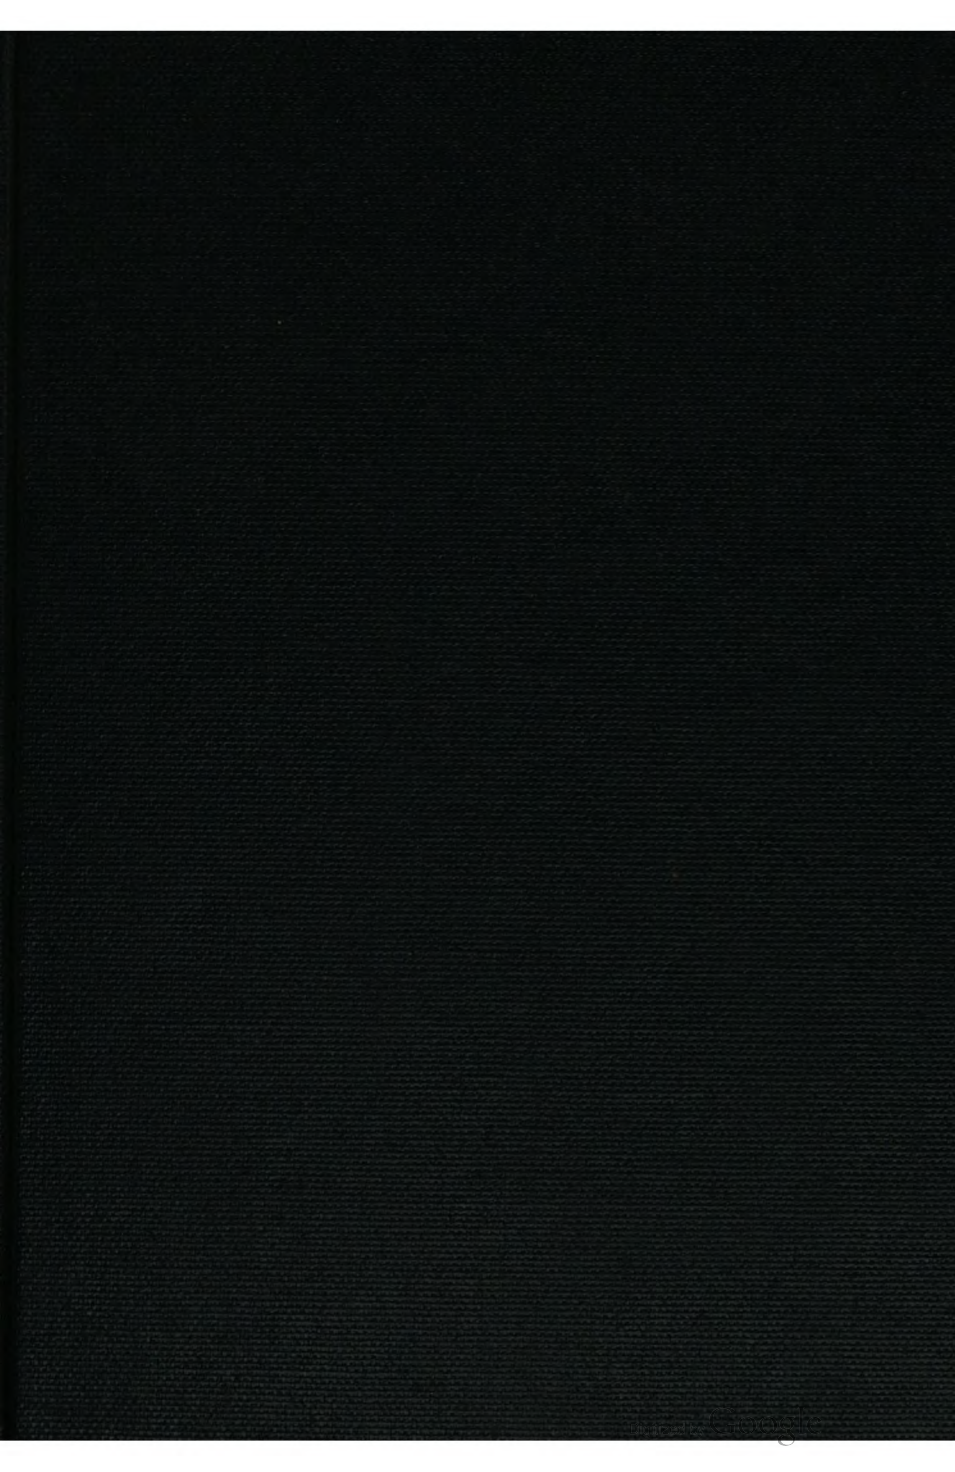

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

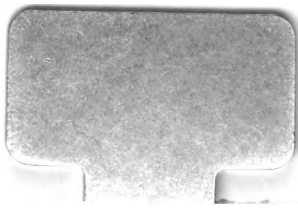

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

POSTAL GUIDE.

I. RATES OF POSTAGE.

*Inland Letters.**

1. With the exceptions afterwards specified, the rate of postage on all inland letters is regulated by weight, irrespective of distance; and is as follows:—

| | | | | | |
|-----------------|---|---|---|-------------|------------------|
| | <i>If paid in advance—</i> | | | | |
| Letter weighing | not more than $\frac{1}{2}$ oz. | - | - | 1d. | Prepaid Letters. |
| „ | more than $\frac{1}{2}$ oz. but not exceeding 1 oz. | - | - | 2d. | |
| „ | more than 1 oz. | „ | „ | 2 oz. - 4d. | |
| „ | more than 2 oz. | „ | „ | 3 oz. - 6d. | |

and so on; twopence being charged for every additional ounce.

2. Except on re-directed letters, the postage, if not paid in advance, is double the foregoing; and if the payment in advance be insufficient, double the deficiency must be charged. An inland letter, for example, weighing more than half an ounce, and not exceeding one ounce, if bearing a penny stamp only, must, on delivery, be charged twopence. The unpaid *additional* postage on re-directed letters, however, is not doubled, being the same as if such postage were prepaid.

Colonial and Foreign Letters.

3. The rates of postage on letters to foreign countries and the colonies are entered in the Table of Foreign and Colonial Postage at page 18.

Addresses to the Queen and Petitions to Parliament.

4. Petitions and addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are without covers, or are in covers open at the sides. No letter or other enclosure, however, must be inserted, and if one be found, such enclosure, unless it bear the proper number of postage stamps, is charged as an unpaid letter.

Newspapers and other periodical Publications bearing the Newspaper Stamp.

5. Although provision is made for forwarding newspapers, books, and money through the post, it is not compulsory on any one to employ this mode of transmission; everything except letters may be sent in any other way.

6. All periodical publications, including newspapers published in the United Kingdom, at intervals not exceeding thirty-one days, and which bear an impressed stamp or stamps denoting the stamp duty (of the kind formerly confined chiefly to newspapers), may be transmitted and re-transmitted through the post within the United Kingdom free from postage under the following regulations, viz. :—

1. They are subject to the same restrictions with regard to the number of sheets and superficial extent as were lately applicable only

* Inland Letters are those which pass between places in the United Kingdom, including the Orkney, Shetland, Scilly, and Channel Islands, and the Isle of Man.

Rates of Postage.

to newspapers properly so called. These restrictions are shown in the following Table:—

| Amount of Stamps impressed on the Publication. | Maximum Number of Sheets. | Maximum Superficial Extent of Letter-press on One Side. |
|--|---------------------------|---|
| One Penny - - - | Two - - - | 2,295 inches. |
| Three Halfpence - - | Three - - - | 3,443 " |
| Two Pence - - - | Four - - - | 4,591 " |

No publication, or portion thereof, can pass through the post unless the impressed stamp which it bears be at least a stamp of the value of one penny.

3. The title and date of the publication must be printed at the top of every page.
4. The publication must be folded in such a manner that the whole of the stamp or stamps, denoting the full duty, shall be exposed to view, and be distinctly visible on the outside, except that where there are more than two publications in the same cover it will be considered sufficient if the stamps are so arranged that they can readily be examined.
5. It must not be printed on pasteboard or cardboard, or on two or more thicknesses of paper pasted together, nor must any pasteboard, cardboard, or such pasted paper be sent with it as a back or cover thereto, or otherwise.
6. It must be posted within fifteen days from the date of publication.
7. It must either have no cover or a cover open at the ends.
8. It must contain no enclosure.
9. It must have no writing or other mark thereon, but the name and address of the person to whom it is sent, nor anything on the cover but such name and address, the printed title of the publication, and the printed name and address of the publisher or vendor who sends it.
10. If the publication be addressed to any person within the free delivery of the place where it is posted, it becomes liable to a postage of one penny, which must be prepaid by affixing a postage stamp.*
11. When a newspaper, &c. is so folded as not to expose the stamp or stamps, a postage of one penny is charged in addition to any other postage to which the publication, if properly folded, would have been liable; and if the newspaper, &c. be addressed to any person within the free delivery of the place where it is posted, and do not bear a penny postage label, it will be charged 2d. In case of any other irregularity the publication is dealt with in accordance with the regulations of the book post.
12. It is suggested that every publication should have a notice to purchasers conspicuously printed, pointing out the necessity of exposing the stamp or stamps to view whenever the publication is sent through the post.
13. Unstamped publications, or stamped publications which have been issued more than fifteen days, can be forwarded within the United Kingdom and to most of the colonies under the regulations of the book post.

* The free delivery of London, so far as applies to this rule, extends to such places only as are within three miles of the General Post Office,

Rates of Postage.

7. Newspapers sent abroad are liable to the same regulations as newspapers passing (under the newspaper privilege) between different parts of the United Kingdom, except that, before going abroad, the name of the newspaper must have been registered at the General Post Office; and that, instead of requiring to have an impressed stamp, each newspaper, if sent to a British Colony, is liable to a postage of 1d. (which must be prepaid by a postage label or in money), together with an additional postage (as shown in the Table of Colonial and Foreign Postage) when the newspaper has to pass through a foreign country. In the same table will be found the postage of newspapers sent to foreign countries. In all cases of newspapers going abroad the impressed stamp stands for nothing.

Parliamentary Proceedings.

8. Printed proceedings of the Imperial Parliament, sent without covers, or in covers open at the ends, may circulate within the United Kingdom at the following rates of postage:—

| | | | | |
|--|---|---|---|-----|
| Weighing not more than 4 oz. | - | - | - | 1d. |
| " more than 4 oz. but not exceeding 8 oz. | | | | 2d. |
| " more than 8 oz. | | | | 3d. |
| " more than 12 oz. | | | | 4d. |

Postage.

and so on; one penny being charged for every additional 4 oz.

Prepayment, when the circulation is within the United Kingdom, is optional; and if it be made in part, the simple difference only is charged.

Prepayment optional.

Printed proceedings of the Imperial Parliament and of the Colonial Legislatures may be sent to or from the Colonies at the rates mentioned in the Table of Colonial and Foreign Postage.

Parliamentary proceedings, &c. sent abroad.

Book Post.

9. At the following charges, and on the subjoined conditions, book packets may be sent by the post to any place within the United Kingdom, or to the British Forces at the seat of war:—

| | | | | |
|--|---|---|---|-----|
| Weighing not more than 4 oz. | - | - | - | 1d. |
| " more than 4 oz. and not exceeding 8 oz. | | | | 2d. |
| " more than 8 oz. | | | | 4d. |
| " more than 1 lb. | | | | 6d. |

Inland Book Post, &c.

and so on, 2d. being charged for every additional half pound or any less weight.

1. The postage must be prepaid in full, by means of postage stamps affixed outside the packet or its cover.
2. Every packet must be sent either without a cover, or in a cover open at the ends or sides.
3. If the postage paid on the packet amount to as much as 4d., it may contain any number of separate books or other publications, prints, or maps, and any quantity of paper, parchment, or vellum (to the exclusion, however, of letters, whether sealed or open). And the books or other publications, prints, maps, &c., may be either printed, written, or plain, or any mixture of the three. Further, all legitimate binding, mounting, or covering of a book, publication, &c., or of a portion thereof, will be allowed, whether such binding, &c. be loose or attached; as also rollers, in the case of prints or maps; markers (whether of paper or otherwise), in the case of books; and, in short, whatever is necessary for the safe transmission of literary or artistic matter, or usually appertains thereto.

4. But if the postage paid be less than *4d.*, the packet must consist exclusively of printed matter, without restriction, however, either as to the number of publications or separate sheets, or as to whether they are bound or unbound. If any other matter be included, the packet will be subject to the penalty mentioned in the 9th Condition.
5. A book packet, whatever may be the postage paid thereon, must not contain any letter, closed or open, or any enclosure sealed or otherwise closed against inspection; nor must there be any letter, nor any communication of the nature of a letter, written or printed, in any such packet or in its cover. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter, and may therefore be made when any writing is permitted; that is, when a postage of *4d.* at least is paid.
6. No book packet can be received, if it exceeds two feet in length, width, or depth.
7. Any packet which shall not be open at the ends or sides, or shall have any letter or any communication of the nature of a letter, written or printed, in it, or upon its cover, is charged with the "unpaid" or double letter postage.
8. If a packet be found to contain any letter, whether closed or open; or any enclosure sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure is taken out and forwarded to the address on the packet, charged with the full postage, as an unpaid letter, together with an additional rate of *4d.*; and the remainder of the packet, if duly prepaid with stamps, is then forwarded to its address.
9. If a packet be not sufficiently prepaid with stamps, but nevertheless bear a stamp of the value of *1d.*, it is forwarded, charged with the deficient book-postage, together with an additional rate of *4d.*; but any packet which shall bear no postage stamp is charged with the "unpaid" or double-letter postage.
10. In every case in which the postage charged upon a packet under these regulations would be greater than the letter rate, the latter postage is substituted.

**Colonial
Book Post.**

10. The regulations of the Colonial Book Post are similar to the foregoing, and are as follows:—
 1. The postage must be prepaid in full, by means of postage stamps affixed outside the packet or its cover.
 2. Every packet must be sent either without a cover, or in a cover open at the ends or sides.
 3. The packet may contain any number of separate books or other publications, prints, or maps, and any quantity of paper, parchment, or vellum (to the exclusion, however, of letters, whether sealed or open); and the books or other publications, prints, maps, &c. may be either printed, written, or plain, or any mixture of the three. Further, all legitimate binding, mounting, or covering of a book, publication, &c., or of a portion thereof, will be allowed, whether such binding, &c. be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books; and, in short, whatever

is necessary for the safe transmission of literary or artistic matter, or usually appertains thereto.

4. The packet must not contain any letter, closed or open, or any enclosure sealed or otherwise closed against inspection, nor must there be any letter, or any communication of the nature of a letter, written or printed in any such packet or on its cover. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.
5. No book-packet can be received, if it exceeds two feet in length, width, or depth.
6. Any packet which shall not be open at the ends or sides, or shall have any letter, or any communication of the nature of a letter, written or printed in it or upon its cover, is charged with letter postage.
7. If a packet be found to contain any letter, whether closed or open, or any enclosure sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure is taken out and forwarded to the address on the packet, charged with full postage as an unpaid letter, together with an additional book-rate; that is, with the postage chargeable on a book weighing not more than half a pound. The remainder of the packet, if duly prepaid with stamps, is then forwarded to its address.
8. If a packet be not sufficiently prepaid with stamps, but nevertheless bear stamps equal to a single book-rate, it will be forwarded charged with the deficient book-postage, together with an additional book-rate; but any packet which shall not bear postage stamps equal to a single book-rate is charged with the letter-postage.
9. No book-packet weighing more than three pounds can be sent to the East Indies or to New South Wales.
10. The Colonial book-post extends to those Colonies only which are so marked in the Table of Colonial and Foreign Postage.
11. In no case can a book-packet be sent to the Colonies (except at the letter rate of postage) through a foreign country.
11. The Head Postmaster who first receives a book-packet is required, whenever he has ground for suspecting an infringement of any of the above conditions, and occasionally, even when there is no ground for suspicion, to open and examine the packet; and every book-packet which is not open at the ends or sides, or which exceeds two feet in length; width, or depth, or which has any letter or any communication of the nature of a letter written or printed in it or upon its cover, or which does not bear postage stamps equal to a single book-rate, is ordered to be sent up, with as little delay as possible, to the Returned Letter Branch of the Circulation Office in London, Dublin, or Edinburgh, as the case may be; but in the case of any other infringement of the regulations, the packet is dealt with by the Postmaster himself.
12. To prevent obstacles to the regular transmission of letters, any Head Postmaster may, when necessary, delay forwarding a book-packet for a period not exceeding twenty-four hours beyond the ordinary time; and at Packet Offices* the delay may, at the option of the Postmaster, be either for that period, or until the despatch of the mail next after that by which the book-packet ought otherwise to be forwarded.

Precautions against fraud, &c.

Despatch of book-packets may, when necessary, be delayed.

* Packet Offices are those at which mails are made up for despatch by packets (as distinguished from private ships) to places abroad; such are the offices of London, Liverpool, and Plymouth.

II. REGISTRATION.

- Fee.** 13. By the prepayment of a fee of sixpence* any letter, book, or other packet on which the postage has been prepaid in stamps, may be registered. This will make its transmission more secure by rendering it practicable to trace it, when inland, from its receipt to its delivery; and when foreign or colonial, if not to its delivery, at least to the port of despatch. The Post Office does not guarantee the safe delivery of the letter, &c., though the officers are of course responsible to the Postmaster-General, who will call to strict account any one neglecting his duty on this point, and, if his Grace think proper, will require him to make good any loss that may be sustained thereby.
- Postage must be pre-paid.** 14. The postage of registered letters must be prepaid; and if the letter be inland, it must be prepaid in stamps.
- Time of posting.** 15. Every letter to be registered should not be dropped into the letter-box, but be presented at the window and a receipt obtained for it.
16. The latest time for posting registered letters is entered in the Notice exhibited in every Post Office, such time, unless otherwise directed by the Surveyor, being half an hour before the closing of the box for the mail by which it is to be despatched.
- Parliamentary notices.** 17. Parliamentary notices may be forwarded through the post under the following regulations:—
1. The words "Parliamentary Notice" must be legibly printed on the face of the letter; and in order to secure the speedy return of any notices which may be undelivered, the name and address of the solicitor issuing such parliamentary notices should also be legibly printed or written on the face of the letter; though this latter is not imperative.
 2. These notices must be posted either at the General Post Office, St. Martin's-le-Grand, in London; the General Post Office in Dublin; the General Post Office in Edinburgh; or at the chief office at one or other of the following towns:—

| | | |
|------------|------------|----------------------|
| Aberdeen. | Exeter. | Liverpool. |
| Athlone. | Glasgow. | Manchester. |
| Belfast. | Inverness. | Newcastle-upon-Tyne. |
| Birmingham | Leeds. | Norwich. |
| Bristol. | Lincoln. | Shrewsbury. |
| Cork. | | |
 3. All notices which by the standing orders of either House of Parliament are required to be served on or before the 15th December, must be posted on or before the 12th December, unless the 12th falls on a Sunday, when they must be posted not later than the 11th; but those notices which by the same orders may be served later than the 15th, may be posted after the 12th of that month.
 4. The postage chargeable on these notices must be prepaid by stamps; the registration fee of sixpence on each notice being paid in the usual manner.
 5. The notices must be posted at the Post Office window, accompanied with duplicate lists of the addresses; the letters being arranged, for the convenience of comparison, in the order of the list. These lists are examined by the officer in attendance at the window; and if each list correspond with the address, he will sign and

* This fee must be paid in stamps unless the letter be posted in London, where the fee is received either in money or stamp

stamp every sheet of each list. One of the duplicate lists will then be returned to the person who brought the letters, and the other forwarded to the Secretary, General Post Office, London.

18. The hours for receiving both parliamentary notices and the under-mentioned voting notices are the same as those for the registry of ordinary letters, unless the parliamentary notices be presented at such a time as to interfere with the ordinary duties of the office; in which case the Postmaster may appoint any other time within the next twenty-four hours for receiving the same; provided that, when the notices are to be served on or before the 15th December, such arrangement do not delay the posting beyond the 12th.

Time for posting parliamentary and voting notices.

19. Whoever sends parliamentary notices should, if possible, arrange on the day before with the Postmaster as to the most convenient time for posting them, and state the probable number.

20. On prepayment of the postage and of a registration fee of twopence, a notice belonging to any one of the classes enumerated in the Act 6 Vict. c. 18. (relating to votes for members of Parliament) can be sent through the post with the securities for their safe delivery enjoined by law, provided it be brought duly directed, open and in duplicate, to a Postmaster of an office where money orders are issued or paid.* On receiving the notice, the Postmaster has to compare it with the duplicate, and if the two agree the latter will be stamped and returned to the bearer.

Voting notices.

21. When a poll-book is presented by any returning officer to be forwarded by post, the Postmaster is required to give to such officer an acknowledgment thereof in writing, stating therein the time when he received it.

Poll-books.

22. No registration fee is demanded for poll-books, and prepayment of the postage is optional, without regard to weight.

III. DELIVERY.

23. Letter Carriers and Rural Messengers are prohibited, under pain of dismissal, from demanding or receiving any payment beyond the postage on letters, newspapers, &c. which they are required to collect or deliver; or from distributing any letters, newspapers, &c., whether before beginning their rounds, whilst on their rounds, or after they may have completed them, except such as have passed through a Post Office. The prohibition, however, from receiving payment in addition to the postage does not extend to Christmas boxes.

24. Except where the number of daily deliveries is considerable, and where, therefore, the Surveyor considers such a regulation unnecessary, letters are delivered at the window after the arrival of every mail (within office hours) as soon as they can be sorted. In all cases, however, when there is a corresponding delivery by Letter Carriers, the window delivery (whether to the holders of private boxes or to the public generally) does not begin till the Letter Carriers have left the office, nor is it allowed in any way to delay the departure of the Letter Carriers.

Delivery at window.

25. In order to prevent the additional trouble which is sometimes caused by letters being directed to a Post Office, although for persons residing within a free delivery from such office, but who have no private

* The posting of these notices is confined strictly to Post Offices where money order business can be transacted; consequently, whenever such power is suspended at any office, none of these notices can there be received.

box, a Postmaster is authorized, when such letters arrive by a mail for which there is a delivery from house to house, to refuse to deliver them at the window, and to send them out by the Letter Carriers, except letters addressed to the military in barracks.

Private boxes and bags.

26. Any person can have a private box who is willing to pay the appointed fee. Where this fee goes to the Revenue, it is generally fixed at one guinea per annum, to be paid in advance, and for a period of not less than a year; and where it goes to the Postmaster, he may demand the same terms, though he may, at his option, take less. The same also, in most cases, are the terms for a private bag, except that in addition there is the cost of the bag itself, and a charge for conveyance, the maximum of the latter being half a guinea per annum if by a foot messenger, and two guineas if by a mounted one. As the service of a private bag, however, may possibly delay the despatch of the general bag, none must be allowed without the permission of the Surveyor.

IV. POSTAGE STAMPS.

Postage stamps must be kept for sale.

27. Every Postmaster is required to have on hand a sufficient stock of postage labels and penny stamped envelopes, and to sell them to the public at the following prices:—

Prices.

| | | <i>Stamped Labels.</i> | |
|---------------|-----|------------------------|-------------------------------|
| Penny Labels | - - | 1d. each. | Sixpenny labels - - 6d. each. |
| Twopenny do. | - - | 2d. each. | Shilling do. - - 1s. each. |
| Fourpenny do. | - - | 4d. each. | |

| 6 " | - - | 0 | 6½ | 1 " | - - | 1 | 1½ |

Rural Messengers may sell postage stamps.

28. Every Rural Messenger is authorized and required to sell postage stamps (including stamped envelopes) at the same prices at which postmasters are empowered to sell them.

Stamps.

29. Prepayment of inland letters, &c. must be by stamps†, except at the Chief Post Office, London, where prepayment of such letters from 10 a.m. to 5 p.m. is permitted in *money*, provided the amount be not less than £1. Letters also to the colonies and foreign countries may be prepaid in money. Except by soldiers and sailors in Her Majesty's service, British postage stamps, however, are not available in the payment of letters, &c., *coming into the country*.

30. Adhesive stamps, before being used, should be examined to ascertain that they will firmly adhere, as in the event of their falling off the letters become charged with postage, which in the case of inland letters and of some foreign letters is double the prepaid rate; they should then be placed on the front of the letter, and upon the right-hand corner of the upper side.

31. Arrangements have been made by which paper and envelopes delivered at Somerset House by the public can be impressed with postage stamps.

* Every complete dozen, in any larger number, must be charged at the same rate.

† Payment in stamps must always be made by affixing outside the letter, &c., before it is posted, a number of stamps equal in value to the amount of postage.

V. MONEY ORDERS.

32. Requisition Forms for Money Orders are sold by Postmasters at the rate of ten forms for one penny, or of five or any smaller number of forms for a halfpenny. Requisition forms, price of.

33. No order is to contain a fractional part of a penny. No fractional part of a penny allowed.

34. With the subjoined exceptions, no Money Order can be issued unless the applicant furnish, in full, the surname and one Christian name, both of the remitter (the person who sends the order) and the payee (the person to whom the money is to be paid), together with the remitter's address; and if the name of either party be tendered at greater length, it must be received and advised accordingly:— Limit of issues by Minor Offices.

1. If the particulars be furnished in writing (whether by filling up the blanks in the printed form or wholly in manuscript), it will not be necessary to give the Christian name in full; it will be sufficient if the first letter be given. Particulars required for Money Order.
2. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient; and if a firm, the usual designation of such firm will suffice*, except a company trading under a title which does not consist of the names of the persons composing it, as the "Carron Company," to which kind of company the above privilege does not extend.
3. When the remitter notifies in writing that the order is to be paid through a bank, it is left to his option to give or withhold the name of the payee. The issuing officer must in such case cross the order in the way that cheques are commonly crossed when they are to be paid through a bank.

35. When application is made for a Money Order payable in London, or any other town where there is a plurality of Money Order Offices, the remitter should say at which of such offices he wishes it to be paid, otherwise the order can be paid at the Chief Office alone. It is not, however, incumbent on a postmaster to supply such information relative to local or provincial offices.

36. An order once issued cannot be canceled; and should repayment or transfer to a different office or alteration of name be required, the remitter must apply to the Metropolitan Office, as directed in the 43rd rule. Orders cannot be canceled.

37. When an order is presented for payment (otherwise than through a Bank) the Postmaster has first to see that the signature of the payee be as full as the name given in the advice, and be not in any way inconsistent therewith. He has then to call on the applicant to give the name of the remitter, and if the reply be correct, the order will be paid, unless the Postmaster have good reason for believing that the applicant for payment is neither the rightful claimant, nor deputed by him: When an order is paid through a bank it is sufficient that it be receipted (without regard to any discrepancy between the signature and the name in the advice, or to whether the receipt is given by the payee himself or by another person), and that it be presented (crossed with the name of the receiving bank) by some person known to be in the employment of the bank. Payment of Money Orders.

38. The holder of a Money Order is always at liberty to direct, by crossing it, that the Order be paid through a bank, even though its pay-

* The mere term Messrs., however, is not sufficient.

ment was not originally so restricted; and when the order is thus crossed, the question put on the presentation of an ordinary Money Order is dispensed with.

39. Money Orders do not require a receipt stamp.

Lapsed and
void Orders.

40. Payment of an order must be obtained before the end of the second calendar month after that in which it was issued (for instance, if issued in January it must be paid before the end of March), otherwise the order becomes lapsed, and a new order will be necessary, for which a second commission will be charged. Any person presenting a lapsed order will be furnished with a copy of a printed notice headed "Lapsed Money Orders," containing directions how to proceed. If the order be not paid before the end of the twelfth calendar month after that in which it was issued (for instance, if issued in January, and not paid before the end of next January,) all claim to the money will be lost.

No compensa-
tion al-
lowed for
alleged in-
jury.

41. No application can be entertained for compensation for alleged injury from the nonpayment of a money order at the expected time; and after once paying a money order, by whomsoever presented, the Office is not liable to any further claim.

No claim
after order
has once
been paid.
Payment
cannot be
demanded
on day of
issue.

42. Under no circumstances can payment of an order be demanded on the day of issue; and, as respects orders granted at minor offices, time must be allowed for the advice to pass through the Metropolitan Office.

Duplicate
orders,
transfers,
repayments,
alteration of
name, &c.

43. In case of the miscarriage or loss of a money order, a duplicate is granted on a written application (with the necessary particulars) to the Controller of the Money Order Office of the kingdom where the original order was issued; and by a similar application to the same officer, who (except as regards a temporary power to stop payment) can alone act in such cases, authority can be obtained to transfer the payment of an order from one office to another, or to stop payment, or to correct any error in the name of the remitter or payee, or to repay the money to the remitter. Every such application, however, must contain, in postage stamps, a second commission (namely, threepence for an order not exceeding 2*l.*, and sixpence for an order above that sum), though one commission will suffice even when, in the same application, more things than one, relating to the same order, are asked for; as both the stoppage of payment and repayment to the remitter. Unless a sufficient reason be given for an exception, the application must be either from the remitter or payee. Whenever, on complaint being made, it is found that the necessity for an application entailing the payment of a fresh commission is attributable to the Post Office, the stamps transmitted in payment of the commission will be returned; and when it can be ascertained where the blame lies, the officer in fault will be required to pay the additional commission.

44. A Postmaster is required to give information how to apply for a duplicate order, &c., and must furnish the applicant with the prescribed form of application. Moreover, if payment of an order be refused in consequence of the replies to the questions respecting the remitter not corresponding with the entries in the advice, or of a difference in the name in the receipt, the Postmaster should advise the applicant for payment to communicate with the remitter, and request him to apply to the Controller of the Metropolitan Money Order Office of the kingdom in which the order was issued, enclosing in his application the additional commission (in postage stamps) chargeable for the alterations required.

Letter Car-
riers, &c. not
bound to
procure Mo-
ney Orders,
&c.

45. No Letter Carrier or other servant of the Post Office is bound to procure a Money Order for any person, nor to obtain payment for one, but such services are not forbidden.

46. No money order business is transacted on the Sunday, Christmas Day, or Good Friday; but for the convenience of the labouring classes the office is kept open on the Saturday night till 8 o'clock (or as near that hour as the despatch of the mail will allow), except where the Surveyor of the district considers such an arrangement unnecessary.

No Money Order business on Sunday, Christmas Day, or Good Friday.

VI. MISCELLANEOUS RULES.

47. With the following exceptions, no letter, &c. can be forwarded by the post which is more than two feet in length, breadth, or depth, nor any unpaid packet which weighs more than four ounces. The exceptions are:—

Limit to size of letters, &c.

1. Packets to or from places abroad.
2. Packets to or from any of the Government Offices or departments, or Public Officers.
3. Petitions or addresses to the Queen, whether directed to Her Majesty, or forwarded to any member of either House of Parliament.
4. Petitions to either House of Parliament forwarded to any member of either House.
5. Printed Parliamentary proceedings.

48. No information can be given respecting letters which pass through a Post Office* except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public.

Official information.

49. Postmasters are not authorized to return any letter, &c. to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon; as every letter, &c. must be delivered to the person to whom it is directed, and to him alone.

Letters cannot be returned to writers.

50. Late letters, &c.† are received till within five minutes of the despatch of the mails, except in those large towns where the Surveyor may deem an interval of ten minutes necessary, and excepting that no office is to be kept open merely for this purpose after ten o'clock at night.

Late letters.

51. No late letters, &c., are forwarded by the mail preparing for despatch unless prepaid, and that in stamps, so as to include both the ordinary postage and the late-letter fee.

Prepayment of late letters.

52. With the subjoined exceptions, every re-directed letter, newspaper, or other postal packet is liable to an additional postage (at the prepaid rate) unless the re-direction be made by an Officer of the Post Office, and be to a place within the district belonging to the same Head Office. Thus, on a paid or unpaid letter re-directed by an Officer of the Post Office to any other postal district in the United Kingdom, and weighing not more than half an ounce, an additional postage is levied of one penny; or if the weight be more than half an ounce but does not exceed an ounce, of twopence; and so on. Upon a book thus re-directed to any other postal district in the United Kingdom, and weighing above half a pound but not exceeding a pound, an additional postage of fourpence is levied, or, if the

Re-directed letters, &c.

* The term "Post Office" applies to all Post Offices, whether Head-Office, Sub-Office, or Receiving Office. A "Head Office" is an office subordinate only to a Metropolitan Office. Both Sub-Offices and Receiving Offices are under Head-Offices; but at Receiving Offices letters are received only, not delivered.

† The term "Letters, &c." is meant to include everything sent by the post; whether letters, newspapers, parliamentary proceedings, books, or aught else. "Late letters" are such as are posted after the ordinary time, but are intended for the mail then in preparation.

book weigh more than one pound but not exceeding two pounds, an additional postage of eightpence; and so on. A registered letter when re-directed is not subject to more additional charge than an ordinary letter.

Letters to commissioned officers.

Letters addressed to commissioned officers in the army, navy, or ordnance employed on actual service in any of Her Majesty's colonies, or on any foreign station, may be re-directed to such officers when removed *upon service* (whether at home or abroad), and are delivered to them for the same amount of postage that would have been chargeable had they been delivered at their original address. The same privilege extends to the letters of the soldiers and seamen described in the Table of Colonial and Foreign Postage, except as regards foreign postage, which must be paid.

Notice of hours of attendance, &c. Sunday.

53. Every Postmaster is required to have a notice conspicuously placarded, giving information respecting the hours of attendance*, the despatch and delivery of letters, &c.

54. During the time the office is open on Sunday the public are allowed to prepay foreign or colonial letters, to purchase postage stamps, and to have letters registered; and all other duties are performed as usual, except the issue and payment of Money Orders, which, on that day, are wholly suspended.

55. At no office is there more than one delivery on the Sunday; and any person is at liberty to prevent even this, so far as relates to himself, as shown in the following regulations:—

1. Any person can have his letters, &c. retained in the Post Office on Sunday by addressing to the Postmaster a written request, duly signed, to that effect.
2. Such request will be held to include newspapers, and all other postal packets, even such as may be marked "immediate," as no distinction can be allowed.
3. No letters, &c. the non-delivery of which by the Letter Carrier on Sunday has been directed, can be obtained from the Post Office window on that day.
4. Private box-holders have the option of applying for their letters at the office while it is open for delivery on Sunday, or of abstaining from so doing, as they may think proper; but no person can be permitted to engage a private box for Sunday only.
5. To prevent the inconvenience and confusion which would arise from frequent changes in these instructions, no request can be entertained unless it extend to a period of at least three months, nor withdrawn, even after the lapse of that time, without a week's notice.

Change and bad Money.

56. No postmaster is bound to give change, or is authorized to demand change; and when money is paid at the Post Office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

Postmasters not bound to weigh letters for public.

57. Except as regards foreign and colonial letters about to be prepaid in money, a Postmaster is not bound to weigh any letters or other packets for the public, though he may do so if his duty be not thereby impeded.

58. Postmasters are instructed not to receive any Letter, &c. which there is good reason to believe contains anything likely to injure the contents of the mail bag or the person of any officer of the Post Office. If such a Letter, &c. be posted without the Postmaster's knowledge, or

* These and all other hours in this notice are in accordance with the time of the particular locality; but the despatch of the Mails is by London time, with which Railway time agrees.

if at any time before its despatch he should discover any letter, &c. of the above description, he is directed not to forward it, but to report the case, with the address of the Letter, &c., to the secretary. The following are examples of the articles referred to :

A glass bottle, or glass in any form ; razors, scissors, needles, knives, forks, or other sharp instruments ; leeches, game, fish, meat, fruit, or vegetables ; bladders or other vessels containing liquids ; gunpowder, lucifer matches, or anything which is explosive or combustible.

59. By the 1st Victoria, cap. 36, sec. 2, any person illegally conveying Letters incurs a Penalty of £5 for every offence, and £100 for every week the practice is continued. The Sender also incurs a Penalty of £5 for every offence, with full costs of Suit.

Penalties for sending letters otherwise than through the Post.

60. The following are Exceptions from the exclusive Privilege of the Post Office, in the Conveyance of Letters :—

Exceptions from exclusive Privilege of Post Office in conveyance of letters.

1. Letters sent by a private friend, so as such letters be delivered by such friend to the party to whom they shall be directed :
2. Letters sent by a messenger on purpose, concerning the private affairs of the sender or receiver thereof ; commissions or returns thereof, and affidavits and writs, process or proceedings or returns thereof, issuing out of a Court of Justice :
3. Letters sent out of the United Kingdom by a private vessel (not being a packet boat) :
4. Letters of merchants, owners of vessels of merchandize, or the cargo or loading therein, sent by such vessels of merchandize, or by any person employed by such owners for the carriage of such letters, according to their respective directions, and delivered to the respective persons to whom they shall be directed, without paying or receiving reward or profit for the same in anywise :
5. Letters concerning goods or merchandize sent by common carriers, to be delivered with the goods which such letters concern, without payment for receiving or delivering such letters.

But the following persons are expressly forbidden to carry a letter, or to receive or deliver a letter, even though they shall not receive payment for the same :

Optional or Compulsory Prepayment.

* The asterisk prefixed to a division (as that of Letters or Newspapers) indicates that in such case Prepayment is compulsory. In other cases Prepayment is not compulsory unless the Letter be registered. When a Letter or Newspaper, addressed to go by a route that requires Prepayment, is posted unpaid, and there is some other route where Prepayment is not required, it is sent by that route; but if there be none, it is sent to the Dead Letter Office, to be returned to the writer.

Distance to which the Postage carries the Letter, &c.

D. The letter D prefixed to any division (as that of Letters or Newspapers) shows that the postage there entered carries the Letter, &c., from the place where it is posted in the United Kingdom to its place of destination. In all other cases the postage carries it only part of the way.

Letters for Her Majesty's Forces engaged in the present War.

Mails for the Baltic fleet are made up in London every Tuesday evening, and are forwarded, through Belgium, to Dantzic, where they arrive on Friday. Orders have been given that a steam vessel shall be detached from the fleet, and sent to Dantzic weekly, to receive the mails from England, and to bring to that port the return mails for England, which, on arrival, are despatched to this country through Belgium.

An officer's letter, not exceeding $\frac{1}{2}$ oz. in weight, forwarded by this route, is liable to a postage (British and Foreign combined) of 3d.

A seaman's or soldier's letter, not exceeding $\frac{1}{2}$ oz. in weight, forwarded by this route, is charged with a combined British and foreign postage of 3d.

Upon both classes of letters the postage must be paid in advance.

Newspapers cannot be forwarded by the route of Dantzic, because, according to the arrangements with the Prussian Government, the Prussian postage upon newspapers cannot be collected in this country. If, therefore, newspapers were sent by this route, they would be detained at Dantzic until the postage due upon them to the Prussian post-office was paid.

The above is the speediest and most direct communication with the Baltic fleet; but there are other occasions, by means of Queen's ships or transports, when letters and newspapers can be forwarded.

Mails are made up to be despatched by every vessel of war proceeding from England to the fleet, and the postage by such ships is as follows:—

For an officer's letter not exceeding $\frac{1}{2}$ oz. 3d.

For a seaman's or soldier's letter not exceeding $\frac{1}{2}$ oz. 1d.

Newspapers are forwarded by vessels of war, or transports, for a postage of *1d.* Letters, &c., for the Baltic fleet should be addressed with the name of the ship for which they are destined, and the fleet to which that ship belongs, without mentioning any port or town, thus:—

“To ———, H.M. Ship ———, Baltic fleet.”

Mails for the army in Turkey, Greece, the Crimea, and for the fleet in the Black Sea are made up in London on the evenings of Monday and Friday, and supplementary mails on the following mornings.

These mails are forwarded, through France, to Marseilles, and are thence conveyed to Constantinople by the French mail packets in the Mediterranean.

By the favour of the French Government no higher charge is made for the conveyance of the letters of British soldiers and sailors than that which is levied on the correspondence of the French naval and military forces. A letter, therefore, under $\frac{1}{2}$ oz. in weight, whether to or from an officer, a soldier, or a seaman, is liable only to a combined British and foreign rate of *3d.* If the letter exceeds $\frac{1}{2}$ oz. and is under $\frac{1}{2}$ oz., the charge is *6d.*; if it exceed $\frac{1}{2}$ oz., and does not exceed *1oz.*, the charge is *1s.*, and so on for heavier letters.

The postage upon newspapers is *1d.* not exceeding *4 oz.*, and so on.

The postage both upon letters and newspapers must be paid *in advance.*

The above is the speediest and most direct communication with the fleet in the Black Sea, and with Her Majesty's forces in Turkey and the Crimea; including the Army Works Corps; but the letters of soldiers and seamen serving in Turkey and the Black Sea, may also be forwarded to Malta, *via* Southampton, twice a month, *viz.*, on the mornings of the 4th and 20th for the sum of One Penny, under the usual regulations applicable to such letters. From Malta they are sent to their destination as opportunities offer, by a ship of war or other vessel in the service of Her Majesty, without any further charge.

At the same rate of *1d.* letters may also be forwarded by any vessel of war or hired transport proceeding from England to Turkey.

By these opportunities newspapers are transmitted for a postage of *1d.* each, which must be paid in advance.

Letters, &c. for the Army in Turkey should be addressed to the regiment to which the officer or soldier belongs, with the addition of the words “*Army is Turkey,*” but without any further local address.

Letters, &c. for the fleet in the Black Sea should be addressed with the name of the ship for which they are destined, and the fleet to which that ship belongs, without mentioning any port or town, thus:—

“To ———, H.M. Ship ———, Black Sea Fleet.”

Mails for the British squadron in the White Sea are forwarded from Hull every Friday by private steamers proceeding to Christiana, whence they will be despatched by the mail packets of the Norwegian Government.

An officer's letter not exceeding $\frac{1}{2}$ oz. in weight, sent by this route, is liable to a postage (British and foreign combined) of *3d.*

A seaman's letter, forwarded by this route, not exceeding $\frac{1}{2}$ oz. in weight, is liable to a postage (British and foreign combined) of *3d.*

Upon both classes of letters the postage must be paid in advance.

The above is the speediest and most direct communication with the White Sea squadron, and all letters upon which the requisite amount of postage has been prepaid will be so forwarded, unless otherwise addressed.

Letters for the squadron will also be forwarded, should opportunities offer, by any ships of war or vessels in Her Majesty's service proceeding to the White Sea; and upon letters so transmitted the postage, which must be prepaid, will be:—

For Officers' Letters, 3d. not exceeding $\frac{1}{2}$ oz.

For Seamen's Letters, 1d. when sent under the usual regulations.

By ships of war or vessels in Her Majesty's service, newspapers are transmitted for a postage of 1d. each.

Letters, &c. for the White Sea squadron should be addressed thus:—

“To——, H.M. Ship——, White Sea.”

Letters for Non-commissioned Officers, Soldiers, and Seamen engaged in ordinary Service.

S. Subject to the subjoined regulations non-commissioned officers, private soldiers, or seamen, whether serving on board Her Majesty's Ships or Transports, on sea or land (in Foreign Parts), as also enrolled pensioners in Canada, can send and receive letters by direct Packet, Vessel of War, or Transport for a postage of 1d.

1. The person claiming the privilege must at the time be actually employed in the service of Her Majesty, or of the East India Company, and must not be either a commissioned or warrant officer, midshipman, or master's mate, the privilege not extending to these officers.
2. If the Letter be posted within the United Kingdom, the penny must be prepaid, as must any foreign postage that may be chargeable; and if sent by a private ship the gratuity of twopence to the captain must also be prepaid. If posted abroad, prepayment is not compulsory, but if the letter be sent unpaid, it is on delivery charged twopence, together with any foreign postage or gratuity to a sea captain that maybe due.
3. The Letter must not weigh more than half an ounce.
4. It must relate entirely to the private concerns of the soldier or seaman.
5. The name of the soldier or seaman, with his class or description, must appear in the direction, and the officer having the command must sign his name, and specify the ship or regiment, corps, or detachment to which the soldier or seaman belongs; the name of the ship or regiment being entered in full. The foregoing particulars must be given in one of the following forms:—

SEAMEN.

(Here the direction of the Letter to be inserted)

C.D., Captain (or other Commanding Officer),

H.M.S. _____

C.D., Colonel (or other Commanding Officer)

Private (or Sergeant, Corporal, &c.) _____ Regt. _____

(Here the direction to be finished.)

If either of the foregoing regulations be violated, the letter is charged with the full Letter Rate.

Letters weighing more than 2 oz.

The postage of a Letter weighing any number of ounces, with any fraction of an ounce, may be reckoned by first seeing what it would be if the Letter weighed only one ounce, with the same fraction; and then adding the charge for the additional ounces. Thus, to find the postage on a Letter to France weighing between 3 oz. and 3½ oz., take 1s. 8d. (the charge for a Letter between 1 oz. and 1½ oz.), and add thereto 2s. 8d., the charge for the additional two ounces; giving a total of 4s. 4d. For a Letter between 3½ oz. and 3¾ oz., take 2s. 4d. (the charge for a Letter between 1½ oz. and 1¾ oz.), and add thereto 2s. 8d., the charge for the two additional ounces, giving a total of 5s. Whenever it appears by the Table that the postage to a British Colony of a Letter not exceeding ½ oz. in weight is 6d., the postage of a Letter of any greater weight may be found by multiplying the prepaid Inland rate by six. Thus, the postage of a Letter between 4 oz. and 5 oz. in weight to Jamaica is 5s., being six times 10d., the prepaid Inland rate of a Letter of that weight.

Routes.

When the route by which a Letter, &c. is to go is not marked on it, it will, under ordinary circumstances, be sent by the route immediately following the name of the place. Thus, a Letter or Newspaper directed to India, with no route marked on it, will be sent via *Marseilles*, and charged the higher postage attendant thereon.

For information respecting a Foreign rate of postage, as distinguished from the combined British and Foreign rate (which will be found in the above Table) application should be made to the Secretary of the Post Office. No Foreign postage is chargeable on letters to or from India via *Southampton*.

Exceptional Rates of Postage, &c.

Periodicals not of daily publication, issued in the shape of pamphlets, may be sent to *Belgium*, *Bremen*, *Hamburg*, *Holland*, *Prussia*, and the *United States*, at the following rate, which must be prepaid: not exceeding 2 oz., 1d.; 2 oz. and not exceeding 3 oz., 6d.; 3 oz. and not exceeding 4 oz., 8d.; with an addition of 2d. for every additional ounce up to 16 ounces, above which weight the privilege does not extend; and at the same rate of postage, pamphlets, not being periodicals, may be sent to the *United States*, if not exceeding 8 oz.

Newspapers from *Belgium* pay ½d. each; and Newspapers from *Canada* 1d. each; Newspapers from *Holland* are delivered free.

The postage on Newspapers to the parts of *Turkey*, &c., specified in the Table, as *exceptional rates*, is as follows:—Not exceeding ½ oz., 1½d.; ½ oz. and not exceeding 1 oz., 3d.; 1 oz. and not exceeding 2 oz., 6d.; with an addition of 3d. for every additional ounce.

B. The Privilege of the Book Post to and from *India* and *New South Wales* is limited to Packages not exceeding 3 pounds in weight. Any package weighing more than 3 pounds is liable to the Letter Rate of postage.

G.U. According to the regulations of the German Customs Union, no Letter exceeding 50 grammes (a little more than 1½ oz.) in weight, and containing any other enclosure than paper, can be allowed to circulate by the post. Any Letters, therefore, forwarded in the Mail to *Prussia* above that weight, and containing any other enclosure than paper, will be liable, on their arrival at the *Prussian* frontier, to be stopped, and sent to the Custom House for delivery as *freight*.

Foreign Newspapers.

With the following exceptions, Foreign Newspapers must be printed in the language of the country from which they are sent:—"Argentine News," published at Rio de Janeiro; "The Bruxelles Herald," published at Brussels; and all Newspapers and other printed papers coming from France or through France.

Registration of Letters.

By the prepayment of the usual British registration fee of 6*d.*, Letters can be registered between this country and the British West Indies, Malta, and Ceylon; and by the prepayment of the British registration fee and the additional prepayment of a Foreign registration fee, Letters can be registered between this country and France and Prussia, and countries through France and Prussia. Moreover, by the prepayment of the British registration fees Letters can be registered between this country and Belgium and Holland, and countries through Belgium and Holland. Again, by the prepayment of the British registration fee, a Letter addressed to any other place can be registered to the port of despatch, and entered separately in the Letter Bill; it being in these cases left to the postal authorities of the Colony or Foreign Country to carry on the registration, or not, as they may choose. The British and Foreign registration fee on a Letter to France, or to a country through France, is double the rate of Postage, both British and Foreign, whatever that may amount to. Thus, the joint British and Foreign postage on a Letter to France weighing not more than $\frac{1}{2}$ oz. being 4*d.*, the Registration Fee on such a Letter would also be 4*d.*

The Foreign Registration fee on a Letter to or through Prussia (except to Russia) is 3*d.*, without regard to weight; making a total fee, British and Prussian, of 9*d.*, in addition to the ordinary postage. The fee on a registered Letter to Russia, via Prussia, is greater by a sum equal to the Russian postage, which, on a Letter not exceeding $\frac{1}{2}$ oz., is 3 $\frac{1}{2}$ *d.* The whole charge for a registered Letter to Russia, via Prussia, or, as marked in the Table, via Belgium (which latter country the Letter first passes through), is entered in the Table.

Letters by Private Ships.

To most of the places entered in this Table, Letters may, if so marked, be sent by Private Ship, even when there is no entry to that effect in the Table. Letters may be sent by Private Ship, also, to many other places; the Table of Colonial and Foreign Postage being chiefly limited to those with which there is postal communication by regular Packets. To insure any letter, &c. being sent by Private Ship, the words "By Private Ship," or "By Ship," should be distinctly written above the address. Except where otherwise specified in the Table, the postage on a Letter by a Private Ship is eight times the Inland prepaid rate; consequently, on a Letter not exceeding $\frac{1}{2}$ oz. it is 8*d.*, which postage must be prepaid.—Newspapers by private Ships (except those for Bremen, Hamburg, Lubeck, Oldenburgh, and Prussia, which are sent free,) are charged 1*d.* each.

Warm Climates.

The practice of Sealing Letters passing to and from the *East and West Indies*, and other warm Climates, with Wax (except such as is specially prepared) is attended with much inconvenience, and frequently with serious injury to the Letters, in consequence of the Melting of the Wax and Adhesion of the Letters to each other.

In the case of Mails received from *India*, considerable delay is occasioned; and, notwithstanding the greatest care is taken in separating the Letters, which, owing

to the cause already mentioned, adhere closely together, many are much damaged and torn; the public are therefore recommended in all cases to use Wafers in preference to Wax in securing their Letters sent to *India* or other warm Climates, and also to advise their Correspondents in those Countries to pursue the same course.

Prepayment.

Except as regards books (which must always be prepaid in stamps), and registered Letters prepayment outwards (that is from this country to places abroad) may be made either in money or English postage stamps; but the only admitted evidence of the prepayment of a letter, &c., *Inwards*, is the mark agreed upon with the particular foreign country or colony; except that officers and seamen serving abroad are allowed to use English postage stamps. When prepayment is *optional* any outward Letter (that is, a letter posted within the United Kingdom, and addressed to some place out of it) posted with an insufficient number of stamps is charged with the deficient postage in addition; unless the letter have to go to Belgium, or to or through France, Holland, India, or the United States, in which case it is treated as wholly unpaid, the postal conventions with the latter countries not allowing the recognition of partial prepayment. When prepayment, however, is *compulsory*, a letter or ought else posted with an insufficient number of stamps is sent (by the first post) to the Returned Letter Branch of the Circulation Office.

Time of Posting.

When the time for making up a mail is marked "Morning," the latest time (in London) for posting Letters by it for abroad, is three quarters of an hour later at the Branch Offices, Lombard Street, and the Chief Office, than for the Inland day mails (except in the case of the French and India *via* *Marseilles* mails, Letters and Newspapers for which may be posted at the several Receiving Houses and Branch Offices up to 11 a.m., and at Lombard Street and the Chief Office up to 11.45 a.m. for Letters, and 11.15 for Newspapers); and when marked "Evening," the same as for the Inland night mail. Newspapers going abroad must be posted within 15 days after the close of the day of publication.

VIII.—SUGGESTIONS TO THE PUBLIC, ETC.

Facility would be given to the Post Office in the discharge of its daily duties, and consequently benefit to the public, by a more careful and general attention to the following points:—

Letters should be posted as early as possible.

Addresses should be legible and complete.

Newspapers.

Money.

Letter boxes.

Complaints about mis-directed letters, &c.

Blame often not attributable to Post Office.

1. To post all letters and newspapers as early as practicable.
2. When several letters are sent by the same person for registration they should be accompanied with a list in duplicate of the addresses; one list to be retained at the Post Office, and the other, when signed, to be returned by the bearer. This practice (which is adopted by many bankers) saves time both to the public and to the department.
3. To make the address legible* and complete, giving the name of the post town, and if there be more than one town in the kingdom of that name, (but not otherwise,) adding that of the county. The number of the house too, if in a street, is a great assistance. It must not be supposed that because a letter will eventually reach its destination without a number, the omission is not a cause of hesitation and delay in the process of sorting for delivery; and when such small delays occur again and again they tend greatly to retard the general distribution.
4. As a newspaper sometimes slips from the cover, it is recommended that when a cover is used the address be written also on the newspaper itself; except when the paper is intended for re-transmission, in which case, if the first address remained, the newspaper would become subject to letter-postage.
5. When money has to be transmitted through the post, it should be sent either by means of a money order or in a registered letter; in which also ought any other article of value to be forwarded. Any person who sends money or jewellery in an unregistered letter, not only runs a risk of losing his property, but exposes to temptation every one through whose hands his letter passes, and may be the means of ultimately bringing some letter carrier or clerk to moral ruin. Every letter, even when registered, which contains money or other valuable article ought to be securely sealed.†
6. To provide a letter-box, except where the outer door is kept open.
7. When complaint is made of letters or newspapers lost, miscarried, or delayed, to furnish information as precise as possible in regard to all the facts of the case, and to enclose whatever documents may throw light upon it. The day and hour at which the letter or newspaper was posted, as well as the office at which and the person by whom this was done, should always be stated; and when possible, the cover or wrapper in an entire state should be sent, in order that the place of delay may be ascertained by an examination of the stamps. Cases frequently occur in which complaint is made against the Post Office, and redress expected, although little or no means of tracing the error, and of guarding against a repetition of it, is supplied by those who alone are able to do so.

Whilst trouble and loss are too often caused by the carelessness or dishonesty of some of the twenty-one thousand servants of the Post

* As an instance of miscarriage owing to the want of legibility, it may be mentioned that badly directed letters intended for *Belgravia* have not unfrequently been sent to *Belgrade*.

† The most secure mode of sealing, in the opinion of the practical officers of the Department, is first to wafer the letter and then to seal it with wax.

Office, yet the instances are not few in which it has been shown to the satisfaction even of the complainant that the fault attributed at first sight to the Post Office rested really in other quarters.

The publisher of one of the London papers complained of the repeated loss in the Post Office of copies of his journal, addressed to persons abroad. An investigation showed that the abstraction was made by the publisher's clerk; his object apparently being to appropriate the stamps required to defray the foreign postage. In another case a general complaint having arisen as to the loss of newspapers sent to the Chief Office in St. Martin's-le-Grand, the investigation led to the discovery of a regular mart held near the office, and supplied with newspapers by the private messengers employed to convey them to the post. Again, very recently a man was detected in robbing a newsvender's cart by volunteering on its arrival at the entrance of this Office to assist the driver in posting the newspapers; instead of doing so, he walked through the hall with those intrusted to him, and upon his being stopped three quires of a weekly paper were found in his possession.

Depredation so impudent and systematic is not likely, whoever the perpetrator may be, to remain long undiscovered; but isolated cases of theft by private hands are often brought to light, although necessarily very difficult of proof on the part of the Post Office, upon which no doubt the blame for a time rests; and it is greatly to be desired that those who have suffered loss should in the first instance, and whilst the circumstances are fresh, endeavour to ascertain with the utmost precision all particulars respecting the despatch or receipt of the letters or papers in question, and communicate that information to this Department; indeed generally speaking it is only by careful inquiry into minute details that the offender can be detected, whether he be a servant of the Post Office or not.

The Post Office is a department which admits of constant improvement and expansion; and the public by sending to the Post Office clear and correct information respecting faulty arrangements may greatly aid in the accomplishment of these objects. It is not, however, always borne in mind that changes in machinery so extensive and intricate as that of the Post Office must be made cautiously, and with much previous consideration.

Much time
often necessary in
making
alterations

The arrangements of the service, even in districts widely separated, are so directly dependent upon each other, and economy of time (one of the first objects in all postal organization) requires that they should be so nicely adjusted, that no alteration can safely be made without a close examination of all its consequences, and the utmost completeness of preparation; for as on the one hand experience proves that almost every improvement made shows the way to further amendment, so, on the other, it will be found that an ill-considered change, though it may give a partial advantage in one quarter, will almost invariably lead to dislocation and confusion in others.

This, of course, involves a reference to every district or community which may be affected, often distant from the metropolis; and entails the necessity of reports from various quarters, which must be considered, compared, and in many instances tested by experiment before a safe decision can be arrived at. Even then negotiations with railway companies or coach proprietors may have to be entered into, tenders invited, new contracts made, and old contracts, requiring notice of termination, got rid of, before the decision can take effect.

The proper execution of a great portion of these duties not only requires high ability, diligence, and precision on the part of the officers intrusted with them, but is also (and it is this which more immediately concerns the public) a work of time. Hence it has frequently happened that the necessity for a change has been recognized in this Office, investigation set on foot, and measures of improvement begun before any public demand has arisen, and even that such demand has been suggested by these very proceedings.

Prevalent misconceptions causing complaints.

The following are a few of the most prevalent misapprehensions which lead to the preferment of demands which cannot be acceded to.

It is often assumed that a Mail conveyance, passing by or through a place, however small, ought as a matter of course to deposit the letters directed thereto; the practice being that until the mail arrives at the head post office of the district the letters in question are not separated from the other letters of the district. A slight consideration of the nature and objects of the Postal Service will show that such separation cannot be effected in any other way, unless, indeed, the Mail conveyance, even supposing it to be but a mail cart, were converted into a travelling post office, and furnished with clerks of unlimited local knowledge (which is plainly impossible), or unless every town and village in the kingdom having any correspondence with the place in question were to make up a bag for that place; in which case its Mail would contain nearly as many bags as letters.

It happens from time to time that, owing to the stream of postal communication having been diverted from the old mail road to a line of railway, or from other causes of like nature, it becomes desirable to reduce the post office of a town from the condition of a principal office to that of a sub-office. This step not unfrequently gives rise to complaints; the inhabitants being under the impression that they will in future be less well served. This is a misconception. The change is not made when it will subject the correspondence to delay; nor does it cause any withdrawal of accommodation in respect to Money Orders. It is, in fact, simply a departmental arrangement, which consists in carrying on the sorting of the letters for the new sub-office at some intermediate office, instead of sending them in direct bags.

A frequent error is to assume that the Postmaster General has some control over the delivery, charge, and other postal arrangements in all the Colonies, and even in foreign countries; whereas in most of the former, and in all the latter, the British Post Office is as powerless as the Foreign or Colonial Post Offices are here.*

Another misconception, which occasionally causes trouble and disappointment, consists in assuming that a discretionary power can be intrusted to subordinate officers to remit penalties or overcharges in special circumstances. Cases will undoubtedly occur in which strict observance of a general rule may inflict more or less injustice upon individuals, and where a dispensing power immediately at hand might furnish a remedy; but in an establishment as large and as widely spread as the Post Office there will always be many subordinate officers, some of them carrying on their duties beyond the easy reach of any supervising authority, who are not fit depositaries of such a power, affecting, as it would to a great degree, the public revenue. It therefore becomes necessary to lay down definite and precise rules from which no departure can be allowed, except under sanction of the Postmaster General; and in the few instances in which these rules press hardly, appeal must be made to the General Office. It must be added, that in many instances even such appeal is necessarily fruitless, the Postmaster General being bound to a particular course by positive law.

In regard to the expense of railway conveyance, the public naturally supposes as such conveyance is the cheapest for ordinary purposes, and as the charges made for the carriage of the Mails are subject to arbitration, that it must be the cheapest for postal purposes also, and, indeed, so cheap as to warrant the free use of the railways either as substitutes for other conveyance or for the multiplication of Mails. The fact, however, is very different. Except in certain instances where companies have entered into arrangements securing to the Post Office the use of their trains on moderate, though still highly remunerative terms, railway conveyance, with all its acknowledged advantages, has proved much more expensive than that which it supersedes.

In truth, under any modification of the law that could be made without injustice to the railway companies, the especial establishment of trains at hours unsuited to ordinary traffic, a measure often pressed upon the Postmaster General, must remain a source of very heavy expense, such as can be justified only by commensurate advantage to the public.

IX.—POST OFFICES

IN

THE UNITED KINGDOM

(including the Orkney, Shetland, Scilly, and Channel Islands, and the Isle of Man; but exclusive of Town Receiving Offices, except such in the Provinces as are also Money Order Offices).

The last word in the address of every letter, &c. should be the name of the town to which, or near to which, the letter is sent; except when the Post Office at that town is only a sub-office, in which case the Post Town to which it is subordinate must be added; and except also that where there are two Post Towns of the same name the county must be given. Thus the last part of the address of a letter to Abbotsbury should be "Abbotsbury near Dorchester," and the last of the address of a letter to Abercarne near Newport in Monmouthshire should be "Newport, Monmouthshire;" that of a letter to Donnington should be "Newport, Salop" [or Shropshire].

When in the subjoined list the town has only a sub-office, the head office which it is under is given.

The Money Order Offices are distinguished by an asterisk.

* As very little more than the Countries themselves can be given in the Table of Colonial and Foreign Postage, this Alphabetic List of Places abroad is here inserted to assist the Public in ascertaining the proper Postage.

In the first column is placed the name of the Province, City, Town, or other Place, and on the same line, in the second column, the name of the Country in which it is situated, or to which reference must be made in the Table of Colonial and Foreign Postage to find the proper Postage. For instance:—Suppose a letter to be simply addressed to Genoa: it will be seen by referring to the annexed List that Genoa is in Sardinia, and then by looking for Sardinia in the Table of Colonial and Foreign Postage, the Postage to Genoa will be found.

At the places marked thus * in the following list, Money Orders are granted and paid; they are not so at any other places in the Country Delivery of the

London District Post. Prefixed to each place in the following list is a reference corresponding to that affixed to the place in the above list to which it is nearest. Therefore any person wishing to remit money to any place in the Country Delivery of the London District Post can readily ascertain on which Money Office the Order should be drawn.

The country delivery is confined to a circle of Twelve miles from the General Post Office, with the exception of Hampton Court, Hampton, and Sunbury, which are included in the limits, although more than Twelve miles from London. The following is a list of the places, showing the number of deliveries at each place, with the hours of despatch from the General Post Office, and the latest time at which letters can be posted at the Receiving Houses to be sent in the London bags. The List shows also the Deliveries given Daily at each place; and the Times fixed for the Departure of the Post from such as have Receiving Houses. Those places against which in the last five columns no Time is stated, have no Receiving Houses.

Letters stamped "8 Mg. 8" are for the Morning Delivery; Twelve o'clock for Delivery in the Afternoon; Four o'clock for Delivery the same Evening; Six o'clock for Delivery within six miles from the General Post Office the same Evening; and "8 Nt. 8" for Delivery next Morning. Bye letters* having in the dated Stamp the Letters Mg. should be delivered at Noon; those having the letters Ev. the same Evening, where an Evening Delivery is given.

N.B.—The number of Deliveries is regulated by the number of Despatches from the General Post Office, which will be found marked against each place.

DELIVERY OF LETTERS, ETC. IN LONDON.

The Morning delivery of General Post Letters (including all inland letters and such letters from abroad as have arrived in sufficient time) commences at from 8 A.M. to 8.30 A.M. (according to the distance from St. Martin's-le-Grand), and is completed in about one hour, except on Mondays, or on other days when there are large arrivals of Letters from abroad, when the delivery is unavoidably retarded. Most of the letters by the day mails arrive at about 11.30 A.M., and are delivered in the City and its immediate neighbourhood within about two hours from that time.

The delivery of Letters arriving by the chief Day Mails which reach London at a later hour commences as follows:—Letters from Yarmouth and Dover at 3 P.M.; Letters from Canterbury and Gravesend at 4 P.M.; Letters from Bristol and Cheltenham at 4 P.M.; Letters by a second Day Mail from Manchester and Liverpool generally at 6 P.M.; and those by the South-western Evening Mail, and the last despatch from Brighton, at 7 P.M.

When Letters from France, the East or West Indies, Brazil, the Cape of Good Hope, or Australia, arrive immediately after the despatch of the Letter Carriers for the first morning delivery, these Letters are, by a special arrangement, distributed in the City and its neighbourhood before the midday delivery, but when they arrive somewhat later they fall into the midday delivery.

Letters left till called for.

Letters addressed "Post Office, London," or "Poste Restante, London," are delivered ONLY at the Window of the General Post Office, St. Martin's-le-Grand.

The hours of delivery from the Post Office Window are from 10 A.M. to 5 P.M.

When a Foreigner from a country where passports are used applies for letters he must produce his passport; or if he send for his letters the messenger must produce it. Every Foreigner also who sends for letters must give the messenger a written authority to receive them.

If the applicant for the letters be a subject of the United Kingdom, he must be able to state from what place or district he expects letters before he can receive them. Subjects of States not issuing passports are treated as subjects of the United Kingdom.

Letters simply addressed, "London," (and not "Post Office," or "Poste Restante, London,") are not delivered from the window, but are sent out by letter carrier for delivery at the address furnished by the person who may apply for them.

Foreign letters addressed "Post Office," or "Poste Restante, London," are retained for two months at the Post Office window. Country letters similarly addressed are retained one month and town letters one fortnight at the window; after the expiration of these periods all such letters are respectively sent to the Dead Letter Office to be disposed of in the usual manner.

All persons applying for letters at the Post Office window must be prepared to give the necessary particulars to the Clerk at the window, in order to prevent mistakes, and to insure the delivery of the letters to the persons to whom they properly belong.

The words "*to be called for*" should invariably be added to the address of letters which are directed Post Office, London.

When letters are received from abroad directed "London" only, and the residences of the persons for whom they are intended are not known, the addresses are copied into lists which are hung up in the hall of the General Post Office; and any person claiming any such letter must write his address in the blank space left for that purpose.

* * Letters addressed to the Branch Offices, Lombard Street, Cavendish Street, Charing Cross, and Stones' End, Borough, can only be delivered at the Chief Office, St. Martin's-le-Grand.

Overcharged Letters.

Overcharges returned between the hours of ten and four, on presenting the overcharged letters at the window in the Hall of the General Post Office. Or the letter may be sent to the Office by the letter carrier of the district, and the overcharge will be returned with the letter in two days.
