INLAND CORRESPONDENCE.

The term "Inland Correspondence" means correspondence posted within the United Kingdom and addressed to some place in the United Kingdom, including in that expression the Isle of Man and the Channel Islands.

Inland Correspondence is divided into the following classes:—

- (a) Letters.
- (b) Post-cards.
- (c) Halfpenny packets.
- (d) Newspapers.
- (e) Parcels.

The Letter Post is the normal post of the country. Not only letters, but (with a few trifling exceptions) every document or article which can be transmitted by post at all can be sent by letter post. Its scale is simple, and its only limitation is that of size.

Post-cards, halfpenny packets, and registered newspapers can be sent at an exceptionally low rate, but in order to enjoy this privilege special conditions must be observed.

The Parcel Post is designed for bulky and heavy matter.

LETTER POST.

The prepaid rate of postage is as follows:—

Not exceeding 4 oz. in weight - 1d.

For every additional 2 oz. - - ½d.

A letter posted unpaid is chargeable on delivery with double postage; a letter insufficiently paid, with double the deficiency. The sender is legally liable for the charges.

No letter may exceed two feet in length, one foot in width, or one foot in depth.*

POST-CARDS.

The prepaid rate of postage on every post-card is a halfpenny, and on every reply post-card a penny. A post-card posted unpaid is chargeable on delivery with a postage of one penny.

Cards used as post-cards must be made of ordinary cardboard, not thicker than the material used for the thickest official post-card, and not thinner than the material used for the thinnest. They may not exceed 5½ inches in length by 3½ inches in width, or be less than 4 inches in length by 2¾ inches in width.

Nothing may be attached to a post-card except—

- (a) Stamps in payment of postage or stamp duty;
- (b) A gummed label (not to exceed 2 inches long and ¾ inch wide), bearing the name and address of the person to whom the card is sent;
- (c) A similar label bearing the name and address of the sender of the card; and
- (d) Engravings, illustrations, drawings, and photographs, on very thin paper and completely adherent to the card.

A post-card may not be folded, nor may it be cut or altered in such a way as to reduce the size below 4 by 2¾ inches. A post-card may not be fastened against inspection in any way, or enclosed in a cover of any kind.

If any of the foregoing rules be infringed, the card will be treated as a letter.

The articles specified in paragraphs *c* and *d* may be affixed either to the back of the card or to the left hand half of the address side. The right hand half of the address side is reserved exclusively for the postage stamp and the address. Contravention of this regulation may result in the card being withheld from delivery. See also p. 50.

HALFPENNY PACKET POST.

The Halfpenny Packet Post can be used only for packets not exceeding 2 oz. in weight.

Printed or written matter not in the nature of a letter, and printed or written on paper or some substance ordinarily used for printing or writing, may be transmitted by the halfpenny packet post.

* These limits do not apply to official letters.

By way of exception the benefit of this post is extended to the **documents specified in the following table**, although they may contain matter in the nature of a letter, provided they respectively conform to the following conditions :—

By "printing" is meant any species of type-printing easy to recognize, or any mechanical process ordinarily used to produce a number of identical copies of written matter, and easy to recognize, such as lithography and hand stamping.

Documents wholly or partly printed in type-written characters, or reproduced from a type-written original by a mechanical process ordinarily used to produce a number of identical copies, are not admissible by the halfpenny post unless—

- (a) They are handed in at a Head or Branch Post Office. (Such documents are also accepted provisionally at Town Sub-offices and at certain of the more important Rural Sub-offices, subject to their being found to be in order when examined at the Head office, to which they will be sent);
- (b) Special attention is drawn to the fact that they are printed or reproduced in typewritten characters;
- (c) At least twenty copies are posted at the same time.*

"Writing" includes type-writing and any mechanical or other process ordinarily used to produce a single document.

There may also be transmitted by the halfpenny packet post—

- (1) Sketches, drawings, paintings, photographs, engravings, maps, plans, and charts on paper or some substance ordinarily used for the purpose, provided it be not a brittle or exceptionally fragile substance.
- (2) Blotting books and pads, and coloured papers attached to price lists and trade circulars.
- (3) The binding or mounting of any article sent by the halfpenny packet post, provided it be of a kind ordinarily used for the purpose, be not made of glass or any brittle or exceptionally fragile substance, and be transmitted in the same packet with the article in respect of which it is used.
- (4) Anything necessary or convenient for the safe transmission by post of any of the above-mentioned articles.

No other article or document can be sent by the halfpenny packet post, and in particular the post cannot be used for goods, samples, or patterns unless they come within the foregoing descriptions.

Special Conditions.

The postage must be prepaid. If posted unpaid the packet is chargeable with postage of a penny.

A halfpenny packet may not exceed 2 feet in length, and 1 foot in width or depth.

Every halfpenny packet is subject to examination in the post.

Every halfpenny packet must be posted without a cover, or in an unfastened envelope, or in a cover which can be easily removed

* These conditions are not enforced when the documents are not in the nature of a letter or are within any of the descriptions specified in the foregoing Table.

for the purpose of examination without breaking any seal or tearing any paper, or separating any adhering surfaces. A packet posted without a cover may not be fastened or otherwise treated so as to prevent easy examination.

No halfpenny packet may contain or bear any communication in the nature of a letter not expressly allowed by these rules.

No paper money (as defined on p. 30) may be posted or conveyed or delivered by post in a halfpenny packet. This rule does not apply to a stamped proxy paper, or to a stamped and addressed post-card, wrapper, or envelope, forwarded in order that such card, wrapper, or envelope may be returned through the post.

If any of the rules relating to a halfpenny packet be infringed, the packet will be treated as a letter.

NEWSPAPER POST.

Any publication coming within the following description can, upon payment of an annual fee of 5s., be **registered** at the General Post Office for transmission by Inland post as a **newspaper** :—

- (a) The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.
- (b) It must be printed and published in the United Kingdom, and in numbers at intervals of not more than seven days.
- (c) The full title and date of publication must be printed at the top of the first page, and the whole or part of the title, and the date at the top of every subsequent page. This regulation applies also to "Tables of Contents" and "Indexes."
- (d) Any **supplement** issued with a newspaper must consist wholly or in great part of matter like that of a newspaper, or of advertisements, printed on a sheet or sheets, or a piece or pieces, of paper, put together at some one part of the newspaper, whether gummed or stitched up with the newspaper or not, or wholly or in part of engravings, prints, or lithographs illustrative of articles in the newspaper; it must in every case be published with the newspaper, and have the title of the newspaper printed at the top of every page, or at the top of every sheet or side on which any engraving, print, or lithograph appears. The supplement or supplements issued with any number of a registered newspaper may not exceed the newspaper itself in bulk.

The prepaid rate of postage on registered newspapers including any supplement thereto, whether posted singly or with others in the same packet, is $\frac{1}{2}$ d. each. But a packet of two or more newspapers is in no case chargeable with a higher rate than that chargeable on an ordinary packet of printed matter of the same weight.

A newspaper or a packet of newspapers posted unpaid is chargeable on delivery with double postage; if insufficiently paid, with double the deficiency.

Every newspaper or packet of newspapers must be posted either without a cover or in a cover open at both ends which can easily be removed for the purpose of examination.

Every newspaper should be so folded and covered (if posted in a cover) as to permit the title to be readily inspected.

Neither a newspaper nor the cover of a newspaper may bear anything except:—

- (1) The names, addresses, and descriptions of the sender and the addressee, with index or reference numbers and letters.
- (2) The words "with compliments."
- (3) The title of the newspaper and a reference to its registration for transmission by post.
- (4) A reference to any place in the newspaper to which the attention of the addressee is directed.
- (5) A request for return in case of non-delivery.

No article (not part of the newspaper) may be posted in the same cover with a newspaper.

If any one of the foregoing rules is infringed the newspaper packet (unless admissible as a halfpenny packet) is either charged as an insufficiently paid letter, or transferred to the parcel post and charged with a fine of 1*d.* in addition to any deficient parcel postage, whichever charge is the lower.

No newspaper or packet of newspapers must weigh above 5 lb., or exceed two feet in length, or one foot in width or depth.

Newspapers not registered at the General Post Office are treated in the post like any other printed matter.

PARCEL POST.**Rates and Weight.**

The rates of postage on parcels are as follows:—

			s.	d.
For a parcel not exceeding 1 lb. in weight	-		0	3
„	exceeding 1 lb. in weight and not			
		exceeding 2 lb.	0	4
„	2 „	3 „	0	5
„	3 „	5 „	0	6
„	5 „	7 „	0	7
„	7 „	8 „	0	8
„	8 „	9 „	0	9
„	9 „	10 „	0	10
„	10 „	11 „	0	11

No parcel may exceed 11 lb. in weight.

Size.

The size allowed for an Inland Parcel is—

Greatest length - - - - 3 ft. 6 in.

Greatest length and girth combined 6 ft. 0 in.

For example—

A parcel measuring 3 ft. 6 in. in its longest dimensions may measure as much as 2 ft. 6 in. in girth, i.e., round its thickest part; or

A short parcel may be thicker; thus, if it measure no more than 3 ft. in length, it may measure as much as 3 ft. in girth, i.e., round its thickest part.

Prepayment and Posting.

The postage on a parcel must be prepaid.

A parcel should not be posted in a letter box. It should be marked "Parcel Post," and presented at the counter of a Post Office, and the sender should see that the weight, size and postage are in order before leaving. If posted irregularly, it will—

- (1) If fully prepaid at the rate applicable to any other post and admissible by that post be forwarded as a letter, halfpenny packet, or newspaper;
- (2) If insufficiently prepaid at the rate applicable to any other post, but otherwise admissible by that post, be charged with double the deficiency or with deficient postage at the Parcel Post rate together with a fine of a penny, whichever is the less.

A certificate of posting may be obtained for an unregistered parcel.

Parcels are neither accepted for transmission nor delivered on Sundays.

Addresses.

The address of a parcel must be clearly written in English in characters in ordinary use in the United Kingdom. A parcel bearing an address otherwise written will not be accepted unless a translation of the address can be added.

The address should be written on the parcel itself, and not merely on a label, which may become detached.

It is also desirable that the sender's address should appear either inside the parcel or on the cover. In the latter case it must be kept distinct from the address to which the parcel is sent.

Posting of Parcels in large Numbers.

Any person who wishes to send off a large number of parcels, whether on a particular day or at regular or irregular intervals, will facilitate the work of despatch if he will give the office where they will be posted early information of the number of the parcels, their average weight, and the dates and times at which he proposes to post them. He will also consult the convenience of the Post Office by sending the parcels to the post in batches, beginning as early in the day as possible.

Parcels to and from the Channel Islands and the Isle of Man.

Parcels addressed to or sent from the Channel Islands (Jersey, Guernsey, Alderney, Sark) and the adjacent inhabited islets are received from the public under the same general conditions with regard to weight and size, and at the same rates of postage, as parcels for all other parts of the United Kingdom; but as the Channel Islands, under the Customs Laws of the United Kingdom, are practically in the same position as a foreign country, such parcels are liable to Customs examination at the port of arrival, and the sender is required to make a declaration of contents, upon a form provided for the purpose, at the office where the parcel is posted. Parcels for the Isle of Man are treated in the same way as parcels for places in the United Kingdom. They are liable to Customs examination; but the sender is not (as in the case of the Channel Islands) called upon to furnish a declaration of contents. Practically, no articles liable to Customs duty can be sent by Parcel Post from the Isle of Man to Great Britain or Ireland, but there is no Customs restriction on parcels sent from Great Britain or Ireland to the Isle of Man. Parcels which are sent in contravention of the Customs regulations are liable to confiscation, and the senders to prosecution by the Board of Customs.

Parcels for persons serving on His Majesty's Ships, see pages 74 and 75.

GENERAL POSTAL RULES. PROHIBITED ARTICLES.

The Inland Post Warrant of 1903 contains the following provisions:—

 - (8) Of such a form or so made up for transmission by post as to be likely, in the opinion of the Postmaster General, to embarrass the officers of the Post Office in dealing with packet in the post."

The transmission by post of letters containing circulars or tickets, whether relating to Home or Foreign Lotteries, is prohibited. This prohibition does not extend to lawfully constituted Art Unions.

Prohibited articles, if tendered for transmission, will be refused, or, if detected in transit, detained. They are liable to be dealt with in such manner as the Postmaster General may direct, and the sender is in some cases liable to prosecution.

MAKE-UP OF CORRESPONDENCE.

Parcels must be so packed and **Correspondence** of every kind must be so made up as not only to preserve the contents from loss or damage in the post, but also not to injure other correspondence.

Any letter or parcel containing anything of a fragile nature should be marked or labelled "Fragile."

Special Regulations as to Special Articles.

Eggs, Fish, Meat, Fruit and Vegetables can be sent by Parcel Post only.

Parcels containing **eggs** should be marked "Eggs. Fragile—with care." It is impossible in any case to guarantee safe transit, but the following mode of packing is recommended:—Use a wooden or metal box with a well-fitting lid, wrap each egg separately in old newspaper or other soft material, place the eggs on end, and fill up the vacant spaces of the box with newspaper or cotton waste.

Parcels of **fish and meat** should be marked "Perishable," and should be so packed as to prevent the contact of their contents with other parcels, and the leakage of any moisture.

Fruit, and more especially **soft fruit** (such as strawberries), should be so packed that the juice cannot exude. Boxes with tightly fitting lids should be used. All parcels of fruit should be marked "Fruit, with care."

Sharp Instruments can be sent by Letter or Parcel Post, but only, in either case, if the edges or points are carefully protected.

Flowers, whether sent by Letter or Parcel Post, should be enclosed in boxes of wood or tin, not cardboard.

Hat Boxes, Milliners' Boxes, and similar articles should be protected by light cross-bars of wood, and **umbrellas, walking sticks, fishing rods**, and similar articles by two strips of wood, each strip being as long as and slightly wider than the article protected.

Glass and Crockery, Liquids, Butter, and other Greasy Substances, Cheese, and other strong-smelling articles, and Colouring Powders, should be sent by Parcel Post.

They may, however, be sent by **Letter Post** under the following conditions :—

i. Nothing inflammable, corrosive, or explosive, may be sent, nor anything having an odour so strong as to affect the contents of other packets in the Mails.

ii. No article liable to Customs duty may be sent by Letter Post to or from the Channel Islands or the Isle of Man.

iii. They must be packed as follows :—

Glass and Crockery must be securely packed (in boxes of metal, wood, leather or cardboard) in such a way as to prevent all risk of injury to the Mails or the Officers of the Post Office.

Liquids must be enclosed in bottles, firmly sealed; the bottles must be enclosed in a box of wood, leather or metal, and packed securely in the box by means of corrugated paper or other suitable material, a sufficient quantity of sawdust or some spongy substance being added to absorb all the liquid contents in case of the bottle being broken. Special attention must be paid to the packing round the shoulders of the bottle; and the box must open at one end only, and have a tightly fitting lid or a screw lid if made of metal, and if made of wood a screw lid with india-rubber washer round the neck.

Semi-Liquids and Greases must have an inner covering securely closed and an outer covering of metal, wood, or leather, sufficiently strong to prevent any risk of the contents escaping during transit.

Powders must have an inner covering securely closed, and a strong outer covering of metal, wood, leather, or cardboard.

iv. They are sent **at the sender's risk**, the Postmaster General accepting no liability in the case of either loss or damage, even if the packets are registered.

v. If insecurely packed they will be stopped. The public are warned that such insecurely packed packets come within the category of articles "likely to injure other postal packets in course of conveyance or an Officer of the Post Office," and are, therefore, **prohibited** from being sent by Post. The senders of such packets are liable to penalties under the Post Office Act, 1908, whether the packets are sent by Letter or Parcel Post.

When articles of the classes named are sent by **Parcel Post**, the regulations as to packing given above should be substantially observed, and in any case great care should be taken that the articles are so packed as not to injure other parcels.

Any article sent by Letter Post which cannot from the nature of its contents be transmitted thereby is, if admissible by Parcel Post, transferred to that Post, and treated and charged as a parcel posted out of course, *i.e.*, charged with the deficient postage at the Parcel Post rate together with a fine of a penny (*see* page 16). If inadmissible by Parcel Post, the packet is liable to be detained and dealt with as the Postmaster General may direct.

Articles sent for Medical Examination or Analysis.

Deleterious liquids or substances, though otherwise prohibited from transmission by post, may be sent for medical examination or analysis by a qualified Medical Practitioner or qualified Veterinary Surgeon to a Laboratory or Institute, public or private, or to a Medical Practitioner or Veterinary Surgeon within the United Kingdom, by ordinary **Letter Post**, under the following conditions:—

Any such liquid or substance must be enclosed in a receptacle hermetically sealed, which receptacle must itself be placed in a strong wooden, leather, or metal case in such a way that it cannot shift about, and with a sufficient quantity of some absorbent material (such as sawdust or cotton wool) so packed about the receptacle as absolutely to prevent any possible leakage from the package in the event of damage to the receptacle.

The packet so made up must be conspicuously marked "Fragile, with care," and bear the words "Pathological Specimen," and also the signature and address of the Medical Practitioner or Veterinary Surgeon who sends it. **The packet must on no account be sent by Parcel Post.** Any packet found in the Post not packed and marked as directed, will be at once stopped and destroyed with all its wrappings and enclosures.

Any person who sends by post a deleterious liquid or substance for medical examination or analysis otherwise than as provided by these regulations is liable to prosecution.

It is recommended that if receptacles are supplied by a Laboratory or Institute to Medical Practitioners or Veterinary Surgeons, they should be submitted to the Secretary, General Post Office, in order to ascertain whether they are regarded as complying with the regulations.

Live Bees.

Live bees are allowed to pass by Letter or Parcel Post within the United Kingdom, on condition that they are sent in suitable cases, and so packed as to avoid all risk of injury to Officers of the Post Office or to other packets.

RE-DIRECTION.

Correspondence may be re-directed to the same addressee at another address either by an Officer of the Post Office or by an agent of the addressee after delivery, under the following rules:—

Letters, Halfpenny Packets, Post-cards, and Newspapers.

Correspondence falling under any of these classes is re-transmitted by post without additional charge. In the case of re-direction by the addressee's agent the correspondence must be reposted not later than the day after delivery (Sundays and public holidays not being counted), and must not previous to re-direction be opened or tampered with.

Re-directed correspondence (other than parcels) which is reposted later than the day after delivery will be liable to charge at the prepaid rate. Correspondence which appears to have been opened or tampered with will be chargeable as freshly posted and unpaid.

Whenever it may be thought necessary, a receipt may be required from the addressee of a re-directed letter or packet at the second address.

Parcels.

Parcels are, when re-directed, liable to additional postage at the prepaid rate for each re-direction, except where the original and the second address are both within the delivery of the same Post Office, and the re-direction is made within the period of free re-direction allowed for other classes of correspondence. A parcel will not, however, be delivered free of charge to a person who has previously refused to accept it, and for re-direction from a Returned Letter Office a second postage is invariably charged.

Registered Correspondence.

Registered correspondence, on being re-directed, may not be dropped into a letter box, but must be taken to a Post Office to be dealt with as registered. No additional registration

fee will be charged if the correspondence is presented for re-registration not later than the day after delivery; but if it is presented after that time it will be treated as freshly posted, and fresh registration fees will be payable. As regards postage, the rules given above apply.

If any registered packet when re-directed, instead of being given back to the Post Office to be dealt with as registered, is dropped into a letter box, it is treated in all respects as a letter intended for registration but irregularly posted (*see* page 25).

Official Re-direction.

Notices of removal and applications for correspondence to be re-directed must in all cases be duly signed by the persons to whom the letters are to be addressed. Printed forms can be obtained from the local Postmaster, or from the Postman of the walk, and, when filled up and signed, they should be given to the Postmaster, or to the Postman.

Separate notices should be filled up if it is desired that parcels and telegrams should be re-directed.

Re-direction for the first year after removal is undertaken gratuitously. For re-direction during the second and third years a fee of 1s. a year is charged, and 5s. a year thereafter.

The Post Office does not undertake the re-direction of correspondence for a person temporarily leaving home, unless the house be left uninhabited; nor does it undertake to re-direct correspondence addressed to clubs, hotels, boarding-houses, or lodgings. For re-direction to or from a Poste Restante, see below.

POSTE RESTANTE.

Correspondence of any kind to be called for is, as a rule, taken in at all Post Offices except Town Sub-Offices. The words "to be called for" or "Poste Restante" should appear in the address.

The Poste Restante is intended solely for the accommodation of strangers and travellers, and even they may not use the Poste Restante for more than three months.

Correspondence addressed to initials, or to fictitious names, or to a christian name without a surname, is not taken in at the Poste Restante, but is sent at once to a Returned Letter Office for disposal.

Correspondence may not be re-directed from one Poste Restante to another in the same town nor from a private address to a Poste Restante in the same town. For the purposes of this rule the various postal districts of London are considered as different towns.

All persons applying for Poste Restante correspondence must furnish sufficient particulars to prevent mistakes and to ensure the delivery of the correspondence to the person to whom it properly belongs.

Retention of Poste Restante Correspondence

(except Parcels).

In London.

Origin.	Period of Retention.
Places abroad	two months.
The Provinces	one month.
London	one fortnight.

In Provincial Towns.

Origin.	Period of Retention.
Places abroad	two months.
United Kingdom	one month.

Letters addressed to a Post Office at a seaport town for a person on board a ship expected to arrive at that port are kept **two months**.

At the expiry of the above-mentioned periods correspondence is sent to a Returned Letter Office for disposal.

Poste Restante correspondence, however, which bears a request for its return within a specified time (not exceeding the official period of retention), if not delivered, is dealt with in accordance with such request.

Retention of Poste Restante Parcels.

Parcels addressed to a Post Office "to be called for" are kept **three weeks**, at the end of which period, if not called for, they are returned to the sender.

DISPOSAL OF UNDELIVERED CORRESPONDENCE:

Letters.

An undelivered inland letter, bearing the full name and address of the sender printed or written upon the outside, is returned direct and unopened. Other undelivered inland letters are sent to the Returned Letter Office, whence they are returned, if possible, to the senders. If they contain neither sender's address nor any enclosure of importance, they are destroyed. Letters found to contain anything of value are recorded, and, if returned, are registered. Letters from abroad are returned unopened to the country of origin after a brief detention in the Returned Letter Office.

Post-cards, Halfpenny Packets, and Newspapers.

Undelivered post-cards, halfpenny packets, and newspapers are dealt with as follows:—

- (1) Those bearing on the outside the name and address of the sender, with a request for their return in case of non-delivery, are sent back direct from the office of destination, and are delivered to the sender on payment of a second postage.
- (2) Those bearing on the outside no request for return in case of non-delivery are disposed of.

Parcels.

If an undelivered parcel bears on the cover the name and address of the sender, it is returned to him at once. If the name and address of the sender are not shown on the cover, the parcel is sent to the Returned Letter Office of the District, where it is opened and examined. If it is found to contain the name and address of the sender, it is returned to him. No charge is made for the return of an undelivered parcel to the sender.

Undelivered parcels, which cannot be returned to the senders, and are not applied for, are liable to be disposed of three months after the date of arrival at the Returned Letter Office. Perishable parcels will be dealt with as may be requisite.

SUPPLEMENTAL SERVICES.

REGISTRATION AND COMPENSATION.

Correspondence of any kind (including parcels) can be registered.

The ordinary registration fee is 2d. in addition to the postage.

Instructions for Registering.

Everything intended for registration must be handed to an officer of the Post Office, and a certificate of posting, bearing an acknowledgment that the fee for registration and compensation has been paid, must be obtained. Nothing intended for registration must be dropped into a letter box. If, contrary to this rule, a packet bearing the word "Registered," or any other word, phrase, or mark to the like effect, is dropped into a letter box, it will be compulsorily registered (*see p. 27*).

The packet must be made up in a reasonably strong cover appropriate to its contents, and must be fastened with wax, gum, or other adhesive matter.* It is not sufficient merely to tie the packet with string.

If it be desired to secure **compensation for damage** to a packet (other than a parcel), the packet must bear the words "**Fragile, with care.**" These words should appear on the face of the cover above the address. Any officer to whom a packet is tendered for registration is

* This does not, of course, apply to post-cards, or to halfpenny packets and newspaper packets prepaid at 4d. rate, which must be open for inspection whether registered or not.

instructed to refuse to register it if the packing is, in his opinion, obviously inadequate. Compensation may, however, be refused if the packet is accepted and afterwards found to have been imperfectly packed. Envelopes for the transmission of registered letters can be obtained at all Post Offices.

The address of the packet must be clearly written in English, in characters in ordinary use in the United Kingdom. A packet bearing an address otherwise written will not be accepted unless a translation of the address can be added. The packet must be marked in the bottom left-hand corner with the word "Registered," and, when the fee exceeds 2*d.*, with the amount of the fee proper to the value up to which the sender desires to secure compensation (see p. 28), thus:—

Registered, 3*d.*; Registered, 4*d.*;

and so on.

When several packets are sent by the same person for registration it is desirable that they should be accompanied by a list (in duplicate) of the addresses; one list to be retained at the Post Office, and the other, when signed, to be returned to the bearer.

Latest Time for Registering.

Correspondence can be registered at any time during the ordinary hours of business. When intended for despatch by a particular mail it should, as a rule, be presented for registration half an hour before the latest time of posting for that mail. At the Chief Offices in Edinburgh and Dublin, and at all Provincial Head Offices, articles bearing a late fee of 4*d.*, in addition to the ordinary registration fee, may be registered at any time within the half-hour referred to, if the office is open to the public. Special rules are applicable to London, *see* page 594.

Advice of Delivery of Registered Correspondence.

The sender of registered correspondence may arrange at the office of posting, either at the time of posting or subsequently, for an advice of its delivery to be sent to him. The fee is 2*d.*, which is payable by means of stamps affixed by the sender to a form provided for the purpose.

Enquiry as to the alleged loss or non-delivery of a registered packet should also be accompanied by a fee of 2*d.*, and should, if possible, be made upon the form used in applying for an advice of delivery. If it is found that the Post Office is in fault the enquiry fee will be refunded.

If an application for this form is made at a small office at which the forms are not kept in stock, or to a rural postman, the fee of 2*d.* should be paid in money or stamps, and a memorandum furnished giving the name and address of the sender of the packet, and, if necessary, the date of posting and full address. The proper form will then be made out by an officer of the Post Office.

Compulsory Registration.

Packets which contain **coin* or jewellery*** and also all inland correspondence bearing the word "Registered," or any other word, phrase, or mark to the like effect, written or impressed on the cover, are, if posted otherwise than in accordance with the regulations, **subjected to compulsory registration**, and are charged on delivery with a registration fee of 4*d.*, less any amount prepaid in excess of the postage.

Any packet which is found open in the post, or cannot be delivered, and which is found to contain an uncrossed postal order in which the name of the payee has not been inserted, a cheque or dividend warrant not crossed or made payable to order, a banknote, postage stamps, or any article (other than coin or jewellery), of a value in each case exceeding 10*s.*, will be subject to registration, and be chargeable with a registration fee of 2*d.*

No compensation is given in respect of correspondence compulsorily registered.

Compensation for Loss or Damage.

The Postmaster General is not legally liable for any loss or inconvenience which may arise from the loss, damage, delay, non-delivery, or mis-delivery of anything sent by post, and he does not, in any circumstances, pay compensation in respect of unregistered letters, post-cards, halfpenny packets, or newspapers. But

* These terms are defined on page 30.

subject to the rules stated below, he pays compensation voluntarily and as an act of grace for correspondence of the following descriptions:—

I.—Registered Correspondence (including Parcels).

The fees payable over and above the postage, and the respective limits of compensation, are as follows:—

Fee.	Limit of Compensation.	Fee.	Limit of Compensation.
2d.	£ 5	1s. 1d.	£ 220
3d.	£ 20	1s. 2d.	£ 240
4d.	£ 40	1s. 3d.	£ 260
5d.	£ 60	1s. 4d.	£ 280
6d.	£ 80	1s. 5d.	£ 300
7d.	£ 100	1s. 6d.	£ 320
8d.	£ 120	1s. 7d.	£ 340
9d.	£ 140	1s. 8d.	£ 360
10d.	£ 160	1s. 9d.	£ 380
11d.	£ 180	1s. 10d.	£ 400
1s.	£ 200		

These fees include the ordinary registration fee of 2d. The highest amount of compensation obtainable for any one packet is £400.

Compensation in respect of **money*** of any kind (**coin, notes, orders, cheques, stamps, &c.**) will only be given in those cases in which the money is enclosed in one of the Registered Letter envelopes sold by the Post Office and the packet is tendered for transmission by Registered **Letter** Post. The compensation given in respect of **coin**, which should be packed in such a way that it cannot move about, will in no case exceed £5.

Compensation for **damage** to a packet sent by Registered **Letter** Post will only be given in those cases in which the packet is conspicuously marked with the words "**Fragile, with Care.**"

II.—Unregistered Parcels.

The maximum limit of compensation is £2.

No Compensation is given in respect of **money*** of any kind sent by Parcel Post, whether registered or unregistered, or in respect of

* For full definition of this term, see page 30.

jewellery* (watches, jewels, gold, silver, &c.) sent by Parcel Post unregistered.

In order to secure compensation in respect of the loss of a Parcel a Certificate of Posting should be obtained by the sender when the parcel is posted.

III.—Express Correspondence (see pages 30-37).

Compensation according to the ordinary scale is paid in respect of correspondence of the kinds specified in Sections I. and II. when sent by the Express Service; and up to 2*l.* for the loss or damage of Unregistered Packets (other than those containing money* or jewellery*) conveyed by special messenger throughout their whole course.

General Rules.

It must appear that the loss or damage occurred in the post, and did not arise wholly or in part by the fault of the sender, as, for instance, from insufficient packing, inadequate fastenings, loss of "tie-on" label, &c.

The compensation given will not exceed the value of the article lost or the damage sustained. The right is reserved of reinstating the contents of a packet instead of giving pecuniary compensation.

In the case of **damage** or **loss of contents** the packet should be retained for inspection as nearly as possible in the state in which it was delivered. If complaint be made that the contents of a packet have been abstracted, the cover must be produced.

In the case of **Bank Notes, Money and Postal Orders, Cheques, Bonds, and similar documents**, particulars sufficient for their identification must be furnished.

No compensation either for **loss** or **damage** is given in respect of a packet containing anything not legally transmissible by post, or a packet not posted in the manner prescribed; or in respect of glass, crockery, greases, liquids or semi-liquids, colouring powders, eggs, fish, meat, fruit, or vegetables, sent by **Letter Post**.

No compensation is given for **damage** to any packet (whether sent by Letter Post or Parcel Post) containing **eggs, soft fruit, any liquid or semi-liquid, or articles of an exceptionally fragile nature**.

No compensation is given for **injury or damage consequential upon—i.e., indirectly arising from—the loss, damage, delay, non-delivery, or mis-delivery of anything sent by post**.

* For full definition of this term, see page 30.

Without prejudice to any of the preceding rules, the Postmaster General will, if he thinks fit, refuse to give compensation for loss or damage on any ground on which a common carrier might in like case claim exemption from legal liability.

The final decision upon all questions of compensation rests with the Postmaster General.

EXPRESS DELIVERY SERVICES.

There are three Express Delivery Services, namely:—

Service I.—By Special Messenger all the way.

Service II.—By Special Messenger after transmission by Post.

Service III.—By Special Delivery in Advance of the Ordinary Mail at the request of the Addressee.

SERVICE I.

By Special Messenger all the way.

This Service is performed on Week-days only.

In London, Correspondence for Express Delivery is accepted at all the more important Post Offices (*see* pages 598-619).

In the Provinces, Express Correspondence is accepted at all Post Offices from which there is a delivery of telegrams.

Charges.

(a) The Express fee (including charges for any public conveyance, *e.g.*, omnibus, tramcar, or railway) is :—

- (i) **For every mile or part of a mile** from the Office of delivery to the address **3d.**
- (ii) **On each packet weighing more than 1lb. a weight fee of 3d.**

(Ordinary Postage is not charged.)

(b) If the sender desires, or it is otherwise necessary, that a cab or other special conveyance be used throughout (*i.e.*, from the place of posting to the place of delivery), the actual fare or cost of the conveyance must be paid in addition to the mileage fee. The weight fee is not charged in such a case.

(c) Cycles are used, wherever practicable, for the delivery of express packets of a size and weight suitable to be so carried.

(d) When several packets are tendered by one sender for delivery by the same Messenger at different addresses, or to different persons at the same address, the Express Fee of 3d. a mile will be charged for the full distance to be traversed by the Messenger up to the delivery of the last packet, and an additional fixed charge of 1d. for each article above one. The number of articles delivered by one Messenger must not exceed ten. The sender may determine the order in which the packets are to be delivered. The weight fee will be charged upon each packet over 1lb. in weight, not on the aggregate weight.

(e) When several packets are tendered for delivery to one person, the sender may, if he chooses, tie them together so as to form one packet. In that case a weight fee will be chargeable upon the aggregate weight if over 1 lb.

(f) All charges must be prepaid in postage stamps, to be affixed to a form provided by the Post Office for the purpose.

Posting and Distinctive Marking.

(a) Every packet must be handed in over the counter, or to an officer authorised to receive it. In no case may it be placed in a letter box.

(b) The word "Express" must be boldly and legibly written by the sender above the address in the left-hand corner of the cover.

Hours of Posting.

On week-days, when the offices are open for telegraph delivery, generally from 8 a.m. to 8 p.m. For offices open earlier and later, *see* pages 142 to 500 as regards the Provinces, and pages 598 to 619 as regards London.

There is no Express Delivery by Messenger all the way (Service I.) on Sunday, Good Friday, or Christmas Day, in England and Ireland, or on Sunday in Scotland.

Telephoning Express Letters.

A message can be sent by telephone by a subscriber to a Telephone Exchange or from a Telephone Call Office to a Post Office for delivery as an Express letter. For full particulars *see* page 99.

Reply and Further Services.

On the delivery of an Express Packet, the Messenger may take a reply or perform a further Express delivery service within the authorised hours. Express fees at the usual rates must be prepaid either by the sender of the first service or by the sender of the reply or further service.

When a reply or further service is required by the sender, the words "Wait Reply" or "Wait Further Service" should be written by the sender above the address of the packet. The Messenger is allowed to wait for the reply 10 minutes free of charge; after that time *2d.* is charged for every quarter of an hour or part of a quarter of an hour during which the Messenger is required to wait.

When a packet on a Reply or Further Service is taken to an address on the Messenger's homeward route, or to an address within a radius of half a mile of the Post Office from which the Messenger started on the original service, half only of the mileage rate is charged, and is calculated on the actual distance traversed by the Messenger in performing the reply or further service.

Acceptance of Express Packets by Telegraph Messenger.

A Telegraph Messenger, on delivering a telegram, may, if desired, and on receiving the Express charges, take back to the Post Office where he is employed a Packet for Express Delivery. The fee for this service will be charged as from the Residence of the sender and not from the Office where the Messenger is employed.

Acceptance of Telegrams by Express Messenger.

A Messenger on delivering an Express Packet may, if desired, carry an Inland Telegram to the nearest Telegraph Office for transmission. If the telegram is to be taken to his own Office no Express fee will be

charged unless he be kept waiting for it more than ten minutes, in which case the usual charge for waiting will be made. If the telegram be taken to another Office the usual Express fee as for a Reply or Further Service will be charged and must be prepaid by the sender of the telegram. An Express Messenger is not allowed to accept a telegram for a place abroad.

Exceptional Express Services.

Money* and jewellery* are accepted, in sealed or unsealed packets or loose, for conveyance by Express Messenger all the way at the sender's risk without being registered.

Living animals can be accepted for express delivery, if confined in a suitable receptacle, and special arrangements may be made as to dogs.

Liquids are accepted, although contained in glass bottles, provided the bottles are properly closed and that the packet bears some such label as "Liquid" or "Fragile, with care."

Postmasters may arrange for the conduct of a **person** to an address by an Express Messenger.

Supplementary Service.

A Local Express Packet may be handed in at any **Town Sub-Post Office** which is not an **Express Delivery Office** under the following conditions:—

The packet, which must be of such a nature that it can be sent by the ordinary Inland Post, takes the ordinary course of post from the Office where it is handed in until it reaches the first Express Delivery Office on its route, and thence it is conveyed direct to destination by Express Messenger.

The Express fees are charged as from the Express Delivery Office, and not from the Office of Posting, and must be prepaid by the sender. Ordinary postage is not charged.

It must be clearly understood that in such cases there may be some delay before the packet reaches the hands of the Express Messenger, so that where there is an Express Delivery Office within easy reach the sender is recommended to take his packet to that office.

Telegrams conveyed by Express Messengers from Football and Cricket Grounds, &c., to Post Offices for Transmission.

Reporters and other persons at Football and Cricket Grounds, Public Meetings, and other like gatherings, by applying to the local Postmaster can obtain an Express Messenger to convey their telegrams to a Telegraph Office for transmission, on payment of the mileage fee, which is calculated on the full distance traversed by the Messenger in going from his Office to the ground or place of Meeting, and thence to the Telegraph Office.

If several journeys are made in immediate succession for the same person between the ground or place of Meeting and the Telegraph Office, they will be considered as one service, and be charged for according to the total distance covered by the Messenger in performing them all. If the Messenger be kept waiting for the telegrams more than 10 minutes in any case the usual charge for waiting, viz., 2d. for each quarter of an hour or portion thereof beyond the first 10 minutes, will be levied.

* These terms are defined on page 30.

SERVICE II.**Express Delivery after Transmission by Ordinary Post.**

Correspondence of any kind sent by the Ordinary Post may be delivered by Express Messenger—

- (a) From the Post Office from which it would be delivered by the ordinary post.
- (b) In London, from the General Post Office or a Head District Post Office at which the Mail Bag is first opened; and
- (c) In the Provinces, from the Head Post Office even when that is not the ordinary office of delivery.

Posting and Distinctive Marking.

(a) The words "Express Delivery" must be boldly and legibly marked above the address on the left-hand side of the cover (whether of Letter or Parcel), and in the case of a Letter the cover must also be marked with a broad perpendicular line from top to bottom, both on front and back.

Where delivery from the General Post Office or Head District Office in London, or from the Head Post Office (although not the ordinary delivering office) in the Provinces, is desired, the words "Express Delivery from General Post Office," "Express Delivery from Head District Office," or "Express Delivery from Head Office" (as the case may be) must be used.

The Post Office does not undertake to ensure the special delivery of an Express Letter which is not marked in the manner prescribed.

(b) Letters may be handed in at a Post Office, or to a Rural Postman, or may be posted in a Letter Box.

(c) Parcels and Registered Letters must be handed in at a Post Office, or to a Rural Postman.

Reply and Further Service.

On the delivery of an Express Packet the Messenger may be asked to perform a further service, as in the case of correspondence which is sent by Express Messenger throughout.

Charges.

(a) In addition to the full ordinary postage the same Express Fees will be charged as in the case of delivery by a special Messenger throughout, with the exception of the Weight Fee.

In London the fee for the Express delivery of a letter or parcel from the usual Delivery Office is in no case more than 3d., in addition to the ordinary postage, even when the address is more than a mile distant from the Express Office, but if the article is delivered from the General

Post Office or from a Head District Post Office at an address outside the ordinary postal delivery of those offices, then the full Express fee of 3d. a mile throughout is charged.

(b) **The sender is responsible for the charges. The postage and charges must be prepaid** by means of stamps affixed to the letter or parcel. In any case where a special conveyance is required the whole charge for such conveyance should, if possible, be prepaid in postage stamps affixed to the letter or parcel, but any deficiency will be demanded from the addressee. If the charges payable are not prepaid to the extent of at least one-half, the letter or parcel will be liable to be treated as an ordinary letter or parcel instead of being delivered by Special Messenger.

(c) When more Express Letters or Parcels than one addressed to the same person, or to different persons at the same address, are received by the same Mail or by Mails arriving at or about the same time, and the Express fees are unpaid or not fully prepaid, the articles will be sent out for delivery by the same Special Messenger, and one full Express fee of 3d. a mile will be charged upon one of the articles, and a fixed charge of 1d. upon each of the rest. In calculating such charges the value of any postage stamps affixed to the articles beyond the ordinary postage will be allowed for.

Delivery.

On **Week Days** Express Correspondence will be delivered by Messenger during the hours in which the Office of Delivery is open for Telegraph business, but not, as a rule, between 11 p.m. and 7 a.m. Unless specially indicated in the third column of the List of Offices on pages 142-500, Provincial Post Offices are open for Telegraph business from 8.0 a.m. to 8.0 p.m. At most small towns and villages, therefore, it is generally impracticable to deliver an Express Packet received by the Night Mail otherwise than by the ordinary postman engaged in the first delivery of letters. The Express fee prepaid on a packet so delivered will be refunded to the sender if written application be made to the Secretary, General Post Office, enclosing the cover of the packet, and stating the name and address of the sender.

Express Correspondence will also be delivered to Callers, whether by day or by night, when the Postal Staff is in attendance, if the letter or parcel arrive too early or too late for delivery by Messenger, or if it be addressed to Post Office "To be called for."

On **Sundays, in the Provinces**, Express Correspondence (except Parcels) will be delivered by Special Messenger during the hours when the Office of Delivery is open both for Telegraph business and to Callers for Letters.

On **Sundays, in London**, Express Correspondence of all kinds (except Parcels) for places in the London Postal Districts arriving on Sunday mornings by the Night Mails from the Provinces or posted in London too late for Express Delivery on Saturday nights but in time for the last collection, will be delivered from the General Post Office, provided that it is marked with a thick, perpendicular line from top to bottom, and with the words "Express Delivery on Sunday," and is prepaid.

The fees will be calculated according to the distance from the General Post Office to the centre, approximately, of the Head District or Sub-district in which the address is situated. (See Table of Charges on next page.)

Charges to be made on Letters for Express Delivery in the undermentioned Head Districts and Sub- Districts in London on Sundays.

Correspondence (except parcels) from places abroad is also delivered in London from the General Post Office on Sundays, provided that each packet bears the words "Express Delivery on Sunday," if possible in English or French, but if not, in the language of the country of origin, and that an express fee of 30 centimes (3d.) or its equivalent has been paid in addition to the postage. Any sum prepaid in excess of that amount will be ignored. The extra mileage fee, if any, is collected on delivery.

There is no delivery of Parcels on Sundays either in London or in the Provinces.

SERVICE III.

Special Delivery of Correspondence in Advance of the Ordinary Deliveries at the Request of the Addressee.

Persons or Firms who desire at any time to receive their correspondence of any kind in advance of the ordinary delivery, may have it delivered by Special Messenger on payment of the following fees, viz. :—

The full Express Fee of 3d. a mile as for one packet and a further

fixed charge of 1d. for every 10, or less number, of additional packets beyond the first. If more than one search is necessary a charge of 3d. is made for each extra search in addition to the Express fees levied when the special delivery takes place.

Applications for special delivery must be signed by the persons to whom the correspondence is addressed. Forms of application may be obtained at most Post Offices.

The application should be addressed to the Postmaster or Chief Officer on duty at the Post Office from which the Letters are ordinarily delivered. Where possible, it should be delivered at the Office by hand; but where this cannot be done it may be handed in at any Post Office or posted in any Letter Box in the District served from the Office. In either of the latter cases the postage should be prepaid by means of a penny stamp affixed to the outside of the form. The application should, however, reach the Office on the previous evening, if it is intended to apply to the early delivery in the morning, and, if to any other delivery, an hour at least before the time at which the delivery commences.

The Express Fee on at least one packet must be prepaid in stamps affixed to the application form. All additional Fees must be paid to the Special Messenger on delivery.

If no correspondence for the address given is found, a Special Messenger will be sent to inform the applicant to that effect, and the Express Fee will be retained to pay for this service.

In cases where a regular delivery by Special Messenger is required either on one or more days of the week, or of correspondence arriving by particular Inland or Foreign Mails, it will be sufficient if only one Form of Application, altered to meet the requirements, is filled up and left with the Postmaster. In such cases the whole of the charges will be collected on the delivery of the correspondence.

GENERAL REGULATIONS.

Except where otherwise specified, the Express Delivery Services are subject to the general Regulations of the Postal and Telegraph Service.

Correspondence sent under any of the three Express Services may be registered. Railway Express Letters however (see p. 40), cannot be registered.

The rules regarding the payment of compensation for loss or damage of Express Correspondence will be found on p. 29.

Manner of Posting.

Every Letter intended for transmission as a Railway Letter, must, unless sent from an Express Delivery Post Office (*see* page 40), be taken to a **Passenger Station** of the Railway Company over whose line it is to be sent, and tendered, during such hours as the station is open to the public, to a servant, of the Railway Company in the Parcel Booking Office or the Passenger Booking Office.

Foreign and Colonial Letters may be sent as Railway Letters, but the Companies cannot give any information as to the rate of postage, or the time or port of departure of the Mail Packets. Letters intended for transfer by the Company to a Post Office messenger at the station of arrival must be handed in at an **Express Delivery office**.

Mode of Address.

A Railway Letter can either be addressed to a Passenger Station to be called for (*see* example *a*), or to the actual residence of the addressee, with the addition of the name of the Railway Station to which it is to be transmitted (*see* example *b*). A Letter addressed as in example (*a*) will

be retained at the Station of Address for a period not exceeding seven days from the date of arrival. In order to obtain delivery, the addressee or his agent must apply for it at the Parcel Booking Office, or if that Office be closed, at the Passenger-Booking Office, during the period for which the Station is open to the public. A Letter addressed as in example (b) will be transferred to the Post Office Letter Box nearest to the Station of Address for delivery in due course of post by the Post Office. Any Letter not plainly addressed to a station to be called for, will be transferred to the post.

(a) Example of a Letter addressed to a Railway Station to be called for:—

T. Jones, Esq.,

Parcel Office.

Station.

(To be called for.)

* Insert full name of station here.

(b) Example of a Letter addressed to the actual residence of the addressee:—

T. Jones, Esq.,

To†

Station,

(To be posted on arrival.)

* Insert full postal address.

† Insert here name of station to which letter is to be transmitted.

Any Railway Letter addressed to a Station to be called for and not called for within seven days from the date of arrival, will be handed over to the Post Office for disposal in the same way as an ordinary undelivered Inland Letter.

If the sender desires to have a letter conveyed by special messenger from the Station of one Railway Company to that of another, for onward transmission, he must arrange for the letter to be met by a Post Office Messenger and conveyed by Express Service No. 1 (see page 31).

The letter should be addressed as shown in example (a) above, and a second Railway Fee of 2d. will be required in addition to the mileage fee. A waiting fee may also become due should the train be late.

Payment of Postage and Fee on Railway Letters.

Upon every Railway Letter a fee of 2d. in addition to postage at the ordinary rate, will be charged. This charge will defray the whole cost of transmission. No servant of a Railway Company will be entitled to make a further charge on the delivery of a Railway Letter.

The postage and railway fee must be prepaid, the postage in stamps and the railway fee in cash.

Mode of Transmission of Railway Letters.

A Railway Letter will be forwarded, and afterwards passed on by each Company in succession (if the case requires it), by the next available train or steamship, to the Station of Address, whether that Station be on the line of the Company by which the letter has

been accepted, or on the line of any other Company party to this arrangement. For example, a letter handed in at Rugby Station for Barrow-in-Furness Station would be transferred from the London and North-Western line to the Furness line.

Letters excluded from Transmission as Railway Letters.

No letter may be accepted for transmission as a Railway Letter which either—

- (a) Exceeds four ounces in weight; or which
- (b) From any words or marks thereon appears to be intended for Registration; or which
- (c) Appears to contain coin, or jewellery, or anything which, if sent by post unregistered, would be subjected to Registration by the Post Office; or which
- (d) Appears to contain anything which may not, under the regulations for the time being, be sent by the Inland Letter Post. (See page 17.)

Any Railway Letter found by an Officer of the Post Office to exceed four ounces in weight will be charged with double the deficient postage. Any Railway Letter accepted contrary to (b) or (c) will be charged with a fee of 4d.

Any Railway Letter accepted contrary to Rule (d) above will be handed to an Officer of the Post Office, and will be dealt with in such a manner as the Postmaster General may direct.

Except where repugnant to the preceding rules, the ordinary conditions and regulations of the Post Office will apply to Railway Letters and matters connected therewith.

Combination of Express Service and Railway Service. (Week-days only).

Letters not exceeding 4 oz. in weight sent for transmission by ordinary train or steamship, under the arrangement described above, may be handed in at any Express Delivery Office for immediate conveyance to the Railway Station by Special Messenger on payment of the Express fee of 3d. a mile, which must be prepaid in stamps affixed to a Post Office form. The train by which the letter is to be transmitted must be specified by the sender.

Railway letters, whether taken to the Station of despatch by a Post Office Messenger or handed in at the Station by the sender personally or his agent, can be delivered by Special Messenger after conveyance by train, either—

(a) From the ordinary office of delivery, the cover of the letter to be marked "Express";

(b) From the first Express Office, the cover to be marked: "Express delivery from the first Express Office"; or

(c) From the Railway Station, in which case the cover must be marked "Express, to be handed to Post Office Messenger at _____ Station." The sender must telegraph to the Postmaster of the nearest Express Delivery Office to the station of arrival requesting him to send a Special Messenger to meet the train. The sender is responsible for the time of arrival of the train being correctly stated in the telegram, which he must write himself. In all cases the letter must be marked with a perpendicular line both

on front and back, and must be prepaid by means of postage stamps at the rate of 3d. per mile for the distance from the office of delivery to the station, and thence to the actual address, as well as 1d. for postage. Any deficiency in the amount prepaid will be collected from the addressee.

In London, the Express Delivery Offices nearest to the principal Railway Stations are as follows:—

- (1) The railway fee of 2d. for the transmission of the letter by train. This should be paid in cash.
- (2) The Express fees.
- (3) The cost of any necessary telegram.

If the Messenger has to wait at the station of address more than 10 minutes, owing to late arrival of the train, the usual charge for waiting, viz., 2d. for each quarter of an hour or portion thereof beyond the first 10 minutes, will be collected from the addressee.

LATE-FEE LETTERS.

As a general rule correspondence which is too late for the regular hour of posting is, subject to the payment of an extra fee, received till within five minutes of the actual despatch of the mail. But no office is kept open merely for this purpose after 10 p.m. The times at which late correspondence can be posted at the Chief Office, St. Martin's le Grand, and at the principal Post Offices and Railway Stations in London, are given at pages 592-597.

No late correspondence is forwarded unless completely prepaid by stamps.

Letter Boxes for the receipt of late letters bearing an extra $\frac{1}{2}$ d. stamp are affixed to all Mail Trains to which Travelling Post Offices or Sorting Carriages are attached. Letters posted in these boxes are surcharged 1d. if the late fee is not prepaid.

COMBINATION OF LATE-FEE SERVICE AND EXPRESS SERVICE.

Correspondence which is too late for local posting can be taken by Express Messenger to the General Post Office or other Post Office in London, or to the Chief Office in a Provincial Town, or to a Railway Station where there is a Late-Fee Box either in the Station or on the Train.

The Postage and Late Fee (if any) must be prepaid in stamps affixed to the letter, but the Charge for the Express Service must be prepaid in stamps affixed to a Post Office form.

COLLECTION OF CORRESPONDENCE.

In Towns.

Special arrangements will be made for the collection of correspondence sent in considerable quantities by one person. Particulars will be furnished on application to the local Postmaster. Apart from such arrangements the Post Office does not collect correspondence **in towns** and Town Postmen are not allowed to take charge of correspondence for the post.

In the Country.

In the **country** it is the duty of Rural Postmen to accept any kind of correspondence, whether registered or not, handed to them on their rounds. This obligation is, however, subject to the following conditions :—

- (1) Postmen should not take charge of correspondence when near a Post Office or Letter Box.
- (2) A Rural Postman on foot must not accept from any one person a greater weight of **parcels** than 11 lb. in the aggregate, unless he has received notice on the previous day from such person of his intention to send a greater weight.
- (3) A Rural Postman with a cart is required to accept as many **parcels** tendered to him for the post as he can conveniently carry in his cart.
- (4) A **parcel** handed to a Rural Postman must be within the prescribed limits of weight and size, must bear stamps to

the full amount required for postage, and must be otherwise in order, the sender being held responsible that these conditions are complied with.

- (5) A Rural Postman may, at the request of the sender, weigh a **parcel**, or check the postage, provided that he can conveniently do so. He may refuse to accept a parcel which beyond all doubt is above the limits of weight or size.
- (6) A Rural Postman who is already carrying the maximum load authorised for his walk, and who is unable to obtain assistance, may refuse to accept more **parcels or other heavy correspondence**.
- (7) Correspondence handed to a Rural Postman **for delivery at any house which he will pass on his usual route** must be fully prepaid in stamps. Registered correspondence will not be accepted.

A Mail Cart Driver (as distinguished from a Postman) is required to accept any unregistered Inland **parcels** prepaid with postage stamps which are tendered to him for the post when he is engaged in clearing a Country Letter Box, but not at any other point of his journey. He is not required to weigh the parcels, or to check the postage, or to furnish certificates of posting.

Parcels handed to a Rural Postman or Mail Cart Driver are not considered as finally accepted until they have been received at a Post Office.

Carriage of Private Parcels by Officers of the Post Office.

With certain exceptions, **no Postman or other officer of the Post Office may act as a carrier** of correspondence or packages of any kind or weight which have not passed through the post, whether he receives payment for the carriage or not. The exceptions are as follows:—

- (a) Contractors for the carriage of **Mails by passenger conveyance** are not subject to any restrictions as to the parcels they convey.
- (b) Mail Cart Drivers and Rural Postmen are allowed to carry light packets of **medicine**.
- (c) Permission is also given to them in special cases to carry parcels of **newly published newspapers** addressed from the publishing office of the newspaper. In question to a newsagent, whether such parcels be above or below the Parcel Post limit of weight.
- (d) In some very exceptional cases, Mail Cart Drivers, and Rural Postmen with carts, are granted special permission to carry parcels or other packages which are **above the limits of weight** prescribed for postal parcels.

The public must **make their own terms** as regards the payment of Postmen, Mail Cart Drivers, and Contractors who undertake private services on their behalf.

Collection from Private Posting Boxes.

Arrangements are made for the collection by Postmen of ordinary correspondence (not registered letters or parcels) from Private Letter Boxes of approved pattern in town districts.

Pursuant to the terms of section 19 of the Post Office (Protection) Act, 1884, the following notices will be affixed to these boxes, viz. :—

"This is a PRIVATE POSTING BOX. Letters and Packets posted in it will be treated in all respects as Post Letters, but proof of such posting will not be accepted in legal proceedings as evidence of receipt by the addressee. By Order of the Postmaster-General."

The scale of charges is as follows :—

	£ s. d.
1. Initial fee, which provides for two ordinary Collections on week-days (neither of the two being the General Night Mail Collection)	1 1 0
2. Fee for each additional Collection on Week days, not being the General Night Mail Collection	0 10 6
3. Fee for the Night Mail Collection, including the Sunday Collection, if one exists (in addition to the initial fee of 1 <i>l.</i> 1 <i>s.</i> a year)	2 2 0
4. Fee for a Sunday Collection when no Night Mail fee is paid	0 10 6

The minimum fee for the General Night Mail Collection is, therefore, 3*l.* 3*s.* a year, but this includes payment for any two other Collections on week-days.

In special cases additional charges are levied, e.g., in the case of a house at a distance from the Postman's walk.

Full information in regard to the arrangements and conditions can be obtained on application to Postmasters or to the Controller of the London Postal Service, General Post Office, E.C.

SPECIAL DELIVERY OF CORRESPONDENCE.

To Residents in Towns.

On ordinary week-days, and on Bank Holidays in England and Ireland and on the equivalent Local Holidays in Scotland, correspondence for persons residing within a town delivery* area will only be delivered free at the Post Office to Private Box holders and persons entitled to use the Poste Restante. Other persons desiring to obtain correspondence addressed to them must in each case pay a special fee of 3*d.*; and this fee must be paid for the search (which will only be made if the correspondence for delivery is readily accessible at the time) whether correspondence be found or not. **Registered Correspondence** may be retained at the Post Office to be called for once daily on payment of a fee of 10*s.* 6*d.* a year, or 1*l.* 1*s.* a year for calling more than once.

Residents in Towns may also obtain correspondence without charge on any occasion (a) when a delivery by postman is regularly suspended on a local half-holiday, or (b) when a delivery to callers is duly sanctioned and publicly announced.

To Residents in Rural Districts.

Persons residing in rural districts may obtain their correspondence at Post Offices free of charge if a delivery by postman, including their residences, is not about to take place. They may further obtain correspondence although a delivery by postman is about to take place, (a) if they are entitled to use the Poste Restante, (b) if they rent a private box, or a private bag, and arrange to call for such bag, or (c) on payment of a special fee of 3*d.* (if correspondence for delivery is readily accessible), the fee being payable whether correspondence be found or not.

* This applies also to Sub-offices with as many as three deliveries by postmen on week-days.

Residents in rural districts may also, on payment of a special fee of 3d., have their correspondence withheld from a particular delivery to be called for at the Post Office.

Delivery at Another Address.

It is the rule to deliver all correspondence as addressed, but by payment of a fee of 1l. 1s. a year persons can have correspondence which is addressed to their offices delivered at their private address, and *vice versa*, provided that both addresses are served from the same delivery office.

PRIVATE BOXES AND BAGS.

A **Private Box**, into which correspondence other than Parcels is sorted for delivery on application, may be rented, and a **Private Bag**, in which correspondence is delivered, either by Private Messenger or by a Rural Postman or Mail Cart Driver, may be made use of at any Post Office from which a delivery is made. A Private Bag is locked at the Post Office before being sent out for delivery. It may be used also for posting correspondence. The bag, which must be provided with a lock, is not supplied by the Post Office.

Application for these facilities should be made through the Head Postmaster of the District, to whom all fees should be paid.

The minimum period for the use of a Private Box or Bag is twelve months,* and the fees are payable annually in advance from the date on which the use of the bag began.

For conveyance by a Rural Postman in a cart . 1l. 1s. 0d. „

IV. For a bag, irrespective of weight, conveyed by a
Mail Cart or other Contract Service 2l. 2s. 0d. „

(a) No bag weighing more than 2½ lbs. when empty can be conveyed by a Rural Postman on foot or on a cycle.

(b) When a bag is made up more than once a day an extra half fee is charged for each additional making up, and an additional half fee for conveyance.

(c) In all cases in which a bag is conveyed in one direction only, a half fee is chargeable.

(d) In cases where a Rural Private Bag is required for not more than four months, and notice is given to that effect when the service is applied for, one-half only of the fees payable for a year will be charged.

(e) If a Sub-Postmaster provides for the delivery of a Private Bag at the owner's house, he is required to charge the half fee for conveyance, and if for both delivery and collection the whole fee for conveyance.

(f) If during the journey the bag is left in charge of the Sub-Postmaster at a Sub-Office to be called for by the owner or by the Postman who collects or delivers it, the Sub-Postmaster is required to charge a fee of 5s. a year for taking charge of the bag at his Office.

(g) A renter of a Private Bag living in a Rural Delivery may have Parcels delivered or send Parcels to the post in his bag without extra charge.

Private Boxes for Night Use.

Private Boxes for use during the night may be rented at Post Offices at which a Night Staff is on duty, and at which there is a delivery of Letters to callers during the day. Under this arrangement a Renter of a Night Box can, during the hours of attendance of the Night Staff, obtain letters arriving after the office is ordinarily closed to callers, which otherwise would not be delivered until next morning. Such letters must be enclosed in **red envelopes** clearly marked in the upper left-hand corner "Special Private Box Night Delivery," and it is recommended that they be handed in at a Post Office counter, but when this cannot be conveniently done they may be posted in any Post Letter Box. The rent for a Night Box will be **twice the amount charged for an ordinary Private Box**, and if a Private Box is rented for use during the day, the ordinary rent for such a box must also be paid. The fee for a Night Box is payable when delivery is required between the hour* of closing at night and 6 a.m.

Private Boxes and Bags for Sunday Use.

A Private Box may be rented for use on Sundays only for the purpose of obtaining correspondence when the office is ordinarily closed for callers; but correspondence can only be obtained during the hours of attendance of the staff. The charge for a Sunday Box is two-thirds of the fee for an ordinary Private Box. A resident in a Rural District who has no Sunday delivery by Postman may rent a Private Bag for use on Sundays only for a payment of one-third of the usual fee.

* This is considered to be 10 p.m. in the case of offices open later than that hour, and 9 p.m. in the case of offices in London at which there is no public counter.

PREPAYMENT OF CORRESPONDENCE

IN MONEY

As a rule the prepayment of correspondence can only be effected by means of postage stamps; but in London at the General Post Office (St. Martin's le Grand and Mount Pleasant), the Head Offices of the principal Metropolitan Districts (W.C., W., Paddington, S.W., S.E., E., N., and N.W.), and the Bedford Street, Charing Cross, Gracechurch Street, *Lombard Street, Ludgate Circus, Fenchurch Street, Throgmorton Avenue, Kensington, Young Street, Battersea and Norwood Post Offices, and at the Head Offices in Edinburgh, Dublin, and certain large towns in the provinces, every kind of inland correspondence, other than newspapers, may be prepaid in money, provided that the articles are chargeable with a uniform rate of postage, that the amount paid is in no case less than 1*l.* and that, except in the case of parcels, the correspondence is tied in bundles representing a postage of 5*s.* each (or in the case of exceptionally bulky packets, 2*s.* 6*d.* each), with the addresses arranged in the same direction. Prepayment, however, cannot be made partly in money and partly in stamps, and the money must be paid at the time the correspondence is handed in at the Post Office.†

For payment in money at the Head District Post Offices in London, and at the Bedford Street, Charing Cross, Fenchurch Street, Gracechurch Street, *Lombard Street, Ludgate Circus, and Throgmorton Avenue Post Offices, correspondence must be presented at the counter between 9 a.m. and 3.30 p.m., at Kensington, Young Street, the Battersea Office, Lavender Hill, and the Norwood Office, 35, Westow Street, between 9 a.m. and 3 p.m., and at the General Post Office (St. Martin's le Grand and Mount Pleasant) between 9 a.m. and 4 p.m. At provincial towns the hours of posting are from 10 a.m. to 4 p.m.

Postage on inland letters, post-cards, and halfpenny packets may also be prepaid in money at many of the smaller towns in the provinces (including all Head Post Towns) provided that at least two clear days' notice (exclusive of Sundays and Public Holidays) be given in writing, and that the conditions of posting as described above be complied with. Applications arising in England and Wales must in these cases be sent direct to the Comptroller and Accountant General, G.P.O., London, E.C., those in Ireland and Scotland to the Accountant, G.P.O., Dublin and Edinburgh respectively, and must state—

- (1) The name of the Post Office at which the correspondence will be handed in,
- (2) The exact date of posting, and
- (3) The approximate number and rate of postage of the correspondence to be posted.

Correspondence prepaid in money cannot be received on Sunday, Christmas Day, Good Friday, or Bank Holidays.

* Parcels are not accepted at Lombard Street.

† Persons tendering correspondence to be prepaid in money, will be required to sign a declaration that none of the packets contain any advertisement, notice, or circular relating to lotteries not authorised by the law of this country, or to betting by prepayment, or any other illegal betting transaction. They may also be required to open one of the packets in the presence of the officer to whom they are tendered.

SPECIAL CORRESPONDENCE.

ADDRESSES AND PETITIONS TO KING AND PARLIAMENT.

Petitions and Addresses forwarded to the King are exempt from postage. Members of either House of Parliament may receive by post Petitions and Addresses to His Majesty, and Petitions addressed to either House of Parliament not exceeding 2 lb. in weight, exempt from postage, provided such Petitions and Addresses be sent without covers, or in covers open at the ends.

PARLIAMENTARY PROCEEDINGS.

Printed Votes or Proceedings of the Imperial Parliament, in open covers, having the words "Parliamentary Proceedings" written or printed thereon, are subject to no limits of size and weight. The postage is at the rate of $\frac{1}{4}$ d. for every 2 oz., whether prepaid or not.

PARLIAMENTARY NOTICES, PARLIAMENTARY AND MUNICIPAL REGISTRATION NOTICES, JURY SUMMONSES.

Particulars as to the conditions under which these documents may be served by post may be obtained from the Secretary, General Post Office, or from the Postmaster at any Head Post Office.

"BLIND LITERATURE" POST.

Papers of any kind, periodicals, and books, impressed in "Braille" or other special type for the use of the blind, may be sent, prepaid, by post, at the following rates of postage:—

For a packet not exceeding 2 oz. in weight	. . .	$\frac{1}{4}$ d.
" exceeding 2 oz. and not exceeding 2 lb.	. . .	1d.
" exceeding 2 lb. and not exceeding 5 lb.	. . .	$\frac{1}{2}$ d.
" exceeding 5 lb. and not exceeding 6 lb.	. . .	$\frac{3}{4}$ d.

Any such packet, if posted unpaid, is charged double postage; if posted insufficiently prepaid, double the deficiency.

To be entitled to transmission by this post a packet must

- (1) consist only of articles specially impressed as described above for the use of the blind, and may not contain any communication either in writing or printed in ordinary type, except the title and table of contents of the book or periodical, and any key to, or instructions for, the use of the special type, or any enclosure except a label for the return of the packet;
- (2) bear on the outside the inscription "Literature for the Blind," and the written or printed name and address of the sender;
- (3) be posted either without a cover, or in a cover open at both ends which can easily be removed for the purpose of examination;
- (4) not exceed 6 lb. in weight or 2 feet by 1 foot by 1 foot in dimensions.

If any of these conditions be infringed the packet (unless it is admissible as a halfpenny packet) will either be charged as an insufficiently paid letter, or transferred to the Parcel Post, and charged with a fee of 1d., in addition to any deficient parcel postage, whichever charge is the lower.

The use of printed labels with the necessary inscription is recommended.

N.B.—Newspapers impressed for the use of the blind and registered at the General Post Office are not subject to the above-mentioned regulations, but to those of the newspaper post.

BALLOT-PAPERS.

No postage is payable on Ballot-papers, Poll-books, and other documents which have been used at a Parliamentary Election, and are presented at a Post Office by a Returning Officer for transmission by post to the Clerk of the Crown in Chancery. When so presented an acknowledgment in writing of their receipt must be given by the Postmaster.

The above does not apply to Ballot-papers or other documents used at County Council, District Council, or Parish Council Elections, or at other Elections; in any such case if any documents are sent by post the proper postage must be prepaid.

MISCELLANEOUS INFORMATION.

Evasion of Postage.

Nothing sent through the post may contain an enclosure which is directed to a name and an address different from the name and address borne on the cover, and which is enclosed with the intention of evading postage. Any such forbidden enclosure if observed is liable to be taken out and forwarded to the addressee charged with separate postage at the prepaid rate.

Return of Correspondence.

The first duty of the Postmaster-General is to deliver correspondence as addressed. He cannot intercept correspondence once posted, and return it to the senders.

Correspondence for Government Offices.

Correspondence addressed to Government Departments should be prepaid by the senders unless it is on strictly official business and addressed to the chief officials at Metropolitan Government Offices.

Enquiries or complaints on Post Office subjects should be addressed to the local Postmaster, or to the Secretary, General Post Office, London, Edinburgh, or Dublin, and should be prepaid in the ordinary way.

Postmasters and the Public.

Postmasters are not allowed to return any correspondence to the writer or sender, or to give it to anyone else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon.

Postmasters are not bound to give change when receiving a payment, nor are they authorised to demand it when making a payment; and when money is paid at a Post Office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

Postmasters are not bound to weigh for the public letters, half-penny packets, or newspapers brought for the post, but they may do so if their duty be not thereby impeded. This rule does not apply to parcels, which are tested both as to weight and size before being accepted.

Postmasters have no discretionary power to supply information respecting correspondence to persons other than those to whom it is addressed. They are not allowed to make public any official information of a private character.

If any packet be forwarded under cover to any Postmaster with a request that he will re-post it at his office, the packet, on being re-posted, will be endorsed with the words "posted at _____, under cover, to the Postmaster of _____."

Addressing Correspondence.

All correspondence should be clearly and legibly addressed, and the stamp or stamps should be affixed at the top right-hand corner. When writing to a place where there is a Sub-Post Office only, the name of the Post-town (or County in some cases) should be added.

The name of the Post-town, as a rule, completes the address, but in certain cases the name of the County is required, as, for instance, where there are two or more places of the same name in the United Kingdom; or where there is an important town bearing a similar name in a British

Colony or foreign country. The full postal address of every place in the United Kingdom at which there is a Post Office will be found on pages 142 to 500.

The address of correspondence for places abroad should include the name of the country or state of destination, *e.g.*, Boston, U.S.A.; Halifax, Nova Scotia; Lyons, France; St. John, New Brunswick; St. Johns, Newfoundland; St. John's, Quebec.

Abbreviated addresses registered for Telegrams should not be used for letters.

Nothing may be written or printed on the address-side of correspondence which, either by tending to prevent the easy and quick reading of the address, or by inconvenient proximity to the postage stamps, or in any other way, is likely to embarrass the Post Office in dealing with it. Contravention of this regulation may result in correspondence being withheld from delivery.

The regulation is held to be complied with in the case of cards envelopes, and wrappers, if the writing or printing is confined to the left-hand half of the address side, the right-hand half being reserved exclusively for the postage stamps and the address.

Circulars.

Circulars should be tied in bundles, with all the addresses in one direction, and should be posted early in the day to secure due despatch.

Verification of Surcharges.

When a person to whom correspondence has been delivered has reason to think that it has been improperly charged as being over weight, it should be taken to a Post Office to be weighed before being opened. Unless this course is followed, no question as to the correctness of the surcharge can afterwards be entertained.

Exceptional Detention of Certain Correspondence.

The Postmaster General has power to delay the despatch or delivery of Halfpenny Packets, Post-cards, Packets of Literature for the Blind, and Parcels, when it is necessary to do so in order to secure the due despatch of the letter mails, and also to delay parcels when he considers it expedient for their safety and protection to do so. He is likewise empowered to detain packets of every description which from their size, weight, or character, are unsuitable for transfer by Mail Bag Apparatus, and to forward them by mails for which the apparatus is not employed.

Letter Boxes.

To facilitate the delivery of Letters, a Letter Box should be affixed to every house door.

FOREIGN AND COLONIAL CORRESPONDENCE.

"Foreign and Colonial Correspondence" means correspondence passing in either direction between a place within the United Kingdom (including the Isle of Man and the Channel Islands) and a place outside it.

Foreign and Colonial Correspondence is divided into the following classes:—

- (a) Letters.
- (b) Post-cards.
- (c) Printed Papers.
- (d) Commercial Papers.
- (e) Samples.
- (f) Parcels.

Most States and Colonies are now included in a general Postal Union, the postal affairs of which are controlled by a Convention and detailed regulations periodically revised.

For miscellaneous information concerning both Inland and Foreign Post, see pages 49 and 50.

Post Office Daily List.

The latest information as to the despatch and arrival of Foreign and Colonial Mails, &c., is given in the Post Office Daily List.

The annual subscription (payable in advance) for this List is £1 for a daily copy or 5s. for a weekly copy. The subscription can be paid at any Head Post Office in the United Kingdom.

LETTER POST.

The prepaid rate of postage on letters from the United Kingdom for all Foreign Countries (except Egypt, the United States of America and the places in Morocco where there are British Post Office Agencies) is 2½d. for the first ounce, and 1½d. for each succeeding ounce or fraction thereof; from the United Kingdom to British Possessions generally and to Egypt, the United States of America and the places in Morocco where there are British Post Office Agencies the letter rate is 1d. per ounce. Dutiable articles if sent by Letter Post may be subjected to fine or confiscated if the law of the place of destination so prescribes.

To a few countries exceptional conditions apply, such as compulsory prepayment of postage, the collection of an additional charge on delivery, or the absence of arrangements for the complete or even partial registration of letters. For particulars see Tables on pages 710-763.

Letters posted unpaid or insufficiently prepaid for any country to which prepayment is compulsory are sent to the Returned Letter Office. Letters so posted for other countries are forwarded, but are charged on delivery with double the deficiency.

Unpaid and insufficiently prepaid letters from Egypt, the United States of America and the British Agencies and Possessions to which penny postage applies are charged double the deficient postage; but the surcharge can in no case exceed 2d. per ½ oz. Unpaid and insufficiently prepaid letters from all other places are charged double the deficient postage; but the surcharge can in no case exceed 5d. per ½ oz.

No letter for a Colony or Foreign Country may exceed 2 feet in length or 1 foot in width or depth.

Reply Coupons.

Coupons exchangeable for stamps of the value of 25 centimes (2½d.) each in any country participating in the arrangement can be purchased at any Money Order Office in this country at the price of 3d. each for the purpose of prepaying replies to letters. The coupons can be exchanged by the addressees of such letters at the Post Office of the place of destination for local postage stamps. The countries and colonies included in the system are indicated by the sign † in column 1 of the table which appears on pages 710-763.

Coupons received from other countries may be exchanged for postage stamps at any Money Order Office in the United Kingdom.

POST-CARDS.

The prepaid rate of postage on every Post-card for a destination outside the United Kingdom is 1d., and on every reply Post-card 2d. A Post-card from a place abroad, if unpaid, is chargeable with a postage of 2d.; if partially paid, with double the deficient postage, the surcharge in no case exceeding that on a wholly unpaid Post-card.

Cards used as Post-cards must be made of ordinary cardboard, not thicker than the material used for the thickest official Post-card and not thinner than the material used for the thinnest. They may not exceed 5½ inches in length by 3½ inches in width, or be less than 4 inches in length by 2¾ inches in width.

All official cards, and all reply-paid cards of private manufacture, must display the title "Post-card" on the address side, but this title is not obligatory for single cards of private manufacture. Reply halves of reply-paid cards must bear the words "Post-card—Great Britain and Ireland" and "Reply."

Official Inland Post-cards may be used for destinations outside the United Kingdom, if they bear postage stamps to represent the additional postage required.

A Post-card must not be folded, cut, or otherwise altered, nor may it be enclosed in a cover of any kind.

The right-hand half of the address side of a Post-card is in all cases reserved for the address of the recipient, for the postage stamp necessary for prepayment, which should so far as possible be placed in the upper right-hand corner, and for postal directions (such as "Registered," "Acknowledgment of Delivery," &c.); but the left-hand half of the address side as well as the back may be used by the sender for the purpose of a written communication, or may be otherwise disposed of, subject to the restrictions mentioned below.

Nothing may be attached to a Post-card except—

- (a) Stamps in payment of postage or stamp duty;
- (b) A gummed label (not to exceed 2 inches long and $\frac{3}{4}$ inch wide), bearing the name and address of the person to whom the card is sent;
- (c) A similar label, bearing the name and address of the sender of the cards; and
- (d) Engravings, illustrations, drawings and photographs on very thin paper and completely adherent to the card.

The articles specified in paragraphs (c) and (d) may be affixed either to the back or the left-hand half of the address side.

The reply halves of reply-paid cards cannot be registered by the original senders of such cards.

If any of the foregoing rules relating to a Post-card be infringed, the card will be treated as a letter, unless it is eligible for transmission as a printed paper.

Reply halves are available for transmission to the country of origin, and to that country alone provided that they were in the first instance received attached to the other half. If addressed to other countries they are treated as unpaid Post-cards. Ordinary international Post-cards of one country posted in another are treated as unpaid Post-cards.

PRINTED PAPERS AND COMMERCIAL PAPERS.

Postage and Definition.

The prepaid rate of postage on Printed Papers for all places abroad is $\frac{1}{2}$ d. per 2 oz., and on Commercial Papers is $2\frac{1}{2}$ d. for the first 10 oz. and $\frac{1}{2}$ d. per 2 oz. thereafter.* If only partly prepaid they will be chargeable on delivery with double the deficiency; if unpaid they will be stopped. Insufficiently prepaid Printed Papers from places abroad will be chargeable on delivery with double the deficiency, the surcharge in no case exceeding 1d. per 2 oz., and insufficiently prepaid Commercial Papers with double the deficiency, the surcharge in no case exceeding 5d. up to 10 oz., and 1d. per 2 oz. for heavier weights. Advertising matter is subject to Customs duty on entry into Australia, New Zealand, the South African Colonies, Canada, and some other British possessions. For particulars see Tables on pages 710-763.

The articles which are entitled to be sent at the rate applicable to Printed Papers are mostly impressions or copies obtained upon paper, parchment, or cardboard, by means of printing, lithography, engraving, photography, or any other mechanical process easy to recognise.

This description includes the under-mentioned articles wholly printed:—Newspapers, books (stitched or bound), periodical works, pamphlets, sheets of music, visiting cards, address cards, proofs of printing, plans, maps, catalogues, prospectuses, announcements, circulars, notices, engravings, photographs, and designs.

Besides these articles, there are some others which, though not printed matter, are admitted, as, for instance, manuscript intended for

the press (when sent with the relative proof), papers impressed for the use of the blind, albums containing photographs, and cardboard drawing models stamped in relief.

Anything, not being of glass, usually attached or belonging to any of the before-mentioned articles, in the way of binding, mounting, or otherwise, and anything convenient for their safe transmission by post, may also pass at the rate applicable to such articles, provided it is contained in the same packet.

The products of the copying press and typewriter are not admitted at the rate for printed papers; nor, as a rule, are printed papers the text of which has been modified after printing, either by hand or by means of a mechanical process, or marked so as to constitute a conventional language. The following exceptions to this rule are allowed:—

Printed circulars may be dated in manuscript or by a mechanical process, and the name and address of the sender and of the recipient, as well as an indication of his trade or profession, may be added. Corrections and insertions may be made in manuscript or by a mechanical process in relation to names of commercial travellers, dates of their journey, and the places they intend to visit, the names and dates of arrival and departure of ships, names of persons invited to meetings, and the place, date, and object of the meetings; and the date of despatch may be inserted in advices of despatch of goods.

On printed visiting cards the address or title of the sender, or conventional initials, such as "p.p.c." may be written, and also good wishes, congratulations, thanks, condolences, or other formulas of courtesy expressed in not more than five words. The same rule applies to Christmas and New Year's cards, which may also be inscribed to the persons for whom they are intended.

Printers' proofs may be corrected in manuscript; additions which relate to accuracy, form, and printing may be made, and in case of want of space additional sheets may be used; the author's manuscript may be enclosed; printers' errors in other printed documents may also be corrected, and figures may be inserted or corrected in prices current, tenders for advertisement, trade circulars, prospectuses, and stock and share lists.

Packets of books, papers, music, photographs, engravings, and Christmas and New Year cards may contain the invoices relating to the articles sent; and a book may have a presentation inscription written in it.

In forms of order or subscription for books, printed on cards, the works required or offered may be indicated in manuscript.

To cuttings from newspapers and periodical publications may be added in manuscript or by a mechanical process the title, date, number and address of the publication from which the article is extracted.

Circulars which are in other respects admissible, but which are printed or lithographed in characters resembling those of the type-writer, or are produced by means of any mechanical process from type-written originals, will be admitted at the rate for printed papers, provided that they are handed in at the counter of some Head or Branch Post Office, that special attention is drawn to the fact that they are printed or reproduced in typewritten characters, and that at least **twenty copies** are posted at the same time. Such circulars are also accepted provisionally at Town Sub-Offices and at certain of the more important Rural Sub-Offices subject to their being found to be in order when examined at the nearest Head Office to which they will be sent.

The undermentioned articles are excluded from transmission at the rate applicable to printed papers:—

Postage stamps, whether obliterated or not, and in general all printed articles constituting the sign of a monetary value.

Blank paper, note paper or envelopes (with or without printed address), and all other articles of stationery pure and simple.

Commercial Papers comprise all papers or documents written or drawn wholly or partly by hand (except letters or communications in the nature of letters, or other papers or documents having the character of an actual and personal correspondence), documents of legal procedure, Deeds drawn up by public functionaries, copies of or extracts from Deeds under private seal written on stamped or unstamped paper, Way Bills, Bills of Lading, Invoices, and other documents of a mercantile character, documents of Insurance and other public Companies, all kinds of Manuscript Music, the Manuscript of Books and other literary works, letters and post-cards of old date which have already served their original purpose, and pupils' exercises either in original or with corrections, but without any comment on the work, and other papers of a similar description.

Limits of Size and Weight.

Packets of printed or commercial papers addressed to **British Colonies or Possessions** or to non-Union countries or colonies may not exceed **2 feet in length and 1 foot in width or depth**; but for **foreign countries** in the Postal Union the length is limited to **18 inches**. Packets in the form of a roll may not in either case exceed **30 inches in length and 4 inches in diameter**. The limit of weight for each destination is indicated in column 7 of the table on pages 710-763.

Must be sent Open.

Printed Papers and Commercial Papers must be posted either without a cover or in an unfastened envelope, or in a cover which can be easily removed for the purpose of examination without breaking any seal, or tearing any paper, or separating any adhering surfaces. A packet posted without a cover may not be fastened or otherwise treated so as to prevent easy examination. It may, however, be secured with string.

In order to secure the return of packets which cannot be delivered the names and addresses of the senders should be printed or written outside.

MAGAZINE POST FOR CANADA AND NEWFOUNDLAND.

Subject to the conditions specified below, British Newspapers, Magazines, and Trade Journals intended for despatch to Canada by direct Canadian Packet and to Newfoundland by direct Packet, or via Canada by direct Canadian Packet, may now be sent at a postage rate of **1d. per lb.**, but packets not exceeding 2 oz. in weight are transmissible as heretofore for **1d.** In the case of packets weighing more than 1 lb., any fraction of a lb. is reckoned as 1 lb. Special attention is drawn to the fact that this reduced rate of **1d. per lb.** does not apply to packets sent by way of New York.

Conditions of Transmission.

(1) Packets intended for transmission to Canada or Newfoundland at the Magazine rate must be posted in covers open at both ends and easily removable for the purpose of examination.

(2) Such packets must contain nothing but properly registered Newspapers, Magazines, and Trade Journals. The issues of periodicals published prior to the date of registration are not eligible for transmission at the reduced rate.

(3) Packets containing articles not admissible at the special rate are sent forward charged with double the deficient postage at the rate for printed papers or letters as the case may be.

(4) Neither the cover nor the contents of any packet may bear any superscription in printing, manuscript, &c., except:—

(a) The names, addresses, and descriptions of the sender and the addressee, with index or reference numbers and letters:

(b) The words "with compliments";

- (c) The title of the Newspaper, Magazine, or Trade Journal, and a reference to its registration for transmission by post;
 - (d) A reference to any place in the Newspaper, Magazine or Trade Journal to which the attention of the addressee is directed;
 - (e) A request for return in case of non-delivery.
- (5) Packets posted unpaid are not sent forward. If posted insufficiently prepaid they are sent forward charged with double the deficiency.
- (6) No packet intended for transmission at the Magazine rate of postage may weigh above 5 lb., or exceed two feet in length or one foot width or depth.

Conditions of Registration.

I.

All Newspapers registered for transmission in the United Kingdom at the Newspaper rate of postage shall be deemed to be also registered for transmission to Canada and Newfoundland at the Magazine rate of postage.

II.

Any other Newspaper, Magazine or Trade Journal may be placed on the Register of publications transmissible to Canada and Newfoundland at the Magazine rate of postage, provided—

- (1) That it be printed, published, and bona-fide offered for sale in the United Kingdom;
- (2) That it be published in consecutive numbers at intervals of not more than thirty-one days;
- (3) That the publication and the binding, if any, consist only of paper;
- (4) That not more than five-sixths of the contents of the publication, including any supplements, consist of advertisements;
- (5) That the full title and date or month of publication be conspicuously printed on the cover (if any), or in the absence of a cover at the top of the first page, and on every detached sheet, page or piece of paper which is issued as part of the magazine;
- (6) That a copy of the Newspaper, Magazine or Trade Journal, together with a fee of 5s., be sent every year to the Secretary of the Post Office.

NOTE.—Undelivered packets which bear on the outside the sender's name and address and a request for return in case of non-delivery are sent back from Canada and are delivered to the sender on payment of fresh postage equivalent to that originally payable. The Canadian Post Office disposes of undelivered packets which bear no request for return on the outside.

III.

The decision of the Postmaster-General on the admission to, or removal from, the Register of a publication shall be final, save that the Treasury may, if they think fit, on the application of any person interested, reverse or modify the decision and order accordingly.

SAMPLES.

Postage and Definition.

The prepaid rate of postage on Sample Packets for all places abroad is 1d. for the first 4 oz. and $\frac{1}{2}$ d. per 2 oz. thereafter. If only partly prepaid they will be chargeable on delivery with double the deficiency; if unpaid, they will be stopped. Insufficiently prepaid Sample Packets from places abroad will be chargeable on delivery with double the deficient postage, the surcharge in no case exceeding 2d. up to 4 oz. and 1d. per 2 oz. for heavier weights.

The use of the Sample Post is restricted to (a) bona fide Trade Samples or Patterns of Merchandise without saleable value, and (b) natural history specimens, dried or preserved animals and plants, geological specimens, and scientific specimens generally, keys, fresh flowers, tubes of serum and pathological specimens rendered innocuous by their mode of preparation and packing, when sent for no commercial purpose. Packets containing goods for

sale or consigned in execution of an order (however small the quantity), or articles sent by one private individual to another which are not actually trade samples or patterns or scientific specimens, &c., cannot be forwarded by Sample Post.

Limits of Size and Weight.

Packets of samples addressed to **British Colonies or Possessions** or to non-Union countries may not exceed **2 feet in length and 1 foot in width or depth**. Packets for foreign countries in the Postal Union must not exceed **12 inches in length, 8 in width, and 4 in depth**, unless in the form of a roll, for which the limits are **12 inches in length and 6 inches in diameter**. The limit of weight for each destination is indicated in column 8 of the table on pages 710-763.

Mode for Packing and Addressing.

Samples must be sent in such a manner as to be easy of examination and, when practicable, must be sent in covers open at the end. In order to secure the return of packets which cannot be delivered, the names and addresses of the senders should be printed or written **outside**. There must be no writing or printing upon or in any sample packet for non-Union countries except the address of the person for whom it is intended, the address of the sender, a trade mark or number, the price of the articles, the weight or size, and the quantity to be disposed of, or such as may be necessary to indicate the place of origin or the nature of the merchandise. A sample packet for a country in the Postal Union may contain, besides these particulars, any Printed Papers; and, if the rate applicable to Commercial Papers be paid, it may also contain Commercial Papers.

Special Regulations as to certain Articles.

Though under the regulations of the Postal Union the public are not entitled to send **articles liable to Customs Duty** by any other Post than the Parcel Post, this rule is relaxed according to the internal laws of the various Union Countries. In the United Kingdom, incoming samples liable to Customs Duty are, as a general rule, not objected to when sent in quantities so small as to have practically no saleable value; but no guarantee can be given that outgoing samples will be delivered in the country of destination without payment of Customs Duty, or that they will be delivered at all. Outgoing packets of samples of **tea** are, in general, admissible in the country of destination, if the gross weight does not exceed eight ounces. The importation of **tobacco** by Sample Post into the United Kingdom is prohibited, with the sole exception of packets of type samples of unmanufactured tobacco not exceeding four ounces in weight, which are delivered on payment of 1s. Customs Duty.

Samples of Spirits (except perfumed spirits) can be imported provided that the samples are plainly marked "**Spirits (not perfumed)**." Each packet is liable to a charge of 8d. Customs Duty. Samples of **wine** are admitted free of Customs charges. The gross weight of any sample packet containing wine or spirits must not exceed 12 ounces.

Sample packets containing **liquids, greasy substances or live bees** can be sent to Countries in the Postal Union. They must conform to the conditions as to packing applicable to those articles when intended for inland transmission (see pages 19 and 20); but they must also be made up so that they can be easily opened for purposes of inspection, with the exception of packets containing live bees, which must be

enclosed in boxes so constructed as to allow the contents to be ascertained without opening. The bottles used for enclosing liquids must be of glass, and all articles of glass must be packed in boxes of metal or wood. Dry colouring powders must be placed in bags of leather, rubber-dressed cloth, or stout oiled paper; but non-colouring powders may be packed in boxes of wood, metal or cardboard. It is essential that in both cases the bags or boxes of powder shall be themselves enclosed in bags of linen or parchment.

Dangerous articles, such as scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, are eligible for transmission by Sample Post, provided that they are *bona-fide* samples without saleable value, and are packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and to the Officers of the Post Office, while at the same time they may be easily examined.

Deleterious liquids or substances and explosives are absolutely prohibited.

PARCEL POST.

Postage, Dimensions, and Weight.

For postage, maximum dimensions, weight, and other particulars, see Table of Rates of Postage, &c., pages 772-833.

Prepayment, Address, Mode of Posting.

The rules as to addressing and posting are similar to the rules for Inland parcels given on pages 16 and 17, except that the name of the country or colony in which the place of destination is situated must be added to the address, and that the postage must be fully prepaid according to the Table on pages 772-831. Parcels for places abroad, together with the necessary forms, may be handed to Rural Postmen and Mail-cart Drivers under the same conditions as Inland parcels, but on the understanding that the parcels will not be considered as finally accepted until they have been examined at a Post Office and found to be in order. Rural Postmen and Mail-cart Drivers are not responsible for giving information as to the postage to be prepaid or the regulations of the Post, nor are they required to supply blank forms of Customs declarations or despatch-notes.

Foreign and Colonial parcels cannot be registered, but they may be insured under the conditions specified on page 66.

Customs Declaration and Despatch-note.

Parcels are subject to Customs regulations. The sender of each parcel is required to make, for Customs purposes—upon a special form or forms, which can be obtained at any Post Office—an accurate statement of the nature and value of the contents and other particulars. Two forms of Customs declaration are in use:—(1) An adhesive form, intended to be affixed to the covers of parcels for British Colonies and Possessions and for a few foreign countries; and (2) a non-adhesive form, which is used for parcels for all other foreign countries. Several identical copies of the latter form must in many cases be made out (see Table on pages 772-831). When a non-adhesive form is used the sender must also fill up a despatch-note. **Undervaluation of the contents or failure to describe them fully may result in seizure of the parcels.** The net weight or quantity of the different kinds of articles contained in a parcel should be separately stated. Any other particulars should be given which would facilitate the assessment of Customs duty, such as the material of which clothing is composed, and whether it is new or not. In the case of articles returned to the

country where they originated, the fact should be stated. The forms for Foreign parcels should, when possible, be filled up in both English and French; and the address upon the Despatch Note should always be as complete as that upon the parcel itself. For further particulars as to declarations, see note against the names of the various countries in the Table of Rates on pages 772-831.

Customs Duty and Charges on Delivery.

All parcels are liable to be opened for Customs examination; and their contents are subject to Customs duty according to the laws of the country of destination. The duty is collected from the addressee on delivery, except in the case of parcels sent under the arrangements explained below. In most Foreign Countries and British Colonies the articles which are not subject to Customs duty on importation are comparatively few. The Postmaster General can give no information as to the Customs tariff or procedure of particular countries; nor does he accept any responsibility for loss, delay, or charges arising from the Customs or Sanitary regulations to which the contents of parcels are subject.

In the undermentioned Colonies certain articles produced or manufactured in the United Kingdom are entitled to preferential rates of Customs duty according to the tariff of the particular Colony of destination, when sent in parcels not containing merchandise for sale, and not exceeding £10 in value (£5 in the case of parcels for Canada), provided that each parcel is accompanied by a certificate of origin worded as shown below.

Australia, Bechuanaland Protectorate, Canada (limit £5), Cape Colony, Orange River Colony, Rhodesia (Southern and North Western):

The contents of this package are not merchandise for sale, and every article herein to the extent of at least one-fourth of its present value is *bona fide* the produce or manufacture of the United Kingdom.

Dated at.....190..... Sender. In the presence of.....
(Officer of the Post Office).

[N. B.—These certificates must be signed in the presence of an Officer of the Post Office, who will countersign them.]

For parcels not containing merchandise for sale and not exceeding £10 in value addressed to the Transvaal or Natal, it will suffice if the words "British Manufacture" are written or stamped on the cover or Customs Declaration.

In the case of parcels sent to the foregoing Colonies containing merchandise for sale or exceeding the limits of value specified above, a special certificate of origin is required when the articles are entitled to preference. Information as to the form of this certificate can be obtained from the Representative in London of the Colonial Government concerned.

New Zealand (certain articles only). The certificate must be on the invoice:

I (full name), of the firm of....., do hereby certify that this invoice, amounting to £....., for goods exported to New Zealand on account of (name of person or firm to whom invoiced) is true and correct, and that the goods specified therein are *bona fide* the produce or manufacture of (name of the part of the British Dominions in which the goods have been manufactured).

Signed.....
Dated at..... this..... day of..... 19.....

Customs and other Charges payable by Sender.

Persons sending parcels to certain countries and places (noted with the sign * in the Table of Rates, &c.) can take upon themselves the payment of the Customs and other charges ordinarily payable by the addressees.

Parcels intended to be sent under this arrangement must, as a rule, be handed in at a Head or Branch Post Office. The sender must pay a fee of 6d., sign an undertaking to pay on demand the amount due, and make a deposit on account of the charges. In the case of parcels for Canada and the United States of America a deposit of 1s. for each

6s. or fraction of 4s. of the value of the parcel, with a minimum deposit of 6s., is required; for any other destination abroad the deposit is 1s. for each 10s. or fraction of 10s. A final settlement will take place when the amount due has been notified by the country of destination. An undertaking to pay charges under this arrangement cannot be accepted when the sender is residing only temporarily in the United Kingdom or is unable to give a settled address in this country.

Parcels of tobacco, cigars, and cigarettes sent to France under this arrangement will, nevertheless, not be delivered until the addressee has paid a sum (*consignation*) equal to the amount of the duty. This sum will afterwards be refunded on the fulfilment by the addressee of certain prescribed formalities.

Packing and Sealing.

The rules as regards careful packing (*see* page 18) must be observed in the case of Foreign and Colonial parcels. More careful and substantial packing is necessary for such parcels than for Inland parcels, owing to the distance over which, as a rule, they are conveyed, the conditions of transit, and climate; and in the case of parcels for certain countries a special form of packing must be employed, particulars of which will be found in the Table on pages 772-831. Light and bulky parcels containing fragile articles, should be packed in strong wooden cases. **No compensation is paid for damage to articles insufficiently packed.**

For parcels containing liquids and substances which easily liquefy two receptacles must be used. Between the inner receptacle, which contains the liquid, and the outer one, which must be of strong wood or metal, space must be left all round, and this space must be filled with bran, sawdust, or other absorbent material in sufficient quantity to absorb all the liquid contents in the case of breakage.

Celluloid, unmanufactured or in sheets, must be well packed in strong wooden boxes, and articles composed wholly or partly of celluloid must be in a packing not less strong than stout cardboard, and a white label bearing the word "celluloid" in plain black letters should be affixed to the parcel and to the despatch note, when one is used. Liquid celluloid cannot be sent by post.

As to the packing and sealing of insured parcels, *see* page 67.

Delivery of Parcels.

In many Colonies and Foreign Countries parcels are not, like letters, delivered at the residences of the addressees. Notice of the arrival of a parcel is sent to the addressee, who must claim it at the Post Office, Railway Station, or Custom House where it is lying.

In Belgium, France, and Spain, parcels are delivered by the Railway Companies, and not by the Post Office; and parcels intended to be called for should be addressed not to a *Poste Restante* in those countries, but to a Railway Station (*en gare*).

Parcel Post with the United States.

The parcel post with the United States is carried on by means of two distinct services, namely, an official service with the United States Post Office and a semi-official service maintained through the Agency of the American Express Company; and particulars of these two services will be found in the Table on pages 828-829.

The sender of a parcel forwarded by the semi-official service may without extra charge direct that a parcel be sent through the New York Custom House **in bond** for Customs examination at any one of the "United States Ports of Entry," or Inland Custom Houses, of which a list is given below. The addressees of such parcels must, however, make arrangements for the delivery of parcels so treated after they have been cleared at the Custom House of the Inland Port of Entry.

Parcels intended to be forwarded in bond must be plainly marked by the sender, "In bond to _____" naming the Inland Port of Entry chosen; and the same words must also be written by the sender, in the same handwriting on the Customs declaration.

Regulations as to all Parcels.

Where they are not in conflict with the foregoing rules, the general regulations of the Inland Parcel Post apply to Foreign and Colonial Parcels.

GENERAL POSTAL RULES.

PROHIBITED ARTICLES.

The general regulations in regard to articles which may not be transmitted by the Inland Post (*see* page 17) apply also to the Foreign and Colonial Post.

There are in addition special prohibitions applicable to particular countries, information as to which is given in the tables on pages 710-763, and 772-833.

The following rules apply specially to parcels.

No letter, even if addressed in the same way as the parcel in which it is enclosed, may be sent in a parcel addressed to any Foreign Country or to many British Possessions; but parcels for certain other British Possessions may contain one letter only for the addressee. (*See* table on pages 772-831.) An invoice in an open envelope, giving simply particulars of the goods contained in the parcel, may be enclosed in any parcel.

No parcel is admissible which contains base or counterfeit coin, articles infringing trade-mark or copyright laws, anything liable to become offensive or injurious through decay during the time ordinarily occupied in transmission (for example, butter, etc., addressed to a tropical or sub-tropical country, or having to pass through the tropics) unless enclosed in a hermetically sealed tin, or any article or substance specially

prohibited from importation into the country or colony to which the parcel is addressed. For a list of such special prohibitions see Table of Rates, etc. (pages 772-831). The Post Office accepts no responsibility for the correctness and completeness of this list, although every effort is made to secure accuracy.

Plants are not in ordinary conditions admitted into most of the countries of Europe, for fear that phylloxera may be introduced with them. There are, however, special conditions in which parcels of plants (except vines) are admitted into some of these countries. The chief conditions are that the plants must be packed securely, but in such a way that they can be easily examined, and must be accompanied by a declaration of the sender, attested by some competent authority, that there has been no vine in or near the ground from which the plants come. This declaration must be attached to the Despatch Note of the parcel to which it relates. On the Despatch Note, Customs Declarations, and the cover or label of the parcel, should be written the words, "Phylloxera Certificate annexed."

Coin (unless declared to be for purposes of ornament) or **bullion** exceeding 5*l.* in value cannot be sent from this country to places abroad.

Coin, watches, jewellery, or any article of **gold** or **silver,** cannot be sent by **Parcel Post** to any Foreign Country or British Possession included in the **insurance system** unless they are **insured** for at least part of their value, and are **packed** and **sealed** in accordance with the special regulations given on page 67.

RE-DIRECTION.

Correspondence may be re-directed to the same addressee at another address either by an officer of the Post Office or by an agent of the addressee after delivery under the following conditions:—

Letters, Post-cards, Printed Papers, Commercial Papers, and Samples.

The principle of free re-direction is adopted for everything sent by post throughout the Postal Union, except for parcels. This principle, however, does not exempt from additional postage correspondence which, though fully prepaid for the first transmission, is re-directed to a country to which the postage is higher than that originally prepaid. Thus a letter or packet prepaid at the inland rate, sent from one place to another in the United Kingdom, and afterwards re-directed to a place abroad, should have additional stamps affixed to it representing the difference between the inland and the foreign rate of postage, otherwise the difference will be charged on delivery. The same treatment would be adopted with a letter or packet fully prepaid for the inland service of a foreign country or colony and

re-directed to the United Kingdom. Letters originally posted unpaid, and letters or packets posted insufficiently paid, and subsequently re-directed, though not chargeable for re-direction, are subject to the ordinary charge of double the deficient postage on delivery.

If re-directed by the addressee's agent, correspondence must be re-posted not later than the day after delivery (Sundays and public holidays not being counted), and must not previous to re-direction be opened or tampered with.

Re-directed correspondence (other than parcels) which is re-posted later than the day after delivery will be liable to charge at the prepaid rate. Correspondence which appears to have been opened or tampered with will be chargeable as freshly posted and unpaid.

Whenever it may be thought necessary, a receipt may be required from the addressee of a re-directed letter or packet at the second address.

Registered letters or packets, on being re-directed, may not be dropped into a Letter Box, but must be taken to a Post Office to be dealt with as registered. No additional postage or registration fee will be charged upon them if the correspondence is presented for re-registration not later than the day after delivery; but if it is presented after that time it will be treated as freshly posted, and fresh postage and registration fees will be payable.

Letters for commissioned officers, non-commissioned officers, private soldiers, or seamen in the Army or Navy on actual service, are exempt from any charge for re-direction, and are not subject to the usual restriction as to time for re-posting.

Correspondence returned to the senders that they may rectify or complete the address is not, when re-posted, treated as re-directed, but as liable to fresh postage.

Parcels.

Parcels arriving in this country and re-directed from one address to another in the United Kingdom are liable to additional postage at the inland rate for each re-direction, except where the original and the second address are both within the delivery of the same Post Office, and the re-direction is made within the period of free re-direction. A parcel will not, however, be delivered free of charge to a person who has previously refused to accept it, and for re-direction from a Returned Letter Office a second postage is invariably charged.

A parcel re-directed from one country to another is charged the full postage.

Parcels re-directed to the United Kingdom from Spain are, in addition to postage, charged with the Customs duty levied in Spain, unless re-directed within four months from the date of posting; and the whole charge must be paid by the addressee or person authorising the

re-direction. In Portugal the import duty is cancelled, but export duty and stamp duty are leviable; and in Turkey a fee is charged for Customs clearance.

POSTE RESTANTE.

The Rules applicable to correspondence arriving from abroad and addressed to a Poste Restante will be found on page 22.

UNDELIVERED CORRESPONDENCE.

Undelivered correspondence of all kinds returned to this country from places abroad is, as a general rule, disposed of in the same manner as inland correspondence (*see* page 24); but no charge is made for the return to the sender of fully prepaid correspondence of any class except parcels and packets of printed papers prepaid $\frac{1}{4}d.$ each, and packets sent by Canadian Magazine Post. Packets of printed papers prepaid $\frac{1}{4}d.$ each are charged a further postage of $\frac{1}{4}d.$ each on return; and packets sent by Canadian Magazine Post are charged on return with further postage equivalent to the postage originally payable.

Parcels.

If a parcel addressed to a place abroad cannot be delivered the sender is advised, provided that his address is given on the parcel or on the forms prepared by him at the time of posting; and his instructions for the disposal of the parcel are then communicated to the Post Office at which the parcel is lying.

Parcels remaining undelivered in the United States and in certain continental countries incur charges for warehousing.

Parcels returned from one country to another incur **fresh postage at the ordinary rates.**

Parcels which cannot be delivered are, unless of a perishable nature, kept for a reasonable time in case of inquiry, but if ultimately unclaimed they are disposed of in such a manner as the Postmaster-General thinks fit.

SUPPLEMENTAL SERVICES.

REGISTRATION.

Subject to the limitations specified in col. 9 of the table on pages 710-763, Registration is applicable to all correspondence except parcels. Parcels for places abroad cannot be registered, although in many cases they may be insured (*see* page 66).

The fee chargeable for Registration to places abroad is 2d. To some countries, as shown in the table on pages 710-763, an article can be registered only to the port of arrival; it being left in those cases to the Postal Authorities of the country to which that port belongs to continue the Registration or not as they may think proper.

Indemnity for Loss.

Except in cases beyond control (e.g., tempest, shipwreck, earthquake, and war) the Postmaster General and the Postal Administrations of all countries and colonies included in the Postal Union undertake to pay an indemnity of 50 francs when it is proved to their satisfaction that a letter or packet duly admitted to Registration has been entirely lost whilst in their custody. Countries, colonies, dependencies, and Postal Agencies not included in the Postal Union are under no obligation to pay such compensation or indemnity; nor do Administrations comprised in the Union undertake to pay compensation in any case other than that of the loss of the entire letter or packet.

Conditions of Registration.

No article addressed to initials or in pencil is admitted to Registration.

Every letter presented for Registration must be enclosed in a strong envelope, securely fastened.

No registered article marked on the outside with the declared value of the contents may be sent to a country of the Postal Union unless it is insured (*see* page 66), and Postmasters are instructed to refuse to receive articles which are so marked.

Registered articles must be prepaid as regards both postage and registration fee.

Articles to be registered must be given to an officer of the Post Office, and a receipt obtained for them; they must on no account be dropped into a Letter Box.

As coin, jewellery, or precious articles may not be sent through the post to certain countries of the Postal Union (*see* table on pp. 710-763), no letters or packets addressed to those countries and containing such articles can be accepted for Registration.

Letters or packets containing coin for any of the British Colonies not in the Postal Union can be registered, and if they are posted without being registered they are treated in the same manner as inland letters under similar circumstances.

Advice of Delivery.

The sender of registered or insured correspondence addressed to any Foreign Country or British Colony in the Postal Union, or of an insured parcel addressed to any place marked † in the Table of Rates on pages 772-831, may obtain an advice of its delivery on application at the office of posting, either at the time of posting or subsequently. The fee is 2½*d.*, which must be paid on application by stamps affixed by the sender to a form provided for the purpose. Inquiry as to the alleged loss or non-delivery of a registered or insured packet or insured parcel should also be accompanied by a fee of 2½*d.*, and should, if possible, be made upon the form used in applying for an advice of delivery. If it is found that the postal service is in fault, the inquiry fee will be refunded.

INSURANCE.**Letters.**

Letters for places against which a limit of insured value is entered in col. 6 of the Table of Rates on pages 710-763, can be insured, subject to the limitations shown in col. 9 of the Table.

The letters to which the insurance system is applicable are those which contain bank notes, bonds, coupons, securities, and other documents of the kind. Post-cards, packets of "Printed Papers," or "Commercial Papers," Sample Packets, or Letters which contain articles other than documents, cannot be insured. Objects of value which cannot be sent in insured letters may generally be sent either in insured boxes or insured parcels.

Letters intended for insurance must be presented at the counter of a Post Office. They cannot be posted at Railway Stations and must not be dropped into a Letter Box or handed to a Postman or Mail-cart Driver.

Every letter tendered for insurance must be enclosed in a strong cover, which must be securely fastened and sealed with fine wax, in such a way that it cannot be opened without either breaking the seals or leaving obvious traces of violation. Envelopes with black or coloured borders must not be used. Seals must be placed over each flap or seam of the cover of a packet; and if the packet is tied round with string or tape, a seal must be placed on the ends where they are tied. The seals on an ordinary envelope should be placed as shown below:—

Letters which, although addressed to a country or place to which the insurance system does not extend, have been irregularly insured, will be forwarded as registered letters; and if they or their contents are lost in the post, the regulations as to the compensation payable in the case of registered letters will be applicable.

Insured letters cannot be sent by all the routes available for ordinary letters, and therefore may occupy a longer time in transit. For further particulars see col. 6 of the Table at pages 710-763.

Letters bearing on the outside a declaration of the value of the contents cannot be transmitted by post to places abroad unless they are insured.

Boxes.

Articles of gold and silver, precious stones, jewellery and other articles of a like nature, which are prohibited from transmission in insured letters, may be sent in the letter mails as "insured boxes" to Austria, Belgium, Bulgaria, Denmark, Egypt, France, Germany, Holland, Italy, Luxemburg, Montenegro, Portugal, Roumania, Switzerland, and certain Ottoman Post Offices in Turkey in Europe.

The following classes of articles are prohibited from transmission in insured boxes for any destination:—Current coin of any kind, letters or correspondence, bank notes or other bills payable to bearer, securities or articles included in the category of "commercial papers" (see page 55) and any article of which the admission or circulation in the country of destination is prohibited. See col. 9 of the Table on pages 710-763.

Boxes containing prohibited articles are stopped and returned to the senders.

An "insured box" must not exceed 2 lb. in weight, and must not measure more than 12 inches in length, 4 inches in breadth, and 4 inches in height. The boxes employed for packing must be strongly made of metal or wood, and when wooden boxes are used the wood must be at least $\frac{1}{4}$ of an inch thick.

Insured boxes must be tied crosswise with a single strong string (not two or more pieces joined), the two ends of the string being held together under a seal of fine wax bearing a private mark. The boxes must also be sealed on the four sides with seals identical with that used for the ends of the string. The surfaces of the top and bottom must be covered with white paper for the inscription of the addressee's name and address and the insured value of the contents and for the impression of the official stamps.

Insured boxes are subject to the Customs regulations and laws in force in the country of destination, and must be accompanied by Customs declarations prepared by the senders. Customs declarations of the non-adhesive form now used for parcels should be used for boxes posted in this country; but the heading of the first column of the form should be altered to "Insured Boxes—Boîtes avec valeur déclarée" when the form is used for an insured box. The Customs declarations must be prepared with great care, and must specify precisely the registration number, style of packing and description of the box, full particulars of the contents, the gross weight and total value as well as the net weight and value of each article.

The postage to be paid on insured boxes and the number of Customs declarations required are indicated in col. 9 of the Table on pages 710-763 against the names of the Countries concerned. The maximum limit of insurance is the same in each case as for letters.

Parcels.

Parcels for places against which a limit of insured value is entered in col. 5 in the Table of Rates on pages 772-831 can be insured, subject to the limitations shown in col. 9 of the Table.

Every insured parcel must be packed carefully and substantially, with due regard to the nature of the contents and the length of the journey, and must be sealed with wax or lead in such a way that it cannot be opened without either breaking the seal or leaving obvious traces of

violation. For instance, seals must be placed over each join or loose flap of the covering of a parcel; and, if string be used in packing, a seal must be placed on the ends of the string where they are tied. It is strongly recommended that, when possible, an impression of the seal used on parcels should be made on the counterfoil of the despatch-note.

Parcels containing coin or bullion (not to exceed 5*l.* in value, except in the case of coins declared to be for purposes of ornament), watches, jewellery, or any article of gold or silver, must be enclosed in strong boxes or cases, which must be sewn up, or otherwise fastened, in wrappers of linen, canvas, strong paper, or other substantial material. In such cases the seals must be placed along the edges of each join or loose flap at distances not more than three inches apart. The address of such parcels must be written on their actual covering.

Parcels containing coin, watches, jewellery, or any article of gold or silver, unless insured for at least part of their value, and for as much of the journey as the regulations permit, cannot be sent by Parcel Post.

Any such parcel posted uninsured will generally be returned to the sender. A compulsory registration fee of 4*d.* will be collected on the delivery of every uninsured parcel received from the places above mentioned and found to contain coin, watches, jewellery, or any article of gold or silver.

Where the insurance system is restricted to particular Post Offices in the Colonies, Foreign Countries, &c., parcels intended for destinations beyond these Post Offices are regarded as insured only for that part of the journey which terminates at one or other of the offices named as participating in the insurance system. In such cases the cover of the parcel must be endorsed by the sender "To be insured as far as the service permits."

General Regulations.

Insured articles have all the safeguards of the registration system; and subject to the following regulations, compensation will be paid if they or any of their contents are lost in the post.

Insured articles must not be addressed to initials or in pencil.

A certificate of posting must always be obtained by the sender. He may also obtain an advice of the delivery of a letter or box, and in the case of certain countries of an insured parcel, under the same conditions as those applicable to registered letters (*see* page 66).

All the seals on an insured letter, box or parcel must be of the same kind of wax (or lead in the case of parcels), and must bear distinct impressions of the same private device. Coins must not be used for sealing; and the device must not consist merely of straight, crossed, or curved lines which could readily be imitated.

If an article tendered for insurance does not, in the opinion of the officer of the Post Office to whom it is tendered, fulfil the foregoing conditions as to packing and sealing, it is his duty to refuse to insure it. Nevertheless, the onus of properly enclosing, packing, and sealing the packet lies upon the sender; and the Post Office assumes no liability for loss arising from defects which may not be observed at the time of posting.

The amount for which an article is insured must be written by the sender both in words and in figures at the top of the address side of the cover, thus:—"Insured for fifteen pounds (15*l.*)" No alteration or erasure of the inscription is allowed. If a mistake is made, the entry must be completely obliterated and an entirely new one made by the sender. The amount must also, in the case of a parcel, be entered on the despatch-note, if one is used.

No letter, box or parcel can be insured for more than its actual value, or for more than the sum entered in the Tables of Rates against the name of the Country or Colony to which it is addressed. A letter, box or parcel of which the contents have no saleable value may, however, be insured for a nominal sum in order to obtain the safeguards of the registration system. Over-insurance is an obstacle to compensation.

The sums payable for insurance, including registration, are as follows:—

Fee.	Limit of Compensation.	Fee.	Limit of Compensation.	Fee.	Limit of Compensation.
s. d.	£	s. d.	£	s. d.	£
0 4	12	2 4	156	4 2	288

For the insurance of Parcels to the United States by the semi-official service (see page 60) the sums payable are as follows:—

Fee.	Limit of Compensation.	Fee.	Limit of Compensation.
s. d.	£	s. d.	£
0 6	- - 12	3 0	- - 72
1 0	- - 24	3 6	- - 84
1 6	- - 36	4 0	- - 96
2 0	- - 48	4 6	- - 108
2 6	- - 60	5 0	- - 120

The fee must be prepaid, in addition to the full postage, by means of postage stamps, which the sender must affix to the cover.

As few stamps as possible should be used to prepay the postage and insurance fee. They must not be folded over the edge of the cover, and when more stamps than one are used, they must be affixed with spaces between them.

When an insured letter, box or parcel is re-directed from one country to another, a fresh insurance fee becomes payable for each such transmission. Fresh postage is also payable on every insured box or parcel so re-directed. If the fees are not prepaid they are collected from the addressee on delivery. Insured packets can only be re-directed to countries with which the British Post Office exchanges insured articles of the class concerned.

Compensation for the loss in the post of an insured letter or its contents, or for the loss or damage of an insured box or parcel, will not exceed the amount of the actual loss or damage, and will not be paid at all for a packet containing any prohibited article, or for any packet which has been delivered without external trace of injury and has been accepted without remark; nor does it follow as a matter of course that compensation will be given when loss arises from tempest, shipwreck, earthquake, war, or other causes beyond control. No claim for compensation will be admitted if made more than a year after the packet was posted. The sender of a parcel may waive his claim in favour of the addressee.

No legal liability to give compensation in respect of any packet for which an insurance fee has been paid attaches to the Postmaster General, either personally or in his official capacity. The final decision upon all questions of compensation rests with the Postal Administration of the country in which the loss has taken place.

The insurance system also applies to letters, boxes and parcels from the countries which are parties to the insurance system, but those from other places abroad cannot be insured. Letters for H.M. ships abroad, or addressed to persons in the care of the Commanders of the mail packets referred to on page 75, cannot be insured even when they are addressed to a port to which the insured letter system extends.

Any insurance effected contrary to the foregoing regulations is invalid.

COMPENSATION FOR LOSS OR DAMAGE OF UNINSURED PARCELS.

The Postmaster General will (not in consequence of any legal liability, but voluntarily, and as an act of grace) give compensation for the loss or damage of uninsured parcels sent by Parcel Post between the United Kingdom and the under-mentioned British Possessions and Foreign Countries, when such loss or damage takes place while the parcels are in his custody, and does not arise from any fault or neglect of the senders or from the nature of the contents:—

In the case of parcels lost or damaged while under the control of the Post Offices of the above-mentioned British Possessions and Foreign Countries, the Postmaster General will endeavour to obtain compensation for the senders under similar regulations. But in the Parcel Post with France and some other countries the compensation payable in the case of parcels not weighing more than 7 lb. is limited to 15 francs (11s. 11d.).

No compensation is payable for the loss or damage of an uninsured parcel sent to or from any British Possession or Foreign Country other than those mentioned above.

The compensation payable will be in accordance with the rules given on page 69, and with the general regulations of the Inland Parcel Post, so far as these are applicable.

As regards insured parcels, see page 66.

INTERNATIONAL EXPRESS SERVICE. General Correspondence.

Arrangements have been made for the delivery by Special Messenger of correspondence (except parcels) marked "Express," despatched from this country to the under-mentioned Foreign Countries and British Possessions, and also for the delivery in London and the United Kingdom generally by Special Messenger of Express correspondence received from those countries, viz. :—

Argentina Republic (Buenos Ayres, Rosario, and La Plata only).	Montenegro.
Austria-Hungary.	Natal. (Charlestown, Dundee, Durban including the Point, Greytown, Ladysmith, Newcastle, Pietermaritzburg, Port Shepstone, Slangers, Utrecht, Verulam and Vryheid only).
Belgium.	Paraguay (Asuncion only).
Bosnia-Herzegovina (places served by a Post Office only).	Portugal.

Japan.	Sierra Leone (Freetown only).
Liberia (Monrovia, Buchanan, Edina, Greenville, and Harper only).	Switzerland.
Luxemburg.	Transvaal (places with a Post Office from which there is a delivery of telegrams.)
Mauritius.	

The correspondence intended for Express delivery in any of these countries should be marked "Express," and be prepaid 3d. in addition to the postage. When the addressee resides in the immediate neighbourhood of a Post Office no charge will be made on delivery, but when the place of address is beyond the limits of the ordinary Postal delivery an additional charge will be levied in the country of destination at its Inland Express rate, allowance being made for the 3d. prepaid by the sender.

Correspondence from these countries, marked for Express Delivery, and prepaid an Express Fee in addition to the postage will be delivered by Express Messenger from the usual Delivery Office in London, or within a distance of one mile from the local Post Office in the provinces, without further charge, but if Express Delivery is required to be made from the General Post Office or from the Head District Office in London at an address outside the ordinary delivery of such Office, or beyond a distance of one mile from the Local Post Office in the provinces, the charge will be at the same rate as for Inland Express letters, viz., 3d. a mile, and will be collected from the addressee, but in consideration of the fee prepaid by the sender, 3d. will be deducted from the charge for the full distance.

Letters from abroad can be delivered in London on Sundays under the conditions shown on page 36.

In the undermentioned British Colonies, general correspondence (for parcels see below), will be accepted for Express Delivery in this country, although there are in those Colonies no arrangements for delivering by special messenger correspondence from the United Kingdom, and consequently there can be no similar service in the opposite direction :—

Bahamas.	Ceylon.	Malta.	Sarawak.
Barbados.	Cyprus.	Queensland.	Seychelles.
Bermuda.	Gibraltar.	St. Helena.	Straits Settlements.
British Honduras.	Grenada.	St. Vincent.	Trinidad.
Cape Colony.	Hong Kong.		

In the case of correspondence received from these Colonies, no part of the Express Fee will be prepaid; but the full fee will in each case be collected from the addressee. **Parcels.**

Parcels for certain places (noted with the sign † in the Table on pages 772-831) can be delivered by special messenger on arrival at the place of destination by the prepayment of a fee of 5d. in addition to the postage.

The word "Express" must be written boldly on the cover of such parcels above the address, and also in the left-hand top corner of the despatch-note.

The special fee of 5*d.* must be prepaid by means of stamps affixed by the sender to the cover or label of the parcel.

This fee covers the express delivery of parcels addressed to houses in the neighbourhood of the Post Offices of destination; but when the residence is beyond the limits of the ordinary parcel delivery, an additional charge is levied in the country of destination at its inland express rate, allowance being made for the 5*d.* prepaid by the sender. In some places only an advice of the arrival of an express parcel is delivered by special messenger.

Parcels from places abroad, marked for express delivery, on which an express fee has been prepaid in addition to the postage, are delivered in this country under similar conditions.

In the undermentioned British Colonies parcels are accepted for Express Delivery in this country although there are in those Colonies no arrangements for delivering by special messenger correspondence from the United Kingdom:—

Bahamas.	Ceylon.	Malta.	Sarawak.
Barbados.	Cyprus.	Queensland.	Seychelles.
Bermuda.	Gibraltar.	St. Helena.	Straits Settlements.
British Honduras.	Grenada.	St. Vincent.	Trinidad.
Cape Colony.	Hong Kong.		

The express fee of 5*d.* should be prepaid by the sender; and there will be no charge for delivery to be paid by the addressee, unless he resides more than a mile from the delivering office.

CASH ON DELIVERY SERVICE.

This arrangement for collecting from the recipient for remittance to the sender, by Money Order or Postal Order, the value of articles sent by post, is in operation between the United Kingdom and certain British Possessions and Egypt. For list of places participating in the system, and details of limitations of the Service, see Table on page 858. The amount to be collected under the Cash on Delivery System is called the "Trade Charge." The Trade Charge on any one packet may in no case exceed £20, and in the case of a parcel must not exceed the amount of the declared value together with the postage and the fees payable on the parcel in connection with the Cash on Delivery Service. Articles on which Trade Charges are to be collected may be posted at any Post Office in the United Kingdom. They may be sent as parcels (whether insured or uninsured), insured letters, or registered packets.

The sender of a Cash on Delivery packet from the United Kingdom must (a) write, on the cover of the packet, his name and address, the amount in British currency of the Trade Charge in figures and words, and the name of the Office on which the Money Order or Postal Order in payment of the Trade Charge is to be drawn. These particulars may be written on the back of the packet if there is not room for them to be written clearly on the front. No erasure or alteration of the entry of the money is allowed. An incorrect entry must be completely obliterated and a fresh entry made. (b) The sender must fill up a "Request Form," which includes a formal request for the collection of the Trade Charge and a declaration that the packet is sent in fulfilment of an Order. (c) He must prepay a special fee, by affixing 2*d.* in postage stamps to the Request Form. The ordinary postage and other charges must be prepaid in the ordinary way.

The packet must be handed in at a Post Office, where the sender must obtain a Certificate of Posting, which is to be given up when the Money Order or Postal Order is presented for payment.

The amount of the Trade Charge indicated on the packet when collected from the addressee will be remitted directly to the sender, by Money Order or Postal Order, after deduction of the amount of the fee due to the Office of delivery and the commission on the Money Order or Postal Order (see Table on page 858). When the Order is presented at the Post Office for payment, the Certificate of Posting which was issued when the packet was posted must be given up to the Postmaster.

Cash on Delivery packets received in the United Kingdom from Colonies and Foreign Countries participating in the Service will be delivered by postmen in the ordinary way, except that in the rural districts a packet on which the Trade Charge exceeds £5 will be kept at the Post Office to be called for, notice of its arrival being sent to the addressee.

The postman is strictly forbidden to give up a Cash on Delivery packet, or to open it at the request of the addressee, or to allow the addressee to open it until the amount of the Trade Charge and any other charges due have been paid. But the addressee will see from the entry on the packet the name and address of the sender, who must have sent the packet in fulfilment of an Order.

If the Trade Charge is not paid on demand, the postman will leave a notice and proceed on his round, taking the packet with him. If the addressee so requests, the packet will be presented again at a subsequent delivery, subject to an additional fee of 2d., which will be collected from the addressee. In the absence of instructions for a second presentation of the article, or in default of payment on the second occasion, the packet will be kept at the Post Office for 15 days, exclusive of the day of arrival, and, if not called for in the interval, will be treated as undeliverable.

The postman will not give a receipt for the Trade Charge which he collects, nor, on the other hand, will he require a receipt from the addressee for the packet which he delivers, unless it is registered or insured.

Cheques will not be accepted in payment of Trade Charges.

When the Trade Charge has been collected, the Post Office undertakes the responsibility for the due remittance of the amount to the sender of the packet; and, therefore, a Trade Charge, once collected, will in no circumstances be refunded to the addressee.

The delivery fees charged in the United Kingdom on Cash on Delivery packets received from places abroad are as follows:—

	s.	d.
When the Trade Charge does not exceed £5	0	4
When the Trade Charge exceeds £5 but not £10	0	6
When the Trade Charge exceeds £10 but not £15	0	9
When the Trade Charge exceeds £15 but not £20	1	0

This delivery fee will be deducted, with the commission on the Money Order or Postal Order by which the remittance is made, from the amount of the Trade Charge collected.

The sender may arrange under certain conditions for the Trade Charge on a packet to be reduced or cancelled. For this purpose the certificate of posting must be produced at the Office at which the packet was posted, where full information can be obtained.

Packets on which Trade Charges are to be collected will, in other respects than those above specified, be treated like other parcels or registered or insured packets, as the case may be—e.g., as regards registration, insurance, and compensation.

SPECIAL CORRESPONDENCE.

Correspondence for and from Officers,
Non-commissioned Officers, Soldiers, and Seamen
in His Majesty's Service.

Correspondence for the Officers and crews of His Majesty's ships is, as a rule, forwarded in accordance with lists of addresses furnished from time to time by the Admiralty, but any superscribed "To be sent as addressed" will be so forwarded.

Rates of Postage.

The postage payable on letters addressed to H.M. ships abroad is 1d. per ounce, and the same postage is payable in British stamps on letters sent in the bags made up on board H.M. ships when the letters are addressed to the United Kingdom or to any colony or protectorate to which the ordinary postage from the United Kingdom is 1d. the ounce.

In other cases than those provided for in the preceding paragraph, non-commissioned officers, schoolmasters, schoolmistresses, private soldiers, seamen, writers in His Majesty's Navy, whether serving at sea or on land, at home or abroad, the Cape Mounted Rifles, and enrolled pensioners in Canada can send and receive prepaid letters **not exceeding half an ounce in weight** for a postage of 1d., on condition that the name of the seaman or soldier, with his class or description, appears in the direction, and that the ship or regiment, corps or detachment to which the seaman or soldier belongs is specified, the name of the ship or the regiment being stated in full. It is further necessary in the case of letters sent by a soldier or seaman under these conditions that the covers should bear the signature of the officer having the command.

Specimens of the form of address are given below :—

- (a) From A. B., Sergeant, &c.——Regt. _____
(Here the direction of the Letter to be inserted.)
 G.D., Colonel (or other Commanding officer),
 Regt. _____
- (b) To A.B.,
 Private (or Sergeant, Corporal, &c.)——Regt. _____
(Here the direction to be finished.)

If any letter posted in the United Kingdom for a place abroad under the provisions of the foregoing paragraph be unpaid or insufficiently paid, or if the class or description of the soldier or seaman be not written in the address, it will be detained and returned to the writer for payment of the full postage.

Except when special arrangements are made to meet exceptional circumstances, correspondence for Commissioned Officers or Warrant Officers in the Army is liable to the same rates of postage as that for the general public.

Exceptions to the foregoing Regulations.

The restrictions imposed as to weight, prepayment and mode of address do not apply when the privileged rate of postage for soldiers and seamen offers no advantage over the rate for the general public, namely, in the case of inland letters, transmissible at the rate of 1d. for the first 4 ozs., and ½d. for each additional 2 ozs., and in the case of letters transmissible for a postage of 1d. per ounce up to any weight, from the United Kingdom to almost all British Possessions (see table on pages 710-763).

Parcels for His Majesty's Ships.

1. Parcels addressed to any of H.M. ships at a particular place in the United Kingdom or abroad and prepaid at the rate applicable to parcels for that place are forwarded as addressed; and if, in consequence of the departure of the ship from port, the parcel has to be redirected, the ordinary redirection charges must be paid before the parcel can be delivered to the addressee.

2. Parcels prepaid at the inland rate and addressed to any of H.M. ships while in Home waters, in the following style, e.g. :—

“H.M.S. ‘Exmouth,’ or
 H.M.S. ‘Exmouth,’ Portland
 or elsewhere.”

will be forwarded without further charge in accordance with instructions received from the Admiralty or the ship. In the event, however, of the ship leaving port before the delivery of the parcel it will be necessary for redirection charges to be paid before the parcel can be delivered.

Parcels should not be addressed “c/o Admiralty.”

3. When the **Home Fleet** (First and Second Division—including First and Second Cruiser Squadrons and Destroyer Flotillas), the **Fourth Cruiser Squadron, or the Atlantic Fleet and Fifth Cruiser Squadron** are in Foreign waters, parcels intended for them may be addressed “c/o General Post Office, London”; and in such cases they will be accepted if prepaid at the inland rate, and will be accumulated and transferred, as opportunity offers, to any of H.M. Ships proceeding from Home to join the Fleet or Squadron.

The Admiralty and General Post Office, however, accept no responsibility for any delay or damage that may occur in the delivery of parcels addressed in this manner; and it is desirable that they should only be so addressed when it is known that a ship is about to leave home by which they can be sent.

4. In the case of His Majesty's ships abroad, other than those mentioned in the preceding paragraph, parcels addressed and prepaid as follows will be accepted:—

For the "China Station,"	If prepaid at the postage for	Hong Kong.
" " "Australian Station" "	" " "	Australia.
" " "Mediterranean Station" "	" " "	Malta.
" " "Cape of Good Hope" "	" " "	Cape Colony.
" " "Station" "	" " "	Aden.
" " "East Indies Station" "	" " "	

In these cases the parcels will be forwarded to Hong Kong, Australia, Malta, the Cape, or Aden as the case may be. If retransmitted thence, they will be liable to redirection charges.

5. In no other case than those mentioned in the foregoing rules can a parcel be accepted for transmission to one of H.M. ships, unless the name of the particular place to which the parcel is to be forwarded forms part of the address.

CORRESPONDENCE SENT BY PRIVATE SHIPS.

Correspondence intended to be sent by Private Ship, must be addressed "By Private Ship"; and if by a particular vessel, the name of the ship must be added.

The postage and conditions of transmission of correspondence by a Private Ship are the same as by Mail Packet.

CORRESPONDENCE TO AND FROM SHIPS.

Special arrangements are made for the delivery of letters addressed to passengers on board (a) the Union Castle Company's Packets for the Cape, &c., sailing from Southampton, (b) the Packets for the United States, calling at Queenstown, (c) the Canadian Packets sailing from Liverpool, (d) the Pacific Steam Navigation Company's Packets for Brazil, &c., calling at Lisbon, (e) the Peninsular and Oriental Packets from Brindisi with mails for Egypt, connecting at Port Said with the Packet for India, Australia, China, &c., and (f) the Orient Packets from Naples with mails for Australia. Such letters may be posted in any part of the United Kingdom up to the time at which ordinary registered letters to go by the same Packets are received. They must be registered, but cannot be accepted for insurance, the postage and registration fee must be fully prepaid, and they must be addressed to the care of the Commander of the Packet. (For hours of posting in the Eastern Central District, London, see page 768.)

The letters should be addressed thus: "Mr. _____, on board the Mail Packet _____, for _____, at Southampton, Queenstown, Lisbon, Brindisi, or Naples, care of Commander of the Packet."

All persons on board British ships on the high seas are entitled to send their correspondence prepaid by means of British postage stamps. They should hand such correspondence to the master, or to such officer as he may appoint to receive it, in order that it may be specially conveyed to the Post Office at the first port of arrival.

Prepayment of letters posted on the high seas should be effected at the following rates:—

1d. per ounce, if addressed to the United Kingdom or to any British Colony or Possession, or to Egypt.

2½d. for the first ounce and 1½d. for each additional ounce, if addressed to a Foreign Country.

Post-cards should be prepaid 1d. each.

Letters or Post-cards written in Foreign or Colonial waters should be prepaid by means of local stamps at local rates, and should be posted in the ordinary manner.

TELEGRAPHS & TELEPHONES.

TELEGRAPHS:

Inland Telegrams.

Foreign and Colonial Telegrams.

Special Telegraphic Services.

TELEPHONES.

PRIVATE TELEGRAPHS & TELEPHONES.

The Postmaster General's Telegraphs may be used by the public for communication with all parts of the United Kingdom and with places abroad. Communications within the United Kingdom are known as Inland Telegrams, other communications as Foreign and Colonial Telegrams.

The charge for an Inland Telegram is independent of distance, and depends upon its length only.

The Foreign or Colonial Telegraph System is largely regulated by an International Convention, to which nearly all the States of the World are parties.

Wireless Telegraphy.—Communication may be had, through the Post Office, with ships passing round the coasts of the United Kingdom, by means of the Radiotelegraphic Service (see pages 93, 860-866).

Trunk Telephone Lines worked by the Postmaster General connect all the large towns of the Kingdom, and may be used by subscribers to Telephone Exchanges whether such exchanges belong to the Postmaster General, to a Municipality, or to the National Telephone Company. They may also be used by any member of the public from many of the numerous Call Offices which exist in all places of any size.

Telephone Exchanges.—The Postmaster General has Telephone Exchanges in London and in many Provincial Towns; and the National Telephone Company, under licence from the Postmaster General, has an exchange in every place of importance.

Private Telegraph and Telephone Lines.—The Postmaster General also constructs private telegraph and telephone lines on rental terms.

List of Telegraph and Telephone Offices.—All places in the Provinces at which telegraphic or telephonic communication is possible are shown in the List on pages 142-500; London Telegraph Offices are shown on pages 598-621, and London Telephone Call Offices on pages 622-635.

Hours of Attendance.—Telegraph Offices are usually open on week days from 8 a.m. to 8 p.m.; but in London and a few of the largest towns offices are always open, day and night; and in many other towns telegrams may be despatched at any hour from the Railway Station.

The Postmaster General is not liable for any loss or damage which may be incurred or sustained by reason or on account of any mistake or default in the transmission or delivery of a telegram.

INLAND TELEGRAMS.

The charge is 6d. for the first 12 words, including the address, and $\frac{1}{2}$ d. for every additional word.

Counting: Compound Words, Proper Names, Figures, Abbreviations, &c.

Telegrams in plain language in any modern European tongue or in Latin are charged for according to the number of words; but all words not forming part of any modern European language or of Latin, and all unintelligible combinations of letters are charged for at the rate of five letters to a word.

With the exception of words which are ordinarily written as one, or coupled by hyphens, as "mother-in-law," "forty-seven," "warehouse-man," no combination of words is counted as one word.

Such names as O'Neil, MacDonald, De la Rue, and names with the prefix "St.," as St. Pancras, are charged for as single words; but double names like Bonverie-Tracy, although written with a hyphen, are counted as two words.

Such abbreviations as "can't," "won't," "don't," "shan't," "couldn't," are counted as single words.

Figures are counted at the rate of five figures to a word. For example, "38563" counts as one word, while "385634" counts as two words. Fractions are counted according to the number of figures employed, the mark of division being counted as a figure—thus " $\frac{1}{2}$ " counts as one word, " $2\frac{1}{2}$ " as one, " $109\frac{1}{2}$ " as two. In groups of figures a stop or oblique stroke is counted as a figure. The symbols %, a/c, b/l and c/o are each counted as one word. In ordinal numbers the affix st, nd, rd, or th is counted as two figures—thus, "1st" counts as one word "1432nd" as two words.

Where a figure or a group of figures is followed or preceded by a letter (except in the case of ordinal numbers as above), the letter is counted as a word—thus, 104a or A104 counts as two words. Letters added to figures to denote the number of a house in an address are, however, counted as figures.

Initial letters are each counted as one word; but, exceptionally the initials of the London Postal Districts (e.g., S.W.) and the letters A.M. and P.M. are counted as one word for each group, the letters H.M.S. are also counted as one word in the address of an Inland telegram intended for one of His Majesty's Ships.

Certain names of places are counted as one word each, irrespective of the number of words of which they are composed. These fall into three classes as follows:—

- (a) All names of Towns and Villages in the United Kingdom;
- (b) The names of those railway stations (not in towns) at which telegraph business is transacted on behalf of the Post Office;

(c) The names of Foreign Telegraph Offices mentioned in the *International List of Telegraph Offices.

For example, "Newcastle-on-Tyne," "Abbey Holme," "Bodmin Road," and "Davos Platz," are counted as one word each.

The names of Town Sub-Offices and Branch Offices (see page 143), and all other names, are counted according to the number of words of which they are composed. For example, "Hanging Ditch" and "Drury Lane" are each counted as two words.

When it is necessary to add the name of a town or county to the name of a place to distinguish it from another place of the same name, the name of the town or county is not charged for.

When words are underlined, or placed in a parenthesis, or within inverted commas, one extra word is charged for.

One word each is also charged for the ordinary signs of punctuation if they are required to be transmitted.

Telegram Forms and Mode of Payment.

Telegrams should be written on the proper forms. Unstamped forms can be obtained free of charge, and postage stamps should be affixed to them by the senders.

Forms with embossed stamps can be obtained singly; or, in books of 20, interleaved and with a sheet of carbonic paper, price 10s. 2d.

An embossed stamp removed from an unused telegram form or cut from an envelope will be accepted in payment or part payment of a telegram, but mutilated and defaced stamps will not.

A receipt for the charges prepaid upon a Telegram can be obtained for one penny.

A certified copy of a telegram can be obtained on application to the Secretary, General Post Office, at a charge of 3d. a copy. Postmasters are not allowed to supply such copies.

Mode of Delivery and Portage Charges.

Telegrams are delivered free of charge within three miles of the office nearest the address, which is called the Terminal Office; and when that office is a Head Post Office no charge is made for delivery within the town postal delivery even if that extends for more than three miles. No charge is made for delivery within the whole of the London Postal area.

When the address is beyond the limit of free delivery, portage is charged at the rate of 3d. a mile or part of a mile, the distance being calculated from the limit of free delivery.

When the usual delivering office is closed, telegrams may at the request of the sender be delivered from another office; but a portage charge of 1s. a mile (8d. in Ireland), calculated from the door of the delivering office, must be prepaid unless the address is within the town postal delivery of that office.

* Applications for copies of this book should be addressed to the Secretary, General Post Office

The sender is liable for portorage charges; and, when the address is not within the free delivery, he must, if he can, state the distance and pay the portorage in advance. When the exact distance is not known a deposit must be paid. The list of Post Offices (pages 142-500) gives the approximate distances of Post Offices more than three miles from an office from which telegrams are delivered. This information will furnish some guide in computing portorage charges. Should the sender underestimate the charge, the deficiency is collected on delivery, and should he pay too much, the excess is refunded.

The sender may direct that his telegram shall be delivered by post, and no charge is then made for delivery; or he may direct that the telegram shall be forwarded by train from the Terminal or other post office. In the former case the sender should write the word "post" before the addressee's name, and, at the end of the address, the name of the office at which the telegram is to be posted: in the latter case the word "train," or the words "train from _____," as the case may be, should be written at the end of the address, and the sum of 1s. deposited to cover the cost of conveyance by train, if the exact charge is not known.

A deposit for boat hire is required on telegrams addressed to ships, unless the ships are alongside a wharf, jetty, or pier. Any surplus is refunded.

Prepayment of Replies.

The cost of a reply, not exceeding forty-eight words, may be prepaid. A reply form will then be delivered to the addressee, who will be at liberty to use it for any message at any time within two months. If the Form be not used, its value will be refunded to the sender of the original telegram if he applies and sends the Form within two months to the Secretary, General Post Office.

Addresses.

The address of a telegram should be sufficiently full to enable it to be delivered without difficulty, and without reference to Directories or other sources of information. In telegrams for towns the name of the street and the number of the house should be given. An address ordinarily used for letters is not necessarily correct or sufficient for telegrams.

Registered Abbreviated Addresses.

Any person may register an abbreviated or arbitrary address on payment of a registration fee of £1 1s. a year, dating from the day of registration. The address must consist of two words, one of which is to be the name of the town or place of delivery; the other must be a dictionary word, containing not more than ten letters, taken from one of the eight languages permissible in code telegrams. (See page 85.) Telegrams intended to be delivered to the care of a person who has registered an abbreviated address, must

have "care of" or "c/o" written before the abbreviated address, thus: "Smith, care of Hercules, London." The symbol c/o counts as one word. Abbreviated addresses should be written with great clearness.

Abbreviated addresses registered for telegrams should not be used for letters.

Multiple Address Telegrams.

Copies of a telegram directed to more than one person in the same free delivery are delivered on prepayment of a charge of twopence per copy, in addition to a halfpenny for each word in the address of the copy. Each London Postal District is regarded, for this purpose, as forming a separate delivery; and when a multiple address telegram for London is for one or more registered addresses the District Initials must be inserted after each registered address and be paid for.

Telegrams for His Majesty's Ships.

The name of the Telegraph Office of destination must be included in the address of telegrams for H.M. Ships. Such information cannot be supplied by the Post Office, but may be obtained on application to the Admiralty, London, either by prepaid reply telegram or by letter.

Repetition of Telegrams.

Telegrams can be repeated, if the sender desires it, by being telegraphed back from office to office throughout the course of transmission. The charge for repetition, which must be paid when the telegram is handed in, is one half the ordinary tariff, a fraction of a halfpenny being reckoned as a halfpenny. Telegrams containing mercantile quotations or figures, and telegrams written in cypher, or according to a preconceived code, should always be repeated. No copy of a repeated telegram is given to the sender.

If the receiver of a telegram doubts its accuracy he may have it repeated by paying half the amount paid for its transmission to him, fractions of a halfpenny being reckoned as a halfpenny. Should he require only a portion of the message to be repeated, a payment must be made at the half rate sufficient to cover the number of words to be repeated. For example, if 20 words in a message of 40 words are to be repeated the payment would be 5*d.* The minimum charge, however, for repetition (even of a single word) is 3*d.* The money will be refunded if it should turn out that the original telegram was incorrectly transmitted.

Re-direction.

Telegrams can be re-directed to a second address either by an Officer of the Post Office or by an agent of the addressee. When official re-direction of telegrams is required, a notice to that effect must be given; printed forms can be obtained from the local Postmaster. The person making the request is responsible for any charges that may be incurred. Re-directed telegrams are liable, if any additional service is performed, to an additional charge of 6*d.* if the two addresses are within the same town; but if the addresses are in different towns the full inland rate is charged for the re-direction. Each London Postal District is considered for this purpose as a separate town.

For official re-direction after one month a fee of 1*l.* 1*s.* per annum is charged, in addition to the re-direction charges on each telegram.

Standing instructions for the re-direction of fully addressed telegrams during fixed hours are registered on payment of 1*l.* 1*s.* per annum. The telegrams are subject to the usual re-direction charge.

Telegrams can be re-directed for onward transmission by post without further charge.

Should the sender, upon being informed that his telegram cannot be delivered because the addressee is unknown, require the telegram to be presented a second time at the same address, or re-directed to another address in the same town, he must pay a further fee of 6*d.* If, however, he re-directs it to an address in a different town (each London Postal District being considered for this purpose a separate town) he must pay the full inland rate for the re-transmission. Should it appear that the necessity for the further trial, or for the re-direction to a different address, arose from any fault of the Post Office, the extra charge will be refunded on application being made to the Secretary, General Post Office.

Telegrams handed to Rural Postman or Posted in Letter Boxes.

A prepaid telegram may be handed to a Rural Postman on his way to a Telegraph Office, or may be posted in an envelope addressed "Telegram, Immediate."

Telegrams prepaid and so posted are sent on by the next collection to the nearest convenient Telegraph Office and are thence transmitted by wire. Telegrams may also be posted without envelopes and will be similarly treated. Telegrams posted insufficiently prepaid are forwarded, and the deficiency is charged to the addressee; but unpaid telegrams are not forwarded. The time of arrival at the Telegraph Office is regarded as the time of receipt from the sender.

Most Telegraph Offices are closed between 8 p.m. and 8 a.m.; and, as time is required for transmission, a telegram, if it be deposited in a box at such a time that it cannot reach a Telegraph Office before 7 p.m., may not reach its destination until the following day.

Messages telegraphed for Inclusion in Outgoing Mails.

Telegrams may be sent to certain ports for onward transmission as letters. The sender must write "post" (which will not be charged for) before the addressee's name, and the name of the terminal Telegraph Office at the end of the address. For example: "Post, Brown, 12, Fifth Avenue, New York, Queenstown." Thus a telegram of 24 words to be sent by post from Queenstown to New York should be prepaid 1*s.* 1½*d.*, viz., 1*s.* 0½*d.* for the telegram (including ½*d.* for the name Queenstown) and 1*d.* for postage. In such cases a registered address cannot be used.

The following table shows the times at which telegrams must reach outports in order to be included in the outgoing mail:—

Cancelling Telegrams.

The sender may have his telegram cancelled, and if it be cancelled before the commencement of transmission the sum paid will be returned at the time, less a fee of 2d. for cancelling it; but if transmission has commenced, the sum will not be returned. If transmission has been completed, an official telegram, prepaid by the sender, will be sent to the Postmaster at the Terminal Office. If the official telegram should arrive too late, the sender will be informed that the attempt to cancel his telegram has failed, but the sums paid will not be refunded.

Interruption of Communication.

When communication is interrupted, so that a telegram cannot be transmitted, notice is given to the sender, together, if practicable, with a statement of the cost of delivery by special means; and on payment of such cost the telegram will be delivered. If, however, the sender prefer to cancel the telegram, the amount paid will be returned, on application to the Secretary, General Post Office, at any time within three calendar months. If the sender cannot be found, or declines to cancel the telegram, or to pay for the delivery, it will be delivered without extra charge by post.

Hours of Business at Telegraph Offices; see pages 132-136.

Late Fees.

Telegrams may be accepted at an office after the usual hours on payment of the following fees, if the other offices through which the telegram would have to pass are open, and their attention can be gained.

- (a) If the handing-in office is not open for either postal or telegraph business, 1s. for the postmaster, 1s. for the telegraphist, 1s. for a messenger, if one be required to call the telegraphist.
- (b) If the office is open for postal business but not for telegraph business, 1s. for the telegraphist, 6d. for a messenger, if one be required to call the telegraphist.
- (c) If the office is open for the receipt of press news (but not for other telegraph business, or ordinary postal business), 6d. for the postmaster, 6d. for the telegraphist.

When several telegrams are handed in together by the same person, late fees are payable on one telegram only.

When a telegram has to pass through an intermediate office which is not open for telegraph business, late fees are payable in respect of such office, as in the case of the office of origin.

If a postmaster or telegraphist be called up to send a telegram, and it subsequently appears that it cannot be despatched, the person desiring to send it must nevertheless pay the fees.

When a telegram is handed in at an office which is open, for one which is not open for telegraph business, the following fees are to be paid by the sender:—

- (a) If the terminal office is not open for postal business, 1s. for the telegraphist, 1s. for the messenger, 6d. an hour for the telegraphist, if he has to wait for a reply.
- (b) If the terminal office is open for ordinary postal business, 1s. for the telegraphist, 6d. for the messenger.

Alternatively the telegram may be held over for delivery the next morning at the request of the sender.

Miscellaneous Regulations.

Telegrams are not dropped into a letter box unless personal attention cannot be gained at the place of address. If attention cannot be gained and there is no letter box, a notice is pushed under the door stating that the telegram can be obtained at the Post Office. Whenever, therefore, a house is shut up for several days, instructions should be given to the Postmaster as to the disposal of telegrams.

In London and other large towns, telegrams for offices and other places of business arriving after 8 p.m., or on Sundays, are not delivered until the following morning, unless the addressees have requested by letter that such telegrams may be delivered immediately on their arrival.

If the addressee is known to the messenger, a telegram may be delivered wherever on the road the messenger may meet him. If the place of meeting is within the free delivery area, no charge is made for portage; but, if beyond, portage is charged at the ordinary rate as far as the point of meeting.

The sender of a telegram should furnish his address. When it is not to be telegraphed, it should be written on the back of the form.

The sender may have instructions, such as "private," "confidential," "to be opened at once," or the like written on the outside of the envelope of the message. The instructions will be charged for as part of the message.

Telegrams addressed to a Telegraph Office "to be called for" are kept two entire days.

Telegrams for railway passengers should be addressed "c/o Station Master."

Telegrams indecently or obscenely worded, or appearing to contain grossly offensive matter, will not be transmitted.

Inland telegrams are only kept for **three months** from the date of transmission, and during that time are not produced except to the sender or addressee, or their duly authorised agents.

The **Postmaster General is not liable for any loss or damage** which may be incurred or sustained by reason or on account of any mistake or default in the transmission or delivery of a telegram.

FOREIGN AND COLONIAL TELEGRAMS.

Charges.

The **charges** for Foreign and Colonial telegrams will be found on pages 847-856.

Telegram Forms and mode of Payment.

Special forms are provided for Foreign and Colonial telegrams; telegrams written on forms supplied by the Cable Companies are also accepted at Post Offices. Stamps must be affixed to the forms by the senders.

Books containing 25 forms, each bearing an embossed 10d. stamp, interleaved, can be obtained, price 1*l.* 1*s.* each.

A receipt for a telegram can be obtained for 1*d.* A certified copy of a telegram can be obtained on application to the Secretary, General Post Office, at a charge of 5*d.*; postmasters are not allowed to supply such copies.

Plain language; Code language; Cypher.

Telegrams in plain language are those composed of words, figures, and letters which offer an intelligible meaning. They may be expressed in any of the principal European languages, and certain others. They must be written in Roman characters.

Code language is composed of real words not forming comprehensible phrases, or of pronounceable groups of letters having the appearance of real words. No word or group of letters must exceed ten letters in length. The real words may be drawn from any of the following languages:—English, French, German, Italian, Spanish, Portuguese, Dutch, and Latin; the groups of letters must be pronounceable according to the current usage of one of those languages.

Cypher is composed of—

- (a) Arabic figures or groups or series of Arabic figures having a secret meaning, or letters or groups or series of letters having a secret meaning;
- (b) Words, names, expressions, or combinations of letters not fulfilling the conditions applicable to plain language or code.

Letter and figure cypher cannot be combined in one group.

It is desirable to avoid the use of letter cypher as far as possible, as it is less easy to transmit than pronounceable groups of letters, and is, therefore, more liable to error. Where letter cypher is used, it should be arranged in groups of five letters, in order to facilitate transmission.

Combinations in plain language, code or cypher, formed by running together two or more real words (whole or contracted), or a real word and some other expression, are prohibited.

Counting: Compound Words, Misspelt Words, Figures, &c.

In plain language the maximum number of letters allowed to pass at the charge for a single word is 15, any excess being charged for at the rate of 15 letters to a word.

Subject to this limit, ordinary compound words and names of towns, countries, provinces, places, family names, and names of ships, written without break, are counted as single words; the same mode of counting applies to the names of streets, squares, &c., but the words "street," "square," &c., or their equivalents in other languages cannot be combined, contrary to the usage of the language, with such names so as to form a single chargeable word. If joined by a hyphen or separated by an apostrophe such compound words or names are counted as so many separate words. Compound numbers written in words and without break are also counted as single words, subject to the same limit as to the number of letters. The name of the office of destination in the address is charged for as one word whatever its length; and when the name of the country, state, province, or district has to be added to distinguish the office from others of the same name, the whole expression is charged for as one word, provided it is written in accordance with the "International List of Telegraph Offices.

Words incorrectly spelled, so as to reduce the number of letters below the maximum, or incorrectly joined together, contrary to the usage of the language, are inadmissible.

If the sender of a telegram from a place abroad improperly joins together words for the purpose of reducing the charge, the amount undercharged is collected from the addressee.

In code language, the words and groups of letters are counted as one word each.

In all telegrams every isolated letter or figure is

* See note on next page.

charged for as a word. Groups of letters forming cypher and groups of figures are counted at the rate of five letters or figures to a word, and at the same rate for any excess. The same method of counting is applicable to groups of letters forming commercial marks or commercial expressions. Groups of letters in current use are similarly counted when occurring in the text. But such letters are not admissible in groups in the address; they are charged for as so many separate words. Letters added to figures to form ordinal numbers or commercial marks, or to represent the number of a house are counted as figures. Bars of division, decimal points, and stops used in the formation of numbers are counted as figures; otherwise signs of punctuation are not transmitted except at the special request of the sender, and they are then charged for as separate words.

Words in plain language in the text of a telegram which also contains words in code language are charged for at the rate of 10 letters to a word, any excess being charged for at the rate of 10 letters to a word.

Addresses of Telegrams.

The address must be paid for, and must in no case consist of less than two words. When it is expressed in two words, the first should designate the addressee, and the second the name of the telegraph office of destination. Such abbreviated addresses should be registered at the office of destination.

In telegrams for large towns, the name of the street and the number of the house should be given when the address is not registered. If these particulars cannot be furnished, the profession, trade or calling of the addressee, or similar information, should be given; otherwise the telegram will be forwarded only at the risk of the sender. The address should be in French or in the language of the country to which the telegram is sent. **If there are more places than one of the same name, the name of the country or state, province or district, in which the place is situated should be added to the address in the manner shown in the *International List of Telegraph Offices.**

In telegrams bearing addresses consisting of a name prefixed to a registered address, or addressed to one person at the house of another whose name is also given, it is necessary to insert the word "chez" (care of) or an equivalent expression in the language of the country of destination. It is undesirable to use the symbol *c/o*, as the equivalent of "care of."

The name and address of the sender are charged for if to be transmitted. They must in any case be written at the foot of the form.

* Application for copies of this book should be addressed to the Secretary, General Post Office.

Multiple Addresses.

A telegram addressed to several persons in the same town, or to the same firm at different localities in the same town, is charged for as a single telegram (all the words in the several addresses and the text being counted), but a sum of 5*d.* must be prepaid for every extra copy to be delivered if the number of chargeable words per copy does not exceed 100 and an additional sum of 5*d.* per copy for every additional 100 words or part of 100 words. The instruction "—— addresses," or "TM ——" (the latter being counted as one word) must be written before the address and paid for. Telegrams of this kind are not accepted by the routes of the North Atlantic Cable Companies either for America or for transmission over the Pacific Cable.

Prepaid Replies.

A reply of any length can be prepaid, but the minimum payment is 10*d.* If the sender desires to prepay a reply he must insert before the address of destination "RP——" which is charged for as one word. A voucher for the reply is issued by the office of delivery, and the person receiving it is entitled to use it at any time within six weeks from the date of its issue in payment, or partial payment, as the case may be, of a telegram to any destination abroad.

If the addressee does not use the reply form of a telegram, the cost of the reply will be returned to the sender on application to the Secretary, General Post Office, within three months of the date of issue of the form. The form must be returned with the application. When the charge for the reply sent is less than the amount prepaid, the balance, provided that it is not less than 10*d.* in amount, will be returned to the sender of the original telegram on application to the Secretary, General Post Office within three months of the date of issue of the reply form.

Repetition at Request of Sender to Ensure Accuracy.

The sender can have his telegram repeated from office to office throughout the whole course of its transmission by paying, over and above the charge for the original transmission, a quarter of that charge. If the telegram is for one of those countries for which there is a minimum charge per telegram, the lowest charge will be the minimum charge plus one quarter of the minimum charge. Whenever a telegram is repeated, "T C," which is charged for as one word, must be inserted before the address of destination.

Repetition is desirable for all telegrams in code or cypher.

The sender can have the telegram repeated between the office of origin and the last Post Office in the United Kingdom at which it is dealt with on payment of a charge equal to the rate for an ordinary inland telegram of the same length.

Repetition at Request of Addressee to Detect Errors.

The addressee of a telegram can, by application at the Delivery Office, obtain the verification of doubtful passages or words. For this purpose he must pay a sum calculated by multiplying the number of words to be repeated by the rate per word to the place from which repetition is to be obtained. The minimum charge is 10d.

The amount is refunded if it should prove that the passages or words in question were inaccurately transmitted, but if the repetition shows that some of the words repeated, but not all, were inaccurately transmitted, a proportionate part only of the amount paid for repetition will be remitted.

The addressee of a telegram may have it repeated from the first Post Office in the United Kingdom at which it was dealt with on depositing the ordinary charge for the transmission of an inland telegram, viz., 6d. if the part to be repeated contains 12 words or less, and $\frac{1}{2}$ d. per word if the number of words is greater than 12. If there has been an error the amount deposited for the repetition will be refunded.

Charges returned.

The following charges are returned :—

The cost of a telegram in plain language or a telegram of which the repetition to the office of destination has been paid by the sender, if the telegram was rendered useless by inaccurate transmission. Under no circumstances is the charge for an unrepeated telegram, containing code or cypher, which has been inaccurately transmitted, refunded.

The cost of telegrams which have failed to reach their destination owing to some error of the telegraph service; the cost, if not less than 10d., of any word or words omitted during transmission; and the cost of telegrams delayed, through the fault of the telegraph service, beyond 12 hours in the case of certain countries in Europe; beyond 24 hours in the case of other countries in Europe, and Algeria, Tunis, the Caucasus or Turkey in Asia; and beyond 72 hours in the case of other countries.

The amount paid for a telegram cancelled before transmission, less 2d. If the telegram is cancelled after transmission to the next office has been completed, but before it has reached the place to which it is addressed, any balance of charges due will be returned.

Claims for reimbursement should always be accompanied by documentary evidence, viz. :—

In the case of non-delivery or delay, by a written statement from the office of destination or the addressee that the telegram has not been received, or has been delayed.

In the case of error in a plain language or a repeated telegram, or in the case of the omission of one or more words, by the actual message form delivered to the addressee.

In the case of error in a telegram of which the receiver has obtained the repetition from the office of origin, by the original message form delivered to him, together with the form upon which the repeated telegram is written.

The cost of telegrams rendered necessary by the non-delivery, delay, or incorrect transmission of a telegram is in no case returned, except in the

case of telegrams sent at the request of the addressee asking for repetition (see p. 89). No re-imbusement is allowed in respect of correcting telegrams exchanged between the sender and the addressee direct.

No claim for re-imbusement will be entertained unless made within five months of the date of original telegram.

Foreign administrations will not inquire into complaints (except in cases of serious or repeated irregularities) which do not involve a return of the cost of the telegram as shown above.

MIXED POSTAL AND TELEGRAPH SERVICE.

A telegram can be forwarded partly by telegraph and partly by post. Thus a telegram intended, say, for India, can be telegraphed to Brindisi to catch the outgoing mail, and thence forwarded by post to its destination. In addition to the cost of the telegram to the place of posting, a charge of 2½*d.* is collected from the sender if the telegram is to be posted from one country to another, but no charge is made for postage if the telegram is to be posted from one place to another in the same country. If the telegram is to be posted as a registered letter, a registration fee of 2½*d.* is charged in addition to the charge for postage (if any).

The sender should write the word "Post" before the addressee's name, the name of the terminal telegraph office being written last in the address. For example: "Post Smith 10 Broad Street Calcutta Brindisi." The word "Post" is charged for as a part of the telegram. Registered abbreviated addresses cannot be used.

Messages telegraphed to certain ports in the United Kingdom for inclusion in Outgoing Mails—see under Inland Telegrams, pp. 81 and 82.

Special Service by Telegraph in the United Kingdom, by Post to South Africa, and by Telegraph in South Africa.

Messages can be forwarded to Cape Colony, Natal, Orange River Colony, the Transvaal, Southern Rhodesia, North Western Rhodesia, Northern Rhodesia, and British Central Africa (Nyassaland) by telegraph to Southampton, by post between Southampton and Cape Town, and by telegraph from Cape Town to their destination.

The charge is calculated at the ordinary inland rate in this country, in addition to 1*d.* for postage, and the rate for transmission in South Africa, viz., in the case of Cape Colony, Natal, the Transvaal, and the Orange River Colony, 1*d.* a word, with a minimum of 1*s.*; in the case of Southern Rhodesia, 2*d.* a word, with a minimum of 2*s.*; in the case of North Western Rhodesia, 3*d.* a word, with a minimum of 3*s.*; and in the case of Northern Rhodesia and British Central Africa (Nyassaland), 5*d.* a word, with a minimum of 5*s.*

The address should be written in the following form:—"Smith 221 High Street Johannesburg c/o Telegraphs Southampton."

Messages must reach Southampton before 3.15 p.m. on Saturdays in order to be included in the weekly mail.

Special Service by Telegraph in the United Kingdom, by Post to India and by Telegraph in India.

Messages can be forwarded to India by telegraph to London, by post between London and Bombay and by telegraph from Bombay to their destination.

The charge is calculated at the ordinary Inland rate in this country, in addition to 1d. for postage and the equivalent of the rate for the transmission of ordinary telegrams in India, namely ¼d. a word with a minimum of 6d. The address should be written in the following form, "Smith, 221, Station Road, Calcutta, c/o Telegraphs, London."

Messages must reach London before 6 p.m. on Fridays in order to be included in the weekly mail.

Notice of Delivery.

On payment of an additional rate for five words, the sender may have a notice of the time at which his telegram was delivered transmitted to him by telegraph. In that case "P C," which is charged for as one word, must be inserted before the address of destination. The information will be given by post on payment of a fee of 2½d., and of the charge for one additional word for the expression "P C P" before the address.

Special Delivery.

The sender can prepay portage at destination, or secure that a telegram arriving at night shall not be delivered till the daytime, or that it shall be delivered at once, if in the normal course it would be retained until the daytime.

Telegrams to Follow the Addressee.

When the sender is not certain that the addressee of a telegram will be found at the address given, and wishes the telegram to be sent on to him, he should insert before the address "F S," which will be charged as one word.

The addressee may also give instructions in writing, or by prepaid telegram, for any telegrams that may arrive for him to be re-directed to another address. The instructions may be given by a person duly authorised by the addressee on his behalf. The person giving such instructions is responsible for any charges that may be incurred.

Telegrams to be called for.

In telegrams intended to be left until called for at telegraph or post offices, the words "Télégraphe restant" (or "T R") or "Poste restante" (or "G P") or "Poste restante registered" (or "G P R"); as the case may be, must form part of the address of destination. The instructions "T R," "G P," and "G P R," are each charged for as one word.

Payment at the rate for ordinary Inland telegrams (plus 10d. per message) will be demanded on the delivery of the telegrams.

Telegrams in reply will be accepted from the owners or others for transmission, if possible, to the vessel in distress, and will be subject to the same charges.

The duties of the Light-keepers will not admit of a constant lookout being kept, and no messages will be transmitted other than those which relate to Shipping Casualties.

Signalling Stations for Communication with Ships at Sea.

Signalling Stations are maintained by the Post Office, by Lloyd's, and by others, at various points round the coast of the United Kingdom; and telegrams to and from vessels passing such stations may be signalled when the vessels are passing.

The Post Office Signal Station is at Hurst Castle.

The charge for signalling, or for reporting the passing of a ship, at Hurst Castle Signal Station is 10d. Special arrangements must be made beforehand for this service, and the charge must be prepaid.

The charges made by Lloyd's and others, for similar services, or for giving other information, vary in amount. They are collected by Lloyd's.

In all cases the Post Office charge for the transmission of the telegram (including the reply, if any) must be prepaid at the ordinary rate for inland telegrams.

Radiotelegrams to and from Ships at Sea.

Radiotelegrams are accepted at any Telegraph Office for transmission from various Coast Stations (both in the United Kingdom and abroad) to certain of the principal Ocean Liners, and also to certain Mail Packets. Radiotelegrams from ships are also received at such stations, and are thence transmitted to their destination by wire.

For further particulars see pp. 860-866.

Meteorological Telegrams.

The latest information as to the state of the weather in various parts of the United Kingdom, or the Continent, and also forecasts one day in advance, can be obtained by telegraph from the Meteorological Office on payment of a fee of 6d. in addition to the cost of the telegram and reply.

The number of words to be paid for in reply is to be arrived at by adding 10 to the number of words required for the applicant's address; thus, if there were five words in the applicant's address, a reply of 15 words must be paid for.

The Meteorological Office is open between the hours of 8.30 a.m. and 8 p.m. on week days, and between 6 p.m. and 8 p.m. on Sundays, and its telegraphic address is "Weather, London." Forecasts are prepared at 11 a.m. and 7.30 p.m. daily, and during the summer months at 3.30 p.m. also.

Time Signals.

Where the Telegraph arrangements permit, Greenwich mean time can be supplied by electric current every hour in the day in London, and at either 10 a.m. or 1 p.m. to places in the country.

Information as to rates and arrangements can be obtained on application to the Secretary, General Post Office.

TRUNK LINES.

The Telephone Trunk Lines which connect the various Telephone Exchange areas throughout the Kingdom are the property of the Postmaster-General and are worked by his Officers. The Trunk lines can be used by callers at Post Offices which are connected with the Trunk Telephone system as well as by subscribers and callers using Telephone Exchanges. The names of places at which Trunk Telephone communication is possible are indicated in the List of Offices on pages 142-500.

The fees for the use of the Trunk lines are as follows:—

For 25 miles or under	-	-	-	Threepence.
„ 50	„	„	-	Sixpence.
„ 75	„	„	-	Ninepence.
„ 100	„	„	-	One Shilling
„ every additional 40 miles or fraction thereof	-	-	-	Sixpence.

Special rates are charged where submarine lines are used:

The unit period of conversation is **three minutes** from the time when the caller or subscriber has been informed that the connection is completed, but any caller, by prepaying a double fee, may secure either the uninterrupted use of a Trunk line for **six minutes** or the option of extending a three minutes' conversation to six minutes on demand at the end of the first period.

Where application has been made for the use of a Trunk line for a period of six minutes, no part of the fee will be refunded to a caller because the line is in fact used for a less period; but when only the option of extending a call to six minutes has been asked for, and the call is completed in three minutes, the fee for the second period will be refunded.

No person is entitled to use a Trunk line continuously for more than six minutes.

The charge for a six minutes' conversation between 7 p.m. and 7 a.m. is the same as for a conversation of three minutes' duration in the day time. During the same period, for a three minutes' conversation, for which the day charge is 9d., a reduced fee of 6d. is charged, and half the usual day charge is made where the ordinary fee is 1s., or more.

When a Trunk conversation is between a caller or subscriber to the National Telephone Company's system and a caller or subscriber to the Municipal Exchange system at Portsmouth additional charges, or "terminal fees," have to be paid.

All sums payable for the use of a Trunk line must be prepaid. Subscribers are required to make deposits for Trunk charges, &c., and callers are required to pay a Call Office fee of 2d. in addition to the Trunk fee.

A list of the charges for Telephone Trunk wire conversations between all towns connected with the Trunk wire system can be obtained through the local Post Office, or from the Secretary, General Post Office.

No charge will be made for the use of the Trunk lines—

- (i.) When conversation is prevented by a fault on any telephone line used for the call.
- (ii.) When a call is cancelled before it has been passed over a Trunk line.
- (iii.) When a call falls through an error on the part of an operator or in a directory of telephone subscribers.

A reduced charge only will be made—

- (i.) When the subscriber to whom a call is addressed has intimated to the nearest Post Office Exchange that his office will be closed.
- (ii.) When the subscriber to whom a call is addressed is engaged in conversation on another Trunk line and the person making the call desires that it may be cancelled.
- (iii.) When the attention of the subscriber to whom the call is addressed cannot be obtained in the usual way.
- (iv.) When a call is addressed to a person at a call office who is not at the time in attendance there.
- (v.) When a call is cancelled after it has been passed over a Trunk line, but before the attention of the subscriber to whom the call is addressed has been obtained.

Reduced charges are calculated as follows in proportion to the ordinary charge for the use of Trunk lines :—

Full Charge for Three Minutes' Conversation.	Reduced Charge.
<i>s. d.</i>	<i>d.</i>
0 3	1
0 6	2
1 0	3
1 3	4
1 6	5
1 9 & upwards.	6

No reduced charge exceeds 6*d.*

No reduction of the ordinary charge can be made in any circumstances but those described above; as, for instance, if conversation is unsatisfactory because the line of either subscriber is a single wire circuit, or is otherwise unsuitable for long distance conversation.

ANGLO-FRENCH AND ANGLO-BELGIAN TELEPHONE SERVICE.

Telephonic communication can be obtained between **London** and certain provincial towns in **England** on the one hand and **Paris** (including the suburbs), **Brussels** and certain provincial towns in **France** and **Belgium** on the other.

A list of the towns in France and Belgium with which conversation is possible can be obtained at the Head Post Office (where lists of subscribers in France and Belgium may be consulted), or on application to the Secretary, General Post Office.

* These towns cannot communicate with Belgium.

† This town cannot communicate with France.

The fee for communication with **France** or **Belgium** is **8s.** for a conversation of **three minutes**, except in the case of conversations for **Bordeaux, Lyons, Marseilles, and St. Etienne**, for which the charge is **10s.**

The period of conversation is subject to the same conditions and regulations as in the case of ordinary Trunk Line conversations.

Conversations over the Anglo-French and Anglo-Belgian circuits for double periods at reduced rates can be obtained at night by subscribers who agree to make one call each night for a month at least. Further particulars can be obtained on application to the Secretary, General, Post Office.

NOTE.—In making appointments for conversations with correspondents in France, the public should bear in mind that Paris time is 9 minutes in advance of Greenwich time. Greenwich time is used officially in Belgium for telegraphic and telephonic purposes.

Post Office subscribers can communicate with subscribers of the National Telephone Company in the London Exchange Area at the same rates of charge as for communication with other Post Office subscribers.

Post Office subscribers can communicate with the Continent by means of their Exchange Lines on payment of the appropriate fees.

The use of Exchange Circuits is subject to the Regulations for the time being in force, and to the making of such deposits as may be required.

Further information may be obtained on application to the General Manager, Post Office London Telephone Service, Carter Lane, E.C.

PROVINCIAL SYSTEM.

The Postmaster-General has Telephone Exchanges at Glasgow, Brighton, Cardiff, Newcastle-on-Tyne, and a large number of other Provincial Towns.

The terms for Telephone Exchange circuits, and for circuits to Post Offices for use in connection with the Telephone Trunk lines, may be ascertained on application to the local Post Office or to the Secretary, General Post Office.

THE USE OF TELEPHONES FOR SENDING TELEGRAMS AND EXPRESS LETTERS.

Any subscriber to a Telephone Exchange may telephone messages (except those for transmission at Press rate) to many Post Offices which can be reached through the local Exchange system, or by means of the Post Office Trunk wires, in order that the messages may be written down and dealt with as telegrams or express letters or ordinary letters. Messages intended to be forwarded by telegraph should be telephoned as a rule to the Head Telegraph Office of the district; in London they should be telephoned to the Central Telegraph Office. Many public Telephone Call Offices, or private telephone lines to Post Offices, may also be used in this way. Post Offices in the Provinces with which communication is possible in this way are indicated by the symbol TEx. in the List of Post Offices on pages 145-500. The Express Delivery Service for such messages is only available during the hours of telegraph business, and is not available on Sundays at any place outside the London Postal District. A List of London Offices is given on pages 598-619.

An express letter telephoned to a Post Office is delivered for the usual express delivery fee if it does not contain more than 30 words, including the address; for a message of more than 30 words a double express fee is charged. No message may exceed 60 words in length.

The charge for the use of the telephone is the same as in the case of an ordinary call.

Any person receiving an express letter in this way may send another express letter back to the Post Office to be telephoned to the sender of the original message. Full express and telephone fees are payable for the reply as for a separate message.

A message telephoned for transmission as an ordinary letter must not exceed 60 words in length.

In most cases subscribers to exchanges can make general arrangements to have all telegrams (except those which have been transmitted at Press rates) addressed to them delivered by telephone instead of by messenger, but in large towns this can only be done if the subscriber has a registered telegraphic address. Written copies of telegrams delivered by telephone can be obtained by the addressees either by post in daily batches without extra charge, or singly as express letters on payment of express fees.

Any subscriber to a telephone exchange may obtain the services of an express messenger by telephoning to the nearest Post Office which is connected with his exchange. The fees for the Express Service are calculated upon the whole distance travelled by the messenger from the Post Office.

The senders of telephone messages which are to be written at Post Offices should speak very distinctly, and should spell all proper names, numbers or difficult words. The persons who take down messages at Post Offices will repeat them to the senders, who are requested to do all in their power to prevent and correct mistakes.

PRIVATE TELEGRAPHS AND TELEPHONES.

The Postmaster-General undertakes the construction and maintenance, on rental terms, of private telegraph and telephone lines. Such lines may be between the offices or houses of firms or private individuals, or between such offices or houses and Postal Telegraph offices. By means of such lines to Postal Telegraph Offices the renter can send and receive telegrams, forward messages for delivery as express or ordinary letters, or obtain the services of express messengers in the manner described above.

The rates for private telegraphs are as follows:—

A.—Wire (exclusive of Instruments).

Annual Rental.

The rental charges for wires under 25 miles in length vary from £3 to £7 per mile, according to locality and other circumstances.

All information as to private lines can be obtained on application to the Secretary, General Post Office.

The mileage is reckoned by the shortest available route. The minimum charge is for half a mile, with an additional charge for each quarter of a mile beyond that distance, any less distance than a quarter of a mile being counted as a quarter of a mile. The specified rates only apply where existing poles or pipes are available. If new poles or pipes are necessary, an additional charge may be made. The Postmaster-General, moreover, reserves the right to increase any of the specified rates under special circumstances.

B.—Instruments.

Annual Rental.

Telephone.	A B C	Morse Sounder.	Morse Printer.
£ s. d. 2 0 0	£ s. d. 4 0 0	£ s. d. 4 0 0	£ s. d. 10 0 0

The rates for additional telephones situated in the same premises, and within a circle having a diameter of 220 yards, are as follows:—

Second and each subsequent instrument up to the

fifth £l. 10s. per annum.

Sixth, and each subsequent instrument £l. 6s. per annum.

These rates include the provision, maintenance, and renewal (when necessary) of wires and instruments.

In the case of a private line to a Postal Telegraph Office there is an additional charge for desk accommodation and clerk's services. The charge is usually 3l. 5s. a year in the Provinces. Special rates, however, which vary according to circumstances, are charged in London and certain Provincial centres.

The use of such lines is subject to the Regulations for the time being in force, and to the making of such deposits as may be required.

Arrangements can be made by private persons or firms to have the regular use of long distance telephone lines at night throughout the year. For particulars, apply to the Secretary, G.P.O., London.

MONEY ORDERS AND POSTAL ORDERS.

In Money Orders and Postal Orders the Postmaster-General gives the means of transmitting small sums by post throughout the United Kingdom, and to most places abroad. Money Orders can be obtained at 15,000 Post Offices, and Postal Orders at almost all Post Offices.

An Inland Money Order may be obtained for any sum, not comprising a fractional part of a penny, up to £40; for transmission abroad the limit varies from £10 to £40. If payable in the United Kingdom an Order may be crossed for payment through a Bank.

Orders for payment of sums up to £40 may also be transmitted by telegraph to offices within the United Kingdom, and to certain Foreign Countries.

Postal Orders can be obtained for 6d. and for any multiple of 6d. up to £1 and also for £1 1s. 0d. Intermediate amounts may be made up by affixing Postage Stamps not exceeding three in number and 5d. in total value. The Orders may be cashed at any office which the sender, or, in default of the sender, the payee, selects.

British Postal Orders are issued and paid in most British Possessions and Protectorates and certain other places abroad.

INLAND MONEY ORDERS.**Rates of Poundage.**

The rates of poundage on ordinary Inland Money Orders are:—

For sums not exceeding 1 <i>l.</i>	2 <i>d.</i>
" above 1 <i>l.</i> and not exceeding 3 <i>l.</i>	3 <i>d.</i>
" " 3 <i>l.</i>	"	"	10 <i>l.</i>	...	4 <i>d.</i>
" " 10 <i>l.</i>	"	"	20 <i>l.</i>	...	6 <i>d.</i>
" " 20 <i>l.</i>	"	"	30 <i>l.</i>	...	8 <i>d.</i>
" " 30 <i>l.</i>	"	"	40 <i>l.</i>	...	10 <i>d.</i>

No single Money Order can be issued for a sum exceeding 40*l.*

No Order may contain a fractional part of 1*d.*

Mode of Application for Money Orders

When applying for Money Orders the public should use the printed requisition form which is supplied gratuitously at all Money Order Offices, and should state thereon as fully as possible the name, title or designation, as the case may be, of the Payee.

The Remitter may request at the time of issue that the Order be crossed like a cheque thus " & Co.," in order that it may be paid only through a bank, or the Remitter may cross the Order after obtaining it.

Advices of Payment.

The Remitter of an Order payable in the United Kingdom may request to be informed when the Order has been paid. In such case he must apply at the Office of Issue, either at the time of issue of the Order, or subsequently, and pay a fee of 2*d.* The Issuing Postmaster will then arrange for an Advice of Payment to be sent to the Remitter.

Transmission of Order to Payee.

A Money Order, when issued, is handed by the Postmaster to the Remitter to be transmitted by him to the Payee, and an Advice is sent from the Issuing Office to the Paying Office, containing information as to the amount and as to the name of the Payee and of the Remitter.

Unless the Order be presented through a bank, the person presenting it for payment must furnish the Remitter's name for comparison with the advice.

Cashing of Orders.

If, when an Order is presented for payment (otherwise than through a bank), it is properly received, and the name of the Remitter, as furnished by the applicant, is in agreement with the Advice, it will be paid, unless the Postmaster has good reason for believing that the applicant is neither the Payee nor his agent. In the case of a Money Order payable to any company, corporation, or society, the name of the Payee must be stamped or written in the receipt space, and where it is written the person presenting the Order must also sign his own name, and state his office in the company.

If payment of an Order be refused, in consequence of the Remitter's name not being furnished correctly, or in consequence of the signature on the Order not corresponding with the entry on the Advice, the applicant for payment should communicate with the Remitter, and request him to apply to the issuing Postmaster.

Payment of a Money Order is subject to the possession by the Postmaster of the paying office of sufficient funds, and delay is possible, especially in the case of Orders for large amounts drawn on small offices.

Payment through a Banker.

The holder of a Money Order payable in the United Kingdom may direct, by crossing it, that the Order be paid through a bank, even though its payment was not originally so restricted.

When an Order is presented through a bank duly crossed with the name of that bank, by a person known to be in its employment, the formalities observed on presentation in the ordinary way will be dispensed with.

Stoppage of Payment.

If it be desired to stop payment of an Order payable in the United Kingdom, a notice, accompanied by a fee of fourpence in postage stamps, must be sent to the office where the Order is payable.

Deferring Payment.

If the Remitter of a Money Order is desirous of delaying payment for any period **not exceeding ten days**, he must, at the time of issue, fill up and sign the request printed at the foot of the Order, and inform the Postmaster. An Order deferred for ten days and issued (say) on the 1st day of a month would become payable on the 11th.

Repayment to Remitter.

The Postmaster-General has power to refund to the Remitter the amount of a Money Order, and is free in such case from all liability to the payee. The remitter of a deferred Order is entitled to have the amount repaid if payment has been stopped at his request within the deferred period.

Alteration of Name. Transfer of Payment.

If alteration in the name of the Remitter or Payee of an Inland Money Order be required, application, accompanied by

A penny postage stamp, must be made by the Remitter to the Postmaster of the office at which the Order was issued. Should **transfer of payment** of an inland Order from one office to another in the United Kingdom, or **repayment** of the amount of an Order, be required, an application enclosing the Order must be made to the Postmaster at whose office the Order is payable. He will transmit, in exchange, a new Order payable at the place desired, deducting the amount of a second poundage. Printed forms for making applications in all these cases may be obtained at any Money Order Office. Whenever, on complaint being made, it is found that the payment of fresh poundage has been rendered necessary by the fault of an officer of the Post Office, the charge will be remitted.

Loss of an Order. Issue of a Duplicate.

In case of the miscarriage, or loss, of a Money Order in transmission through the post, a duplicate will be granted, **free of charge**, on a written application, with the necessary particulars, being forwarded to the Controller of the Money Order Department, London, or to the Accountant, General Post Office, Edinburgh or Dublin, according to the place of issue. Should an Order be lost by the Remitter or Payee, a **fee of sixpence** (which should be forwarded with the application for a duplicate Order) will be charged.

Lapsed Orders.

At the end of **twelve months** from the month in which it was issued, a Money Order, if still unpaid, becomes legally void, but, when a good reason can be given for the delay in presenting it, an application for a new Order, subject to a deduction of **6d.**, is entertained.

Non-liability of Postmaster-General.

After once paying a Money Order, by whomsoever presented, the Postmaster-General is not liable to any further claim, nor is he liable to pay compensation for loss or injury arising out of delay in payment of a Money Order, or out of any other irregularity in connection with an Order.

INLAND TELEGRAPH MONEY ORDERS.

Money may be transmitted by Telegraph Money Order from any Money Order Office in the United Kingdom which is also a **despatching office for telegrams**, and may be made payable at any Money Order Office which is also an office for the **delivery of telegrams**.

Limit of Amount and Charges.

No single Telegraph Money Order can be issued for a greater amount than 40/.

The charges for Inland Telegraph Orders are as follows:

- (1) A Money Order poundage at the ordinary rate for Inland Money Orders, *see* page 103.
- (2) A charge for the Official Telegram of Advice to the office of payment at the ordinary rate for Inland Telegrams, the minimum being 6d.
- (3) A supplementary fee of 2d. for each Order.

Remitter's Instructions as to Delivery.

In order to avoid any misunderstanding, the Remitter, when filling up the printed Form of Requisition, should state clearly whether the Order is to be called for at the Post Office or delivered at the Payee's address.

(a) If the Order is to be kept at the Paying Office till called for, he should write the name of the Paying Office in the space provided, and give the Payee's address as "Postoffice." He should inform the Payee of the despatch of the Order and of the name of the Post Office at which he must apply for it, unless this is already known to the Payee.

(b) If the Order is to be delivered at the Payee's address, the Remitter must furnish on the Form of Requisition a sufficient address.

(c) The person applying for payment must in all cases furnish the name of the Remitter, and if the Order is addressed "to be called for" at the Post Office, he must also produce evidence of his identity. If the Remitter wishes his name (or name and address) to be delivered to the Payee with the order the words must be paid for as a private message to be added to the official telegram of advice (*see* page 107).

(d) A registered abbreviated address cannot be accepted in place of the name of the Payee, but it may be used as an address only, if prefixed by the symbol "c/o." Thus an Order cannot be made payable to "Ajax, London," but it may be drawn in favour of "John Wilson, c/o Ajax, London." The use of abbreviated addresses may, however, in some cases give rise to delay in payment.

(e) The provision on page 104, relating to deferring payment of ordinary Orders, does not apply to Telegraph Orders.

Crossing for Payment through a Bank.

The Remitter may give directions for the Order to be crossed for payment through a bank, in which case he must pay for the insertion of the word "crossed" in the Telegram of Advice.

Private Messages from Remitter to Payee.

The Remitter of a Telegraph Money Order is allowed, on paying for the additional words required, to have a **short private communication** for the Payee, not exceeding twelve words, added to the Official Telegram of Advice. The communication must be in **plain words**, and must be written by the Remitter in the space provided for the purpose in the Requisition Form. If desired, the private message may include the Remitter's own name (or name and address), which information is not in ordinary course communicated to the Payee.

Charges for Repetition and Portage.

The regulations applying to the repetition of ordinary Telegrams for the purpose of securing accuracy and as to portage charges apply also to Money Order Telegrams (*see* page 80 and page 78).

Certificate of Issue.

A Certificate of Issue is handed to the Remitter of every Telegraph Money Order, and this Certificate should accompany any inquiry respecting the Order.

Identification of Payee.

Except in cases in which Telegraph Money Orders are delivered at the Payee's address, any person expecting such a remittance must furnish satisfactory evidence that he himself is the person entitled to receive the money. He, or someone on his behalf, must attend at the office to obtain payment. Whenever doubt is entertained by a Postmaster as to the authority, express or implied, of a person to receive payment on behalf of the Payee, he may require such person to produce an authority in writing from the Payee for the payment of the money.

Orders payable at the smaller Offices.

In the case of a Telegraph Money Order payable at one of the smaller Offices, there may be some delay in effecting payment, if sufficient funds are not in hand.

Re-direction.

A Telegraph Money Order may be re-directed at the request of the Remitter of Payee under the same conditions as an ordinary Telegram (*see* page 80).

Repayment or Transfer of Payment.

Repayment or transfer of payment of a Telegraph Money Order may be obtained upon application being made either by the remitter or payee to the Postmaster of the Office of payment, provided that the order be enclosed in the application, or be lying in the Postmaster's Office. Any application made by a remitter should be accompanied by the Certificate of Issue. If the Order be not available, repayment or transfer can only be arranged through the Controller, Money Order Department, General Post Office, London, or the Accountant, General Post Office, Edinburgh, or Dublin, according to the Country of issue. Forms of application can, if desired, be obtained at any Money Order Office.

General.

In other respects Telegraph Money Orders are subject to the regulations which govern the transmission of ordinary Money Orders. If, however, an Advice of Payment is required, the Remitter must not only pay the usual fee of 2*d.*, but also the cost of including the words "Advise Payment," and his address in the Telegram of Advice.

Limit of Amount.

The maximum amount allowed for a Single Order for each British Colony, Foreign Country, &c. (£10, £20, £30, or £40, as the case may be), is shown in the list of Countries given on pages 838 to 844.

Mode of Application.

A person applying for a Money Order payable abroad, should fill up the special Requisition Form supplied for the purpose.

The issuing Postmaster will hand to the Remitter, either

- (1) A Money Order to be forwarded by post to the Payee for presentation at the office of payment.

or,

- (2) **A Certificate of Issue**, in which case payment will be made by means of an Order which will be issued by the Postal Administration abroad.

The list of Countries given on pages 838 to 844 shows which system applies to each country.

Times of Application.

As the Advices of Orders payable abroad have to be examined in the Money Order Department, London, before the particulars are advised to the paying country, such Orders should be taken out **a day** (or in remote places **two days**) **before the dates fixed for the despatch of the mails.**

When, however, application is made too late, the particulars of the Order, if issued at a Telegraph Office, may be notified to the Money Order Department **by telegraph** under the following conditions and subject to the payment of the following charges, in addition to the usual poundage:—

- (a) A charge for the Telegram of Advice (which may not contain a private message from the Remitter to the Payee), at the ordinary Inland rate, the minimum being 6d.

- (b) A supplementary fee of 6d. for each order.

Orders from the same Remitter for the same Payee not exceeding 40*l.* in all, may be advised in one telegram.

A Certificate of Issue will be handed to the Remitter.

Advices of Payment.

The Remitter of a Money Order payable in any of the countries, &c., indicated by the letters "AP" in the Table at pages 838-844 may, if he so desires, obtain an Advice of Payment. To do this he must apply at the Office of Issue as in the case of Inland Money Orders, and must pay a fee of 2½*d.*

Payment of Orders abroad.

(a) The currency in which payment is made, the rate of conversion from sterling, when necessary, and the poundage, if any, deducted in cases where payment in the country of destination is arranged through the medium of another country, are shown in the list of Countries on pages 838 to 844. Tables of Conversion will be found on page 845.

- (b) Payment is subject to the regulations of the country of payment.

(c) **In Foreign Countries** the Payee may be, and generally is, required to produce documentary evidence of his identity before payment is made.

(d) If the remitter desires to stop payment he should apply to the Controller, Money Order Department, London, enclosing postage stamps, 4*d.* If the remitter desires the telegraph to be used, he must, in addition, pay the cost of the telegram to the country of payment.

Period for which Orders are Valid.

Orders issued in the United Kingdom for payment abroad are valid for **twelve months** after the month of issue, except Orders payable in Austria (with its Agencies), Hungary, and the Dutch West Indies, which are valid for **six months**, and in the Argentine Republic, Brazil, Congo Free State and Uruguay for **five months**, only after the month of issue.

**Orders issued abroad for payment in the
United Kingdom.**

(a) The Payees of Orders issued in British Possessions (excepting India, Aden, Ceylon and the Nyasaland Protectorate), in France and at certain French Postal Agencies outside France, in Hawaii, Porto Rico, the United States, and by the British Post Offices in Beyrout, Constantinople, Panama, Salonica, Smyrna and Tangier should receive the Orders direct from the Remitters. Orders representing remittances from Post Offices in Morocco other than Tangier should reach the Payees from the Tangier Post Office, where the Orders are issued. In some cases the Advices have to be examined in the Money Order Department, London, and some little delay in payment may thus occur.

(b) In all other cases the Payees will receive Orders issued by the Money Order Department, London, from particulars supplied by the country of origin.

(c) Tables of conversion showing the equivalents in British money, of the amounts of Orders issued in places abroad, will be found on page 846.

(d) The general regulations with regard to the payment of Inland Money Orders apply also to the payment in the United Kingdom of Money Orders issued abroad.

Transfer of Payment.

Payment of Foreign and Colonial Money Orders payable in this country, may, as in the case of Inland Money Orders, be transferred from one office to another. Forms of application for transfer are obtainable at all Money Order Offices.

Stoppage of Payment.

Application for the stoppage of payment of an Order issued abroad for payment in the United Kingdom should be made direct to the Post Office where the Order is payable, and should be accompanied by a fee of 4*d.*

Duplicates of Orders payable in the United Kingdom.

Applications for duplicates of Money Orders payable in the United Kingdom should be made to the Controller of the Money Order Department, London, and should be accompanied by a fee of 6*d.*

Duplicates of Orders payable abroad.

With the exception of France and Algeria, and the British Post Offices in Beyrout, Constantinople, Panama, Salonica, Smyrna, and the British Post Offices in Morocco, duplicates of Money Orders payable in places abroad are issued by the Chief Office of the country of payment on application by the payee. In the exceptional cases duplicate orders are issued in London.

FOREIGN TELEGRAPH MONEY ORDERS.

Telegraph Money Orders may be sent to and received from the Countries indicated by the letter T in the list of Countries on pages 838-844. In certain of these Countries which are noted in the list (column 4) the Telegraph Money Order service is restricted to particular places, a list of which may be seen at any Telegraph Money Order Office.

The charges for Telegraph Money Orders issued in the United Kingdom are as follows:

- (1) Money Order poundage at the ordinary rate for Foreign Money Orders, *see* page 108.
- (2) A charge for the Telegram of Advice at the ordinary rate for telegrams addressed to the country of payment.
- (3) A supplementary fee of 6*d.* for each order.

The Remitter is allowed, on paying for the additional words required, to add to the Official Telegram of Advice **any short communication** which he may wish to send to the Payee.

The Remitter may also obtain an Advice of Payment, as in the case of ordinary Foreign Money Orders, on paying a fee of 2½*d.* If he wishes the request for an Advice of Payment to be communicated to the Office of Payment in the Telegram of Advice, he must pay the cost of including the words "Advise Payment."

Telegraph Money Order Service with Canada and the United States.

Under an arrangement with the Western Union Telegraph Company, Telegraph Money Orders may now be sent from any Telegraph Money Order Office in the United Kingdom to any place in Canada or the United States.

The general regulations, and the charges, with the exception of the charge for the telegrams of advice, are similar to those in other Foreign Telegraph Money Order Services.

No provision for Advice of Payment exists in the Telegraph Money Order Service with Canada and the United States.

The general regulations relating to Foreign Orders and Inland Telegraph Orders apply, so far as they are applicable, to Telegraph Orders exchanged with Foreign Countries.

Postage Stamps affixed to Postal Orders.

The sender of a Postal Order, whether made payable in the United Kingdom or elsewhere, may increase its value by an amount not exceeding 5*d.* by affixing British Postage Stamps not exceeding three in number to the face of the Order. No credit will be given for stamps which are in excess of three or which are affixed elsewhere than in the spaces provided. Odd half-pence will not be paid. Stamps perforated with initials or marks, or embossed or impressed stamps cut out of envelopes, post-cards, etc., cannot be accepted for this purpose.

Period during which Orders are payable.

If an order be not paid within **three months** from the last day of the month of issue, a commission equal to the original poundage will be charged. The commission thus paid must be affixed in Postage Stamps to the back of the Order. Postal Orders which are not presented for payment within **six months** from the last day of the month of issue must be sent to the Controller of the Money Order Department, London, with a request for payment at some specified Office.

Filling in of Order.

The purchaser of a Postal Order must, before parting with it, fill in the name of the person to whom the amount is to be paid, and is recommended to fill in the name of the Office of Payment as a precaution in case the Order should be lost or stolen. If the purchaser does not know which Post Office is most convenient to the payee, he should insert the name of the town, village or district where the payee resides. The Order will then be paid at any Post Office in the place named.

* Postage Stamps of these Countries and British Agencies, when properly affixed to British Postal Orders by the senders, will be paid up to the value of 5*d.* Postage Stamps of British Agencies are not recognised for this purpose if the value has been overprinted in local currency (see Regulations above regarding Postage Stamps affixed to Postal Orders).

Counterfoils.

Every person to whom a Postal Order is issued should tear off and retain the counterfoil. Its production will facilitate inquiry if the Order should be lost.

Miscarriage or Loss.

The Postmaster General cannot undertake to consider any application respecting a Postal Order which has miscarried, or which has been lost or destroyed, unless the counterfoil be produced, and unless proof be given to his satisfaction that the name of the payee was inserted in the Order before the holder parted with it.

After a Postal Order has once been paid, to whomsoever it is paid, the Postmaster General will not be liable to any further claim.

Payment to the Public.

Before a Postal Order is paid the name of the Payee and the name of the Office of payment must have been filled in and the Order must be properly receipted.

At Offices which are not Money Order Offices there may occasionally be delay in cashing a Postal Order.

Payment through Bankers.

If a Postal Order be crossed, payment will only be made through a banker; and, if the name of a banker be added, payment will only be made through that banker.

A Postal Order presented by, or through, a banker for payment will not (in the absence of an express arrangement between that banker and the Postmaster General to the contrary) be paid until after the Order has been examined at the Chief Office in London.

Repayment to Sender.

The sender of a Postal Order can obtain repayment of the amount (but not the poundage) on presenting the Order and the Counterfoil at the issuing Office. If the Order has been crossed for payment through a bank the sender must first cancel the crossing by writing across the face of the Order the words "Please pay cash" and adding his initials.

Erasures, Alterations, &c.

If any erasure or alteration is made, or if the Order is cut, defaced, or mutilated, payment may be refused.

Postal Orders not Negotiable.

Postal Orders do not, like Bank of England Notes, represent value in themselves. If an Order is lost or stolen, no person into whose hands it may fall, though himself innocent, is entitled to receive the amount of the Order. The rightful owner is alone entitled to cash the Order.

POST OFFICE SAVINGS BANK.

The Post Office acts as a Bank for Savings throughout the United Kingdom.

In every town and almost in every village small savings may be paid in at the Post Office. The money will be held in safety by the Government, will earn interest, and, when required, may be drawn out again through the local Post Office wherever the owner may be.

Any person over the age of seven may become a depositor in the Savings Bank and accounts may also be opened for children under that age. Special arrangements are made for the encouragement of thrift among children and others who are only able to save a few pence at a time.

Special facilities are also afforded to depositors in the Post Office Savings Bank for making investments in Government Stock, for purchasing Annuities, and for effecting Life Insurances.

GENERAL RULES.

By whom Accounts may be opened.

Accounts may be opened by any man or woman of full age and by any child over seven years old.

Accounts may also be opened—

- (a) On behalf and in the names of children under 7 years old. (Money so deposited is not withdrawable until the children attain the age of 7 years, and is then payable to their signatures only.)
- (b) By two or more persons jointly on their own behalf, provided no one of them has any other account in a Savings Bank (*see* page 120).
- (c) By one or more persons in Trust for another person or persons also named in the account (*see* page 120). A person may act as Trustee in any number of accounts, and at the same time have an account in his own name.
- (d) On behalf of insane persons by the committees of their estates.
- (e) By a duly registered Friendly Society upon the application of all the Trustees of such Society.
- (f) By a duly registered Industrial and Provident Society, not chargeable with Income Tax (*see* Industrial and Provident Societies Act, 1893, sections 39 and 24).
- (g) By a Charitable or Provident Society, Penny Bank, or similar Institution, through the Trustees or Treasurer.
- (h) By Corporate Bodies (subject to the approval of the Postmaster-General).
- (i) By Vicars and Rectors of Parishes in England and Wales, and by other official persons, being corporations sole (subject to the approval of the Postmaster General), the accounts being opened in their official titles.
- (j) In the name of the Registrar of a County Court.

When it is desired to deposit under (d), (e), (f), (g), (h), or (i), application must first be made for authority to the Controller of the

Savings Bank. A copy of the Rules of the Society or information as to the constitution of the Body Corporate should accompany the application, **except** in cases under paragraphs (d) and (i).

Opening an Account.

On opening an account, a person must state his full name, occupation, and residence. He must also sign a declaration to the effect that he takes no benefit from any other account in the Post Office Savings Bank, or in a Trustee Savings Bank (unless it be in respect of deposits to which he is entitled from the account of a deceased depositor, but which by reason of his age he cannot withdraw, or as a member of a Society entitled to deposit in a Savings Bank, or in respect of deposits made in the name of the Registrar of a County Court pursuant to Statute). This declaration must be witnessed by the officer receiving the deposit, or by some person known to him, or by some other officer of the Post Office, or by a Minister of any religious denomination, a Justice of the Peace, or a Commissioner to administer Oaths. **If the declaration is not true, all sums illegally deposited will be liable to forfeiture.** It is not necessary that a person desiring to become a depositor should attend at a Post Office for the purpose of opening an account, as the declaration, when duly signed and witnessed, can be presented at the Office on his behalf by another person, together with the money to be deposited.

Every person opening an account should see that he obtains a Bank Book.

Deposits of Married Women.

All deposits standing in the sole name of a married woman domiciled in England or Ireland are deemed, unless and until the contrary is shown, to be her separate property; and the fact that any deposit is standing in the sole name of a married woman is *prima facie* evidence that she is entitled to withdraw and receive the same, without the concurrence of her husband.

Payment of deposits by a married woman domiciled in Scotland is subject to the provisions of the Married Women's Property (Scotland) Act 1881. The deposits of married women domiciled in the Channel Islands or in the Isle of Man are repayable consistently with the laws in force in those Islands respectively.

Any woman who marries while she is a Depositor should forward to the Controller of the Savings Bank a certificate of her marriage together with her Deposit Book, and the deposits will thereupon be entered in

her married name. Upon application to the Controller, she will be supplied with a form by means of which she can obtain a marriage certificate for the sole purpose of her account at the reduced fee of one shilling.

How much may be Deposited.

Any sum from one shilling upwards, but excluding pence, is accepted as an ordinary deposit subject to the limits of 50*l.* a year (ending 31st December), and 200*l.* in all (including interest and Stock dividends, if any). These limits are, however, subject to the following modifications:—

- (a) Stock dividends are not reckoned during the year in which they are credited to a depositor's account.
- (b) A depositor, besides depositing 50*l.* in any year ending 31st December, may deposit in the same year one sum or several sums for the purpose of replacing in whole or in part any one (but not more than one) withdrawal previously made in that year.
- (c) Deposits made in any year ending 31st December, and applied to the purchase of Stock, or to Annuity or Life Insurance purposes during the same year, are not regarded as ordinary deposits; and further deposits within the prescribed limits may be made to replace them.
- (d) Money transferred from the account of a deceased depositor is not regarded as an ordinary deposit.

When a depositor has 200*l.* to the credit of his deposit account he cannot make any further ordinary deposit. But if he reduces his balance by a withdrawal, a transfer to another depositor's account, or a Stock investment, or by applying part of the money to Annuity or Insurance purposes, he can make further ordinary deposits, subject to the annual limit of 50*l.*, until the total limit of 200*l.* is again reached.

Information as to deposits for immediate investment in Government Stock will be found at page 123; and as to deposits for Annuity and Insurance purposes at page 129.

The limits of ordinary deposits may be exceeded in the following cases:—

- i. Registered Friendly Societies, or Registered Industrial and Provident Societies not chargeable with Income Tax, are allowed to make deposits without limits.
- ii. Charitable or Provident Societies, Penny Banks or similar Institutions, can deposit to the extent of 100*l.* in any one year ending the 31st December, and 300*l.* in all, exclusive of interest. If the consent of the National Debt Commissioners be obtained deposits may be made without limit.

- iii. Incorporated Building Societies can make deposits, provided the whole amount, exclusive of Government Stock, credited to the Society at any one time does not exceed 300.
- iv. Deposits may also be made in accordance with the provisions of the several Acts of Parliament applicable to the respective cases—
- (a) Under the Workmen's Compensation Acts.
 - (b) In the case of trust moneys, and equitable proceedings through a County Court, and
 - (c) In any other proceedings, in which the money was paid into a County Court and ordered by the Judge to be invested for the benefit of any infant or person of unsound mind.
- All these accounts may include odd pence.

Small Savings by School Children and Others.

Forms to which stamps may be affixed are supplied at all Post Offices for the assistance of **children and others unable to save more than a penny or two at a time**. Any such person desirous of saving one shilling by means of penny contributions, for deposit in the Post Office Savings Bank, may do so by purchasing with every penny saved a penny stamp, and affixing it to one of these forms. Stamps perforated with initials or marks cannot be accepted. Full instructions are printed on the form.

Special facilities are provided for assisting managers of **Penny Banks**, and for the **saving of pence by children attending elementary schools**. Information on the subject will be furnished on application to the Contrôller of the Savings Bank.

Cheques, Money Orders, and Postal Orders as Deposits.

A Cheque or Postal Order is accepted for deposit, **provided it is not crossed to a particular Bank**. A Money Order (with a similar limitation as to crossing) is also accepted, but only at the office on which it is drawn, and subject to the usual conditions for cashing Money Orders. Cheques bearing the words "account payee," are only accepted when drawn in favour of the depositor. Irish Cheques are accepted in Ireland only and Scotch Cheques in Scotland and Ireland only. Cheques drawn on Banks in the Channel Islands and the Isle of Man are only accepted at Post Offices in the Channel Islands and the Isle of Man respectively. Cheques made payable to Limited Liability Companies cannot be accepted from private individuals.

Receipts for Deposits.

Every deposit must be entered in the Depositor's book by the Postmaster or other person receiving it, who must affix to the entry his signature (or his initials) and the stamp of his office. **A Depositor should carefully examine his book before leaving the office to ascertain that the entry is correct, and he should keep his book in his own possession.**

In addition to the receipt in the book, the Depositor receives, for every deposit of £5 or over, an acknowledgment by post from the Central Savings Bank in London, and this should reach him within four clear days, exclusive of Sundays and Bank Holidays, if the

deposit be made in England or Wales, or within six days if it be made in Ireland or Scotland, except that where a deposit is made by cheque the acknowledgment is not despatched until a period of twelve days has elapsed, including the date of the deposit. The Depositor should see that the acknowledgment is quite free from erasure, and states the exact amount of the deposit, and the day on which the deposit was made. **If the acknowledgment does not reach the Depositor in proper time, or if when it reaches him it shows any signs of erasure or does not agree with the entry in his book, the Depositor should immediately apply to the Controller of the Savings Bank by letter, and should renew his application again and again until he obtains a satisfactory reply.**

It is not necessary that an acknowledgment should be addressed to a Depositor's place of residence, as it can be sent to a Post Office to be called for, or to any other address that may be furnished for the purpose at the time the deposit is made.

No acknowledgment is sent for any deposit under £5, the entry of such a deposit in the Depositor's Book being conclusive evidence of the sum deposited.

A Depositor may make or withdraw deposits at any Post Office transacting Savings Bank business without change of Deposit Book.

Interest on Deposits.

Interest at the rate of £2 10s. per cent. per annum for each complete pound (which is at the rate of sixpence a year, or one halfpenny a calendar month), is allowed on ordinary deposits, and also on any interest or dividends already credited to a Depositor's account. The interest is calculated from the first day of the calendar month next following the day on which a pound has been deposited, or completed, up to the last day of the calendar month preceding that in which a warrant for repayment is issued, and after each 31st December it is added to the principal (so long as the account remains open); but when, by the addition of interest or dividends, or by transfer from the account of a deceased person, the sum due in a deposit account is raised above 200l., interest is allowed on 200l. only. This restriction as to interest has reference only to those accounts to which the limit of 200l. is applicable.

Once in each year, on the anniversary of the day on which his first deposit was made, the Depositor should forward his book to the Controller of the Savings Bank, in order that it may be compared with the ledgers, and that the interest to the previous 31st December may be inserted.

An envelope for the transmission of the book can be obtained at any Post Office transacting Savings Bank business when the proper time for forwarding the book has arrived.

How to withdraw Money.—Ordinary Withdrawals.

When a Depositor wishes to withdraw money from his account, he should fill up and forward to the Central Savings Bank a **notice of withdrawal**, which he can obtain at any Post Office transacting Savings Bank business. He will then receive by post a **warrant**, which he should present, together with his book, at the Post Office where payment is to be made, and the Postmaster will take from him a receipt on the warrant. The receipt should be signed in the presence of the Postmaster (or other paying officer).

When an application for the withdrawal of money is made by more persons than one, they may request that the sum to be withdrawn may be paid to any one or more of them to the exclusion of the others, and in such case the warrant will be made out in the name or names of the person or persons specified in such request, and his or their receipt will be deemed to be the receipt of all the applicants.

Payment of a warrant is made only **to the person named in it**, or upon the production of an authority from that person, which may be given either as directed on the prescribed form of order obtainable at any Post Office transacting Savings Bank business, or by power of attorney under seal.

If the person to whom a warrant is made payable cannot write, he must, when he presents the warrant for payment, affix his mark to the receipt at the foot of the warrant in the presence of some person, known to the paying officer, who can identify the person applying for the money as the person named in the warrant. This person must also attest the mark by his written signature.

Note.—No application to withdraw money deposited should be made until an acknowledgment of the deposit has been received, or, if the amount of the deposit is less than £5, until four days (in England and Wales) or six days (in Ireland or Scotland) have elapsed since the date of the deposit. If a deposit is made wholly or partly by cheque, no application to withdraw the amount or any portion of it should be made until a period of twelve days has elapsed, including the date of deposit.

Withdrawal on Demand of Sums not exceeding £1.

Any sum not exceeding £1 can be withdrawn without notice at any Post Office transacting Savings Bank business. A form of application will be handed to the Depositor to fill in, and his receipt for the money will be taken on the same form. The book will be retained by the Postmaster for transmission to the Central Savings Bank, but will be returned to the Depositor in the course of a few days.

Payments without notice are only made to Depositors in person.

If a Depositor cannot write he must, unless personally known at the Post Office, be accompanied by some person known there who can vouch for his identity and attest his mark.

See also Note above.

Withdrawals by Telegraph and by return of Post.

A Depositor may obtain payment from his account of any sum not exceeding 10*l.* on the same day on which notice is given by defraying the cost of the necessary telegrams to and from the Controller, Savings Bank, London.

While every effort is made at the Chief Office to expedite the despatch of telegrams of advice, it is pointed out that payment by telegraph is defined by the regulations, framed under Act of Parliament, as payment on the day on which a Depositor gives notice of withdrawal, and not within a certain limit of time on that day.

A Depositor may also, at a less cost for telegraphing, obtain payment from his account on the day after giving notice (*i.e.*, by "return of post") of any sum not exceeding 20*l.* The "return of post" warrant is addressed to the Depositor at the Paying Office "to be called for" unless other directions are given in the telegram of withdrawal.

Applications for withdrawal by telegraph should be made between the hours of 9 a.m. and 4 p.m. (Saturdays 9 a.m. and 1 p.m.) at any Post Office transacting Savings Bank business which is also a Telegraph Office, but payment on the same day cannot be made at offices where telegraph business is restricted to the despatch of telegrams. The Depositor's Book must be produced in all cases.

See also "Note" on page 120.

Addition of Name. Transfer. Payment of Money on Death. Nomination.

Additional persons can be made joint proprietors of the moneys on an account; and deposits can be transferred from one account to another.

Special facilities are afforded for the repayment of small sums (not exceeding 100*l.*) on death. Many legal formalities are dispensed with, and depositors of the age of 16 and upwards can, by a simple printed form, nominate a relation or friend to receive their deposits.

Full information on all these matters can be obtained from the Controller of the Savings Bank. In the case of a claim on death a form of application should be obtained at a Post Office.

Transfer to and from Trustee Savings Banks, and to and from Government Savings Banks abroad.

A person may transfer his deposits from a Trustee Savings Bank to the Post Office Savings Bank, or *vice versa*, by obtaining a certificate of transfer, which will be accepted as a deposit of the amount therein set forth. Forms of application for certificates of transfer to a Trustee Savings Bank can be obtained at any Post Office transacting Savings Bank business.

Deposits may also be transferred to or from certain Government Savings Banks abroad.

Deposit Book.

If any Depositor loses his book, he should immediately give notice to the Controller and state the circumstances in which the book has been lost. The Controller should also be informed at what Post Office and in what year the account was opened, and what amount is believed to be due therein; the number of the book should also be stated, if possible. If the Depositor desires a new book, he must enclose Postage Stamps, or a Postal Order, of the value of one shilling, to pay for the new book.

No charge is made for the books at first supplied to Depositors, or for further books supplied when those in use are filled.

A deposit book is not a security for money lent, and no claim by any person holding a deposit book in respect of a loan can be recognised. Deposits in the Post Office Savings Bank are not liable to "Attachment," or to its Scotch equivalent "Arrestment."

Free Postage.

A Depositor residing within the United Kingdom need not pay any postage when communicating with the Controller on Savings Bank business, or when transmitting his book for examination.

Secrecy.

The officers of the Postmaster General engaged in the receipt or payment of deposits are not allowed to disclose the names of any Depositor, or any particulars of his account, except to the Postmaster General, or to such of his Officers as may be appointed to assist in carrying out the provisions of the Post Office Savings Bank Acts.

As already stated (page 119), Depositors may arrange to have their acknowledgments directed to a Post Office, to avoid calling attention to their accounts.

Arbitration as to Disputes.

All questions between the Postmaster General and any depositor, or between rival claimants to deposits, are determined by the Registrar of Friendly Societies, after hearing all parties, and no legal expense need be incurred.

Further Information.

Detailed information with regard to any other point connected with Savings Bank business may be obtained by writing to the Controller of the Savings Bank.

Personal Inquiries.

An Office for personal inquiries is open at the Central Savings Bank (Blythe Road, West Kensington, London, W.) from 9 a.m. to 4 p.m., Saturdays 9 a.m. to 1 p.m.

GOVERNMENT STOCK.

Investments.

A Depositor in the Post Office Savings Bank who desires to invest in Government Stock must send to the Controller an application signed by him on a Form to be obtained at any Post Office transacting Savings Bank business. Such investments can be made in Two and a Half per cent. Consolidated Stock, Two and a Half per Cent. Annuities, Two and Three Quarters per Cent. Annuities (1905), and Local Loans Three per Cent. Stock; and they can be made either by means of moneys deposited specially for the purpose, or by means of ordinary deposits made previously; or partly from the one and partly from the other.

The deposit book is also required in the Central Savings Bank, but where a deposit of 5*l.* or over is made for the purpose of immediate investment the book need not be sent with the application to invest. As soon, however, as the acknowledgment of the deposit is received by the depositor, the book must be forwarded in order that the necessary entries may be made therein.

Within seven days from the receipt of the application the investment will be made at the current price of the day on which the Stock is purchased, as certified to the Postmaster General by the National Debt Commissioners, and the Depositor's account will be charged with the cost of the investment and the commission, the necessary entries relating to the transaction being made in the Depositor's book. The Depositor will also be credited in the Government Stock Register of the Post Office Savings Bank with the equivalent amount of Stock, and a certificate of the investment will be sent to him by post.

Any amount of Stock, from one shilling upwards, may be purchased, subject to the following limits:

The **annual limit** for such investments (as regards the amount that may be credited to a Depositor in any year ending 31st December) is **200*l.* Stock**; but in addition to this amount a Depositor may purchase Stock to replace Stock previously sold in one entire sum during that year.

The **total amount of Stock standing to a Depositor's credit at any one time must not exceed 500*l.* Stock**; but if, having this amount, a Depositor reduces it, he will then be at liberty to make further investments (subject to the annual limit) until he again has **500*l.* Stock** to his credit.

Societies incorporated under the Building Societies Acts may also invest in Government Stock, and are not subject to the annual limit of 200*l.*, but only to the provision that the total amount of Stock credited to the Society shall not exceed 500*l.* at any one time.

Other Societies and Clubs, which have accounts with the Post Office Savings Bank, may invest in Government Stock, through the agency of the Post Office, in the same way as individual Depositors, viz., to the extent of 200*l.* Stock in one year, and 500*l.* Stock in all.

Investments in Government Stock can be made from the account of a minor under 7 years of age, provided the application to invest be signed by the person who, in the case of a first deposit, would be required to make the declaration. Minors over the age of 7 years may make investments and sell Stock in the same manner as persons of full age.

For the purpose of an immediate investment in Government Stock a deposit, or deposits, to an amount not exceeding the value of 200*l.* Stock with the commission, may be made in any year ending the 31st December, irrespective of the limits for ordinary deposits.

Sales.

A Depositor who desires to sell the Stock standing to his credit, or part of the Stock (not being less than 1*s.*), must send to the Controller of the Savings Bank, together with his deposit book and investment certificate, an application signed by him on a form to be obtained at any Post Office transacting Savings Bank business.

Within seven days of the receipt of such application the sale is effected at the current price of the day of sale, and a warrant is forthwith sent to the Depositor for the amount realised, less the commission.

Dividends.

The dividends in respect of Government Stock are credited to depositors' accounts as they become due. The dividends are due quarterly on the 5th January, 5th April, 5th July, and 5th October. They are entered in the Depositor's book when it is received in the Central Savings Bank for the annual examination.

Commission.

The commission chargeable upon investments in Stock (including the receipt of dividends) and on the sale of Stock is as follows:—

On Stock not exceeding 25 <i>l.</i>	-	-	-	-	-	0	9
„ exceeding 25 <i>l.</i> and not exceeding 50 <i>l.</i>						1	3
„ „ 50 <i>l.</i>	„	„				75 <i>l.</i>	1 9
„ „ 75 <i>l.</i>	„	„				100 <i>l.</i>	2 3
„ „ 100 <i>l.</i>	„	„				200 <i>l.</i>	2 9

with a further charge of 6*d.* in respect of every 100*l.* or part of 100*l.* Stock above 200*l.*

Loss of Investment Certificate.

On proof to the satisfaction of the Postmaster General of the loss or destruction of an investment certificate, a new certificate may be obtained.

Stock Certificates.—Transfer to Bank of England.

A depositor may take his Stock out of the Savings Bank without selling it, either by obtaining a Stock Certificate with Coupons for Dividends annexed, or by transferring the Stock into his own name at the Bank of England. Forms for either purpose will be supplied by the Controller of the Savings Bank on application.

When Stock has thus been taken out of the Savings Bank, fresh investments may be made through the Savings Bank, subject to the limits of 200*l.* in the year, and 500*l.* in all.

Transfer to Trustee Savings Bank.

When a Savings Bank Depositor having Stock standing to his credit transfers his account to a Trustee Savings Bank, his investments in Stock will also be transferred.

Deposit Books to be forwarded in Special Envelopes.

A deposit book sent to the Central Savings Bank in connection with a transaction in Government Stock should be enclosed in a special **green envelope**, which can be obtained at any Post Office transacting Savings Bank business.

General.

The price at which Stock will be purchased or sold is dependent on the fluctuations of the Market, and cannot be stated beforehand; nor can the Post Office undertake to effect an investment at any particular price. The price of Stock can, however, be ascertained approximately from the financial articles in the daily newspapers.

The Post Office cannot undertake to advise Depositors as to their transactions, its position being that of an agent only; nor is the Postmaster General liable for any losses which may be sustained owing to a fall in the price of Stock between the dates of purchase and sale.

The rules in force as to cash deposits in the Post Office Savings Bank (*see* pages 115-122) apply also to Stock so far as they are consistent with the special Stock rules and the character of Stock,

GOVERNMENT ANNUITIES AND LIFE INSURANCES.

ANNUITIES.

Immediate or Deferred Annuities from 1% up to 100% may be purchased through the agency of the Post Office Savings Bank, on the life of any person over 5 years of age. If the amount of an Annuity purchased is less than 100%, further Annuities may be purchased until that limit is reached. These Annuities are payable by equal half-yearly instalments on the 5th January and the 5th July, or on the 5th April and the 10th October, according to the date of purchase.

A form of proposal can be obtained at any Post Office transacting Savings Bank business.

Husband and wife may each purchase an Annuity for 100%.

Terms of Purchase.

The sums charged for the purchase of Immediate Annuities or Deferred Annuities, vary with the age* and sex of the person on whose life the Annuity is to depend, and in the case of Deferred Annuities with the number of years to pass before the commencement of the Annuity, and with the conditions of the contract as to the return or non-return of the purchase money.

The rates for immediate annuities are given on page 857.

Full tables of other rates can be seen at any Post Office transacting Savings Bank business, and the cost of an Annuity in any particular instance and any other information can be obtained on application to the Controller of the Savings Bank.

Deferred annuities can be purchased either by the payment of a lump sum or by annual instalments.

Joint Annuities.

Any two persons may purchase an Immediate Annuity on their joint lives, with or without continuance of the Annuity to the Survivor. The cost of any joint Annuity will be furnished on application being made to the Controller of the Savings Bank, giving the age and sex of each of the persons on whose lives the Annuity is to depend.

Life Certificates.

Before any-half-yearly instalment of an Annuity can be paid, the person on whose life the Annuity depends must be proved to be alive

* A certificate of birth or baptism is required as evidence of age.

on the date the instalment becomes due. A Form of Life Certificate for this purpose is provided by the Postmaster General.

LIFE INSURANCES.

Life Insurances from £5 to £100 may be effected on the lives of persons between 14 and 65 years of age; children between 8 and 14 years of age, can be insured for £5.

If the amount of the insurance effected on a life is less than 100*l.* further insurances may be effected until that limit is reached.

The premiums charged for the insurance of lives vary with age and mode of payment.

The following examples show various ways in which Insurances may be effected :—

The life of a man or woman between 24 and 25 years of age may be insured for 10*l.*

	£	s.	d.
By an annual payment throughout life of	-	0	4 4

By a single payment of	-	4	9 0
or,			

The payment of a sum of money may be insured on the attainment of the age of 55, 60, or 65 years, or sooner in the event of death, by the payment of a single or annual premium, and the payment of a sum of money may be insured at the expiration of 10, 15, 20, 25, 30, 35, or 40 years, or sooner in the event of death, by the payment of a single premium according to the age of the insured person.

Proposals.

Forms of proposal may be obtained at any Post Office transacting Savings Bank business.

Insurance without Medical Examination.

Insurances from 5*l.* to 25*l.* inclusive may be effected **without a medical examination** upon production of satisfactory evidence as to health; but in such cases if the insured person should die before the second annual premium becomes payable, the amount of the first premium, and no more, will be paid to his representatives, and if he should die after the payment of the second annual premium and before the third premium becomes payable, half the amount insured, and no more, will be paid to his representatives. In either of these cases, however, if it shall be proved to the satisfaction of

the Postmaster General that the death of the insured person was caused by accident, the full amount insured will be paid. In any case, immediately **after the payment of the third annual premium** the insured person is entitled to the full benefit of insurance.

Insurance with Medical Examination.

Persons proposing to insure for more than 25*l.* must undergo a Medical Examination by a medical practitioner appointed and paid by the Postmaster General. Persons proposing to insure for sums up to 25*l.* inclusive may undergo a Medical Examination, if they so desire, by payment of a fee of 2*s.* 6*d.* to the medical examiner. In all cases of insurances granted after Medical Examination the insured person is entitled to the full benefit of insurance immediately the policy is granted.

Option to decline Application.

The Postmaster General reserves to himself the right of declining to insure any life that may be presented.

Husband and Wife.—Married Women.

A **husband and wife** may each be insured to the full amount of 100*l.*

A **married woman** may effect an Insurance upon her own life or the life of her husband for her separate use; and all benefits of the Insurance will in such cases accrue to her.

A **married woman** may effect an insurance on her own life for the benefit of her husband or of her children, or of her husband and children, or any of them.

A **man** may effect an Insurance on his own life for the benefit of his wife, or of his children, or of his wife and children, or of any of them.

Nominations.

Any person, not under the age of 16 years, to whom an insurance is granted may nominate any person or persons to receive the money due at death, and a form of nomination, with full instructions as to filling it up, can be obtained upon application to the Controller of the Savings Bank.

Surrender Value.

If, after having paid not less than two annual premiums an insurant should be unable to continue or should desire to discontinue the payments, such sum of money will be returned as the National Debt Commissioners shall determine to be the surrender-value of the contract.

Residence Abroad.

Permission is granted on application to persons over 30 years of age, who have been insured 5 years, to reside in any part of the world, without the payment of any extra premium.

PAYMENT OF PREMIUMS

In connection with Annuity and Insurance Business.

The premiums are payable through the medium of Savings Bank deposit accounts, and are accepted in addition to ordinary deposits and deposits for immediate investment in Government Stock.

So long as there is a sufficient sum standing to the credit of the deposit account, each premium is deducted as it becomes due without the Depositor being troubled in the matter, and notice of the deduction is sent as evidence that the premium has been paid. If the balance in the account is insufficient to cover any premium the Depositor is informed accordingly, in time to make a deposit. If desired, the premiums can be transferred from the account of any person other than the Annuitant or Insurant with the consent in writing of the Depositor.

Members of Friendly or Provident Societies may pay their premiums through these Societies by arrangement with the Postmaster General and the Societies. Employers wishing to encourage provision for old age amongst their employees can make arrangements with the Savings Bank for the purchase of Annuities and the payment of the premiums. The premiums in connection with contracts granted to the employees of Firms and Public Bodies can be paid in instalments by arrangement with the Postmaster General.

PAYMENT OF INSURANCE AND ANNUITIES.

All amounts due in respect of Annuities or Insurances are credited to the Annuitants' or Insurants' Savings Bank accounts, and are paid at any Post Office transacting Savings Bank business by means of Warrants drawn on those accounts.

On the death of an Annuitant a single payment equal to one-fourth part of the annuity is made to the representatives, if claimed within two years.

If further information is required in connection with Annuity and Insurance business, application should be made to the Controller of the Post Office Savings Bank, London, W.

EXCLUSIVE RIGHTS OF THE POSTMASTER GENERAL.

Postal.

Subject to certain exceptions, the Postmaster General possesses, by virtue of the Post Office Acts, **the exclusive privilege of carrying letters** from place to place, and of performing all incidental services such as those of collecting and delivering letters.

The principal exceptions are—

Letters sent by a private friend, on his journey, to be delivered to the person to whom they are directed.

Letters sent by the servant of the sender or by a special messenger employed by him.

Letters concerning goods sent by carrier, such letters being carried gratuitously and delivered with the goods to which they relate.

But no collection of letters of any kind (whether exempt from the Postmaster General's privilege or not) can be made for the purpose of conveyance or delivery, and carriers are specially prohibited from carrying letters.

Railway Companies are carriers, and no letter may be sent by a Railway Company except in the Postmaster General's Mails or under the arrangement as to single letters detailed on pages 38-40.

Penalties are imposed for any infringement of the Postmaster General's rights.

Telegraphic.

Subject to certain exceptions, the Postmaster General possesses, by virtue of the Telegraph Acts, **the exclusive privilege of transmitting telegrams within the United Kingdom**, and of performing all the incidental services of receiving, collecting, and delivering telegrams.

The term "telegram" means any message or other communication transmitted or intended for transmission by telegraph, and the term "telegraph" means a wire or wires used for the purpose of telegraphic communication, whether worked by electricity or not, and any apparatus connected therewith, and also any apparatus for transmitting messages or other communications by means of electric signals, whether involving the use of wires or not. Thus the term telegram includes spoken telephonic messages, and messages sent by wireless telegraphy.

Under certain exceptions contained in the Telegraph Act, 1869, private persons, corporations, or companies may establish telegraphic communication between themselves and their servants or agents for the purpose of transmitting telegrams which relate solely to their own business or private affairs, but telegraphic communications between two persons having independent interests are not permissible without the Postmaster General's licence (Telegraph Act, 1869, Sections 4 and 5). Thus a merchant may establish telegraphic communication between his home and his office, or between his head office and a branch office, for the purpose of transmitting messages connected with the transaction of his business; but he may not establish telegraphic communication with another merchant with whom he does business, nor may the two combine to establish such communication.

Foreign telegrams, *i.e.*, telegrams transmitted to or from any place out of the United Kingdom, are not within the Postmaster General's monopoly.

Persons infringing the Postmaster General's monopoly are liable to penalties (Telegraph Act, 1869, Section 6).

Wireless Telegraphy,

Under the Wireless Telegraphy Act, 1904, no person may establish a wireless telegraph station or instal or work any apparatus for wireless telegraphy in any place in the British Isles or on board any British Ship in the territorial water abutting on the coast of the British Isles except under a Licence granted by the Postmaster General.

Wireless telegraphy is defined to mean any system of communication by telegraph without the aid of any wire connecting the points from and at which the messages or other communications are sent and received.

Penalties are imposed for contravention of the Act.

Imitation of Post Office Forms.

The Post Office Act, 1908, forbids the manufacture and use of fictitious stamps and of forms in imitation of postal or telegraphic forms. Telegram forms and envelopes come within this enactment.

The Act also forbids the imitation of postmarks.

Penalties are imposed for any contravention of the Act.

HOURS OF BUSINESS.**WEEK DAYS.****In the Provinces.**

Provincial Post Offices in town and country are generally open for every kind of business from 8 a.m. to 8 p.m., except on Public Holidays. At small Sub-Offices, where neither Money Order nor Telegraph business is transacted, public business is in many cases limited to eight hours a day.

At all offices which are open for more than twelve hours a day, postage stamps are sold, correspondence registered, parcels accepted, and postal orders sold and paid during the extended hours. No postal order business is, however, transacted before 7 a.m. or after 10 p.m.

The usual hours of **Telegraph business** are from 8 a.m. to 8 p.m. Any exceptions are shown on pages 142 to 500.

Telegrams handed in just before the closing time of the office of delivery cannot always reach their destination until the next morning.

Many Town and Country Sub-Offices are closed early one day in the week, especially when there is a local half-holiday. Telegrams are then delivered from a neighbouring Office free of charge, if for an address within three miles of that Office, or within a Town postal delivery, or within the free telegraph delivery area of a closed Town Sub-Office. Otherwise portorage is charged at the rate of 3d. for each mile or part of a mile beyond the three mile limit.

In London.

At the **General Post Office, St. Martin's le Grand**, every description of Postal business is transacted between the hours of 6.45 a.m. and 10 p.m. For Telegraph business and the sale of stamps the Office at the corner of Newgate Street is open always.

The **Principal Offices** in the several Districts are open as under :—

Western Central District Office	.	} 7.0 A.M. to 11.0 P.M.
Eastern District Office	. . .	
Northern District Office	. . .	
South-Eastern District Office	. . .	
South-Western District Office	. . .	
Western District Office	. . .	
Paddington, Spring Street	. . .	
Norwood	- 8.0 A.M. to 11.0 P.M.
Battersea	- 8.0 A.M. to 10.0 P.M.
North-Western District Office	- 8.0 A.M. to 8.0 P.M.

At these Offices every kind of business is done during these hours except Money Order and Savings Bank business, which is done only between 8.0 a.m. and 8.0 p.m.

The hours of business at all Post Offices in the London Postal Area are from 8 a.m. to 8 p.m., unless otherwise shown at pages 598 to 619.

Postal Orders are issued and paid, and Stamps are sold, during the time the office is open.

The hours of business at Railway Station Telegraph Offices are shown at pages 620 to 621.

For late fee posting at Post Offices and Railway Termini in London, see pages 592 to 595, and 766 to 769.

SUNDAY, CHRISTMAS DAY, AND GOOD FRIDAY.

In the Provinces.

All Head Offices in the Provinces and most Sub-Offices are open on **Sunday** mornings for the sale of postage stamps, the registration of correspondence (except parcels), and, if telegraph offices, for telegraph business.

The usual hours are **from 9.30 a.m. to 10 a.m.**, but in Scotland telegraph business is, as a rule, transacted from **9 a.m. to 10 a.m.** only. Some offices, however, are open in the afternoon or evening for telegraph business and the sale of postage stamps.

These regulations apply to **Christmas Day** and **Good Friday**, except in Scotland, where Post Offices are open as on week days.

At Offices served by Rural Postmen the despatch of letters is as a general rule made early in the day.

At no place in **England** or **Ireland** is there more than one delivery of letters on Sunday, Christmas Day, or Good Friday. Places which have no Sunday delivery are indicated in the list on pages 142-500.

In **Scotland** few places have any delivery by Postmen on Sunday, but letters can be obtained at most Head Post Offices. These places are indicated in the list on pages 501-588.

At any place in the United Kingdom where there is a Sunday delivery any person can have his letters retained in the Post Office on Sunday by addressing to the Postmaster a written request, duly signed; and such request will be held to include all kinds of correspondence, even such as may be marked "immediate," as no distinction can be allowed. No correspondence the non-delivery of which by Postman on Sunday has been directed can be obtained from the Post Office on that day.

There is **no delivery of parcels on Sunday** in any part of the United Kingdom, nor are parcels accepted for transmission.

On Christmas Day and Good Friday, in England and Ireland, there is one delivery of parcels, but parcels are not accepted for transmission; in Scotland, parcel post business is transacted as usual during the time the office is open.

Private box-holders may, if they choose, apply for letters at the Office on Sunday while it is open for delivery to callers. Private boxes and bags may also be rented for use on Sunday only. For particulars see page 46.

Applications for the **establishment or general discontinuance of the delivery on Sunday in Towns** or for other changes of Sunday service can only be entertained if they are supported by the local authorities, and if satisfactory evidence is afforded that the inhabitants are substantially unanimous in desiring the change.

The regulations as to the establishment, discontinuance, or alteration of Sunday Posts in **Rural Districts** are as follows:—

(a) A Sunday Post cannot be established unless the extra cost is warranted.

(b) Before a Sunday Post can be established or discontinued, or existing Sunday arrangements altered, evidence must be adduced that the change is desired by the inhabitants generally. In most cases the evidence required is a resolution by the Parish Council or other local authority passed in due form by a majority of not less than two-thirds of those present, and an assurance that the resolution represents the views of the inhabitants generally on the subject.

(c) As a Rural Postman usually returns to his starting point on Sunday about an hour after the completion of his delivery, applications for Sunday afternoon or evening collections of letters are not, as a rule, entertained.

In London.

All Post Offices in the London Districts are closed on Sunday, with the exception of those specially indicated on pages 598-619, which are **open for Telegraph business** and for the sale of postage stamps during the hours stated on those pages. **Railway Telegraph offices open on Sunday** are shown on pages 620-621.

The Sunday arrangements for posting correspondence for the Provincial and Foreign Night Mails are indicated on pages 596-597 and 770-771. There is also a general collection about Midnight for the **early Day Mails** to the Provinces and for the first delivery in London on Monday. For particulars see pages 691-709.

There is no delivery of ordinary Letters or Parcels in London on Sunday, but Express Letters are delivered under the conditions set forth at pages 35 and 36.

On **Christmas Day** and **Good Friday** postage stamps can be purchased and Letters registered for the Night Mails between 5.0 p.m. and 7.0 p.m. at the General Post Office, St. Martin's le Grand, the North-Western District Office, and Charing Cross Post Office. Certain Telegraph Offices are open for the receipt and despatch of telegrams, and for telephone business where the office is a Telephone Call Office. At these offices postage stamps may be purchased, Letters registered for the Night Mails, and Express Correspondence accepted for despatch by the Provincial and Foreign Night Mails. Express Letters for despatch by Provincial and Foreign Night Mails may, however, be posted in the pillar and wall boxes. There is the usual morning delivery of Letters and Parcels except when Christmas Day falls on a Sunday, when Parcels and Express Letters only are distributed. No Express Correspondence is accepted for delivery under Service I. The Night Mail collection for the Provinces and abroad is made, except when Christmas Day falls on a Sunday, from the General Post Office, Head District Offices, certain other Post Offices, and the pillar and wall boxes in the Head and Sub. districts of London. No collection of Parcels is made.

PUBLIC HOLIDAYS.

In the Provinces.

On **Bank Holidays** in **England** and **Ireland**, and on **Public Holidays** (exclusive of New Year's Day) in **Scotland**, the public counter at Head and Branch Offices, and at Town and Country Sub-Offices, which are also Telegraph Delivery Offices, is open, as a rule, as on other days for the sale of Postage Stamps, Registration of Letters, Telegraph, Parcel Post, and Express Delivery business, but ordinary Money Order, Savings Bank, and Postal Order business is suspended at 12 noon.

Telegraph Money Order business is transacted at Head Offices and at most Country Sub-Offices as on ordinary days, but not at Branch Offices or Town Sub-Offices.

Some of the smaller Town and Country Telegraph Delivery Sub-Offices are closed at 12 noon or altogether, and in these cases the arrangements for the delivery of telegrams are the same as on weekly half-holidays. See page 132.

Town Sub-Offices which are not Telegraph Delivery Offices are, as a rule, closed entirely on Bank Holidays.

Village Post Offices at which telegraph business is not transacted are, as a rule, open for only a short time on Bank Holidays, usually in the morning, while some of the less important offices are closed altogether. The hours of public business are announced locally.

In **England and Ireland on Bank Holidays**, and in **Scotland on New Year's Day**, there is only one delivery of letters and parcels, and, as a rule, only one despatch. At Offices served by Rural Postmen the despatch of letters is generally made early in the day.

In **Scotland on Sacramental Fast Days** (where observed), and on **Holidays fixed by Local Authorities**, there is generally only one delivery by Postmen.

In **Scotland on New Year's Day**, Money Order (including Telegraph Money Order), Postal Order, and Savings Bank business is not transacted.

In London.

On **Bank Holidays** the General Post Office, St. Martin's le Grand, Head District Offices, and certain other Offices are open for the transaction of all business except Savings Bank and ordinary Money Order business. Telegraph Money Orders are issued and paid only at St. Martin's le Grand, the Head District Offices, and the Charing Cross Office. Express Correspondence for the Provinces and abroad is accepted at post offices which are open, and Express Letters may be posted in any pillar or wall box. Telephone business is transacted at Telephone offices. The first morning delivery of Letters and Parcels is made throughout London. The evening collection of **Letters** for the Provincial and Foreign Night Mails, and the usual Midnight collection, is made throughout London, but the only collection of **Parcels** is made during the morning from offices which are open.

MISCELLANEOUS REGULATIONS AS TO STAMPS.

Use of Cut-out Stamps.

Embossed or impressed postage stamps cut out of envelopes, post-cards, letter-cards, newspaper wrappers, or telegram forms may be used as adhesive stamps in payment of postage provided they are not imperfect, mutilated, or defaced in any way. Embossed or impressed Inland Revenue stamps cannot be used in payment of postage, and stamps indicating the payment of a registration fee may only be used for registered correspondence.

Spolied Stamps.

Payment of postage cannot be made by means of imperfect or defaced postage stamps. Stamps are considered defaced when marked on the face with any written, printed, or stamped characters. Stamps may, however, be perforated with initials (but not with names or trade marks) provided that the perforating holes are no larger than those dividing one stamp from another in a sheet of stamps. The work of perforating stamps with initials is left to private enterprise. Any officer of the Post Office who undertakes the business does so in his private capacity and not as an agent of the Postmaster General, who has no responsibility in the matter.

Applications for the recovery of the value of spoiled postage stamps, or spoiled or unused Inland Revenue stamps, can be made in London to the Controller of Stamps, Somerset House, W.C., and to the Postmaster at most large Post Offices in the provinces.

Stamps Bought from the Public.

Persons wishing to sell Postage Stamps must fill up a form, obtainable at any Post Office, stating the value of the stamps, and the name, address, and occupation of the vendor. The form and stamps should then be handed in at any Money Order Office and an acknowledgment obtained. An order for the payment of the face value of the stamps, less 5 per cent. commission, will be sent by post from the Chief Office of Account, London, Dublin, or Edinburgh. No smaller amount than one pound's worth will be purchased from one person.

Impression of Postage Stamps on Cardboard, &c.

Paper and Cardboard can, on certain conditions, and when presented at the Inland Revenue Office, Somerset House, London, W.C., be impressed with postage stamps.

LICENCES.

In England and Wales, the following Local Taxation Licences can only be obtained from the Post Office:—

(1) At all Money Order Offices:—

Dog.
Gun.

Male Servants.
Carriage (15s. only).

(2) At all Money Order Offices where there is a demand for them:—

Carriage.
Motor.
Armorial Bearings.
Private Brewer.

Game.
Game Dealer.
Gamekeeper.

(3) At all Head Offices (with a few exceptions) and at some London and Provincial Branch Offices—

Establishment Licences in Schedule form.
Hackney Carriage.

Hackney Motor.
To keep Hounds.

In Scotland, Dog and Gun Licences are issued at all Money Order Offices; Establishment, Motor, Private Brewers', Game and Gamekeepers' Licences at some Money Order Offices.

In Ireland, Gun Licences and Game Licences are issued at some Money Order Offices.

CUSTOMS, EXCISE AND INLAND REVENUE BUSINESS.

Free Money Orders for Customs, Excise and Inland Revenue Purposes.

Money Orders for Amounts not exceeding £40 are issued, free of charge, in favour of "The Commissioners of Customs," when required for the remittance of

Beer Duty.
Corporation Duty.
Income Tax.
Inhabited House Duty.
Land Tax.

Legacy Succession and Death Duties.
Probate and Estate Duty.
Excise Licence Duty (only in the case of Licences not obtainable at Money Order Offices).

In Scotland they are also issued free of charge in payment of the duty on Hackney Carriage or Hackney Motor Licences.

The Official "Notice to Pay" must, in each case, be presented for inspection when the Order is applied for, and the conditions stated in the notice must be complied with.

Free Money Orders are also issued for the Stamp Duties on parcels of documents sent for stamping, which are too heavy to be sent by post (*see* "Stamping of Documents" below and on p. 141). Particulars can be obtained at any Money Order Office.

Inland Revenue Stamps.

Stamps issued solely for Inland Revenue purposes, whether impressed upon paper or parchment, or adhesive, can be obtained through all Money Order Offices in England and Wales, and through certain selected offices in Scotland and Ireland, and Postmasters are instructed to keep a stock of those classes of stamps for which there is a demand. The same regulation applies also to the supply of Fee Stamps of every kind.

Ordinary Postage and Revenue Stamps available for certain documents.

Ordinary adhesive Postage and Revenue Stamps may, as a rule, be used for the purpose of denoting Stamp Duties up to a limit of 2s. 6d., where adhesive stamps are admissible for that purpose.

One or more Postage and Revenue Stamps may be used to make up the Duty.

Stamping of Documents, &c.

On the prepayment of the proper duty, any executed or unexecuted documents or printed forms can be left at any Money Order Office in England and Wales, and at certain offices in Scotland and Ireland, to be forwarded for stamping, without charge for transmission, provided that the value of the stamp on any document or form does not exceed the limit which may be in force at the Money Order Office concerned. Executed documents can, as a rule, be reclaimed the second day after being left.

Parcels of documents exceeding 11 lb. in weight cannot be sent by post, but should be sent by some other means. Full information can be obtained at any Money Order Office.

SALE OF PARLIAMENTARY PAPERS, ACTS OF PARLIAMENT, AND GOVERNMENT PUBLICATIONS.

The Post Office assists in the sale of Parliamentary Papers, Acts of Parliament, and Government publications, to the following extent:—

Catalogues are kept available for inspection by the public at about 70 Head Post Offices in England and Wales, together with Forms of Order in which purchasers may insert the name of the Paper or Act which they require.

The price of the Parliamentary Paper or Act required should be enclosed with the order form to Messrs. Wyman and Sons, Limited, Fetter Lane, London, E.C., and the postage of the order must be prepaid by the sender.

PUBLIC NOTICES AND PAPERS.

Government Notices with reference to Enlistment, to Emigration, and to some other matters of public interest are exhibited at Post Offices, and pamphlets on some of these subjects can be obtained on application.

LIST OF PROVINCIAL OFFICES IN THE UNITED KINGDOM.

(Including those in the Isle of Man, and the Orkney, Shetland, Scilly, and Channel Islands.)

NOTES AND EXPLANATIONS.

This list comprises in the **first column** the names of all **Post Offices** (with a few unimportant exceptions) outside the London Postal District, and includes the names of **Railway Stations** and other offices **transacting Telegraph business** when there is no Postal Telegraph Office serving the place of the same name.

Head offices are printed in **CAPITALS**.

Other principal Offices at towns or villages are printed in **antique**, thus :—

Stoneclough.

Town Sub-Offices, i.e., offices which as a rule do not bear the name of the town or village, but of some street or quarter are printed in *italics*. **Branch Offices** in a town are also printed in *italics*, but are distinguished by the letters **BO**.

Railway Stations and other offices which are not Post Offices are printed in small upright type thus :—

Mandborough Railway Station.

In the **second column** is indicated the **character of the business** transacted at the Post Office, Railway Station, or other office.

Business of all kinds, except in some cases telephone business, is **transacted at every Head Office**.

With very few exceptions **Postal Orders** are issued and paid at **all Post Offices**. The symbol **O** indicates the exceptional cases.

The letter **M** appearing in the second column opposite to the name of an office not a Head Office indicates that **Money Order, Savings Bank, Annuity, and Insurance** business is transacted at that office.

The letter **T** opposite to the name of an office indicates that **Telegraph business** is transacted at that office.

Every Post Office described as a **Telegraph Office (T)** delivers **Express correspondence**.

Every **Money Order Office** described as a **Telegraph Office (T)** pays **Telegraph Money Orders**.

In a few cases telegrams are received from the public for despatch, but are not delivered. At these offices **Telegraph Money Orders** are issued but are not paid. They are distinguished by the letter t.

The symbol **T** appearing in the second column opposite the name of an office indicates that a **Call office** on the **general Telephone System of the country** will be found either at the Post Office or elsewhere in the town or place. When the symbol appears opposite the name of a *Branch Office* or *Town Sub-Office*, as well as opposite the name of the **Head Office**, it denotes that there is a **Call Box** at that office.

The symbol **T Ex** denotes an office from which Telephone messages may be forwarded as telegrams, express letters, or ordinary letters.

At **Railway Stations** where **Telegraph business is transacted**, telegrams are sometimes delivered in the neighbourhood, sometimes only at the station, and sometimes not at all, the office in the last case being open only for the despatch of telegrams. The letter **D** in the second column indicates that there is a general delivery, **rD** indicates delivery at the station only, and **nD** indicates that there is no delivery.

Where **Money Order business is not transacted** at an office mentioned in the first column, the **nearest office** at which such business is transacted appears in the **third column**, followed by the letter **M**.

Where **Telegraph business is not transacted** at an office shown in the first column, the **nearest office** at which such business is transacted is shown in the **third column**, followed by the letter **T**.

Where the **Telegraph Office** is situate **more than three miles** from the office specified in the first column, the **number of miles** is shown thus : **T 4**. No charge is made for delivery up to three miles. Beyond three miles the charge is 3d. for each mile or part of a mile, the distance being calculated from the limit of free delivery (see page 78).

The name of a **Telegraph Office** is sufficient in the **address of a telegram** without the addition of a post town or county, unless such name (1) appears in the third column followed by the name of a post town or county, or (2) is printed in the first column in italics, in which case the name of the post town must be added,

144 *List of Provincial Offices in the United Kingdom.*

The ordinary hours during which **Telegraph Offices** are open on week days in **England** and **Scotland** are from **8 a.m. to 8 p.m.**, and in **Ireland** from **8 a.m. to 8 p.m. Irish time (i.e. 8.25 a.m. to 8.25 p.m. Greenwich time)**.

On **Sundays** the hours in **England** and **Wales** are from **8.30 a.m. to 10 a.m.**, in **Scotland** from **9 a.m. to 10 a.m.**, and in **Ireland** from **8.30 a.m. to 10 a.m. Irish time (i.e. 8.55 a.m. to 10.25 a.m. Greenwich time)**.

Town Sub-Offices are as a rule closed on **Sundays**.

Exceptional hours for Telegraph business are indicated in the third column. Where no day is specified the exception relates to week-days; where the prefix (**Sun.**) occurs, to **Sundays**.

For further particulars of Hours of Business, *see* pages 132 to 136.

Offices at which there is **no Sunday delivery** of letters are distinguished by the letters **nS**.

There are, however, a few offices not so distinguished at which there is only a restricted delivery on **Sundays**, or only a delivery to callers at the Post Office.

In the case of the larger offices full particulars as to the **Sunday delivery arrangements** will be found in the **Table of Provincial Mails** (pages 501-588).

MAILS BETWEEN LONDON AND PROVINCIAL POST OFFICES.

The following tables show the Mail Service between London and all Post Towns and a large number of other Post Offices in the United Kingdom.

The first column gives the name of the Provincial Post Office.

The second column indicates the Railway Station in London at which late fee letters can be posted under the arrangement shown on p. 595.

The third column gives the latest time of posting letters on week days for each despatch at the General Post Office, St. Martin's le Grand. For posting for Sunday Night Mails, see pp. 596, 597.

The fourth column shows the approximate time of delivery for each Mail in the town named in the first column.

The fifth column gives the latest time of posting at the Head Office of the town of despatch.

The sixth column gives the approximate time of delivery in the Eastern Central (City) district of London. (On Saturdays the deliveries made at 3.15 p.m., 5.15 p.m., and 7.15 p.m. are suspended, the correspondence being delivered about one hour later in each case.)

Mails which connect with the 8.15 a.m. and 9.15 p.m. deliveries in the Eastern Central District connect as a rule with the first and last deliveries throughout the London District.

The times of posting in the London Head Districts corresponding to those shown in the third column of the table are shown on p. 590.

The times of posting for the General Night Mails (8.0 p.m. at the General Post Office) in the Sub-districts of London are shown in the tables on pp. 692-708.

For late fee posting for the Night Mails see p. 592.

When a time of delivery is shown in brackets it denotes a delivery to callers only.

Unless the contrary is expressly stated, all places in this list have a delivery by postman on Sunday morning.

Where two times of posting are given for the same Mail, the first time is to be considered as affording the safer connection.

LIST OF PRINCIPAL STREETS AND LOCALITIES IN THE LONDON POSTAL DISTRICTS.

The first column of this list contains in alphabetical order the names of the principal streets and localities in the London Postal Districts.

For the smaller streets which do not appear in the list the name of the nearest important street or road or of the locality should be consulted.

When, however, the main street or road is in one postal district and the smaller streets in another the names of the latter are given in the list.

The name of each street is followed by the initials denoting the Postal District in which it is situated. These initials should always be used in addressing correspondence.

Streets formerly comprised in the North-Eastern District, now incorporated in the Eastern District, are shown in this List as N.E., and these initials may, if preferred, be adopted.

Column A indicates the nearest Money Order Office to each street, and

Column B the Office for payment of Telegraph Money Orders, so that any person wishing to remit money to an address in London can ascertain on what office a Money Order should be drawn.

Column C shows the nearest office to any address to which messages may be telephoned for delivery as express letters, ordinary letters, or telegrams.

These columns are intended to be used in connection with the list of offices given on pages 599-619, the reference numbers corresponding with the numbers prefixed to the names of offices in that list.

POSTAL SERVICE IN LONDON DISTRICTS.

The following table gives particulars of the Postal Service in the various Head Districts and Sub-Districts of London:—

The first column shows the name of the District and Sub-District and the principal Office.

The second column shows the approximate times of collection from the various letter boxes in the Head District or Sub-District; the times vary according to the distance of the letter box from the principal Office. The collections are made on week days only, except where otherwise shewn.

On Sundays there is only one collection, viz., at midnight, except where otherwise specified in the table. This collection connects with the first delivery on Monday morning in all parts of London and with the early morning mails to the Provinces.

Correspondence may, however, be posted on payment of a special fee in addition to the postage at certain offices and times specified in the tables on pages 596 and 770 to connect with the Sunday night mails to the Provinces and to the Continent.

For local deliveries letters may usually be posted at the principal Office in the Head District or Sub-District somewhat later than the times shewn; at principal Offices these particulars are given on the Window Notices.

The third column gives the times of deliveries corresponding to each collection, (1) in the Head District or Sub-District in which the letters are posted, (2) in the other Head Districts of London, (3) in the other Sub-Districts.

There is no delivery in London on Sundays, except by Express delivery service, *see* p. 35.

The fourth column gives for each collection the corresponding times of posting at the G.P.O. for Provincial Mails (pp. 501-588).

The latest times of posting letters for the General Inland and Foreign Night Mails and for delivery in London the same evening are indicated by the use of heavy type. (For late fee posting, *see* pp. 592 and 766.)

The boundaries of the Postal Districts and of the Head and Sub-Districts are shewn on the Map of London. Localities formerly comprised in the North-Eastern District are now incorporated in the Eastern District.

RADIOTELEGRAMS TO AND FROM SHIPS AT SEA

Radiotelegrams are accepted at any Telegraph Office for transmission from various Coast Stations (both in the United Kingdom and abroad) to certain of the principal Ocean Liners, and also to certain Mail Packets. Radiotelegrams from ships are also received at such stations, and are thence transmitted to their destination by wire.

Address.—In the address of a radiotelegram for a ship there should appear (1) the name of the addressee, (2) the name of the ship, and (3) the name of the Coast Station from which the radiotelegram is to be signalled. Thus, a radiotelegram for delivery on board the Steamship "New York" should be addressed to (say) "Jones, Steamship New York, Lizard."

Radiotelegrams from Ships.—In the case of a radiotelegram from a ship, the word "Radio" appears (as an indication of the manner in which the message has been transmitted) in the delivered copy in the space provided for the name of the office of origin, together with the name of the Coast Station through which the radiotelegram has been sent, and that of the ship on which it originated.

Counting of Words, etc.—All radiotelegrams to and from ships, whether transmitted through British or through Foreign Coast Stations, are subject to the same rules, with regard to the counting of words, etc., as Foreign and Colonial Telegrams (see pp. 86, 87).

Telegrams not admitted.—The following classes of telegrams (although admitted in the ordinary international service) are not admitted in the radiotelegraphic service:—

- (A) Telegrams with prepaid replies.
- (B) Telegrams repeated at the request of the sender to ensure accuracy.
- (C) Telegrams with notice of delivery.
- (D) Telegrams "to follow the addressee."
- (E) Paid service telegrams (*e.g.*, repetition at request of addressee—see p. 89). Such telegrams are, however, accepted so far as the wire transmission only is concerned, that is, to or from the Coast Station.

RADIOTELEGRAMS TO AND FROM OCEAN LINERS.

The table of Coast Stations and Ships at pp. 863–866 shows approximately the hours after departure or before arrival at the port named at which each ship can be reached through any Coast Station in the United Kingdom, and the charge for radiotelegrams sent through each station. The sender of a radiotelegram to a ship included in this table should choose the appropriate Coast Station from the table.

Re-direction.—A radiotelegram will in all cases be transmitted to the Coast Station specified by the sender. But if a radiotelegram sent through a Coast Station in the United Kingdom reaches that station too late for transmission to the ship it will be re-directed, if possible, (without further charge) to another Coast Station in the United Kingdom whence it can be transmitted.

Re-imburements.—If a radiotelegram cannot be delivered owing to the ship having passed out of range, the charge paid by the sender, less the charge for ordinary telegraphic transmission, will be refunded.

Communication through Continental Coast Stations.—Those Ocean Liners mentioned in the table at pp. 863–866 which sail to and from foreign ports, as well as certain ships mentioned on p. 862, can also be reached, at the appropriate times, through the following foreign stations: Nieuport (Belgium), Scheveningen Haven (Holland) and Borkum Leuchtturm, Cuxhaven, Helgoland and Norddeich (Germany). The charge is 6d. per word, in most cases with a minimum of 5s. per

message, in addition to the ordinary telegraphic rate (2d. per word with a minimum of 10d.) in each case.

Ships not included in the Table.—Radiotelegrams can be sent through British and Foreign Coast Stations to and from certain ships not included in the table (see p. 862).

Long-distance Communication.—Radiotelegrams can be sent to certain ships through the long-distance stations of the Marconi Company at Clifden and Poldhu. Further information can be obtained at the Offices of the Marconi Company (Watergate House, York Buildings, Adelphi, W.C.), through which all long-distance radiotelegrams must be sent.
