INLAND POST.

The expression "Inland" when used in relation to any postal packet, that is, with regard to any packet or article transmissible by post, means a postal packet posted within the British Islands and addressed to some place in the British Islands.

Inland postal packets are divided into the following classes, viz. :—
Letters, Post-cards, Printed Papers, Newspapers, and Parcels.

LETTERS.

The prepaid rate of postage is as follows :—

Not exceeding 3 oz. in weight	2 <i>d.</i>
For every additional 1 oz. or fraction of 1 oz.	$\frac{1}{2}$ <i>d.</i>

A letter if posted unpaid is charged on delivery with double postage; if posted underpaid, with double the amount short paid. No letter may exceed two feet in length, one foot in width, or one foot in depth.

For letters addressed to Soldiers, Sailors and others, *see* pages 83, 84.

POST-CARDS.

The prepaid rate of postage on every post-card is one penny. A post-card posted unpaid is chargeable on delivery with double postage; if posted underpaid, with double the amount short paid. The prepaid rate of postage on every reply postcard is twopence.

The material for private cards to be used as post-cards must be cardboard of a make similar to, but not thinner than, that used for cards issued and sold by the Postmaster-General for use as post-cards. No card may exceed 5½ inches in length by 3½ inches in width, or be less than 4 inches in length by 2½ inches in width.

Nothing may be attached to a post-card except—

- (a) Stamps in payment of postage or stamp duty;
- (b) A gummed label (not to exceed 2 inches long and $\frac{1}{2}$ inch wide), bearing the name and address of the person to whom the card is sent;
- (c) A similar label bearing the name and address of the sender of the card; and
- (d) Engravings, drawings, photographs, and printed matter, on very thin paper and completely adherent to the card.

A post-card may not be folded, nor may it be cut or altered in such a way as to reduce the size below 4 by 2½ inches. A post-card may not be fastened against inspection in any way, or enclosed in a cover of any kind.

If any of the foregoing rules be infringed, the card will be treated as a letter.

The articles specified in paragraphs (c) and (d) may be affixed either to the back of the card or to the left-hand half of the address side. The right-hand half of the address side is reserved exclusively for the postage stamp and the address. Contravention of this regulation may result in the card being withheld from delivery. See also p. 51.

PRINTED PAPERS.

The prepaid rate is:—

Not exceeding 1 oz. in weight	½d.
Exceeding 1 oz. but not exceeding 2 oz. in weight		1d.
Exceeding 2 oz. but not exceeding 4 oz. in weight		1½d.
Exceeding 4 oz. but not exceeding 6 oz. in weight		2d.

and so on at the rate of ½d. for every subsequent 2 oz., or fraction of 2 oz. up to 2 lb. The rate for 1 lb. will be 4½d., and for 2 lb. 8½d.

No Printed Paper may exceed 2 lb. in weight. The only limit of size applicable is that applicable to letters.

The "Printed Paper" Rate is not intended for samples or for goods, and anything which is sent at the rate must fall clearly within the following definition:—

The expression "Printed Paper" means a packet not exceeding 2 lb. in weight which consists of or contains one or more of the following articles or documents, that is to say:—

- (c) Maps, plans and charts, on paper or some other substance ordinarily used for the purpose, provided it is not a brittle or exceptionally fragile substance.

- (f) Anything necessary or convenient for the safe transmission of any of the before-mentioned articles by post when transmitted in the same packet with the article in respect of which it is so used.

Any two or more documents coming within the definition of a Printed Paper may appear on the same sheet of paper, provided they are kept wholly distinct from one another.

In this definition expressions referring to print or printing shall be taken to refer to any species of type-printing easy to recognise, and to include lithography, hand-stamping, or any mechanical process ordinarily used to produce a number of identical copies of written matter, and easy to recognise; and in relation to circulars shall also be taken to include type-printing after the fashion or in imitation of type-writing, and also the reproduction of type-writing by the mimeograph or any other mechanical process ordinarily used to produce a number of identical copies of written matter.*

Expressions referring to writing shall be taken to include type-writing or any mechanical or other process ordinarily used to produce a single document.

* Circulars wholly or partly printed in imitation of type-writing, or reproduced from a type-written original by a mechanical process ordinarily used to produce a number of identical copies, are admissible at the Printed Paper Rate only if—

- (a) They are handed in at a Head or Branch Post Office; if
- (b) Special attention is drawn to the fact that they are printed or reproduced in imitation of type-writing; and if
- (c) At least twenty copies are posted at the same time.

No documents printed or reproduced in imitation of typewriting are admissible at the Inland Printed Paper Rate except circulars. The copies must be identical in text and bear nothing in writing other than the date of the circular and the names, addresses and descriptions of sender and addressee.

Such circulars are also accepted provisionally at Town Sub-Offices and at certain of the more important Sub-Offices, subject to their being found to be in order when examined at the Head office, to which they will be sent.

Special Conditions.

The postage should be prepaid. A packet, admissible at the printed Paper Rate, posted unpaid or underpaid, is charged double the deficiency.

Every Printed Paper is subject to examination in the post.

Every Printed Paper, therefore, must be posted without a cover, or in an unfastened cover, or in a cover which can be easily removed for the purpose of examination without breaking any seal or tearing any paper or separating any adhering surfaces. A packet posted without a cover may not be fastened or otherwise treated so as to prevent easy examination.

No Printed Paper may contain or bear any communication in the nature of a letter not expressly allowed by these rules.

No paper money (as defined on p. 29) may be posted or conveyed or delivered by post in a Printed Paper. But a stamped proxy paper, or a stamped and addressed card, wrapper, or envelope, forwarded in order that such card, wrapper, or envelope may be returned through the post, is permitted.

A packet prepaid at the Printed Paper Rate which contains any enclosure not admissible at that rate, or which infringes any of the foregoing regulations, is charged as an underpaid Post-card (if admissible at that rate), or an underpaid Letter, or is transferred to the Parcel Post charged with a fine of 1*d.* in addition to any deficient parcel postage, whichever involves the lower charge.

SAMPLES.

Samples can no longer be sent by Inland Post at any rates other than the Letter and the Parcel Rates.

NEWSPAPERS.

The prepaid rate of postage on copies of publications registered for transmission at the Inland Newspaper Rate, including any supplements thereto, is one half-penny for every copy not exceeding 6 oz. in weight, with a further charge of one halfpenny for every additional 6 oz. or fraction of 6 oz.

The rate is a rate *per copy*, and, if two or more copies are sent in a single packet, each copy is liable to the same postage as if posted separately. But in no case will a packet of such copies be chargeable with a higher rate than that chargeable on a Printed Paper of the same weight.

A copy or a packet of copies posted unpaid or underpaid is chargeable on delivery with double the deficiency at the Newspaper Rate.

No copy or packet of copies may weigh more than 2 lb., or exceed 2 ft. in length, or 1 ft. in width or depth.

Conditions of Registration.

Any publication coming within the following description can, upon payment of an annual fee of 5s., be registered at the General Post Office for transmission by Inland post as a newspaper :—

- (a) The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.
- (b) It must be printed and published in the British Islands, or in some British possession or protectorate (including the Malay States). The Postmaster-General may refuse to register as a newspaper a publication printed and published in a British possession or protectorate unless arrangements have been made to his satisfaction for maintaining a responsible representative of the publication in the United Kingdom.
- (c) It must be published in numbers at intervals of not more than seven days.
- (d) The full title and date of publication must be printed at the top of the first page, and the whole or part of the title and the date at the top of every subsequent page. This regulation applies also to "Tables of Contents" and "Indexes."
- (e) Any supplement issued with a newspaper must consist wholly or in great part of matter like that of a newspaper, or of advertisements, printed on a sheet or sheets, or a piece or pieces, of paper, put together at some one part of the newspaper, whether gummed or stitched up with the newspaper or not, or wholly or in part of engravings, prints, or lithographs illustrative of articles in the newspaper; it must in every case be published with the newspaper, and have the title of the newspaper printed at the top of every page, or at the top of every sheet or side on which any engraving, print, or lithograph appears. The supplement or supplements issued with any number of a registered newspaper may not exceed the newspaper itself in size or weight.

The Post Office cannot regard a document as a supplement merely because it is printed under that title. A separate document intended to be used for separate purposes is not a supplement to a newspaper.*

* Almanacks, although they are documents to be used for separate purposes, will, for the present, be regarded as supplements provided that they are in all other respects in conformity with the regulations [see (e) above].

For example—documents of the following descriptions if enclosed in copies of registered newspapers render them inadmissible at the newspaper rate of postage—viz. :—

- (1) Any document not printed by the responsible printer of the paper, such as an advertisement sheet printed for an advertiser and sent to the publisher of a newspaper for distribution with it.
- (2) A contents bill, an advertisement sheet with an order form attached, a prospectus with an application form attached, or a proposal or enquiry form.
- (3) Any document drawn up in the form of a direct personal communication to the recipients, such as a printed circular in the form of a letter purporting to be addressed by an advertiser to the person by whom the newspaper in which it is enclosed is received.

Regulations.

Every copy should be so folded and covered (if posted in a cover) as to permit the title to be readily inspected.

Every copy or packet of copies must be posted either without a cover, or in a cover open at both ends, which can easily be removed for the purpose of examination.

No copy of a newspaper sent by post at the Newspaper Rate may bear anything (not being part of the newspaper) except the name, address, and description either of the sender or of the addressee or both, with index or reference numbers and letters; the words "With Compliments"; a request for return in case of non-delivery; the title of the newspaper, and a reference to its registration for transmission by post; and a reference to any place in the newspaper to which the attention of the addressee is directed. The same regulations apply to any cover enclosing a copy of a newspaper.

No unregistered publication, and no article which is not part of a publication registered as a newspaper or a supplement thereto, may be enclosed in any packet sent at the Newspaper Rate.

No supplement to a publication registered as a newspaper is admissible at the Newspaper Rate unless it be sent through the post with the publication to which it is a supplement.

If any of the foregoing regulations is infringed the packet is charged either as an underpaid Printed Paper (if admissible at that rate), or an underpaid Letter, or is transferred to the Parcel Post and charged with a fine of 1*d.* in addition to any deficient parcel postage, whichever involves the lower charge.

PARCELS.

Rates and Weight.

The rates of postage on parcels are as follows:—

	s.	d.
For a parcel not exceeding 2 lb. in weight	0	9
" exceeding 2 lb. but not exceeding 5 lb.	1	0
" " 5 " "	8	1 3
" " 8 " "	11	1 6

No parcel may exceed 11 lb. in weight.

Size.

The size allowed for an Inland Parcel is—

Greatest length 3 ft. 6 in.

Greatest length and girth combined 6 ft. 0 in.

For example—

A parcel measuring 3 ft. 6 in. in its longest dimensions may measure as much as 2 ft. 6 in. in girth, *i.e.*, round its thickest part; or

A short parcel may be thicker; thus, if it measure no more than 3 ft. in length, it may measure as much as 3 ft. in girth, *i.e.*, round its thickest part.

Prepayment and Posting.

The postage on a parcel must be prepaid.

A parcel should not be posted in a letter box. It should be marked "Parcel Post," and presented at the counter of a Post Office; and the sender, who must himself affix the postage stamps, should see that the weight, size and postage are in order before leaving. If posted irregularly, it will—

- (1) If fully prepaid at the rate applicable to any other post and admissible by that post be forwarded as a letter, printed paper or newspaper;
- (2) If insufficiently prepaid at the rate applicable to any other post, but otherwise admissible by that post, be charged with double the deficiency or with deficient postage at the Parcel Post rate together with a fine of a penny, whichever is the less.

A certificate of posting may be obtained for an unregistered parcel.

Parcels are neither accepted for transmission nor delivered on Sundays.

Addresses.

The proper way to address is shown on pages 50 and 51.

The address must be clearly written in English in characters in ordinary use in the United Kingdom. A parcel bearing an address otherwise written will not be accepted unless a translation of the address can be added.

The address should be written on the parcel itself, and not merely on a label, which may become detached.

It is also desirable that the sender's address should appear either inside the parcel or on the cover. In the latter case it must be kept distinct from the address to which the parcel is sent, and preferably written at right angles to the name and address of the addressee.

Posting of Parcels in large Numbers.

Any person who wishes to send off a large number of parcels, whether on a particular day or at regular or irregular intervals, will facilitate the work of despatch if he will give the office where they will be posted early information of the number of the parcels, their average weight, and the dates and times at which he proposes to post them. He will also consult the convenience of the Post Office by sending the parcels to the post in batches, beginning as early in the day as possible.

Parcels to and from the Channel Islands and the Isle of Man.

Parcels addressed to or sent from the Channel Islands (Jersey, Guernsey, Alderney, Sark) and the adjacent inhabited islets are received from the public under the same general conditions with regard to weight and size, and at the same rates of postage, as parcels for all other parts of the United Kingdom; but as the Channel Islands, under the Customs Laws of the United Kingdom, are practically in the same position as a foreign country, such parcels are liable to Customs examination at the port of arrival, and the sender is required to make a declaration of contents, upon a form provided for the purpose, at the office where the parcel is posted. Parcels for the Isle of Man are treated in the same way as parcels for places in the United Kingdom. They are liable to Customs examination; but the sender is not (as in the case of the Channel Islands) called upon to furnish a declaration of contents. Practically, no articles liable to Customs duty can be sent by Parcel Post from the Isle of Man to Great Britain or Ireland, but there is no Customs restriction on parcels sent from Great Britain or Ireland to the Isle of Man. **Parcels which are sent in contravention of the Customs regulations are liable to confiscation, and the senders to prosecution by the Board of Customs.**

GENERAL POSTAL RULES.

PROHIBITED ARTICLES.

The Inland Post Warrant of 1903 contains the following provisions:—

“There shall not be posted, or conveyed, or delivered by post any postal packet—

- (1) Consisting of or containing any indecent or obscene print, painting, photograph, lithograph, engraving, book or card, or an indecent or obscene article, whether similar to the above or not;
- (2) Having thereon or on the cover thereof any words, marks, or designs of an indecent, obscene, or grossly offensive character; or
- (3) Consisting of or containing—
 - (a) Any explosive substance,
 - (b) Any dangerous substance,
 - (c) Any filth,
 - (d) Any noxious or deleterious substance,
 - (e) Any sharp instrument not properly protected,
 - (f) Except with the special permission of the Postmaster General, any living creature,
 - (g) Any article or thing whatsoever which is likely to injure other postal packets in course of conveyance, or any receptacle in which the same are conveyed, or an Officer of the Post Office or other person who may deal with such packet; or

- (4) Containing or bearing any fictitious postage stamp ; or
- (5) Purporting to be prepaid with any stamp which has been previously used to prepay any other postal packet or any other revenue duty or tax ; or
- (6) Having thereon or on the cover thereof any words, letters, or marks (used without due authority) which signify, or imply, or may reasonably lead the recipient thereof to believe that the postal packet is sent on His Majesty's Service ;
- (7) Having thereon or on the cover thereof any words, marks, or designs of a character likely, in the opinion of the Postmaster General, to embarrass the Officers of the Post Office in dealing with the packet in the post ;
- (8) Of such a form or so made up for transmission by post as to be likely, in the opinion of the Postmaster General, to embarrass the Officers of the Post Office in dealing with the packet in the post."

The transmission by post of any postal packet containing

- (a) any advertisement or ticket relating to a lottery at home or abroad ; or
- (b) any advertisement issued by or on behalf of any person at home or abroad offering to tell fortunes ; or
- (c) any advertisement of a Betting House at home or abroad ; or
- (d) any advertisement relating to the treatment of venereal disease, or to any preparation for its prevention, cure, or relief

is also prohibited.

Prohibited articles, if tendered for transmission, will be refused, or, if detected in transit, detained. They are liable to be dealt with in such manner as the Postmaster General may direct, and the sender is in some cases liable to prosecution.

MAKE-UP.

Letters and Postal Packets of every kind, especially parcels, must be so made up as not only to preserve the contents from loss or damage in the post, but also not to injure other packets.

Any packet, especially any letter, containing anything of a fragile nature should be marked or labelled "Fragile."

Special Regulations as to Special Articles.

Eggs, Fish, Game (including Rabbits), Meat, Fruit and Vegetables can be sent by Parcel Post only.

The safe transit of **Eggs** cannot be guaranteed, but the following method of packing is recommended:—Use a wooden or other rigid box with a well-fitting lid, wrap each egg separately in newspaper or other soft material, place the eggs on end, and fill up the vacant spaces in the box with newspaper or cotton waste ; mark the parcel "**Eggs.**"

Parcels of **fish and meat** should be marked "Perishable," and should be so packed as to prevent contact of the contents with other postal packets or leakage of any moisture.

Game may be posted without covering and with a neck label only, provided that no liquid is likely to exude, and that the game is not so "high" as to taint other packets. Otherwise a waterproof wrapper or box should be used. Game packed in cardboard or paper covers may become loose ; it is desirable, therefore, for a duplicate address label to be attached to the contents.

Fruit, and more especially **soft fruit** (such as strawberries, raspberries, blackberries, gooseberries, fresh currants, grapes, cherries, &c.), should be so packed that the juice cannot exude. Metal boxes with tightly-fitting lids should be used.

Parcels of fruit should be marked "Fruit, with care."

Sharp Instruments can be sent by Letter or Parcel Post, but only, in either case, if the edges or points are carefully covered.

Flowers, whether sent by Letter or Parcel Post, should be enclosed in boxes of wood or metal, not cardboard.

Hats, Millinery and similar articles should be packed in rigid boxes of wood or other material, or in stout "leatherboard" boxes with lids extending about two-thirds of the depth of the box or in strong cardboard boxes protected externally by light cross-bars of wood consisting of two frames placed at right angles to one another and fastened together where they cross at the top and bottom. **Umbrellas, walking sticks, fishing rods**, and similar articles should be protected by two strips of wood, each strip being as long as and slightly wider than the article protected.

Pictures in frames should be protected at the front and back by stout wooden boards each rather larger than the frame. Soft packing should be placed firmly between the corners of the frame and the boards but not so as to press on the glass.

Musical Instruments should be enclosed in stout wooden cases. Leather or American cloth cases do not afford adequate protection—especially to stringed instruments.

Iron Castings, Tiles, &c., should generally be packed in some soft material such as straw or hay roping.

Glass and Crockery, Liquids, Butter, and other Greasy Substances, Cheese, and other strong-smelling articles, and Colouring Powders should be sent by Parcel Post. Bottles of liquid should be firmly packed in rigid metal or wooden boxes, with plenty of soft packing between the bottles and the top, bottom, and sides of the boxes; corrugated paper is suitable for packing bottles inside boxes; each bottle should be separately wrapped. China, crockery, or glass should be similarly packed. The lids of tins containing paint, varnish or similar substances should be soldered in four places. Tins of cream should be wrapped in brown paper and securely tied with string, crossing the lid in two directions. Tins containing a quart or more of liquid should be packed in wooden boxes or wicker cases. Greasy and strong-smelling articles and colouring powders should be so packed that the contents will not soil or taint other packets.

These articles may, however, be sent by **Letter Post** under the following conditions:—

i. Nothing inflammable, corrosive, or explosive, may be sent, nor anything having an odour so strong as to affect the contents of other packets in the Mails.

ii. No article liable to Customs duty may be sent by Letter Post to or from the Channel Islands or the Isle of Man.

iii. They must be packed as follows:—

Glass and Crockery must be securely packed (in boxes of metal, wood, leather or cardboard) in such a way as to prevent all risk of injury to the Mails or the Officers of the Post Office.

Liquids must be enclosed in bottles, firmly sealed; the bottles must be enclosed in a box of wood, leather or metal, and packed securely in the box

by means of corrugated paper or other suitable material, a sufficient quantity of sawdust or some spongy substance being added to absorb all the liquid contents in case of the bottle being broken. Special attention must be paid to the packing round the shoulders of the bottle; and the box must open at one end only, and have a tightly-fitting lid or a screw lid.

Semi-Liquids and Gresses must have an inner covering securely closed and an outer covering of metal, wood, or leather, sufficiently strong to prevent any risk of the contents escaping during transit.

Powders must have an inner covering securely closed, and a strong outer covering of metal, wood, leather, or cardboard.

iv. They are sent at the sender's risk, the Postmaster General accepting no liability in the case of either loss or damage, even if the packets are registered.

v. If insecurely packed they will be stopped. The public are warned that such insecurely packed packets come within the category of articles "likely to injure other postal packets in course of conveyance or an Officer of the Post Office," and are, therefore, prohibited from being sent by Post. The senders of such packets are liable to penalties under the Post Office Act, 1908, whether the packets are sent by Letter or Parcel Post.

Any article sent by Letter Post which cannot from the nature of its contents or excess of size be transmitted thereby is, if admissible by Parcel Post, transferred to that Post, and treated and charged as a parcel posted out of course, *i.e.*, charged with the deficient postage at the Parcel Post rate together with a fine of a penny (*see* page 16). If inadmissible by Parcel Post, the packet is liable to be detained and dealt with as the Postmaster General may direct.

Articles sent for Medical Examination or Analysis.

Deleterious liquids or substances, though otherwise prohibited from transmission by post, may be sent for medical examination or analysis to a recognised Medical Laboratory or Institute, whether or not belonging to a public health authority, or to a qualified Medical Practitioner or Veterinary Surgeon within the United Kingdom, by Letter Post, and on no account by Parcel Post, under the following conditions:—

Any such liquid or substance must be enclosed in a receptacle, hermetically sealed or otherwise securely closed, which receptacle must itself be placed in a strong wooden, leather, or metal case in such a way that it cannot shift about, and with a sufficient quantity of some absorbent material (such as saw-dust or cotton-wool) so packed about the receptacle as absolutely to prevent any possible leakage from the package in the event of damage to the receptacle. The packet so made up must be conspicuously marked "Fragile with care," and bear the words "Pathological Specimen."

Any packet of the kind found in the parcel post, or found in the letter post not packed and marked as directed, will be at once stopped and destroyed with all its wrappings and enclosures. Further, any person who sends by post a deleterious liquid or substance for medical examination or analysis otherwise than as provided by these regulations is liable to prosecution.

If receptacles are supplied by a Laboratory or Institute, they should be submitted to the Secretary, General Post Office, in order to ascertain whether they are regarded as complying with the regulations.

Live Bees.

Live bees are allowed to pass by Letter or Parcel Post within the United Kingdom, on condition that they are sent in suitable cases, and so packed as to avoid all risk of injury to Officers of the Post Office or to other packets.

RE-DIRECTION.

Any kind of postal packet may be re-directed to the same addressee at another address, either by an Officer of the Post Office or by an agent of the addressee after delivery, under the following rules:—

Letters, Post-cards, Printed Papers and Newspapers are re-transmitted by post without additional charge. In the case of re-direction by the addressee's agent the packet must be reposted not later than the day after delivery (Sundays and public holidays not being counted), and must not previous to re-direction be opened or tampered with.

Re-directed packets reposted later than the day after delivery will be liable to charge at the prepaid rate. Any packet which appears to have been opened or tampered with will be chargeable as freshly posted and unpaid.

Whenever it may be thought necessary, a receipt may be required from the addressee of a re-directed packet at the second address.

Parcels are, when re-directed, liable to additional postage at the prepaid rate for each re-direction, except where both the original address and the substituted address are either served from the same delivery office or are within the same Town Delivery Area (the whole of the London Postal District being regarded for this purpose as one Town Delivery Area), and where re-direction is made within the period of free re-direction allowed for letters. A parcel will not, however, be delivered free of charge to a person who has previously refused to accept it, and for re-issue from a Returned Letter Office a second postage is invariably charged.

Registered Postal Packets.

Any such packet on being re-directed, may not be dropped into a letter box, but must be taken to a Post Office to be dealt with as registered. No additional registration

fee will be charged if the packet is presented for re-registration not later than the day after delivery; but if it is presented after that time it will be treated as freshly posted, and a fresh registration fee will be payable. As regards postage, the rules given above apply.

If any registered packet when re-directed, instead of being given back to the Post Office to be dealt with as registered, is dropped into a letter box, it is treated in all respects as a letter intended for registration but irregularly posted (*see* page 25).

Re-direction by Post Office.

The Post Office only undertakes to re-direct when the letters or other postal packets cannot be re-directed by the addressee's agent at the place of address. It does not, for example, re-direct postal packets addressed to a person who has temporarily left his house, unless the house be left uninhabited; or addressed to clubs, hotels, boarding-houses, or lodgings; or addressed to any premises occupied by two or more persons where the letters are delivered by Postman into a common letter-box or to a common agent. When business premises are temporarily left unoccupied—as, for example, during a "wake" or other local holiday—re-direction is only undertaken on payment of a fee of 5s. for each period.

Notices of removal and applications for re-direction must be signed by the persons to whom any packets to be re-directed are addressed. Printed forms can be obtained from the local Postmaster or Postman, and, when filled up and signed, should be sent to the Postmaster, or handed to the Postman.

Separate notices should be filled up if it is desired that parcels and telegrams should be re-directed.

Re-direction for the first year after removal is undertaken gratuitously. For re-direction during the second and third years a fee of 1s. a year is charged, and 5s. a year thereafter. For re-direction to or from a *Poste Restante*, see below.

POSTE RESTANTE.

Postal Packets of any kind to be called for are, as a rule, taken in at all Post Offices except Town Sub-Offices. The words "to be called for" or "*Poste Restante*" should appear in the address.

The Poste Restante is intended solely for the accommodation of strangers and travellers, and even they may not use the Poste Restante for more than three months.

Postal Packets addressed to initials, or to fictitious names, or to a christian name without a surname, are not taken in at the Poste Restante, but are treated as undelivered and dealt with as shown below.

Postal Packets may not be re-directed from one Poste Restante to another in the same town or from a private address to a Poste Restante in the same town. For the purposes of this rule the various postal districts of London are considered as different towns.

All persons applying at a Poste Restante must furnish sufficient particulars to prevent mistakes and to ensure delivery to the proper person. Where a ship or yacht is in question the name of the ship should always be mentioned.

Period of Retention.

Origin.	Period of Retention.
Places abroad	two months.
United Kingdom	one fortnight.

Letters addressed to a Post Office at a seaport town for a person on board a ship expected to arrive at that port are kept two months.

At the expiry of the above-mentioned periods postal packets are treated as undelivered and dealt with as shown below. But when a packet bears a request for its return within a specified time (not exceeding the official period of retention), if not delivered, it is dealt with in accordance with such request.

NON-DELIVERY.

Packets Chargeable with a Postage of Twopence or More.

An undelivered inland postal packet which is chargeable with a postage of twopence or more, whether a letter, newspaper, printed paper or parcel, if it bears on the outside the full name and address of the

sender, is returned direct and unopened. Any other such undelivered packet is opened by an officer deputed for the purpose; and if it contains the sender's address it is returned to him. An undelivered postal packet, other than a parcel, which cannot be returned to the sender and does not contain any enclosure of importance, is destroyed.

Undelivered parcels which do not contain the address of the sender and are not applied for are liable to be disposed of after three months. Parcels containing perishable articles will be dealt with as may be requisite.

Post-cards, Printed Papers or Newspapers Chargeable with a Postage not exceeding Three Halfpence.

Undelivered post-cards, printed papers and newspapers, chargeable with a postage not exceeding three halfpence, are dealt with as follows:—

- (1) Those bearing on the outside the name and address of the sender, with a request for their return in case of non-delivery, are sent back direct from the office of destination, and are delivered to the sender on payment of a second postage.
- (2) Those not bearing on the outside the name and address of the sender, with a request for their return in case of non-delivery, are destroyed.

For the treatment of undelivered postal packets from places abroad *see* pages 69 and 70.

SUPPLEMENTAL SERVICES.

CERTIFICATES OF POSTING OF UNREGISTERED POSTAL PACKETS OTHER THAN PARCELS.

Any person who desires proof that an unregistered letter, letter-card, post-card, printed paper or newspaper has been posted to a particular person should hand in the letter or other article at a Post Office and ask for a certificate of posting. The fee is $\frac{1}{4}$ d., payable by means of a postage stamp, which must be affixed by the sender to the form of certificate.

A single certificate in respect of several articles of the same kind posted at one and the same time can be obtained at any of the larger Head Post Offices, and at any other Post Office by arrangement, if a list of the names and addresses borne by the articles be presented with them. The fee will be $\frac{1}{4}$ d. for each article.

It must be clearly understood that articles in respect of which these certificates are issued are not registered, and will not be

checked in the post, but will be treated as if they had been posted in a letter-box; that in the event of loss, damage, or delay, the certificate will confer no title to compensation; and that it furnishes no proof of the nature of the contents.

REGISTRATION AND COMPENSATION.

Any letter, parcel or other postal packet may be registered.

The fee for registration is 2d.

Instructions for Registering.

Anything intended for registration must be handed to an Officer of the Post Office, and a certificate of posting, bearing an acknowledgment that the fee for registration and compensation has been paid, must be obtained. Nothing intended for registration must be dropped into a letter box. If, contrary to this rule, a packet bearing the word, "Registered," or any other word, phrase, or mark to the like effect, is dropped into a letter box, it will be compulsorily registered (*see* p. 26).

The packet, in addition to being registered, must be made up in a reasonably strong cover appropriate to its contents, and must be fastened with wax, gum, or other adhesive matter.* It is not sufficient merely to tie the packet with string.

If it be desired to secure compensation in the event of damage to a packet not sent as a parcel, the packet must bear the words "**Fragile, with care.**" These words should appear on the face of the cover above the address. Any Officer to whom a packet is tendered for registration is instructed to refuse to register it if the packing is, in his opinion, obviously inadequate. Compensation will nevertheless be refused if, though accepted, the packet is afterwards found to have been imperfectly packed. Envelopes for the transmission of packets sent as registered letters can be purchased at all Post Offices.

The address of the packet must be clearly written in English, in characters in ordinary use in the United Kingdom. A packet bearing an address otherwise written will not be accepted unless a translation of the address can be added. The packet must be marked in the bottom left-hand corner with the word "Registered," and, when the fee exceeds 2d., with the amount of the fee proper to the value up to which the sender desires to secure compensation (*see* p. 27), thus:—

Registered, 8d. ; Registered, 4d. ;

and so on. The fee must be paid by postage stamps affixed to the cover. The amount paid should be entered on the certificate of posting handed to the sender, and he should at once satisfy himself that the entry is correct.

* This does not, of course, apply to post-cards, or to printed paper and newspaper packets, which must be open for inspection whether registered or not, nor does it apply to a parcel where the ends of the string are secured by means of a lead or steel seal crushed by a press.

When several packets are sent by the same person for registration it is desirable that they should be accompanied by a list (in duplicate) of the addresses; one list to be retained at the Post Office, and the other, when signed, to be returned to the bearer.

Latest time for Registering.

A postal packet can be registered at any time during the ordinary hours of business. When intended for despatch by a particular mail it should, as a rule, be presented for registration half an hour before the latest time of posting for that mail. At the Chief Offices in Edinburgh and Dublin, and at all Provincial Head Offices, articles bearing a late fee of 4*d.*, in addition to the ordinary registration fee, may be registered at any time within the half-hour referred to, if the office is open to the public. Special rules are applicable to London, *see* page 511.

Advice of Delivery of Registered Postal Packets.

The sender of any registered postal packet may arrange at the office of posting, either at the time of posting or subsequently, for an advice of its delivery to be sent to him. The fee is 2*d.*, which is payable by means of stamps affixed by the sender to a form provided for the purpose.

Inquiry as to the alleged loss or non-delivery of a registered packet should also be accompanied by a fee of 2*d.*, and should, if possible, be made upon the form used in applying for an advice of delivery. If it is found that the Post Office is in fault the inquiry fee will be refunded.

If an application for this form is made at a small office at which the forms are not kept in stock, or to a rural postman, the fee of 2*d.* should be paid in money or stamps, and a memorandum furnished giving the name and address of the sender of the packet, and, if necessary, the date of posting and full address. The proper form will then be made out by an Officer of the Post Office.

Compulsory Registration.

Packets which contain coin* or jewellery* and also all inland packets bearing the word "Registered," or any other word, phrase, or mark to the like effect, written or impressed on the cover, are, if posted otherwise than in accordance with the regulations, subjected to compulsory registration, and are charged on delivery with a registration fee of 4*d.*, less any amount prepaid in excess of the postage.

* These terms are defined on pages 29 and 30.

Any packet which is found open in the post, or cannot be delivered, and which is found to contain an uncrossed postal order in which the name of the payee has not been inserted, a cheque or dividend warrant not crossed or made payable to order, a banknote, postage stamps, or any article (other than coin or jewellery), of a value in each case exceeding 10s., will be subject to registration, and be chargeable with a registration fee of 2*d.*

No compensation is given in respect of any postal packet which has been compulsorily registered.

Compensation for Loss or Damage.

The Postmaster General is not legally liable for any loss or inconvenience which may arise from the loss, damage, delay, non-delivery, or mis-delivery of anything sent by post, and he does not, in any circumstances, pay compensation in respect of unregistered letters, post-cards, printed papers or newspapers. But, subject to the rules stated below, he pays compensation voluntarily and as an act of grace for postal packets of the following descriptions:—

I.—Registered Postal Packets.

The fees payable over and above the postage, and the respective limits of compensation, are as follows:—

Fee.	Limit of Compensation.	Fee.	Limit of Compensation.

1 <i>s.</i>	£200		

These fees include the ordinary registration fee of 2*d.* The highest amount of compensation obtainable for any one packet is £400.

Compensation in respect of **money** * of any kind (**coin, notes, orders, cheques, stamps, &c.**) will only be given in those cases in which the money is enclosed in one of the Registered Letter envelopes sold by the Post Office and the packet is tendered for transmission by Registered Letter Post. The compensation given in respect of **coin**, which must be packed in such a way that it cannot move about, will in no case exceed £5.

Compensation for **damage** to a packet sent by Registered Letter Post will only be given in those cases in which the packet is conspicuously marked with the words "**Fragile, with care.**"

II.—Unregistered Parcels.

The maximum limit of compensation is £2.

No Compensation is given in respect of **money** * of any kind sent by Parcel Post, whether registered or unregistered, or in respect of **jewellery** * (**gold, silver, jewels, &c.**) sent by Parcel Post unregistered.

In order to secure **compensation** in respect of the **loss** of a **Parcel** a **Certificate of Posting** should be obtained by the sender when the parcel is posted.

III.—Express Postal Packets (see pages 30 to 37).

Compensation according to the ordinary scale is paid in respect of postal packets of the kinds specified in Sections I. and II. when sent by the Express Service; and up to £2 for the loss or damage of Unregistered Packets (other than those containing money * or jewellery *) conveyed by special messenger throughout their whole course.

General Rules.

It must appear to the Postmaster General that the loss or damage occurred in the post, and did not arise wholly or in part by the fault of the sender, as, for instance, from insufficient packing, inadequate fastenings, detachment of "tie-on" label, incomplete or incorrect address, &c.

The compensation given will not exceed the value of the article lost or the damage sustained. The right is reserved of reinstating the contents of a packet instead of giving pecuniary compensation.

In the case of **damage** or **loss** of **contents** the packet should be retained for inspection as nearly as possible in the state in which it was delivered. If complaint be made that the contents of a packet have been abstracted, the cover must be produced.

* These terms are defined on pages 29 and 30.

In the case of **Bank Notes, Money and Postal Orders, Cheques, Bonds, and similar documents**, particulars sufficient for their identification must be furnished.

No compensation either for **loss** or **damage** is given in respect of a packet containing anything not legally transmissible by post, or a packet not posted in the manner prescribed; or in respect of glass, crockery, greases, liquids or semi-liquids, colouring powders, eggs, fish, meat, fruit, or vegetables, sent at the Letter Rate.

No compensation is given for **damage** to any packet (whether sent at the Letter, or Parcel Rates) containing **eggs, soft fruit, any liquid or semi-liquid, or articles of an exceptionally fragile nature.**

No compensation is given for **injury or damage consequential upon—i.e., indirectly arising from—the loss, damage, delay, non-delivery, or mis-delivery of anything sent by post.**

The onus of properly enclosing and packing a packet lies upon the sender, and the Post Office assumes no liability for loss arising from defects not observed at the time of posting.

Without prejudice to any of the preceding rules, the Postmaster General will, if he thinks fit, refuse to give compensation for loss or damage on any ground on which a common carrier might in like case claim exemption from legal liability.

The final decision upon all questions of compensation rests with the Postmaster General.

In the Rules as to Registration and Compensation—

- (c) Watches, the cases of which are entirely or mainly composed of gold or silver; and
- (d) Any article of a like nature which, apart from workmanship, has an intrinsic or marketable value.

EXPRESS DELIVERY SERVICES

There are three Express Delivery Services, namely:—

Service I.—By Special Messenger all the way.

Service II.—By Special Messenger after transmission by Post.

Service III.—By Special Delivery in Advance of the Ordinary Mail at the request of the Addressee.

SERVICE I.

By Special Messenger all the way.

This Service is performed on Week-days only.

In London, Postal Packets for Express Delivery are accepted at all the more important Post Offices—(see pages 515 to 547).

In the Provinces, Express Postal Packets are usually accepted at Post Offices from which there is a delivery of telegrams.

Charges.

(a) The Express fee (including charges for any public conveyance, *e.g.*, omnibus, tramcar, or railway) is:—

- (i) For every mile or part of a mile from the Office of delivery to the address 6d.
- (ii) On each packet weighing more than 1 lb. a weight fee of 3d.
(Ordinary Postage is not charged.)

(b) If the sender desires, or it is otherwise necessary, that a cab or other special conveyance be used throughout (*i.e.*, from the place of posting to the place of delivery), the actual fare or cost of the conveyance must be paid in addition to the mileage fee. The weight fee is not charged in such a case.

(c) Cycles are used, wherever practicable, for the delivery of express packets of a size and weight suitable to be so carried.

(d) When several packets are tendered by one sender for delivery by the same Messenger at different addresses, or to different persons at the same address, the Express Fee of 6*d.* a mile will be charged for the full distance to be traversed by the Messengers up to the delivery of the last packet, and an additional fixed charge of 1*d.* for each article above one. The number of articles delivered by one Messenger must not exceed ten. The sender may determine the order in which the packets are to be delivered. The weight fee will be charged upon each packet over 1 lb. in weight, not on the aggregate weight.

(e) When several packets are tendered for delivery to one person, the sender may, if he chooses, tie them together so as to form one packet. In that case a weight fee will be chargeable upon the aggregate weight if over 1 lb.

(f) All charges must be prepaid in postage stamps, to be affixed to a form provided by the Post Office for the purpose.

Posting and Distinctive Marking.

(a) Every packet must be handed in over the counter, or to an Officer authorized to receive it. In no case may it be placed in a letter box.

(b) The word "Express" must be boldly and legibly written by the sender above the address in the left-hand corner of the cover.

Hours of Posting.

On week-days, when the offices are open for telegraph delivery, generally from 8 a.m. or 9 a.m. to 7 p.m. For offices open earlier and later, see pages 149 to 509 as regards the Provinces, and pages 516 to 547 as regards London.

Express Delivery Services I are not accepted in London for areas beyond a limit of 4 miles from the Central Telegraph Office and West Strand B.O. unless delivery can be effected by 8 p.m.

There is no Express Delivery by Messenger all the way (Service I.) on Sunday, Good Friday, or Christmas Day, in England and Ireland, or on Sunday in Scotland.

Telephoning Express Letters.

A message can be sent by telephone by a subscriber to a Telephone Exchange or from a Telephone Call Office to a Post Office for delivery as an Express letter. For full particulars see page 107.

Reply and Further Services.

On the delivery of an Express Packet, the Messenger may take a reply or perform a further Express delivery service within the authorised hours. Express fees at the usual rates must be prepaid either by the sender of the first service or by the sender of the reply or further service.

When a reply or further service is required by the sender, the words "Wait Reply" or "Wait Further Service" should be written

by the sender above the address of the packet. The Messenger is allowed to wait for the reply 10 minutes free of charge; after that time *2d.* is charged for every quarter of an hour or part of a quarter of an hour during which the Messenger is required to wait.

When a packet on a Reply or Further Service is taken to an address on the Messenger's homeward route, or to an address within a radius of half a mile of the Post Office from which the Messenger started on the original service, half only of the mileage rate is charged, and is calculated on the actual distance traversed by the Messenger in performing the reply or further service.

Acceptance of Express Packets by Telegraph Messenger.

A Telegraph Messenger, on delivering a telegram, may, if desired, and on receiving the Express charges, take back to the Post Office where he is employed a Packet for Express Delivery. The fee for this service will be charged as from the Residence of the sender and not from the Office where the Messenger is employed.

Acceptance of Telegrams by Express Messenger.

A Messenger on delivering an Express Packet may, if desired, carry an Inland Telegram to the nearest Telegraph Office for transmission. If the telegram is to be taken to his own Office no Express fee will be charged unless he be kept waiting for it more than ten minutes, in which case the usual charge for waiting will be made. If the telegram be taken to another Office, the usual Express fee as for a Reply or Further Service will be charged and must be prepaid by the sender of the telegram. An Express Messenger is not allowed to accept a telegram for a place abroad.

Exceptional Express Services.

Money* and jewellery* are accepted, in sealed or unsealed packets or loose, for conveyance by Express Messenger all the way at the sender's risk without being registered.

Living animals can be accepted for express delivery, if confined in a suitable receptacle, and special arrangements may be made as to dogs.

Liquids are accepted, although contained in glass bottles, provided the bottles are properly closed and that the packet bears some such label as "Liquid" or "Fragile, with care."

Postmasters may arrange for the conduct of a **person** to an address by an Express Messenger.

* This term is defined on pages 29 and 30.

Supplementary Service.

A Local Express Packet may be handed in at a **Town Sub-Post Office** which is not an **Express Delivery Office** under the following conditions:—

The packet, which must be of such a nature that it can be sent by the ordinary Inland Post, takes the ordinary course of post from the Office where it is handed in until it reaches the first Express Delivery Office on its route, and thence it is conveyed direct to destination by Express Messenger.

The Express fees are charged as from the Express Delivery Office, and not from the Office of Posting, and must be prepaid by the sender. Ordinary postage is not charged.

It must be clearly understood that in such cases there may be some delay before the packet reaches the hands of the Express Messenger, so that where there is an Express Delivery Office within easy reach the sender is recommended to take his packet to that office.

Telegrams conveyed by Express Messengers from Football and Cricket Grounds, &c., to Post Offices for Transmission.

The local Postmaster on application will make arrangements, where circumstances allow, for Reporters at Football and Cricket Grounds, Public Meetings, and other like gatherings, to obtain the exclusive services of an Express Messenger to convey their telegrams to a Telegraph Office for transmission, on payment of the mileage fee, which is calculated on the full distance traversed by the Messenger in going from his Office to the ground or place of Meeting, and thence to the Telegraph Office. Where the messenger force at the disposal of the Postmaster is not adequate for such services to be provided for each applicant separately without detriment to the public interests, arrangements may be made at the Postmaster's discretion for a joint service.

If several journeys are made in immediate succession for the same person between the ground or place of Meeting and the Telegraph Office, they will be considered as one service, and be charged for according to the total distance covered by the Messenger in performing them all. If the Messenger be kept waiting for the telegrams more than 10 minutes in any case the usual charge for waiting, viz., 2d. for each quarter of an hour or portion thereof beyond the first 10 minutes, will be levied.

SERVICE II.

Express Delivery after Transmission by Ordinary Post.

Postal Packets of any kind sent by the Ordinary Post may be delivered by Express Messenger:—

- (a) From the Post Office from which they would be delivered by the ordinary post if that office is a Telegraph Office;
- (b) In London, from the General Post Office or a Head District Post Office at which the Mail Bag is first opened; and
- (c) In the Provinces, from the Head Post Office even when that is not the ordinary office of delivery.

Posting and Distinctive Marking.

(a) The word "Express" must be boldly and legibly marked above the address on the left-hand side of the cover (whether

of Letter or Parcel), and in the case of a Letter the cover must also be marked with a broad perpendicular line from top to bottom; both on front and back.

Where delivery from the General Post Office or Head District Office in London, or from the Head Post Office (although not the ordinary delivering office) in the Provinces, is desired, the words "Express Delivery from General Post Office," "Express Delivery from Head District Office," or "Express Delivery from Head Office" (as the case may be) must be used.

The Post Office does not undertake to ensure the special delivery of an Express Letter which is not marked in the manner prescribed.

(b) Letters may be handed in at a Post Office, or to a Postman in a Rural District, or may be posted in a Letter Box.

(c) Parcels and Registered Letters must be handed in at a Post Office, or to a Postman in a Rural District.

Reply and Further Service.

On the delivery of an Express Packet the Messenger may be asked to perform a further service, as in the case of correspondence which is sent by Express Messenger throughout.

Charges.

(a) In addition to the full ordinary postage, the same Express Fees will be charged as in the case of delivery by a special Messenger throughout, with the exception of the Weight Fee.

In London the fee for the Express delivery of a letter or parcel from the usual Delivery Office is in no case more than 6d., in addition to the ordinary postage, even when the address is more than a mile distant from the Express Office; but, if the article is delivered from the General Post Office or from a Head District Post Office at an address outside the ordinary postal delivery of those offices, then the full Express fee of 6d. a mile throughout is charged.

(b) The sender is responsible for the charges. The postage and charges must be prepaid by means of stamps affixed to the letter or parcel. In any case where a special conveyance is required the whole charge for such conveyance should, if possible, be prepaid in postage stamps affixed to the letter or parcel, but any deficiency will be demanded from the addressee. If the charges payable are not prepaid to the extent of at least one-half, the letter or parcel will be liable to be treated as an ordinary letter or parcel, instead of being delivered by Special Messenger.

Delivery.

On **Week Days** Express Postal Packets will be delivered by **Messenger** during the hours in which the Office of Delivery is open for Telegraph business, but not, as a rule, between 8 p.m. and 7 a.m. Unless otherwise indicated on pages 149 to 509, Provincial Post Offices are open for Telegraph business from 9.0 a.m. to 7.0 p.m. At most small towns and villages, therefore, it is generally impracticable to deliver an Express Packet received by the Night Mail other than by the ordinary postman engaged in the first delivery of letters. The Express fee prepaid on a packet so delivered will be refunded to the sender if written application be made to the Head Postmaster of the District, enclosing the cover of the packet, and stating the name and address of the sender.

Express Postal Packets will also be delivered to **Callers**, whether by day or by night, when the Postal Staff is in attendance, if the letter or parcel arrive too early or too late for delivery by Messenger, or if it be addressed to Post Office "To be called for."

On **Sundays, in the Provinces**, Express Postal Packets (except Parcels) will be delivered by Special Messenger during the hours when the Office of Delivery is open both for Telegraph business and to Callers for Letters.

On **Sundays, in London**, Express Postal Packets of all kinds (except Parcels) for places in the London Postal Districts arriving on Sunday mornings by the Night Mails from the Provinces, or posted in London too late for Express Delivery on Saturday nights, but in time for the last collection, will be delivered from the General Post Office, provided that they are marked with a thick perpendicular line from top to bottom, and with the words "**Express Delivery on Sunday**," and are prepaid.

The fees will be calculated according to the distance from the General Post Office to the centre, approximately, of the Head District or Sub-District in which the address is situated. (See Table of Charges below.)

Charges to be made on Letters for Express Delivery in the undermentioned Head Districts and Sub-Districts in London on Sundays.

Correspondence (except parcels) from places abroad is also delivered in London from the General Post Office on Sundays, provided that each packet bears the words "Express Delivery on Sunday," if possible in English or French, but, if not, in the language of the country of origin, and that an express fee of 30 centimes (3*d.*) or its equivalent has been paid in addition to the postage. Any sum prepaid in excess of that amount will be ignored. The extra mileage fee, if any, is collected on delivery.

There is no delivery of Parcels on Sundays either in London or in the Provinces.

SERVICE III.

Special Delivery of Postal Packets in Advance of the Ordinary Deliveries at the Request of the Addressee.

Persons or Firms who desire at any time to receive postal packets of any kind addressed to them in advance of the ordinary delivery may have them delivered by Special Messenger on payment of the following fees, viz. :—

The full Express Fee of **6*d.*** a mile as for one packet and a further fixed charge of **1*d.*** for every 10, or less number, of additional packets beyond the first. A special conveyance must be paid for if the aggregate weight of the packets exceeds 20 lb. (or 15 lb. if a public conveyance is not available). If more than one search is necessary a charge of **3*d.*** is made for each extra search in addition to the Express fees levied when the special delivery takes place.

Applications for special delivery must be signed by the persons to whom the postal packets are addressed. Forms of application may be obtained at most Post Offices.

The application should be addressed to the Postmaster or Chief Officer on duty at the Post Office from which the Letters are ordinarily delivered. Where possible, it should be delivered at the Office by hand; but where this cannot be done it may be handed in at any Post Office or posted in any Letter Box in the District served from the Office. In either of the latter cases the postage should be prepaid by means of a twopenny stamp affixed to the outside of the form. The application should, however, reach the Office on the previous evening, if it is intended to apply to the early delivery in the morning, and, if to any other delivery, an hour at least before the time at which the delivery commences.

The Express Fee on at least one packet must be prepaid in stamps affixed to the application form. All additional Fees must be paid to the Special Messenger on delivery.

If no postal packet for the address given is found, a Special Messenger will be sent to inform the applicant to that effect, and the Express Fee will be retained to pay for this service.

In cases where a regular delivery by Special Messenger is required either on one or more days of the week, or of postal packets arriving by particular Inland or Foreign Mails, it will be sufficient if only one Form of Application, altered to meet the requirements, is filled up and left with the Postmaster. In such cases the whole of the charges will be collected on delivery of the postal packets.

General Regulations.

Except where otherwise specified, the Express Delivery Services are subject to the general Regulations of the Postal and Telegraph Service.

Postal Packets sent under any of the three Express Services may be registered. Railway Express Letters, however (*see* p. 39), cannot be registered.

The rules regarding the payment of compensation for loss or damage of Express Postal Packets will be found on page 28.

Manner of Posting.

Every Letter intended for transmission as a Railway Letter, must, unless sent from an Express Delivery Post Office (*see* page 39), be taken to a **Passenger Station** of the Railway Company over whose line it is to be sent, and tendered, during such hours as the station is open to the public, to a servant of the Railway Company in the Parcel Booking Office or the Passenger Booking Office.

Foreign and Colonial Letters sent as Railway Letters will be posted in this country for inclusion in an outgoing mail, but the Companies cannot give any information as to the rate of postage or the time or port of departure of the Mail Packets. Letters intended for transfer by the Company to a Post Office messenger at the station of arrival must be handed in at an **Express Delivery** office.

Mode of Address.

A Railway Letter can either be addressed to a Passenger Station to be called for (*see* example *a*), or to the actual residence of the addressee, with the addition of the name of the Railway Station to which it is to be transmitted (*see* example *b*). A Letter addressed as in example (*a*) will be retained at the Station of Address for a period not exceeding seven days from the date of arrival. In order to obtain delivery, the addressee or his agent must apply for it at the Parcel Booking Office, or, if that Office be closed, at the Passenger Booking Office, during the period for which the Station is open to the public. A Letter addressed as in example (*b*) will be transferred to the Post Office Letter Box nearest to the Station of Address for delivery in due course of post by the Post Office. Any Letter not plainly addressed to a station to be called for, will be transferred to the post.

Any Railway Letter addressed to a Station to be called for and not called for within seven days from the date of arrival, will be handed over to the Post Office for disposal in the same way as an ordinary undelivered Inland Letter.

If the sender desires to have a letter conveyed by special messenger from the Station of one Railway Company to that of another, for onward

transmission, he must arrange for the letter to be met by a Post Office Messenger and conveyed by Express Service No. 1 (*see* page 30).

The letter should be addressed as shown in example (a) above, and a second Railway Fee of 3*d.* will be required in addition to the mileage fee. A waiting fee may also become due should the train be late.

Payment of Postage and Fee on Railway Letters.

Upon every Railway Letter a fee of 3*d.* in addition to postage at the ordinary rate, will be charged. This charge will defray the whole cost of transmission. No servant of a Railway Company will be entitled to make a further charge on the delivery of a Railway Letter.

The postage and railway fee must be prepaid, the postage in stamps and the railway fee in cash.

Mode of Transmission of Railway Letters.

A Railway Letter will be forwarded, and afterwards passed on by each Company in succession (if the case requires it), by the next available train or steamship, to the Station of Address, whether that Station be on the line of the Company by which the letter has been accepted, or on the line of any other Company party to this arrangement. For example, a letter handed in at Rugby Station for Barrow-in-Furness Station would be transferred from the London and North-Western line to the Furness line.

Letters excluded from Transmission as Railway Letters.

No letter may be accepted for transmission as a Railway Letter which either—

- (a) Exceeds three ounces in weight ; or which
- (b) From any words or marks thereon appears to be intended for Registration ; or which
- (c) Appears to contain coin, or jewellery, or anything which, if sent by post unregistered, would be subjected to Registration by the Post Office ; or which
- (d) Appears to contain anything which may not, under the regulations for the time being, be sent by the Inland Letter Post. (*See* pages 17 and 18.)

Any Railway Letter found by an Officer of the Post Office to exceed three ounces in weight will be charged with double the deficient postage. Any Railway Letter accepted contrary to (b) or (c) will be charged with a fee of 4*d.*

Any Railway Letter accepted contrary to Rule (d) above will be handed to an Officer of the Post Office, and will be dealt with in such a manner as the Postmaster General may direct.

Except where contrary to the preceding rules, the ordinary conditions and regulations of the Post Office will apply to Railway Letters and matters connected therewith.

Combination of Express Service and Railway Service. (Week-days only.)

Letters not exceeding three ounces in weight sent for transmission by ordinary train or steamship, under the arrangement described above, may be handed in at any Express Delivery Office in the Provinces for

immediate conveyance to the Railway Station by Special Messenger on payment of the Express fee of 6*d.* a mile, which must be prepaid in stamps affixed to a Post Office form. The train by which the letter is to be transmitted must be specified by the sender.

Railway letters, whether taken to the Station of despatch by a Post Office Messenger or handed in at the Station by the sender personally or his agent, can be delivered by Special Messenger after conveyance by train, either—

(a) From the ordinary office of delivery, the cover of the letter to be marked "Express";

(b) From the first Express Office, the cover to be marked: "Express delivery from the first Express Office"; or

(c) From the Railway Station, in which case the cover must be marked "Express, to be handed to Post Office Messenger at _____ Station." The sender must telegraph to the Postmaster of the Express Delivery Office nearest to the station of arrival requesting him to send a Special Messenger to meet the train. The sender is responsible for the time of arrival of the train being correctly stated in the telegram, which he must write himself. In all cases the letter must be marked with a perpendicular line both on front and back, and must be prepaid by means of postage stamps at the rate of 6*d.* per mile for the distance from the office of delivery to the station and thence to the actual address, as well as 2*d.* for postage. Any deficiency in the amount prepaid will be collected from the addressee.

This should be paid in cash.
- (2) The Express fees.
- (3) The cost of any necessary telegram.

If the Messenger has to wait at the station of address more than 10 minutes, owing to late arrival of the train, the usual charge for waiting, viz., 2*d.* for each quarter of an hour or portion thereof beyond the first 10 minutes, will be collected from the addressee.

LATE-FEE LETTERS.

At many Head Post Offices and at some other Post Offices, letters for despatch by the Night Mails may, on payment of a special late fee, be posted after the ordinary hours of collection. In certain instances similar facilities are afforded in connexion with Day Mails. The times at which late letters can be posted at the General Post Office, King Edward Street, and at the principal Post Offices and Railway Stations in London, are given at pages 510 to 514.

Letter Boxes for the receipt of late letters bearing an extra ¼*d.* stamp are affixed to all Mail Trains to which Sorting Carriages are attached.

COMBINATION OF LATE-FEE SERVICE AND EXPRESS SERVICE.

A letter which is too late for local posting can be taken by Express Messenger to the General Post Office or other Post Office in London or to the Chief Office in a Provincial Town, or to a Railway Station where there is a Late-Fee Box either in the Station or on the Train.

The Postage and Late Fee (if any) must be prepaid in stamps affixed to the packet; but the Charge for the Express Service must be prepaid in stamps affixed to a Post Office form.

LETTERS AND PARCELS ADDRESSED TO SOLDIERS, SAILORS AND OTHERS.

For Letters and Parcels addressed to Soldiers, Sailors and others, see pages 83 and 84.

COLLECTION.

In Towns.

Special arrangements will be made for the collection of postal packets sent in considerable quantities by one person. Particulars

will be furnished on application to the local Postmaster. Apart from such arrangements Postmen are not allowed **in towns** to accept from the public anything for the Post.

In the Country.

In the **country** it is the duty of a Postman to accept any unregistered postal packet handed to him on his round. He may also accept any letter, parcel or other postal packet for registration. But he may not accept for insurance a letter to a place abroad. Such a letter must be handed in at a Post Office (*see* page 72). This obligation is, however, subject to the following conditions:—

- (1) A Postman should not accept postal packets near a Post Office, nor should he accept postal packets, other than parcels, near a Letter Box, unless they are too large to pass through the opening of the Box.
- (2) A Postman on foot or bicycle must not accept from any one person a greater weight of **parcels** than 11 lb. in the aggregate, unless he has received notice on the previous day from such person of his intention to send a greater weight.
- (3) A Postman with a cart is required to accept as many **parcels** tendered to him for the post as he can conveniently carry in his cart.
- (4) A **parcel** handed to a Postman must be within the prescribed limits of weight and size, must bear stamps to the full amount required for postage, and must be otherwise in order, the sender being held responsible that these conditions are complied with.
- (5) A Postman may, at the request of the sender, weigh a **parcel**, or check the postage, provided that he can conveniently do so. He may refuse to accept a parcel which beyond all doubt is above the limits of weight or size.
- (6) A Postman who is already carrying the maximum load authorized for his walk, and who is unable to obtain assistance, may refuse to accept more **parcels or other heavy packets.**
- (7) Postal packets other than postal packets for registration may be handed to a Postman for **delivery at any house which he will pass on his usual route** and must be fully prepaid in stamps.

A Mail Cart Driver (as distinguished from a Postman) is required when clearing a Country Letter Box to accept any unregistered

Inland parcels prepaid with postage stamps which are tendered to him for the post, or any unregistered packets which are too large to be posted in the Box, but not at any other point of his journey. He is not required to weigh the parcels, or to check the postage, or to furnish certificates of posting.

Parcels handed to a Postman or Mail Cart Driver are not considered as finally accepted until they have been received at a Post Office.

Carriage of Private Parcels by Officers of the Post Office.

With certain exceptions, no Postman or other Officer of the Post Office may act as a carrier of correspondence or packages of any kind or weight which have not passed through the post, whether he receives payment for the carriage or not. The exceptions are as follows:—

- (a) Contractors for the carriage of Mails by passenger conveyance are not subject to any restrictions as to the parcels they convey.
- (b) Mail Cart Drivers and Postmen in Rural Districts are allowed to carry light packets of medicine sent from a doctor or a chemist to a patient.
- (c) Permission is also given to them in special cases to carry parcels of newly published newspapers addressed from the publishing office of the newspaper in question to a newsagent, whether such parcels be above or below the Parcel Post limit of weight.

The senders must make their own terms as regards the payment of Postmen, Mail Cart Drivers, and Contractors who undertake private services on their behalf.

Collection from Private Posting Boxes.

Arrangements are made for the collection by Postmen of letters, post cards, and printed papers (not letters for registration nor parcels) from Private Letter Boxes of approved pattern in town districts.

Pursuant to the terms of Section 81 of the Post Office Act, 1908, the following notice will be affixed to these boxes, viz:—

“This is a PRIVATE POSTING BOX. Letters and Packets posted in it will be treated in all respects as Postal Packets, but proof of such posting will not be accepted in legal proceedings as evidence of receipt by the addressee. By Order of the Postmaster General.”

The scale of charges is as follows:—

	£ s. d.
1. Initial fee, which provides for one ordinary Collection on Week-days (not being the General Night Mail Collection)	2 0 0
2. Fee for each additional Collection on Week-days, not being the General Night Mail Collection	1 0 0
3. Fee for the Night Mail Collection, including the Sunday Collection, if one exists (in addition to the initial fee of £3 a year)	2 0 0
4. Fee for a Sunday Collection when no Night Mail fee is paid, or for an additional Sunday Collection made in connection with a General Collection from Public Letter Boxes	1 0 0

The minimum fee for the General Night Mail Collection is, therefore, £4 a year, but this includes payment for one other Collection on Week-days.

An extra floor fee of £1 10s. per floor is charged for boxes on floors above or below the ground floor; an extra fee of £1 10s. is also charged for ground floor boxes at a distance from the entrance to the building. An extra fee is also charged in the case of

houses at a distance from the postman's route, at the rate of 5s. a year in respect of each 100 yards or fraction of 100 yards travelled specially beyond 300 yards.

The minimum period for the use of a Private Posting Box is **twelve months**, and the fees are payable annually in advance from the date on which the use of the box began.

Full information in regard to the arrangements and conditions can be obtained on application to Postmasters or to the Controller of the London Postal Service, General Post Office, E.C. 1.

SPECIAL DELIVERY.

To Residents in Towns.

On ordinary week-days, and on Bank Holidays in England and Ireland and on the equivalent Local Holidays in Scotland, letters or other postal packets for persons residing within a town delivery area will only be delivered free at the Post Office to Private Box holders and persons entitled to use the Poste Restante. Other persons desiring to obtain anything addressed to them must in each case pay a special fee of 3*d.*; and this fee must be paid for the search (which will only be made if the postal packets for delivery are readily accessible at the time) whether anything be found or not. This arrangement also applies at certain offices on Sundays during the hours of attendance of the staff. If postal packets addressed to a person at two addresses (for instance, a business address and a private address) are required, and search has to be made on different postmen's walks, two fees will be charged. **Registered Packets** may be retained at the Post Office to be called for once daily on payment of a fee of 15*s.* a year, or 30*s.* a year for calling more than once.

Residents in Towns may also obtain packets without charge (a) when a delivery by postman is regularly suspended on a local half-holiday, or (b) when a delivery to callers is duly sanctioned and publicly announced.

To Residents in Rural Districts.

Persons residing in Rural Districts may on application at the Post Office from which their letters are delivered obtain, free of charge, anything arriving by mails not connecting with a delivery by postman at their place of residence, or anything which the postman has been unable to deliver, provided that it is readily accessible when applied for. They may obtain packets in other circumstances, (a) if they are entitled to use the Poste Restante, (b) if they rent a private box, or pay for private bag services, and arrange to call for such bag, or (c) on payment of a special fee of 3*d.* (if postal packets for delivery are readily accessible), the fee being payable whether anything be found or not.

Residents in rural districts may also, on payment of a special fee

of 3d., have a packet withheld from a particular delivery to be called for at the Post Office.

Delivery at Another Address.

It is the rule to deliver all postal packets as addressed, but by payment of a fee of 30s. a year a person can have packets addressed to his office delivered at his private address, or *vice versa*, provided that both addresses are served from the same delivery office.

PRIVATE BOXES AND BAGS.

A **Private Box**, into which, according to the fee paid, all letters and postal packets other than Parcels or all postal packets on hand for the renter will be sorted to be fetched by him, **may be rented at the Post Office** from which the delivery for the renter's house is made. A **Private Bag**, to be fetched by messenger from a Post Office in a town district, or in a rural district to be either fetched by messenger or delivered at the renter's house by a Post Office servant, can also be rented at any such Post Office, and into it, according to the fee paid, as in respect of Boxes, either letters or parcels or both letters and parcels on hand for the renter will be sorted. A Private Bag is locked at the Post Office before being sent out for delivery. It may be used also for posting. The bag, which must be provided with a lock, is not supplied by the Post Office.

Application for these facilities should be made through the Head Postmaster of the District, to whom all fees should be paid.

The minimum period for the use of a Private Box or Bag is **twelve months** and the fees are payable annually in advance from the date on which the use of the bag began.

Town Districts

(i.e., generally speaking districts with as many as three deliveries on week-days).

The charge for a Private Box is as follows:—

- I. At any Delivery Office in London, at any Provincial Head, Branch or District Office which is a Delivery Office, and at any salaried Sub-Office .. £3 10s. 0d. a year.
- II. At any other Sub-Office £3 0s. 0d.

If delivery is desired at or after 6 a.m. and before the time of commencement of the first delivery or the hour of opening the office (whichever is earlier) a double fee is payable. If delivery is desired after the public office is closed at night (or after 9 p.m. at any office open after that hour) or before 6 a.m. a **Night Box** must be rented. The rent for a Night Box is double that for an ordinary Day Box, and is in addition to the ordinary fee for a Day Box when such is used.

The charge for a Private Bag (which must be conveyed by the renter or his agent to and from the Post Office) is 30s. a year, irrespective of its weight or the number of times at which it is made up daily. Except when the Bag is used only for the posting of letters, the fee for a Private Box as well as for a Private Bag must be paid.

A Private Box or Bag may be used either for letters or for parcels, but if used for both letters and parcels a double fee is payable.

Rural Districts.

The charge to a resident in a Rural District for calling for letters at the proper Delivery Office (in preference to delivery by the Post Office) is 30s. a year, whether or not the caller uses a Private Bag. If delivery is desired at or after 6 a.m. and before the time of commencement of the first delivery or the hour of opening the office (whichever is earlier) a double fee is payable, viz., £3. If a caller requires a Private Bag to be made up more than once a day an additional fee of £1 a year will be charged for each additional making up. If the Bag is used more than once a day for posting, no extra charge is made.

The charges for a Private Bag conveyed by the Post Office are as follows :—

	Weight when empty.	
	Up to 1½ lb.	Up to 2½ lb.
	A year.	A year.
For each making up for delivery	£1	£1
For each receipt at the office with letters for the post	10s.	10s.
For each conveyance by the Post Office in <i>one</i> direction (either out or in)	7s. 6d.	15s.

Bags over 2½ lb. in weight when empty are not conveyed by the Post Office.

The minimum annual fee for a Private Bag used the whole year round, even if used only for posting or only for delivery, is 80s. exclusive of any fee for conveyance.

If in the course of conveyance by the Post Office the Bag is left at a Sub-Office to be called for by the owner or by the Postman who collects or delivers it, an additional fee of 7s. 6d. a year is payable.

Where the collection of a Private Bag from a private house is practicable, but would add to a Postman's duty, a special charge is made to cover the cost of the extra travelling.

A Rural Private Bag may be used for all postal packets, including parcels, without extra charge.

Private Boxes for Night Use.

Private Boxes for use during the night may be rented at Post Offices at which a Night Staff is on duty, and at which there is a delivery of Letters to callers during the day. Under this arrangement a Renter of a Night Box can, during the hours of attendance of the Night Staff, obtain letters arriving after the office is ordinarily closed to callers, which otherwise would not be delivered until next morning. Such letters must be enclosed in **red envelopes** clearly marked in the upper left-hand corner "Special Private Box Night Delivery," and it is recommended that they be handed in at a Post Office counter, but when this cannot be conveniently done they may be posted in any Post Letter Box. The rent for a Night Box will be **twice the amount charged for an ordinary Private Box**, and if a Private Box is rented for use during the day, the ordinary rent for such a box must also be paid. The fee for a Night Box is payable when delivery is required between the hour* of closing at night and 6 a.m.

Private Boxes and Bags for Sunday Use.

A Private Box may be rented for use on Sundays only for the purpose of obtaining letters when the office is ordinarily closed for callers; but letters can only be obtained during the hours of attendance of the staff. The charge for a Sunday Box in London for use during the day or night, or in a provincial town for use during the night, is two-thirds of the fee for an ordinary Private Box. In provincial towns when the call is made in the day-time only, the charge is 15s. a year. A resident in a Rural District who has no Sunday delivery may rent a private bag to be called for on Sundays only when the office is open for public business, on payment of one-third of the usual fee.

PREPAYMENT IN MONEY.

In London at the General Post Office (King Edward Street and Mount Pleasant), the Head Offices of the principal Metropolitan Districts (W.C., W., Paddington, S.W., S.E., E., N., and N.W.),

* This is considered to be 10 p.m. in the case of offices open later than that hour and 9 p.m. in the case of offices in London at which there is no public counter.

and the Bedford Street, Charing Cross, Gracechurch Street, Kingsland High Street (15), Leytonstone, High Road (801), Lombard Street, Ludgate Circus, Fenchurch Street, Stratford High Street (418), Walthamstow, Hoe Street (244), Throgmorton Avenue, Kensington (Young Street), Battersea, Norwood, Walham Green, and Woolwich Post Offices, and at the Head Offices in Edinburgh, Dublin, and certain large towns in the provinces, **any articles transmissible by post, other than newspapers,** may be prepaid in money, provided that the articles are chargeable with a uniform rate of postage, that the amount paid (including any registration fees) is in no case less than £1, and that, except in the case of parcels, the packets are tied in bundles representing a postage of 5s. each (or in the case of exceptionally bulky packets, 2s. 6d. each), with the addresses arranged in the same direction. Prepayment, however, cannot be made partly in money and partly in stamps, and the money must be paid at the time the packets are handed in at the Post Office.*

It is a great advantage to the Post Office to receive these special postings, especially when in large numbers, early in the day. At all the London Offices mentioned in the previous paragraph correspondence to be prepaid in money must be presented at the counters between 9 a.m. and 8 p.m. At Provincial towns the hours of posting are from 10 a.m. to 4 p.m.

Postage on inland letters, post-cards and printed papers may also be prepaid in money at many of the smaller towns in the provinces (including all Head Post Towns) provided that **at least two clear days' notice (exclusive of Sundays and Public Holidays) be given in writing,** and that the conditions of posting as described above be complied with. Applications in England and Wales must in these cases be sent direct to the Comptroller and Accountant General, G.P.O., London, E.C. 1, those in Ireland and Scotland to the Accountant, G.P.O., Dublin and Edinburgh respectively, and must state—(1) The name of the Post Office at which the articles will be handed in, (2) The exact date of posting, and (3) The approximate number and rate of postage of the articles to be posted.

Articles for prepayment in money cannot be received on Sunday, Christmas Day, Good Friday, or Bank Holidays.

* Persons tendering packets to be prepaid in money will be required to sign a declaration that none of them contains any document the transmission of which by post is prohibited by the regulations commencing "The transmission by post of" on page 18 of this Guide. They may also be required to open one of the packets in the presence of the officer to whom they are tendered.

Deposit Accounts.

Persons who regularly make large use of the Post may, by depositing a sum of money sufficient to cover postage for a week, month or other convenient period, and by undertaking to pay at the end of such period the amount of postage due, be relieved not only of the trouble of affixing postage stamps to Inland packets, except newspapers, but also of paying postage in money at the actual time of posting.

The charge for a Deposit Account is £2 a year. Accounts may be opened only at those Head Offices at which postage may be prepaid in money. The regulations regarding prepayment in money apply where postage is to be charged to a Deposit Account, save that it is not necessary for all postal packets posted at one time to be prepayable at one and the same rate of postage. Packets chargeable with different rates of postage must, however, be sorted into batches, each of which is chargeable at the same rate, before they are tendered, and the rate of postage payable on each batch must be indicated. Parcels must be handed in separately from other postal packets.

Application to open a Deposit Account should be made to the Secretary, General Post Office, London, E.C. 1, Edinburgh or Dublin, as the case may be.

ADDRESSES AND PETITIONS TO KING AND PARLIAMENT.

Petitions and Addresses forwarded to the King are exempt from postage. Members of either House of Parliament may receive by post Petitions and Addresses to His Majesty, and Petitions for presentation to either House of Parliament, not exceeding 2 lb. in weight, exempt from postage, provided such Petitions and Addresses be sent without covers, or in open covers, or in wrappers open at the ends. This exemption applies only to an original signed Petition or Address, and not to any copy thereof.

PARLIAMENTARY NOTICES, JURY SUMMONSES.

Particulars as to the conditions under which these documents may be served by post may be obtained from the Secretary, General Post Office, or from the Postmaster at any Head Post Office.

"BLIND LITERATURE" POST.

Papers of any kind, periodicals, and books, impressed in "Braille" or other special type for the use of the blind, may be sent, prepaid, by post, at the following rates of postage:—

For a packet not exceeding 2 oz. in weight.	1d.
" exceeding 2 oz. and not exceeding 5 lb.	1d.
" exceeding 5 lb. and not exceeding 6 lb.	2d.

Any such packet, if posted unpaid, is charged with double postage; if posted insufficiently prepaid, with double the deficiency.

To be entitled to transmission by this post a packet must—

- (1) consist only of articles specially impressed as described above for the use of the blind, and may not contain any communication either in writing or printed in ordinary type, except the title and table of contents of the book or periodical and any key to, or instructions for, the use of the special type, or any enclosure except a label for the return of the packet;
- (2) bear on the outside the inscription "Literature for the Blind," and the written or printed name and address of the sender;

(3) be posted either without a cover, or in a cover open at both ends which can easily be removed for the purpose of examination;

(4) not exceed 6 lb. in weight or 2 feet by 1 foot by 1 foot in dimensions.

If any of these conditions be infringed the packet will either be charged as an insufficiently paid printed paper or letter, or transferred to the Parcel Post, and charged with a fee of 1d., in addition to any deficient parcel postage, whichever charge is the lower. The use of printed labels with the necessary inscription is recommended.

N.B.—Newspapers impressed for the use of the blind and registered at the General Post Office are not subject to the above-mentioned regulations, but to those of the newspaper post.

BALLOT-PAPERS.

No postage is payable on Ballot-papers, Poll-books, and other documents which have been used at a Parliamentary Election, and are presented at a Post Office by a Returning Officer for transmission by post to the Clerk of the Crown in Chancery. When so presented an acknowledgment in writing of their receipt must be given by the Postmaster.

The above does not apply to Ballot-papers or other documents used at County Council, District Council, or Parish Council Elections, or at any other Elections; in any such case, if any documents are sent by post the proper postage must be prepaid.

MISCELLANEOUS INFORMATION.

Evasion of Postage.

Nothing sent through the post may contain an enclosure which is directed to a name and an address different from the name and address borne on the cover, and which is enclosed with the intention of evading postage. Any such forbidden enclosure if observed is liable to be taken out and forwarded to the addressee charged with separate postage at the rate properly prepayable.

Applications for Recall, Detention or Diversion of Letters.

No letter, parcel or other postal packet can, when once it has been posted in a Post Office receptacle or accepted for transmission at a Post Office, be taken out of the post, even if application be made for it by a person who can prove that he is the sender. Nor can it be detained or delayed even if a request to that effect appear upon the cover. It must be forwarded to its address, and cannot be diverted to any other address.

Letters or other Postal Packets addressed to Officers of the Government.

As a general rule every letter or other postal packet addressed to an officer of the Government should be prepaid just as if it were addressed to a private person.

This rule is without exception so far as parcels are concerned; but as regards letters, provided they are upon the business of the State, and addressed to a Minister or other high officer of the Government at his Office in London, Dublin or Edinburgh, they are delivered without prepayment and without surcharge. Any such letter which is not upon the business of the State but upon the private affairs of the sender is liable to surcharge.

Complaints.

Inquiries or complaints on Post Office subjects should in ordinary course be addressed to the Head Postmaster of the district in which the applicant resides, and should be prepaid in the ordinary way.

Change, Cheques, Weighing, Secrecy.

Postmasters are not bound to give change when receiving a payment, nor are they authorized to demand it when making a

payment; and when money is paid at a Post Office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

Postmasters are not required to accept cheques unless such cheques are drawn by a Banker upon his own Bank or upon the Bank of England, or are guaranteed by the Banker upon whom they are drawn. Exceptions to this rule are made in cases of cheques tendered as Savings Bank Deposits or in respect of Government Investments or War Savings Certificates, or in payment for licences, Private Box and Bag Rents, Abbreviated Address Fees, Telegraph and Telephone Accounts, and, under certain conditions, Insurance Stamps.

Postmasters are not bound to weigh for the public letters, printed papers, or newspapers brought for the post, but they may do so if their duty is not thereby impeded. This rule does not apply to parcels, which are tested both as to weight and size before being accepted.

Postmasters have no discretionary power to supply information respecting letters or any kind of postal packet to persons other than those to whom they are addressed. They are not allowed to make public any official information of a private character.

If any packet be forwarded under cover to any Postmaster with a request that he will re-post it at his office, the packet, on being re-posted, will be endorsed with the words "posted at _____, under cover, to the Postmaster of _____."

Method of Address.

Every address should be clearly written parallel to the length of the cover and above it a clear space should be left for postage stamps (which should be affixed to the right-hand top corner of the address side) and for postmarks. Telephone numbers and abbreviated addresses registered for telegrams should not be used.

The address should include in all cases:—

1. Name of addressee.
2. Number (or if there is no number the name) of the house.
If a house bears a name and also a number, the number should always be used, whether or not the name be added.
3. Name of street or road in which the house is situate.

Where the place of address is in the London Postal Area there should be added:—

4. The word "London," if the place of posting is outside the London Postal Area.
5. Initials of the Postal District, followed by the number of the Office of Delivery, thus:—S.W. 4, N.W. 8 (see list of Principal Streets, pages 551 to 605).

Where the place of address is in a large town there should be added:—

4. The name of the Sub-District, *e.g.*, Partick, Edgbaston.
5. The name of the Town, *e.g.*, Glasgow, Birmingham.

Where the place of address is elsewhere within the United Kingdom there should be added:—

4. The name of the place, and, if it is not known that there is a Post Office there (for list of Post Offices in the United

Kingdom see pages 149 to 509), the name of the nearest known Post Office.

5. The name of the Post Town (see pages 149 to 509).

In some cases (as appears from the list of Offices) the name of the County is necessary.

Note.—The initials N.B. should not be used in the addresses of letters for Scotland, as there is some risk of their being regarded as intended for New Brunswick.

Where the place of address is not in the United Kingdom there should be added:—

4. The name of the place, and, if it is not known that there is a Post Office there, the name of the nearest known Post Office.

5. The name of the Province or State, *e.g.*, Ontario, or California.

6. The name of the Dominion, Colony or Foreign Country, *e.g.*, Canada, Jamaica, France.

The Post Office cannot undertake to correct or complete wrong or insufficient addresses.

Nothing may be written or printed on the address side of any packet which, either by tending to prevent the easy and quick reading of the address, or by inconvenient proximity to the postage stamps, or in any other way, is likely to embarrass the Post Office in dealing with it. Contravention of this regulation may result in correspondence being withheld from delivery.

The regulation is held to be complied with in the case of cards, envelopes, labels and wrappers, if the writing or printing is confined to the left-hand half of the address side, the right-hand half being reserved exclusively for the postage stamps and the address.

Circulars.

Circulars should be tied in bundles, with all the addresses in one direction, and should be posted early in the day to secure due despatch.

Verification of Surcharges.

No one to whom a letter or other postal packet is delivered should pay any charge demanded of him in respect of unpaid postage unless a date-stamped "Postage Due" label (or labels) to the face value of the charge demanded is affixed to the cover of letter. If doubt is entertained whether the weight of a packet has been correctly appraised, the letter, *before being opened*, should be taken to a Post Office (to a Head Post Office if from a place abroad) to be weighed. Unless this course is followed, no question as to the correctness of the surcharge can afterwards be entertained.

Exceptional Detention.

The Postmaster General has power to delay the despatch or delivery of all other postal packets, when it is necessary to do so in order to secure the due despatch of letter mails, and also to delay parcels when he considers it expedient for their safety and protection to do so. He is likewise empowered to detain packets of every description which, from their size, weight, or character, are unsuitable for transfer by Mail Bag Apparatus, and to forward them by mails for which the apparatus is not employed.

Letter Boxes.

To facilitate the delivery of Letters a Letter Box should be affixed to every house door.

FOREIGN AND COLONIAL POST.

Postal packets passing in either direction between a place within the United Kingdom (including the Isle of Man and the Channel Islands) and a place outside it are subject to the regulations of the Foreign and Colonial Post.

Foreign and Colonial postal packets are divided into the under-mentioned classes:—

- | | |
|---------------------|------------------------|
| (a) Letters. | (d) Commercial Papers. |
| (b) Post-cards. | (e) Samples. |
| (c) Printed Papers. | (f) Parcels. |

Most States and Colonies are now included in a general Postal Union, the postal affairs of which are controlled by a Convention and detailed regulations periodically revised.

For miscellaneous information concerning both Inland and Foreign Post, see pages 49 to 51.

Post Office Daily List.

The latest information as to the despatch and arrival of Foreign and Colonial Mails, &c., is given in the Post Office Daily List.

The annual subscription (payable in advance) for this List is £1 10s. for a daily copy or 7s. 6d. for a weekly copy. The subscription can be paid at any Head Post Office in the United Kingdom.

LETTERS.

The prepaid rate of postage on letters from the United Kingdom for all Foreign Countries (except the United States of America and the places in Morocco where there are British Post Office Agencies) is 2½d. for the first ounce, and 1½d. for each succeeding ounce or fraction thereof; from the United Kingdom to British Possessions generally, the United States of America and the places in Morocco where there are British Post Office Agencies the letter rate is 2d. for the first ounce, and 1d. for each succeeding ounce or fraction thereof. To H.M. Ships of War and H.M. Troops serving abroad the letter rate is 1d. per ounce (*see* page 83).

To a few countries exceptional conditions apply, such as compulsory prepayment of postage, the collection of an additional charge on delivery, or the absence of arrangements for the complete or even partial registration of letters. For particulars *see* Table on pages 606 to 661.

Letters posted unpaid or insufficiently prepaid for any country to which prepayment is compulsory are sent to the Returned Letter Office. Letters so posted for other countries are forwarded, but are charged on delivery with double the deficiency.

Unpaid and insufficiently prepaid letters from places abroad are charged double the deficient postage; but the surcharge can in no case exceed 5*d.* per $\frac{1}{2}$ oz.

No letter for a Colony or Foreign Country may exceed 2 feet in length or 1 foot in width or depth.

Reply Coupons.

Coupons exchangeable for stamps of the value of 25 centimes (2½*d.*) each in any country participating in the arrangement can be purchased at any Money Order Office in this country at the price of 3*d.* each for the purpose of prepaying replies to letters. The coupons can be exchanged by the addressees of such letters at the Post Office of the place of destination for local postage stamps. The countries and colonies included in the system are indicated by the sign † in column 1 of the Table which appears on pages 606 to 661.

Coupons received from other countries may be exchanged for postage stamps at any Money Order Office in the United Kingdom.

POST-CARDS.

The prepaid rate of postage on every Post-card for a destination outside the United Kingdom is 1*d.*, and on every reply Post-card 2*d.* A Post-card from a place abroad, if unpaid, is chargeable with a postage of 2*d.*; if partially paid, with double the deficient postage, the surcharge in no case exceeding that on a wholly unpaid Post-card.

The material for private cards to be used as post-cards must be cardboard of a make similar to, but not thinner than, that used for cards issued and sold by the Postmaster General for use as post-cards. They may not exceed 5½ inches in length by 3½ inches in width, or be less than 4 inches in length by 2½ inches in width.

All official cards, and all reply-paid cards of private manufacture, must display the title "Post-card" on the address side, but this title is not obligatory for single cards of private manufacture. Reply halves of reply-paid cards must bear the words "Post-card—Great Britain and Ireland" and "Reply."

Official Inland single Post-cards (but not reply-paid cards) may be used for destinations outside the United Kingdom.

A Post-card must not be folded, cut, or otherwise altered, nor may it be enclosed in a cover of any kind.

The right-hand half of the address side of a Post-card is in all cases reserved for the address of the recipient, for the postage stamp necessary for prepayment, which should so far as possible be placed in the upper right-hand corner, and for postal directions (such as "Registered," "Advice of Delivery," &c.); but the left-hand half of the address side as well as the back may be used by the sender for the purpose of a written communication, or may be otherwise disposed of, subject to the restrictions mentioned below.

Nothing may be attached to a Post-card except—

- (a) Stamps in payment of postage or stamp duty;
- (b) A gummed label (not to exceed 2 inches long and $\frac{1}{2}$ inch wide), bearing the name and address of the person to whom the card is sent;

(c) A similar label, bearing the name and address of the sender of the card; and

(d) Engravings, illustrations, drawings and photographs on very thin paper and completely adherent to the card.

The articles specified in paragraphs (c) and (d) may be affixed either to the back or the left-hand half of the address side.

The reply halves of reply-paid cards cannot be registered by the original senders of such cards.

If any of the foregoing rules relating to a Post-card be infringed, the card will be treated as a letter, unless it is eligible for transmission as a printed paper.

Reply halves are available for transmission to the country of origin, and to that country alone, provided that they were in the first instance received attached to the other half. If addressed to other countries they are treated as unpaid Post-cards. Ordinary international Post-cards of one country posted in another are treated as unpaid Post-cards.

PRINTED PAPERS AND COMMERCIAL PAPERS.

Postage and Definition.

The prepaid rate of postage on Printed Papers for all places abroad* is $\frac{1}{2}$ d. per 2 oz., and on Commercial Papers is $2\frac{1}{2}$ d. for the first 10 oz. and $\frac{1}{2}$ d. per 2 oz. thereafter.† If only partly prepaid they will be chargeable on delivery with double the deficiency; if unpaid they will be stopped. Insufficiently prepaid Printed Papers from places abroad will be chargeable on delivery with double the deficiency, the surcharge in no case exceeding 1d. per 2 oz., and insufficiently prepaid Commercial Papers with double the deficiency, the surcharge in no case exceeding 5d. up to 10 oz., and 1d. per 2 oz. for heavier weights. Advertising matter is subject to Customs duty on entry into Australia, New Zealand, British South Africa, Canada, and some other British possessions. For particulars see Table on pages 606 to 661.

The articles which are entitled to be sent at the rate applicable to Printed Papers are mostly impressions or copies obtained upon paper, parchment, or cardboard, by means of printing, lithography, engraving, photography, or any other mechanical process easy to recognise.

This description includes the undermentioned articles wholly printed:—Newspapers, books (stitched or bound), periodical works, pamphlets, sheets of music, visiting cards, address cards, proofs of printing, plans, maps, catalogues, prospectuses, announcements, circulars, notices, engravings, photographs, and designs.

* Except registered newspapers, magazines, and trade journals for Canada and Newfoundland. See pages 57 and 58.

† If there is any mixture of Commercial and other Papers in the same packet the whole is treated as Commercial Papers.

Besides these articles, there are some others which, though not printed matter, are admitted, as, for instance, manuscript intended for the press (when sent with the relative proof), papers impressed for the use of the blind,* albums containing photographs, and cardboard drawing models stamped in relief.

Anything, not being of glass, usually attached or belonging to any of the before-mentioned articles, in the way of binding, mounting, or otherwise, and anything convenient for their safe transmission by post, may also pass at the rate applicable to such articles, provided it is contained in the same packet.

The products of the copying press and type-writer are not admitted at the rate for printed papers; nor, as a rule, are printed papers the text of which has been modified after printing, either by hand or by means of a mechanical process, or marked so as to constitute a conventional language. The following exceptions to this rule are allowed:—

Printed circulars may be dated in manuscript or by a mechanical process, and the name and address of the sender and of the recipient, as well as an indication of his trade or profession, may be added. Corrections and insertions may be made in manuscript or by a mechanical process in relation to names of commercial travellers, dates of their journey, and the places they intend to visit, the names and dates of arrival and departure of ships, names of persons invited to meetings, and the place, date, and object of the meetings; and the date of despatch may be inserted in advices of despatch of goods.

On printed visiting cards and Christmas and New Year cards the address and title of the sender may be written, and conventional initials, such as "p.p.c.," as well as good wishes, congratulations, thanks, condolences, or other formulas of courtesy, in each case expressed in not more than five words.

Packets of Christmas and New Year cards may contain the relative invoices. This provision applies to books, newspapers, music, photographs and engravings, which may also bear a presentation inscription.

Printers' proofs may be corrected in manuscript; additions which relate to accuracy, form, and printing may be made, and in case of want of space additional sheets may be used; the author's manuscript may be enclosed; printers' errors in other printed documents may also be corrected, and figures may be inserted or corrected in prices current, tenders for advertisement, trade circulars, prospectuses, and stock and share lists.

In forms of order or subscription for books, the works required or offered may be indicated in manuscript.

To cuttings from newspapers and periodical publications may be added in manuscript or by a mechanical process the title, date, number and address of the publication from which the article is extracted.

Circulars which are in other respects admissible, but which are printed or lithographed in characters resembling those of the type-

* As regards "Blind Literature" for British Dominions and the United States of America, see page 58.

writer, or are produced by means of any mechanical process from type-written originals, will be admitted at the rate for printed papers, provided that they are handed in at the counter of some Head or Branch Post Office, that special attention is drawn to the fact that they are printed or reproduced in type-written characters, and that at least **twenty copies** are posted at the same time. Such circulars are also accepted provisionally at Town Sub-Offices and at certain of the more important Rural Sub-Offices subject to their being found to be in order when examined at the nearest Head Office to which they will be sent.

The undermentioned articles are excluded from transmission at the rate applicable to printed papers:—

Postage stamps, whether obliterated or not, and in general all printed articles constituting the sign of a monetary value.

Blank paper, note paper or envelopes (with or without printed address), and all other articles of stationery pure and simple.

Commercial Papers comprise all papers or documents written or drawn wholly or partly by hand (except letters or communications in the nature of letters, or other papers or documents having the character of an actual and personal correspondence), documents of legal procedure, Deeds drawn up by public functionaries, copies of or extracts from Deeds under private seal written on stamped or unstamped paper, Way Bills, Bills of Lading, Invoices, receipts for goods or money, and other documents of a mercantile character, documents of Insurance and other public Companies, all kinds of Manuscript Music, the Manuscript of Books and other literary works, letters and post-cards of old date which have already served their original purpose, and pupils' exercises either in original or with corrections, but without any comment on the work, and other papers of a similar description.

Limits of Size and Weight.

Packets of printed or commercial papers, not in the form of a roll, addressed to **British Colonies or Possessions** or to non-Union countries or colonies may not exceed **2 feet in length** and **1 foot in width or depth**; but for **foreign countries** in the Postal Union the length is limited to **18 inches**. Packets in the form of a roll may not in either case exceed **30 inches in length** and **4 inches in diameter**. The limit of weight for each destination is indicated in column 7 of the Table on pages 606 to 661.

Must be sent Open.

Printed Papers and Commercial Papers must be posted either without a cover or in an unfastened envelope, or in a cover which can be easily removed for the purpose of examination without breaking any seal, or tearing any paper, or separating any adhering surfaces. A packet posted without a cover may not be fastened or otherwise treated so as to prevent easy examination. It may, however, be tied with a string easy to unfasten.

In order to secure the return of packets which cannot be delivered the names and addresses of the senders should be printed or written outside.

MAGAZINE POST FOR CANADA AND NEWFOUNDLAND.

Subject to the conditions specified below, British Newspapers, Magazines, and Trade Journals intended for despatch to Canada by direct steamship and to Newfoundland by direct steamship, or via Canada by direct steamship, may be sent at the following scale of postage:—

For each packet over 2 oz. but not over 6 oz. in weight, *1d.*

“	“	“	6 oz.	“	“	1½ lb.	“	1½ <i>d.</i>

“	“	“	4½ lb.	“	“	5 lb.	“	5 <i>d.</i>

Packets not exceeding 2 oz. in weight are transmissible for $\frac{1}{2}$ *d.* as ordinary printed papers.

Special attention is drawn to the fact that this reduced scale does not apply to packets sent by any other route or steamship than those mentioned above.

Conditions of Transmission.

(1) Packets intended for transmission to Canada or Newfoundland at the Magazine rate must be posted either without a cover or in a cover open at both ends and easily removable for the purpose of examination. If no cover is used, the address should be clearly and conspicuously written on the packet.

(2) Such packets must contain nothing but properly registered Newspapers, Magazines, and Trade Journals. The issues of periodicals published prior to the date of registration are not eligible for transmission at the reduced rate.

(3) Packets containing articles not admissible at the special rate, but admissible at the rate for printed papers, commercial papers, samples or letters, are sent forward charged with double the deficient postage at the appropriate rate.

(4) Neither the cover nor the contents of any packet may bear any superscription in printing, manuscript, &c., except:—

- (a) The names, addresses, and descriptions of the sender and the addressee, with index or reference numbers and letters;
- (b) The words “with compliments”;
- (c) The title of the Newspaper, Magazine, or Trade Journal, and a reference to its registration for transmission by post;
- (d) A reference to any place in the Newspaper, Magazine or Trade Journal to which the attention of the addressee is directed;
- (e) A request for return in case of non-delivery.

(5) Packets posted unpaid are not sent forward. If posted insufficiently prepaid they are sent forward charged with double the deficiency.

(6) No packet intended for transmission at the Magazine rate of postage may weigh above 5 lb., or exceed two feet in length or one foot in width or depth.

Conditions of Registration.

I.

All Newspapers registered for transmission in the United Kingdom at the Newspaper rate of postage shall be deemed to be also registered for transmission to Canada and Newfoundland at the Magazine rate of postage.

II.

Any other Newspaper, Magazine or Trade Journal may be placed on the Register of publications transmissible to Canada and Newfoundland at the Magazine rate of postage, provided :—

- (1) That it be printed, published, and *bonâ-fide* offered for sale in the United Kingdom ;
- (2) That it be published in consecutive numbers at intervals of not more than thirty-one days ;
- (3) That the publication and the binding, if any, consist only of paper ;
- (4) That not more than five-sixths of the contents of the publication, including any supplements, consist of advertisements ;
- (5) That the full title and date or month of publication be conspicuously printed on the cover (if any), or, in the absence of a cover, at the top of the first page, and on every detached sheet, page or piece of paper which is issued as part of the Magazine ;
- (6) That a copy of the Newspaper, Magazine or Trade Journal, together with a fee of 6s., be sent every year to the Secretary of the Post Office.

NOTE.—Undelivered packets which bear on the outside the sender's name and address and a request for return in case of non-delivery are sent back from Canada and Newfoundland and are delivered to the sender on payment of fresh postage equivalent to that originally payable. The Post Offices of Canada and Newfoundland dispose of undelivered packets which bear no request for return on the outside.

III.

The decision of the Postmaster General on the admission to, or removal from, the Register of a publication shall be final, save that the Treasury may, if they think fit, on the application of any person interested, reverse or modify the decision and order accordingly.

"BLIND LITERATURE" FOR BRITISH DOMINIONS AND THE UNITED STATES OF AMERICA.

Packets containing papers impressed for the use of the blind sent to any part of the British Empire or to the United States of America are accepted up to a maximum weight of 6 lb. The prepaid rate of postage on such packets is :—

Up to 18 oz. ½d. per 2 oz.

Over 18 oz. but not over 6 lb. 5d. irrespective of weight.

In all other respects the regulations as regards printed papers apply.

SAMPLES.**Postage and Definition.**

The prepaid rate of postage on Sample Packets for all places abroad is 1d. for the first 4 oz. and $\frac{1}{2}$ d. per 2 oz. thereafter. If only partly prepaid they will be chargeable on delivery with double the deficiency; if unpaid, they will be stopped. Insufficiently prepaid Sample Packets from places abroad will be chargeable on delivery with double the deficient postage, the surcharge in no case exceeding 2d. up to 4 oz. and 1d. per 2 oz. for heavier weights.

The use of the Sample Post is restricted to (a) bona-fide Trade Samples or Patterns of Merchandise without saleable value, and (b) natural history specimens (dried or preserved animals and plants, geological specimens, etc.), keys, fresh cut flowers, tubes of serum and pathological specimens rendered innocuous by their mode of preparation and packing, when sent for no commercial purpose. No packet containing goods for sale or consigned in execution of an order (however small the quantity) can be forwarded by the Sample Post.

It is recommended that every sample should be marked "Sample—not for sale," or otherwise defaced in such a way as to render the article unsaleable in the ordinary way of trading.

Limits of Size and Weight.

Packets of samples addressed to **British Colonies or Possessions** or to non-Union countries may not exceed 2 feet in length and 1 foot in width or depth. Packets for foreign countries in the Postal Union must not exceed 12 inches in length, 8 in width, and 4 in depth, unless in the form of a roll, for which the limits are 12 inches in length and 6 inches in diameter. The limit of weight for each destination is indicated in column 8 of the Table on pages 606 to 661.

Mode of Packing and Addressing.

Samples must be sent in such a manner as to be easy of examination and, when practicable, must be sent in covers open at the end. In order to secure the return of packets which cannot be delivered, the names and addresses of the senders should be printed or written outside. There must be no writing or printing upon or in any sample packet for non-Union countries except the address of the person for whom it is intended, the address of the sender, a trade-mark or number, the price of the articles, the weight or size, and the quantity to be disposed of, or such as may be necessary to indicate the place of origin or the nature of the merchandise. A sample packet for a country in the Postal Union may contain, besides these particulars, any Printed Papers; and, if the rate applicable to Commercial Papers be paid, it may also contain Commercial Papers.

Special Regulations as to certain Articles.

Though under the regulations of the Postal Union articles liable to Customs Duty may only be sent by the Parcel or the

Insured Box Post, this rule is relaxed for samples in certain countries. In some instances samples liable to Customs Duty are delivered either free or on payment of the duty, but in others they may be withheld from delivery (*see* page 66). Samples of **tea** exceeding eight ounces in gross weight are not in any case accepted for transmission abroad; and some countries have fixed a still lower limit both for tea and for certain other articles (*see* pages 606 to 661). Samples liable to Customs Duty are ordinarily admitted into the United Kingdom when sent in quantities so small as to have practically no saleable value; but the importation of **tobacco, cigars, cigarettes, &c.**, by Sample Post is prohibited, with the sole exception of packets of type samples of unmanufactured tobacco not exceeding six ounces in gross weight, which are delivered on payment of 2s. 6d. Customs Duty.

Samples of Spirits (except perfumed spirits) can be imported provided that the samples are plainly marked "**Spirits (not perfumed)**." Each packet is liable to a charge of 3s. 6d. Customs Duty. Samples of **wine** are admitted free of Customs charges. The gross weight of any sample packet containing wine or spirits must not exceed 12 ounces.

Samples of Tea not exceeding 8 ounces in gross weight can be imported, provided that the packets are plainly marked as containing tea. Each packet, of which the gross weight is 3 ounces or more, is liable to a charge of 3d. Customs Duty. Packets of tea exceeding 8 ounces in gross weight, and sent by Sample Post from abroad, are liable to forfeiture by the Customs.

Sample packets containing **liquids and greasy substances** can be sent to countries in the Postal Union: also **live bees** (except when prohibited by the special regulations of the country of destination). They must be made up so that they can be easily opened for purposes of inspection, with the exception of packets containing live bees, which must be enclosed in boxes so constructed as to allow the contents to be ascertained without opening. The bottles used for enclosing **liquids** must be of glass, and all articles of **glass** must be securely packed in boxes of metal or wood.

Liquids, Oils, and substances easily liquefied must be enclosed in glass bottles, hermetically sealed. Each bottle must be placed in a wooden box furnished with sawdust, cotton, or spongy material in sufficient quantity to absorb the liquid in the event of the bottle becoming broken. Finally the box itself must be enclosed in a case of metal with tightly fitting lid, of wood with a screwtop, or of strong and thick leather; but when perforated wooden blocks are used having a thickness of at least 2½ millimetres (about an eighth of an inch) in the thinnest part, sufficiently provided inside with absorbent material and supplied with a lid, it is not necessary for the blocks to be enclosed in a second case.

Fatty Substances which are not easily liquefied, such as ointments, soft soap, resin, etc., must be enclosed in an inner cover (box, bag of linen or parchment, etc.) which must itself be placed in a second box of wood, metal, or strong and thick leather. Dry **colouring powders** must be placed in bags of leather, rubber-dressed linen, or stout oiled paper; but non-colouring powders may be packed in boxes of wood, metal, or cardboard. It is essential that

in both cases the bags or boxes of powder shall be themselves enclosed in bags of linen or parchment.

Dangerous articles, such as scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, are eligible for transmission by Sample Post, provided that they are *bona-fide* samples without saleable value, and are packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and to the Officers of the Post Office, while at the same time they may be easily examined.

Explosives are absolutely prohibited.

Deleterious liquids or substances may be sent abroad for medical examination or analysis, by **Sample Post only**, under similar conditions to those prescribed on page 20 for "Articles sent" (by Inland Letter Post) "for Medical Examination or Analysis."

PARCELS.

Postage, Dimensions, and Weight.

For postage, maximum dimensions, weight, and other particulars, see Table of Rates of Postage, &c., pages 664 to 700.

Prepayment, Address, Mode of Posting.

The rules as to addressing and posting are similar to the rules for Inland parcels given on pages 16 and 17, except that the name of the country or colony in which the place of destination is situated must be added to the address, and that the postage must be fully prepaid according to the Table on pages 664 to 729. The address should be written on the parcel itself and not merely on a label. Parcels for places abroad, together with the necessary forms, may be handed to Postmen and Mail Cart Drivers in Rural Districts under the same conditions as Inland parcels, but on the understanding that the parcels will not be considered as finally accepted until they have been examined at a Post Office and found to be in order. Postmen and Mail Cart Drivers are not responsible for giving information as to the postage to be prepaid or the regulations of the Post, nor are they required to supply blank forms of Customs declarations or despatch-notes.

Foreign and Colonial parcels cannot be registered, but they may be insured under the conditions specified on page 74.

Customs Declaration and Despatch-note.

Parcels are subject to Customs regulations. The sender of each parcel is required to make, for Customs purposes—upon a special form or forms, which can be obtained at any Post Office—an accurate statement of the nature and value of the contents and other particulars. The forms should be filled in in ink. Two forms of Customs declaration are in use:—(1) An adhesive form, intended to be affixed to the covers of parcels for British Colonies and Possessions and for a few foreign countries; and (2) a non-adhesive form, which is used for parcels for all other foreign countries. Several identical copies of the latter form must in many cases be made out (see Table on pages 664 to 729). **When a non-adhesive form is used the sender must also fill up a despatch-note.** **Undervaluation of the contents or failure to describe them fully may result in seizure of the parcels**, and in the case of parcels addressed to the United States of America in the imposition of heavy fines, which will not be remitted even if the parcels are returned to the senders. The net weight or quantity of the different

kinds of articles contained in a parcel should be separately stated. Any other particulars should be given which would facilitate the assessment of Customs Duty, such as the material of which clothing is composed, and whether it is new or not. In the case of articles returned to the country where they originated, the fact should be stated. The forms for Foreign parcels should, when possible, be filled up in both English and French; and the address upon the despatch-note should always be as complete as that upon the parcel itself. For further particulars as to declarations, *see* note against the names of the various countries in the Table of Rates on pages 664 to 729.

Customs Duty and Charges on Delivery.

Parcels from Places Abroad for Delivery in the United Kingdom.

Every parcel received from a place abroad is subject to examination by the British Customs; and those containing dutiable articles are liable to charges calculated in accordance with the British Customs tariff for the time being in force. Except in the case of *ad valorem* duties and the specific duties on cinematograph films, such charges are collected by the Post Office on behalf of the Commissioners of Customs and Excise, and must be paid to the postman before the parcels are handed over to the addressee. A fee of 2d., for clearance through the Customs, is charged on every such parcel.

Any application in regard to British Customs charges raised on parcels from a place abroad should be addressed to the Customs Surveyor at the town indicated in the date-stamp impression on the charge label (F. & C.P.P. No. 6 or F. & C.P.P. No. 19) affixed to the parcel, and should be accompanied by that portion of the cover bearing the address and the charge labels.

All parcels are liable to be opened for Customs examination; and their contents are subject to Customs Duty according to the laws of the country of destination. The duty is collected from the addressee on delivery, except in the case of parcels sent under the special arrangements explained on page 68. In most Foreign Countries and British Colonies the articles which are not subject to Customs Duty on importation are comparatively few. The Postmaster General can give no information as to the Customs tariff or procedure of particular countries; nor does he accept any responsibility for loss, delay, or charges arising from the Customs or other regulations to which the contents of parcels are subject.

On importation into Australia, Canada, New Zealand, Rhodesia, the Union of South Africa, the Bechuanaland Protectorate, Barbados, British Guiana, Leeward Islands (except Virgin Islands), Trinidad and Tobago, and Windward Islands, certain articles produced or manufactured in the United Kingdom are entitled, when accompanied by a suitable certificate or statement of origin, to preferential rates of Customs Duty according to the tariff of the particular Colony.

Postal parcels not containing merchandise for sale and not exceeding £10 in value, intended for importation into Australia, Rhodesia or Canada under the preferential tariffs, must be accompanied by a certificate of origin worded as follows:—

“The contents of this package are not merchandise for sale, and
“every article herein to the extent of at least one-fourth of its present

“ value is *bonâ-fide* the produce or manufacture of the United Kingdom.
 “ Dated at.....191Sender. In the presence of
 “ (Officer of the Post Office).”

[N.B.—These certificates must be signed in the presence of an Officer of the Post Office, who will countersign them.]

For similar parcels sent to the Union of South Africa (Provinces of the Cape of Good Hope, Natal, the Orange Free State and the Transvaal), or the Bechuanaland Protectorate, it will suffice if the words “British Manufacture” are written or stamped on the cover or Customs declaration.

In the case of parcels sent to any of the above-mentioned Colonies (except New Zealand and the West Indian Colonies), containing merchandise for sale or exceeding the limits of value specified, a special certificate of origin is required when it is desired that the articles shall be accorded preferential treatment. Information as to the form of this certificate can be obtained from the Representative in London of the Colonial Government concerned.

For parcels sent to New Zealand, containing any of the articles which are entitled to preference, whether for sale or not and whatever their value, the certificate of origin must be given on the invoice in the following form:—

“ I.....(full name), of the firm of....., do hereby
 “ certify that this invoice, amounting to £....., for goods exported
 “ to New Zealand on account of (name of person to whom invoiced)
 “ is true and correct, and that the goods specified therein are

Information as to the forms of certificate required in the case of parcels for the West Indian Colonies mentioned, for which it is desired to obtain preferential treatment, can be obtained from the Commercial Intelligence Branch of the Board of Trade, 78, Basinghall Street, London, E.C. 2.

Customs and other Charges payable by Sender.

Persons sending parcels to certain countries and places (noted with the sign * in the Tables of Rates, &c.) can take upon themselves the payment of the Customs and other charges ordinarily payable by the addressees.

Parcels intended to be sent under this arrangement must, as a rule, be handed in at a Head or Branch Post Office. The sender must pay a fee of 6d., sign an undertaking to pay on demand the amount due, and make a deposit on account of the charges. In the case of parcels for Australia, Canada, New Zealand, Southern Rhodesia, South West Africa, the Union of South Africa or the United States of America a deposit of 1s. for each 2s. or fraction of 2s. of the declared value of the parcel, with a minimum deposit of 5s., is required. In the case of parcels containing tobacco, cigars or cigarettes, and addressed to individual members of the French Army, the deposit is fixed at one-and-a-half times the declared value of the contents, with a minimum of 1s.; for any other destination abroad the deposit is 1s. for each 5s. or fraction of 5s. of the declared value with a minimum deposit of 2s. A final settlement will take place when the amount due has been notified by

the country of destination. An undertaking to pay charges under this arrangement cannot be accepted when the sender is residing only temporarily in the United Kingdom or is unable to give a settled address in this country.

Parcels of tobacco, cigars, and cigarettes sent to France under this arrangement will, nevertheless, not be delivered until the addressee has paid a sum (**consignation**) equal to the amount of the duty. This sum will afterwards be refunded on the fulfilment by the addressee of certain prescribed formalities.

Packing and Sealing.

The packing of parcels for places abroad should be more substantial than that required for the Inland Post (*see* page 18 and following pages), with due regard to length of journey, conditions of transit, climatic conditions, etc. *E.g.*, cardboard or ordinary brown paper is not in general sufficient packing for parcels sent to places abroad. Light and bulky articles should be packed in strong wooden cases. Parcels intended for transmission to tropical countries during the rainy season should be protected by tin-lined cases or other efficient damp-proof packing. For some countries special kinds of packing are required by the Post Offices of transit or of destination; and particulars in these cases will be found opposite the names of the countries on pages 664 to 729. **No compensation is paid for damage to articles inadequately packed**, or to exceptionally fragile articles which from their nature cannot reasonably be expected to travel safely by post, such as clay figures, soapstone and alabaster models, collections of butterflies and moths, vacuum flasks, etc.

For **liquids** and substances which liquefy easily **two receptacles** must be used. The outer receptacle must be of strong wood or metal. Between this and the inner receptacle containing the liquid, space must be left all round; and this space must be filled with bran, sawdust, or other absorbent material in sufficient quantity to absorb all the liquid contents in the case of breakage.

Celluloid, and articles composed wholly or partly of celluloid, must be well packed in strong wooden boxes, and a white label bearing the word "Celluloid" in plain black letters should be affixed to the parcel and to the despatch-note, when one is used. Celluloid, unmanufactured or manufactured, when intended for conveyance by French Packet, must be packed in a cardboard box enclosed in a strong mortised box made of wood at least 1 centimetre thick, and a large red label bearing the word "Celluloid" in very distinct black letters should be affixed to each parcel and despatch-note. Liquid celluloid cannot be sent by post.

Films and other articles of celluloid sent to Sweden and Finland by Parcel Post must be packed in strong wooden boxes. If the lid, sides or bottom of the boxes are composed of more than one piece of wood, the pieces must be jointed together by means of tongues and grooves. A lining of suitable material must be placed between the upper edges of the box and the lid; and the lid must be firmly screwed down. Such parcels should be plainly labelled "Films" or "Celluloid" as the case may be.

As to the packing and sealing of insured parcels, *see* page 74.

Delivery of Parcels.

In many Colonies and Foreign Countries parcels are **not**, like letters, delivered at the residences of the addressees. Notice of the

arrival of a parcel is sent to the addressee, who must claim it at the Post Office, Railway Station, or Custom House where it is lying.

In Belgium, France, and Spain, parcels are delivered by the Railway Companies, and not by the Post Office; and parcels intended to be called for should be addressed not to a Poste Restante in those countries, but to a Railway Station (*en gare*).

Parcel Post with the United States.

The parcel post with the United States is carried on by means of two distinct services, namely, an official service with the United States Post Office and a semi-official service maintained through the Agency of the American Express Company; and particulars of these two services will be found in the Table on pages 726 to 729.

The sender of a parcel forwarded by the semi-official service may without extra charge direct that a parcel be sent through the New York Custom House in bond for Customs examination at any one of the "United States Ports of Entry," or Inland Custom Houses, of which a list is given below. The addressees of such parcels must, however, make arrangements for the delivery of parcels so treated after they have been cleared at the Custom House of the Inland Port of Entry.

Parcels intended to be forwarded in bond must be plainly marked by the sender, "In bond to _____," naming the Inland Port of Entry chosen; and the same words must also be written by the sender in the same handwriting on the Customs declaration and despatch-note.

Regulations as to all Parcels.

Where they are not in conflict with the foregoing rules, the general regulations of the Inland Parcel Post apply to Foreign and Colonial Parcels.

GENERAL POSTAL RULES.**PROHIBITED ARTICLES.**

The general regulations in regard to articles which may not be transmitted by the Inland Post (*see* page 17) apply also to the Foreign and Colonial Post. Pathological specimens, however, may not be transmitted in the Foreign and Colonial Post except by Sample Post and on the conditions stated at pages 59 to 61.

By the regulations of the Postal Union articles liable to Customs Duty may be sent only by the Parcel or the Insured Box Post.* Dutiable articles sent otherwise may be returned, subjected to fine, or confiscated, according to the law of the country of destination.

The transmission by Foreign and Colonial Post of the under-mentioned articles is prohibited:—Base or counterfeit coin; articles infringing trade-mark or copyright laws; oilskins or other similar oiled goods; oiled paper; carbon paper (except as below †); anything liable to become offensive or injurious through decay during the time ordinarily occupied in transmission (for example, butter, etc., addressed to a tropical or sub-tropical country, or having to pass through the tropics) unless enclosed in a hermetically sealed tin; any article or substance specially prohibited from importation into the country or colony of destination. For a list of such special prohibitions *see* Tables of Rates, etc. (pages 606 to 661 and 664 to 729). The Post Office accepts no responsibility for the correctness and completeness of this list, although every effort is made to secure accuracy.

In addition, there are various other articles which are now prohibited by Royal Proclamation from exportation from the United Kingdom except under the authority of a licence.

Particulars of these articles and any information respecting them can be obtained from the Secretary, Imports and Exports Licensing Section, Board of Trade, Great George Street, London, S.W. 1.

The following rules apply specially to **parcels**.

No **letter**, even if addressed in the same way as the parcel in which it is enclosed, may be sent in a parcel addressed to any Foreign Country or to many British Possessions; but parcels for certain other British Possessions may contain one letter only for the addressee. (*See* Table on pages 664 to 729.) An invoice in an open envelope, giving

* *See* page 60 with reference to the relaxation of this rule in certain cases with regard to samples.

† Carbon papers are accepted for transmission by Parcel Post, provided that the sender certifies the contents on the Customs declaration in the following terms:—
"Carbon paper, coated with wax, and containing no oxidisable oily or fatty substance."

simply particulars of the goods contained in the parcel, may be enclosed in any parcel.

Plants are not in ordinary conditions admitted into most of the countries of Europe, for fear that phylloxera may be introduced with them. There are, however, special conditions in which parcels of plants (except vines) are admitted into some of these countries. The chief conditions are that the plants must be packed securely, but in such a way that they can be easily examined, and must be accompanied by a declaration of the sender, attested by some competent authority, that there has been no vine in or near the ground from which the plants come. This declaration must be attached to the despatch-note of the parcel to which it relates. On the despatch-note, Customs declarations, and the cover or label of the parcel, should be written the words, "Phylloxera Certificate annexed."

Coin (unless declared to be for purposes of ornament) or **bullion exceeding £5** in value cannot be sent from this country to places abroad.

Coin, jewellery, or any article of gold or silver, cannot be sent by Parcel Post to any Foreign Country or British Possession included in the insurance system unless they are insured for at least part of their value, and are packed and sealed in accordance with the special regulations given on page 75.

RE-DIRECTION.

Correspondence may be re-directed to the same addressee at another address either by an Officer of the Post Office or by an agent of the addressee after delivery under the following conditions:—

Letters, Post-cards, Printed Papers, Commercial Papers, and Samples.

The principle of free re-direction is adopted for everything sent by post throughout the Postal Union, except for parcels. This principle, however, does not exempt from additional postage correspondence which, though fully prepaid for the first transmission, is re-directed to a country to which the postage is higher than that originally prepaid. Thus a letter or packet prepaid at the inland rate, sent from one place to another in the United Kingdom, and afterwards re-directed to a place abroad, should have additional stamps affixed to it representing the difference between the inland and the foreign rate of postage, otherwise the difference will be charged on delivery. The

same treatment would be adopted with a letter or packet fully prepaid for the inland service of a foreign country or colony and re-directed to the United Kingdom. Letters originally posted unpaid, and letters or packets posted insufficiently paid, and subsequently re-directed, though not chargeable for re-direction, are subject to the ordinary charge of double the deficient postage on delivery.

If re-directed by the addressee's agent, correspondence must be re-posted not later than the day after delivery (Sundays and public holidays not being counted), and must not previous to re-direction be opened or tampered with.

Re-directed correspondence (other than parcels) which is re-posted later than the day after delivery will be liable to charge at the prepaid rate. Correspondence which appears to have been opened or tampered with will be chargeable as freshly posted and unpaid.

Whenever it may be thought necessary, a receipt may be required from the addressee of a re-directed letter or packet at the second address.

Letters for commissioned officers, non-commissioned officers, private soldiers, or seamen in the Army or Navy on actual service, are exempt from any charge for re-direction, and are not subject to the usual restriction as to time for re-posting.

Correspondence returned to the senders that they may rectify or complete the address is not, when re-posted, treated as re-directed, but as liable to fresh postage.

Registered letters or packets, on being re-directed, may not be dropped into a Letter Box, but must be taken to a Post Office to be dealt with as registered. No additional registration fee will be charged upon them if the correspondence is presented for re-registration not later than the day after delivery; but if it is presented after that time it will be treated as freshly posted, and fresh registration fees will be payable.

Registered correspondence is subject to the same rules as ordinary correspondence as regards additional postage charges for re-direction.

Parcels.

Parcels arriving in this country and re-directed from one address to another in the United Kingdom are **liable to additional postage at the inland rate for each re-direction, except** where the original and the second address are both within the delivery of the same Post Office, and the re-direction is made within the period of free re-direction. A parcel will not, however, be delivered free of charge to a person who has previously refused to accept it, and for

re-direction from a Returned Letter Office a second postage is invariably charged.

A parcel re-directed from one country to another is charged the full postage.

In most cases Customs charges raised in countries abroad are cancelled on the re-direction of a parcel; but there are certain exceptions (*see below*, paragraph headed "Undelivered Postal Packets").

POSTE RESTANTE.

The Rules applicable to postal packets arriving from places abroad and addressed to a Poste Restante will be found at pages 22 and 23.

UNDELIVERED POSTAL PACKETS.

Letters, Post-cards, Printed and Commercial Papers and Samples.

Undelivered correspondence of these kinds returned to this country from places abroad is, as a general rule, disposed of in the same manner as undelivered inland correspondence on which the same amounts of postage are chargeable (*see page 24*). Packets sent to Canada and Newfoundland by Magazine Post are charged on return with further postage equal to the postage originally payable.

Parcels.

If a parcel addressed to a place abroad cannot be delivered the sender is advised, provided that his address is given on the parcel or on the forms prepared by him at the time of posting; and his instructions for the disposal of the parcel are then communicated to the Post Office at which the parcel is lying. Special arrangements are, however, in force as regards parcels for the Gold Coast Colony (*see page 689*), Nigeria (*see page 705*), Russia (*see page 718*), Sierra Leone (*see page 717*), and the United States of America—Official service (*see page 727*).

In most cases the foreign Customs duty is cancelled on the return of a parcel; but on parcels sent back from the Republic of Colombia, Dominican Republic, Spain,* and certain French colonies, the Customs charges are not cancelled, and must be paid on delivery, in addition to the return postage. Other non-postal charges, for warehousing, etc., are maintained on parcels sent back from the Argentine Republic, Chile, Denmark, France, Greece, Holland, Italy, Luxembourg, Morocco (French zone only), Norway, certain Portuguese colonies, Serbia, Spain, Switzerland, and the United States of America (American Express Company's Service).

* The Customs duty levied on parcels in Spain is cancelled if the parcels are sent back within four months from the date of posting.

Parcels returned from one country to another incur fresh postage at the ordinary rates.

Parcels which cannot be delivered are, unless of a perishable nature, kept for a reasonable time in case of enquiry, but if ultimately unclaimed they are disposed of in such a manner as the Postmaster General thinks fit.

SUPPLEMENTAL SERVICES.

CERTIFICATES OF POSTING OF UNREGISTERED OR UNINSURED CORRESPONDENCE (EXCEPT PARCELS).

Any person who desires proof that an unregistered or uninsured letter, post-card, printed paper, commercial paper, or sample packet has been posted to a particular person, should hand in the letter or other article at a Post Office and ask for a certificate of posting. The fee is ½d. For other particulars see page 24.

REGISTRATION.

Subject to the limitations specified in col. 9 of the Table on pages 606 to 661, Registration is applicable to all correspondence except parcels. Parcels for places abroad cannot be registered, although in many cases they may be insured (see page 74).

The fee chargeable for Registration to places abroad is 2d. To some countries, as shown in the Table on pages 606 to 661, an article can be registered only to the port of arrival; it being left in those cases to the Postal Authorities of the country to which that port belongs to continue the Registration or not as they may think proper.

Indemnity for Loss.

If it is proved to his satisfaction that a letter or packet duly admitted to Registration has been entirely lost whilst in his custody the Postmaster General undertakes to pay an indemnity of 50 francs, except in cases beyond control (*e.g.*, tempest, shipwreck, earthquake, and war). No compensation, however, is payable except in the case of the loss of the entire letter or packet; and no claim will be admitted if made more than a year after the letter or packet was posted.

The Postal Administrations of all countries and colonies included in the Postal Union give the same undertaking in respect of registered letters or packets lost whilst in their custody.

If it is desired to obtain compensation in the case of abstraction of contents of a letter, or to provide for a higher maximum than 50 francs, recourse must be had to the Insurance system (pages 72 to 77).

Countries, colonies, dependencies, and Postal Agencies not included in the Postal Union are under no obligation to pay compensation or indemnity in respect of a registered letter or packet.

Conditions of Registration.

No postal packet addressed to initials or in pencil is admitted to Registration.

Every letter presented for Registration must be enclosed in a strong envelope, securely fastened. Envelopes which have a transparent panel to show the address may not be used.

No packet marked on the outside with the declared value of the contents, as required in the case of insurance, may be sent to a country of the Postal Union by registered post, and Postmasters are instructed to refuse packets so marked which are presented for Registration.

Registered packets must be prepaid as regards both postage and registration fee.

Packets to be registered must be given to an Officer of the Post Office, and a receipt obtained for them; they must on no account be dropped into a Letter Box.

As coin, jewellery, or precious articles may not be sent through the post to certain countries of the Postal Union (*see* Table on pages 606 to 661), **no letters or packets addressed to those countries and containing such articles can be accepted for Registration.**

Letters or packets containing coin for any of the British Colonies not in the Postal Union can be registered, and if they are posted without being registered they are treated in the same manner as inland letters under similar circumstances.

Advice of Delivery.

The sender of registered or insured correspondence addressed to any Foreign Country or British Colony in the Postal Union, or of an insured parcel addressed to any place marked † in the Table of Rates on pages 664 to 729, may obtain an advice of its delivery on application at the office of posting, either at the time of posting or subsequently. The fee is 2½*d.*, which must be paid on application by stamps affixed by the sender to a form provided for the purpose. Enquiry as to the alleged loss or non-delivery of a registered or insured packet or insured parcel should also be accompanied by a fee of 2½*d.*, and should, if possible, be made upon the form used in applying for an advice of delivery. If it is found that the postal service is in fault, the enquiry fee will be refunded.

INSURANCE.

Letters.

Letters for places against which a limit of insured value is entered in col. 6 of the Table of Rates on pages 606 to 661, can be insured subject to the limitations shown in col. 9 of the Table.

The letters to which the insurance system is applicable are those which contain bank notes, bonds, coupons, securities, and other documents of the kind. Post-cards, packets of "Printed Papers," or "Commercial Papers," Sample Packets, or **Letters which contain articles other than documents, cannot be insured.** Objects of value which cannot be sent in insured letters may generally be sent either in insured boxes or insured parcels.

Letters intended for insurance must be presented at the counter of a Post Office. They cannot be posted at Railway Stations and must not be dropped into a Letter Box or handed to a Postman or Mail Cart Driver.

Every letter tendered for insurance must be enclosed in a strong cover, which must be securely fastened and sealed with **fine wax bearing a private mark**, in such a way that it cannot be opened without either breaking the seals or leaving obvious traces of violation. **Envelopes with black or coloured borders must not be used.** No labels may be affixed except those of the postal service. Seals must be placed over each flap or seam of the cover of a packet; and if the packet is tied round with string or tape, a seal must be placed on the ends where they are tied. The seals on an ordinary envelope should be placed as shown below:—

In the case of long envelopes with a seam down the centre, the seam should be secured with seals placed not more than three inches apart.

Letters which, although addressed to a country or place to which the insurance system does not extend, have been irregularly insured, will be returned to the senders.

Insured letters cannot be sent by all the routes available for ordinary letters, and, therefore, may occupy a longer time in transit. For further particulars *see* col. 6 of the Table at pages 606 to 661.

Letters bearing on the outside a declaration of the value of the contents cannot be transmitted by post to places abroad unless they are insured.

Boxes.

Articles of gold and silver, precious stones, jewellery and other articles of a like nature, which are prohibited from transmission in insured letters, may be sent in the letter mails as "insured boxes" to Belgium (*see* page 611), Denmark, Egypt, France, Germany, Holland, Italy, Luxembourg, Norway, Portugal, and Switzerland.

The following classes of articles are prohibited from transmission in insured boxes for any destination :—Current coin of any kind, letters or correspondence, bank notes or other bills payable to bearer, securities or articles included in the category of "commercial papers" (*see* page 56) and any article of which the admission or circulation in the country of destination is prohibited. *See* col. 9 of the Table on pages 606 to 661.

Boxes containing prohibited articles are stopped and returned to the senders.

An insured box must not exceed 2 lb. in weight and must not measure more than 12 inches in length, 4 inches in breadth, and 4 inches in height. The boxes employed for packing must be strongly made of metal or wood, and when wooden boxes are used the wood must be at least $\frac{1}{8}$ of an inch thick.

Insured boxes must be tied crosswise with a single strong string (not two or more pieces joined), the two ends of the string being held together under a seal of fine wax bearing a private mark. The boxes must also be sealed on the four sides with seals identical with that used for the ends of the string. The boxes must not be wrapped in paper, but the surfaces of the top and bottom must be covered with white paper for the inscription of the addressee's name and address and the insured value of the contents and for the impression of the official stamps.

Insured boxes are subject to the Customs regulations and laws in force in the country of destination, and must be accompanied by Customs declarations prepared by the senders. Customs declarations of the non-adhesive form used for parcels should be used for boxes posted in this country; but the heading of the first column of the form should be altered to "Insured Boxes—Boîtes avec valeur déclarée" when the form is used for an insured box. The Customs declarations must be prepared with great care, and must specify precisely the registration number, style of packing and description of the box, full particulars of the contents, the gross weight and total value as well as the net weight and value of each article.

No box can be accepted for transmission under this arrangement unless both postage and insurance fees are fully prepaid. The postage rates and the number of Customs declarations required are indicated in col. 9 of the Table on pages 606 to 661 against the names of the countries concerned. The rates of insurance are given on page 76. The minimum insurance fee is 4*d.* The maximum limit of insurance is the same in each case as for letters.

Parcels.

Parcels for places against which a limit of insured value is entered in col. 5 in the Table of Rates on pages 664 to 729 can be insured, subject to the limitations shown in col. 8 of the Table.

Every insured parcel must be packed carefully and substantially, with due regard to the nature of the contents and the length of the journey, and must be sealed with wax, lead or steel, bearing a private mark, in such a way that it cannot be opened without either breaking the seal or leaving obvious traces of violation. For instance, seals must be placed over each join or loose flap of the covering of a parcel; and, if string be used in packing, a seal must be placed on the ends of the string where they are tied. It is strongly recommended that, when possible, an impression of the seal used on parcels should be made on the counterfoil of the despatch-note.

Parcels containing coin or bullion (not to exceed £5 in value, except in the case of coins declared to be for purposes of ornament), watches, jewellery, or any article of gold or silver, must be enclosed in strong boxes or cases, which must be sewn up, or otherwise fastened, in wrappers of linen, canvas, strong paper, or other substantial material. In such cases the seals must be placed along the edges of each join or loose flap at distances not more than three inches apart. The address of such parcels must be written on their actual covering.

Parcels containing coin, jewellery, or any article of gold or silver, cannot be sent to any Foreign Country or British Possession included in the insurance system unless they are insured for as much of their journey as the regulations permit, and for at least part of their value.

Any such parcel posted uninsured will generally be returned to the sender. A compulsory registration fee of 4*d.* will be collected on the delivery of every uninsured parcel received from the places before mentioned and found to contain coin, jewellery, or any article of gold or silver.

Where the insurance system is shown in the Table at pages 664 to 729 to be restricted to particular Post Offices, only parcels addressed to those Offices can be accepted for insurance, unless a note "see pages 74

and 75" appears against the entry. In that case parcels for destinations beyond the Post Offices named are also accepted for insurance, but only for that part of the journey which terminates at one or other of those Offices. The covers of the parcels accepted under this arrangement must be endorsed by the sender "To be insured as far as the service permits."

General Regulations.

Insured articles have all the safeguards of the registration system; and, subject to the following regulations, compensation will be paid if they or any of their contents are lost in the post.

Insured articles must not be addressed to initials or in pencil.

A certificate of posting must always be obtained by the sender. He may also obtain an advice of the delivery of a **letter or box**, and in the case of certain countries of an insured **parcel**, under the same conditions as those applicable to registered letters (*see* page 71).

All the seals on an insured **letter, box or parcel** must be of the same kind of wax (or lead in the case of parcels), and must bear distinct impressions of the same private device. Coins must not be used for sealing; and the device must not consist merely of straight, crossed, or curved lines which could readily be imitated.

If an article tendered for insurance does not, in the opinion of the officer of the Post Office to whom it is tendered, fulfil the foregoing conditions as to packing and sealing, it is his duty to refuse to insure it. Nevertheless, the onus of properly enclosing, packing, and sealing the packet lies upon the sender; and the Post Office assumes no liability for loss arising from defects which may not be observed at the time of posting.

The amount for which an article is insured must be written by the sender both in words and in figures, at the top of the address side of the cover, thus:—"Insured for fifteen pounds (£15)." No alteration or erasure of the inscription is allowed. If a mistake is made, the entry must be completely obliterated and an entirely new one made by the sender. The amount must also, in the case of a **parcel**, be entered on the despatch-note, if one is used.

No **letter, box or parcel** can be insured for more than its actual value, or for more than the sum entered in the Table of Rates against the name of the Country or Colony to which it is addressed. A **letter, box or parcel** of which the contents have no saleable value may, however, be insured for a nominal sum in order to obtain the safeguards of the registration system; the fee payable will be the minimum one of 4*d.* **Over-insurance is an obstacle to compensation,**

The sums payable for insurance, including registration, are as follows :—

For the insurance of **Parcels to the United States** by the semi-official service (*see* page 65) the sums payable are as follows :—

The fee must be prepaid, in addition to the full postage, by means of postage stamps, which the sender must affix to the cover.

As few stamps as possible should be used to prepay the postage and insurance fee. They must not be folded over the edge of the cover, and, when more stamps than one are used, they must be affixed with spaces between them.

When an insured letter, box or parcel is re-directed from one country to another, a fresh insurance fee becomes payable for each such transmission. Fresh postage is also payable on every insured box or parcel so re-directed. If the fees are not prepaid they are collected from the addressee on delivery. Insured packets can only be re-directed to countries with which the British Post Office exchanges insured articles of the class concerned.

Compensation for the loss or damage in the post of an insured letter, box or parcel, or its contents, will not exceed the amount of the actual loss or damage, and will not be paid at all for a packet containing any prohibited article, for any packet which has been delivered without external trace of injury and has been accepted without remark, or for the damage of exceptionally fragile articles (*see* page 64); nor does it

follow as a matter of course that compensation will be given when loss arises from tempest, shipwreck, earthquake, war, or other causes beyond control. No compensation will be paid for any loss or damage resulting from acts of the King's enemies. **No claim for compensation will be admitted if made more than a year after the packet was posted.** The sender of a parcel may waive his claim in favour of the addressee.

The compensation payable in respect of an insured parcel will in general be in accordance with the regulations of the Inland Parcel Post (*see* pages 28–30) so far as these are applicable.

No legal liability to give compensation in respect of any packet for which an insurance fee has been paid attaches to the Postmaster General, either personally or in his official capacity. The final decision upon all questions of compensation rests with the Postal Administration of the country in which the loss or damage has taken place.

The insurance system also applies to letters, boxes and parcels from the countries which are parties to the insurance system, but those from other places abroad cannot be insured. Letters for H.M. ships abroad cannot be insured even when they are addressed to a port to which the insured letter system extends.

Any insurance effected contrary to the foregoing regulations is invalid.

COMPENSATION FOR LOSS OR DAMAGE OF UNINSURED PARCELS.

The Postmaster General will (not in consequence of any legal liability, but voluntarily, and as an act of grace) give compensation for the loss or damage of uninsured parcels sent by Parcel Post between the United Kingdom and the under-mentioned British Possessions and Foreign Countries, when such loss or damage takes place while the parcels are in his custody, and does not arise from any fault or neglect of the senders or from the nature of the contents:—

The correspondence intended for Express delivery in any of these countries should be marked "Express," and be prepaid 3d. in addition to the postage. When the addressee resides in the immediate neighbourhood of a Post Office no charge will be made on delivery, but when the place of address is beyond the limits of the ordinary Postal delivery an additional charge will be levied in the country of destination at its Inland Express rate, allowance being made for the 8d. prepaid by the sender.

Correspondence from these countries, marked for Express Delivery, and prepaid an Express Fee in addition to the postage will be delivered by Express Messenger from the usual Delivery Office in London, or within a distance of one mile from the local Post Office in the provinces, without further charge, but if Express Delivery is required to be made from the General Post Office or from the Head District Office in London at an address outside the ordinary delivery of such Office or beyond a distance of one mile from the Local Post Office in the provinces, the charge will be at the same rate as for Inland Express letters, viz., 6d. a mile, and will be collected from the addressee, but, in consideration of the fee prepaid by the sender, 3d. will be deducted from the charge for the full distance.

Letters from places abroad can be delivered in London on Sundays under the conditions shown on page 85.

In the undermentioned British Colonies, general correspondence (for parcels see below) will be accepted for Express Delivery in this

country, although there are in those Colonies no arrangements for delivering by special messenger correspondence from the United Kingdom, and consequently there can be no similar service in the opposite direction :—

Bahamas.	Ceylon.	Hong Kong.	Sarawak.
Barbados.	Cyprus.	Malta.	Seychelles.
Bermuda.	Gibraltar.	St. Helena.	Straits Settlements.
British Honduras.	Grenada.	St. Vincent.	Trinidad.
Canada.			

In the case of correspondence received from these Colonies, no part of the Express Fee will be prepaid; but the full fee will in each case be collected from the addressee.

Parcels.

Parcels for certain places (noted with the sign † in the Table on pages 664 to 729) can be delivered by special messenger on arrival at the place of destination by the prepayment of a fee of 5*d.* in addition to the postage.

The word "Express" must be written boldly on the cover of such parcels above the address, and also in the left-hand top corner of the despatch-note.

The special fee of 5*d.* must be prepaid by means of stamps affixed by the sender to the cover or label of the parcel.

This fee covers the express delivery of parcels addressed to houses in the neighbourhood of the Post Offices of destination; but when the residence is beyond the limits of the ordinary parcel delivery, an additional charge is levied in the country of destination at its inland express rate, allowance being made for the 5*d.* prepaid by the sender. In some places only an advice of the arrival of an express parcel is delivered by special messenger.

Parcels from places abroad, marked for express delivery, on which an express fee has been prepaid in addition to the postage, are treated as express in this country, and are delivered free within the same delivery limits as express letters. For express delivery beyond the ordinary limits a supplementary fee representing the difference between the total express delivery charge and the amount (5*d.*) prepaid by the sender is collected from the addressee.

In the under-mentioned British Colonies parcels are accepted for Express Delivery in this country although there are in those Colonies no arrangements for delivering by special messenger correspondence from the United Kingdom :—

Bahamas.	Ceylon.	Hong Kong.	Sarawak.
Barbados.	Cyprus.	Malta.	Seychelles.
Bermuda.	Gibraltar.	St. Helena.	Straits Settlements.
British Honduras.	Grenada.	St. Vincent.	Trinidad.
Canada.			

The express fee of 5*d.* should be prepaid by the sender; and there will be no charge for delivery to be paid by the addressee, unless he resides more than a mile from the delivering office.

CASH ON DELIVERY SERVICE.

This arrangement for collecting from the recipient, for remittance to the sender by special Card Money Order, the value of articles sent by Parcel Post, is in operation between the United Kingdom and the places specified in the Table on page 789. The amount to be collected under the Cash on Delivery System is called the "Trade Charge." The Trade Charge on any one parcel may in no case exceed £40. Parcels on which Trade Charges are to be collected must be posted as a rule at a Head or Branch Post Office. If the insurance of a Cash on Delivery parcel is desired, the ordinary regulations for insurance must be observed.

Special Conditions to be observed by the senders of Cash on Delivery parcels from the United Kingdom.

1. The sender must furnish, on the cover of the parcel, or on a label affixed to the cover, his name and address and the word "Rembursement" followed by the amount in British currency of the Trade Charge, which may not include a fractional part of a penny. These particulars may be furnished on the back of the parcel if there is not room for them to be shown clearly on the front. No erasure or alteration of the entry of the money is allowed. An incorrect entry must be completely obliterated and a fresh entry made. In services in which Despatch Notes are used, a separate Despatch Note must be prepared for each Cash on Delivery parcel; and the amount of the Trade Charge must be entered in the space provided for the purpose.

2. The sender must indicate on the parcel and the relative Despatch Note (or the adhesive Customs Declaration in the case of parcels unaccompanied by Despatch Notes) whether, if the parcel is undeliverable as addressed, it should be (a) abandoned, or (b) delivered at a second address. No other alternative is permissible; and, in particular, a request for delivery at a second address without payment of the Trade Charge cannot be accepted. **In the absence of a definite request for abandonment, a parcel which is undeliverable at the original address, or at the alternative address if one is furnished, is returned to the sender at his expense, without previous notification.**

3. The sender must fill up a special Trade Charge Card with all the particulars required on the card, except the number of the parcel and those in the space headed "Service Instructions." No erasure or alteration of the entry of the amount of the Trade Charge is allowed. If the sender desires to correct the entry of the amount he must make out a fresh card. The Trade Charge Card will eventually be returned to the sender as a Money Order for the full amount entered on it and on the relative parcel by the sender.

4. The sender must prepay, by means of postage stamps affixed to the parcel, a special Cash on Delivery fee calculated as follows:—

Trade Charge not exceeding	Fee.	Trade Charge not exceeding	Fee.
£	<i>s. d.</i>	£	<i>s. d.</i>
1	4½	21	4 6½
2	7	22	4 9

18	3 11	38	8 1
19	4 1½	39	8 3½
20	4 4	40	8 6

This fee is in every case additional to the ordinary postage and other charges (for express delivery, insurance, advice of delivery, &c.) which must be prepaid in the ordinary way.

5. The sender must hand the parcel in at a Post Office authorized to transact Cash on Delivery business (generally a Head or Branch Office), where he must obtain a Certificate of Posting, of which the production may be required as a condition of payment of the Trade Charge Money Order.

A Delivery Fee will be charged in certain countries abroad for the delivery service. This fee, of which particulars are furnished in the Table at page 740, is collected from the addressee of the parcel; and no deduction in respect of it is made from the amount of the Trade Charge Money Order.

Cash on Delivery Parcels received in the United Kingdom from the Countries participating in the Service will be delivered by postmen in the ordinary way, except that, if the Trade Charge exceeds £5, the parcel will be kept at the Post Office to be called for, notice of its arrival being sent to the addressee.

The Postman is strictly forbidden to give up a Cash on Delivery parcel, or to open it at the request of the addressee, or to allow the addressee to open it until the Trade Charge and any other charges due have been paid.

A delivery fee of 4*d.*, in addition to the amount of the Trade Charge, will be collected from the addressee of a Cash on Delivery

parcel received from a place abroad. The amount of the Trade Charge collected will be remitted to the sender of the parcel without deduction.

If the Trade Charge is not paid on demand, the postman will take the parcel back to the Post Office of delivery, from which a notice will be sent to the addressee. If, in reply to this notice, the addressee so requests, the parcel will be presented again at a subsequent delivery, subject to an additional fee of 2*d.*, which will be collected from the addressee. In the absence of instructions for a second presentation of the parcel, or in default of payment on the second occasion, the parcel will be kept at the Post Office for 15 days, exclusive of the day of arrival, and, if not called for in the interval, will be treated as undeliverable.

No receipt for a Trade Charge will be given.

Cheques will not be accepted in payment of Trade Charges.

When the Trade Charge has been collected, the Post Office undertakes the responsibility for the due remittance of the amount to the sender of the parcel; and, therefore, a Trade Charge, once collected, will in no circumstances be refunded to the addressee.

Parcels on which Trade Charges are to be collected will, in other respects than those above specified, be treated like other parcels, e.g., as regards insurance and compensation.

General Regulations.**Packets addressed to His Majesty's Ships.**

Method of Address.—All postal packets for His Majesty's Ships in Home waters should be addressed to the port in the British Islands at which the ship is lying or for which it is bound. When the address is not known with certainty, or when the ship is in Foreign waters, the packet should be addressed:—

H.M.S. (Name of Ship.)

c/o G.P.O.,

London, E.C. 1.

but the use of the proper postal address for ships in Home waters will generally result in earlier delivery.

Neither letters nor parcels should be addressed "c/o Admiralty."

Letters and Parcels addressed to Expeditionary Forces abroad

are subject to special regulations which can be ascertained by enquiry at any Post Office.

PARCELS FOR SHIPS AT FOREIGN PORTS.

In posting Parcels intended to reach a foreign port before a ship sails, allowance should be made both for the slower transit of parcels as compared with letters and also for Customs delay in the country of destination.

Ordinarily, parcels addressed to ships are not delivered on board, but to the ship's agent at the port.

LETTERS SENT BY PRIVATE SHIPS.

Letters intended to be sent by Private Ship, must be addressed "By Private Ship"; and if by a particular vessel, the name of the ship must be added.

The postage and conditions of transmission of letters by a Private Ship are the same as by Mail Packet.

LETTERS TO AND FROM SHIPS.

Special arrangements are made for the delivery of letters addressed to passengers on board (a) the Peninsular and Oriental Packets sailing from Marseilles for Egypt, India and Australia, (b) the Orient Packets from Toulon for Ceylon and Australia, (c) the Union-Castle Packets for the Cape, etc., from Southampton, (d) the Packets for the United States from Southampton and Liverpool, (e) the Canadian Packets from London, Liverpool, Glasgow, Bristol and Southampton. Such letters may be posted in any part of the United Kingdom up to the latest time of posting registered letters for the mails which the Packets are to convey. They *must* be registered, but cannot be insured, and must be addressed to the care of the Commander of the Packet at the port of departure.

All persons on board British ships on the high seas are entitled to send their correspondence prepaid by means of British postage stamps. They should hand such correspondence to the master, or to such officer as he may appoint to receive it, in order that it may be specially conveyed to the Post Office at the first port of arrival.

Prepayment of letters posted on the high seas should be effected at the following rates:—

2d. for the first ounce and 1d. for each additional ounce, if addressed to the United Kingdom, to any British Colony or Possession, or to the places in Morocco where there are British Post Office Agencies.

2½d. for the first ounce and 1½d. for each additional ounce, if addressed to a Foreign Country.

Post-cards should be prepaid 1d. each.

Letters or Post-cards written in Foreign or Colonial waters should be prepaid by means of local stamps at local rates, and should be posted in the ordinary manner.

TELEGRAPHS AND TELEPHONES.

The Postmaster General's Telegraphs may be used by the public for communication with all parts of the United Kingdom, with places abroad, and with ships at sea. Communications within the

United Kingdom are known as Inland Telegrams, other communications as Foreign and Colonial Telegrams or Radiotelegrams.

The charge for an Inland Telegram is independent of distance, and depends upon its length only.

The Foreign and Colonial Telegraph System and the Radiotelegraphic System are largely regulated by International Conventions, to which nearly all the States of the World are parties.

Wireless Telegraphy.—For communication with ships by means of the Radiotelegraph Service *see* page 103.

Trunk Telephone Lines connect all the large towns of the Kingdom, and may be used by subscribers to Telephone Exchanges whether such exchanges belong to the Postmaster General or to a Municipality. They may also be used by any member of the public from many of the numerous Call Offices which exist in all places of any size.

Telephone Exchanges.—The Postmaster General has a Telephone Exchange in every place of importance in the United Kingdom.

Private Telegraph and Telephone Lines.—The Postmaster General also constructs private telegraph and telephone lines on rental terms.

List of Telegraph and Telephone Offices.—All places in the Provinces at which telegraphic or telephonic communication is possible are shown in the List on pages 149 to 509; and London Telegraph Offices are shown on pages 516 to 547.

Hours of Attendance.—Head Telegraph Offices are usually open on week-days from 8 a.m. to 7 p.m. Many Sub-Offices are not open until 9 a.m. In London and in a few of the largest towns the Head Office is always open, day and night; and in many other towns telegrams may be despatched at any hour from the Railway Station.

The Postmaster General is not liable for any loss or damage which may be incurred or sustained by reason or on account of any mistake or default in the transmission or delivery of a telegram.

INLAND TELEGRAMS.

The charge is 9d. for the first 12 words, including the address, and $\frac{1}{2}$ d. for every additional word.

Counting : Compound Words, Proper Names, Figures, Abbreviations, &c.

Telegrams in plain language in any modern European tongue or in Latin are charged for according to the number of words; but all words not forming part of any modern European language or of Latin, and all unintelligible combinations of letters are charged for at the rate of five letters to a word.

With the exception of words which are ordinarily written as one, or coupled by hyphens, as "mother-in-law," "forty-seven," "warehouseman," no combination of words is counted as one word.

Such names as O'Niel, MacDonald, De la Rue, and names with the prefix "St.," as St. Pancras, are charged for as single words; but double names like Bouverie-Tracy, although written with a hyphen, are counted as two words.

Such abbreviations as "can't," "won't," "don't," "shan't," "couldn't," are counted as single words.

Figures are counted at the rate of five figures to a word. For example, "38563" counts as one word, while "385634" counts as two words. Fractions are counted according to the number of figures employed, the mark of division being counted as a figure—thus " $\frac{1}{2}$ " counts as one word, " $2\frac{1}{2}$ " as one, "109 $\frac{1}{4}$ " as two. In groups of figures a stop or oblique stroke is counted as a figure. The symbols $\frac{o}{c}$, a/c, b/l and c/o are exceptionally counted as one word each. In other combinations of letters and signs, each sign is counted as one word. In ordinal numbers the affix st, nd, rd, or th is counted as two figures—thus, "1st" counts as one word, "1482nd" as two words.

Where a figure or a group of figures is followed or preceded by a letter (except in the case of ordinal numbers as above), the letter is counted as a word—thus, 104a or A104 counts as two words. Letters added to figures in an address to denote the number of a house or of a telephone number are exceptionally counted as figures.

Initial letters are each counted as one word; but, exceptionally the initials of the London Postal Districts, for example, "S.W.," are counted as one word for each group. Postal District numbers included in the addresses of telegrams are chargeable as one word each. The letters A.M. and P.M. are counted as one word for each group, and the letters "H.M.S." are also counted as one word in the address of an Inland telegram intended for one of His Majesty's Ships.

Certain names of places are counted as one word each, irrespective of the number of words of which they are composed. These fall into four classes as follows:—

- (a) All names of Towns and Villages in the United Kingdom;
- (b) The names of those railway and coastguard stations (not in towns) at which telegraph business is transacted on behalf of the Post Office;
- (c) The names of Districts in towns when used in addresses in addition to the names of thoroughfares;
- (d) The names of Foreign Telegraph Offices mentioned in the * International List of Telegraph Offices.

* Applications for copies of this book should be addressed to the Secretary, General Post Office.

For example, "Newcastle-on-Tyne," "Abbey Holme," "Bodmin Road," Camden Town in the address "High Street, Camden Town," and "Davos Platz," are counted as one word each.

The names of Town Sub-Offices and Branch Offices (see page 146), and all other names, unless used in addresses together with the names of thoroughfares to denote districts in towns, are counted according to the number of words of which they are composed. For example, "Hanging Ditch" and "Drury Lane" are each counted as two words.

When it is necessary to add the name of a town or county to the name of a place to distinguish it from another place of the same name, the name of the town or county is not charged for.

When words are underlined, or placed in a parenthesis, or within inverted commas, one extra word is charged for.

One word each is also charged for the ordinary signs of punctuation if they are required to be transmitted.

Telegram Forms and Mode of Payment.

Telegrams should be written on the proper forms. Unstamped forms can be obtained free of charge, and postage stamps should be affixed to them by the senders.

Forms with embossed stamps can be obtained singly; or, in books of 20, interleaved and with a sheet of carbonic paper, price 15s. 2d.

An embossed stamp removed from an unused telegram form or cut from an envelope will be accepted in payment or part payment of a telegram, but mutilated and defaced stamps will not be accepted.

A receipt for the charges prepaid upon a Telegram can be obtained for one penny.

A certified copy of a telegram can generally be obtained on application to the local Postmaster, at a charge of 3d., but when special search has to be made for the telegram at headquarters any cost which may be incurred will be chargeable in addition to the fee for a copy.

Mode of Delivery and Portage Charges.

Telegrams are delivered free of charge within three miles of the Office nearest the address, which is called the Terminal Office; and when that office is a Head Post Office no charge is made for delivery within the town postal delivery even if that extends for more than three miles.

When the address is beyond the limit of free delivery, portage is charged at the rate of 3d. a mile or part of a mile, the distance being calculated from the limit of free delivery.

When the usual delivering office is closed, telegrams may at the request of the sender be delivered from another office; but a portage charge of 1s. a mile (8d. in Ireland), calculated from the door of the

delivering office, must be prepaid unless the address is within the town postal delivery of that office. For portorage arrangements on weekly half-holidays, *see* page 135.

The sender is liable for portorage charges; and, when the address is not within the free delivery, he must, if he can, state the distance and pay the portorage in advance. When the exact distance is not known a deposit must be paid. The list of Post Offices (pages 149 to 509) gives the approximate distances of Post Offices more than three miles from an office from which telegrams are delivered. This information will furnish some guide in computing portorage charges. Should the sender under-estimate the charge, the deficiency is collected on delivery, and should he pay too much, the excess is refunded.

The sender may direct that his telegram shall be delivered by post, and no charge is then made for delivery; or he may direct that the telegram shall be forwarded by train from the Terminal or other post office. In the former case the sender should write the word "post" before the addressee's name, and, at the end of the address, the name of the office at which the telegram is to be posted: in the latter case the word "train," or the words "train from . . ." as the case may be, should be written at the end of the address, and the sum of 1s. deposited to cover the cost of conveyance by train, if the exact charge is not known.

A deposit for boat hire is required on telegrams addressed to ships, unless the ships are alongside a wharf, jetty, or pier. Any surplus is refunded.

At many places delivery of telegrams addressed to ships is not undertaken after nightfall, and such telegrams are generally held over for morning delivery.

Delivery by Telephone.

In most cases subscribers to exchanges can make general arrangements to have all telegrams (except Press telegrams) delivered by telephone instead of by messenger, but in large towns this can be done only if the subscriber has a registered telegraphic address. Written copies of telegrams delivered by telephone will be sent to the addressees either by post in daily batches without extra charge, or singly as express letters on payment of express fees. No charge is made to a subscriber for recording instructions for the delivery by telephone from the normal delivery office of his fully addressed telegrams.

Delivery of any specified telegram by messenger can be ensured by the insertion of the words "By hand" at the beginning of the address. The words are chargeable at the ordinary inland rate and the arrangement applies only to ordinary addresses and not to telephonic or registered addresses.

Prepayment of Replies.

The cost of a reply, not exceeding forty-eight words, may be prepaid. A reply form will then be delivered to the addressee, who will be at liberty to use it for any inland message at any time within twelve months. If the Form be not used, its value will be refunded from Headquarters to the sender of the original telegram if he applies and sends the Form within twelve months to the local Postmaster. When a reply-paid telegram is delivered by

telephone and a reply is dictated at once the Form is used in payment for the reply ; but if a reply is not so sent the Form is posted with the confirmatory copy of the telegram, and it may be used in part payment of the subscriber's telephone account.

Addresses.

The address of a telegram should be sufficiently full to enable it to be delivered without difficulty, and without reference to Directories or other sources of information ; and the Postmaster General cannot accept responsibility for the delay or failure of a telegram of which the address does not comply with these requirements. In telegrams for towns the name of the street and the number of the house should be given, and when there are two or more streets of the same name in a town the name of the locality should be added. Telegrams for London should contain in the address the word "London," or alternatively the initials of the London Postal District (for example, "E.C." "S.W.") supplemented by the name of the locality if the name of the street is duplicated in the same Postal District, thus: King Street, Hammersmith, W. Exceptionally, the word "London" (or the initials of the Postal District) may be omitted from the address of a telegram for a well-known street or locality at the risk of the sender. Telegraph Delivery Offices do not always correspond with Postal Delivery Offices, and the Postal District numbers appropriate for letters are not required in the addresses of telegrams.

An address ordinarily used for letters is not necessarily correct or sufficient for telegrams.

Use of Telephonic Addresses for Telegrams.

Telegrams may be addressed to the telephonic addresses of Exchange subscribers for delivery by telephone. The telephonic addresses to be used in such cases must comprise the subscriber's name, Exchange, telephone number and town thus:—

"Jones, Midland 245, Birmingham,"

or, where the name of the Exchange is the same as the name of the town or of a telegraph office or well known locality which is a sufficient address for telegrams, the address may be abbreviated thus:—

"Jones, Stafford 245."

"Jones, Putney 245."

The name of the town is not required in addition to the name of the Exchange for a telegram originating in the same town. Thus "Jones, North 154" would be a sufficient address for a telegram originating in London.

The sender must take the responsibility for the accuracy of the particulars furnished.

Written copies of telegrams delivered by telephone under this arrangement will be sent by post to the address in the Telephone Directory in daily batches without charge.

Delivery by Telephone at Night.

Telegrams may also be delivered by telephone after the Local Telegraph Office is closed, provided that the Local Telephone Exchange is still open. Such telegrams should be directed to

a telephonic address as shown above, and the address should be prefixed by the words "Telephone from.....," the name of the Telegraph Office from which the telegram is to be telephoned being inserted. For example:—

"Telephone from Birmingham, Jones, Stafford 245."

The office selected should be an office which is open always. (Pages 149 to 509.)

The subscriber will be required to agree to pay the telephone fee before the telegram is telephoned to him.

Registered Abbreviated Addresses.

Any person may register an abbreviated or arbitrary address on payment of a registration fee of £1 ls. a year, dating from the day of registration. The address must consist of two words, one of which is to be the name of the town or place of delivery; the other must be a word containing not more than ten letters which is easy to pronounce. In London an additional word indicating the appropriate Delivery Office is inserted between the registered abbreviation and the word London, without extra charge for registration or inland transmission. Telegrams intended to be delivered to the care of a person who has registered an abbreviated address, must have "care of" or "c/o" written before the abbreviated address, thus: "Smith, care of Hercules, Liverpool." The symbol *c/o* counts as one word. Abbreviated addresses should be written with great clearness.

Special instructions relating to the delivery of telegrams bearing a registered address can be given on payment of 5s. for each separate instruction. A fee of one shilling is charged for recording a change of address but the record may be cancelled and the original address resumed without further charge.

Telegrams directed to registered addresses can be delivered to subscribers by telephone. In London the indicator "Phone" denotes telephonic delivery from the Central Telegraph Office, and registrants, after notifying the Secretary, General Post Office, London, E.C. 1, should substitute "Phone" for their local Indicator, or use the indicator "Phone" in place of the local indicator in order to obtain delivery by telephone of occasional telegrams. Confirmatory copies will be sent by post in daily batches without charge. No charge is made to a registrant for recording instructions for the delivery by telephone of telegrams bearing his registered address.

Abbreviated addresses registered for telegrams should not be used for letters.

Multiple Address Telegrams.

A telegram will be delivered at two or more addresses in the same free delivery on prepayment of the ordinary telegram charges for the total number of words in the addresses and text in addition to a charge of threepence for every copy beyond the first. Each address must be complete in itself. Each London Postal District, for example, the District called "South Western" is regarded for the purpose as forming a separate delivery; and when a multiple address telegram for London is directed to one or more registered abbreviated addresses the District initials must be inserted after each registered address and must be paid for. The Postal District numbers appropriate for letters are not required.

Telegrams for His Majesty's Ships.

The address of a telegram for one of His Majesty's Ships should contain (1) the name of the addressee, (2) the name of the Ship prefixed by the letters "H.M.S.," and (3) the word "London," or alternatively the name of the Telegraph Office of destination.

The Post Office cannot supply information of the whereabouts of a ship.

Repetition of Telegrams.

Telegrams can be repeated, if the sender desires it, by being telegraphed back from office to office throughout the course of transmission. The charge for repetition, which must be paid when the telegram is handed in, is one half the ordinary tariff, a fraction of a halfpenny being reckoned as a halfpenny. Telegrams containing mercantile quotations or figures, and telegrams written in cypher, or according to a preconcerted code, should always be repeated. No copy of a repeated telegram is given to the sender.

If the receiver of a telegram doubts its accuracy he may have it repeated by paying half the amount paid for its transmission to him, fractions of a halfpenny being reckoned as a halfpenny. Should he require only a portion of the message to be repeated, a payment must be made at the half rate sufficient to cover the number of words to be repeated. For example, if 20 words in a message of 40 words are to be repeated the payment would be 6½*d.* The minimum charge, however, for repetition (even of a single word) is 4½*d.* The money will be refunded if it should turn out that the original telegram was incorrectly transmitted.

Re-direction.

Telegrams can be re-directed to a second address either by an Officer of the Post Office or by an agent of the addressee. When official re-direction of telegrams is required, a notice to that effect must be given and a fee of one shilling paid in advance; printed forms can be obtained from the local Postmaster. If telegrams bearing a registered address are to be redirected as well as fully addressed telegrams a second fee of one shilling must be paid. The person making the request is responsible for any charges that may be incurred. Re-directed telegrams are liable, if any additional service is performed, to an additional charge of 9*d.* if the two addresses are within the same town; but if the addresses are in different towns the full inland rate is charged for the re-direction of fully addressed telegrams. Each London Postal District, for example, the whole district called "South Western" is considered for this purpose as a separate town. For official redirection after one month a fee of £1 1*s.* per annum is charged, in addition to the re-direction charges on each telegram.

Standing instructions for the re-direction of fully addressed telegrams during fixed hours are registered on payment of £1 1*s.* per annum. The telegrams are subject to the usual re-direction charge.

Telegrams can be re-directed for onward transmission by post without further charge.

Should the sender, upon being informed that his telegram cannot be delivered because the addressee is unknown, require the telegram to be presented a second time at the same address, or re-directed to another address in the same town, he must pay a further fee of 9*d.*

If, however, he re-directs it to an address in a different town (each London Postal District, for example, the whole district called "South Western" is considered for this purpose a separate town) he must pay the full inland rate for the re-transmission. Should it appear that the necessity for the further trial, or for the re-direction to a different address, arose from any fault of the Post Office, the extra charge will be refunded on application being made to the local Postmaster.

Telegrams sent by Telephone.

Telephone Subscribers who have opened a deposit account, and renters of private wires to Postal Telegraph Offices (page 106), may telephone messages (except Press messages) for onward transmission as telegrams to a Telegraph Office which can be reached either through the local Exchange System or by means of the Trunk wires. Similarly the public may dictate telegrams from many Telephone Call Offices where Trunk Calls are accepted, as well as from Telephone Call Offices which are kept open at Telegraph Offices after the ordinary hours for telegraph business. The usual fee for the use of the Call Office must be paid in addition to the telegram charges.

In the provinces the sender will generally be put through to the local Head Telegraph Office, and in London to the Central Telegraph Office.

Telegrams posted in Letter Boxes, or handed to Postmen.

A prepaid telegram enclosed in an envelope marked "Telegram, Immediate," may be posted in any letter box either in town or country, or may be handed in a Rural District to a Postman on his way to a Telegraph Office.

Prepaid telegrams so posted are sent to the nearest convenient Telegraph Office and are thence transmitted by wire. Telegrams posted without envelopes are similarly treated. Posted telegrams which are insufficiently prepaid are forwarded to their destination, and the deficiency is charged to the addressee; but unpaid telegrams are not forwarded. The time of arrival at the Telegraph Office is taken as the time of handing in.

Most Telegraph Offices are closed at 7 p.m., and a posted telegram which does not reach a Telegraph Office before 6 p.m. may not reach its destination until the following day.

Messages telegraphed for Inclusion in Outgoing Mails.

Telegrams may be sent to certain ports for onward transmission as letters. The sender must write "post" (which will not be charged for) before the addressee's name and the name of the terminal Telegraph Office at the end of the address. For example: "Post, Brown, 12, Fifth Avenue, New York, Liverpool." Thus a telegram of 24 words to be sent by post from Liverpool to New York should be prepaid *1s. 5d., viz., 1s. 3½d.* for the telegram (including *½d.* for the name of Liverpool) and *1½d.* for postage. In such cases a registered address cannot be used.

Cancelling Telegrams.

The sender may have his telegram cancelled, and if it be cancelled before the commencement of transmission the sum paid will be

returned at the time, less a fee of *3d.* for cancelling it; but if transmission has commenced, the sum will not be returned. If transmission has been completed, an official telegram, prepaid by the sender, will be sent to the Postmaster at the Terminal Office. If the official telegram should arrive too late, the sender will be informed that the attempt to cancel his telegram has failed, but the sums paid will not be refunded.

Interruption of Communication.

When communication is interrupted, so that a telegram cannot be transmitted, notice is given to the sender, together, if practicable, with a statement of the cost of delivery by special means; and on payment of such cost the telegram will be delivered. If, however, the sender prefer to cancel the telegram, the amount paid will be returned, on application to the local Postmaster, at any time within three calendar months. If the sender cannot be found, or declines to cancel the telegram, or to pay for the delivery, it will be delivered without extra charge by post.

**Hours of Business at Telegraph Offices; see pages
136 to 140.**

Late Fees.

Telegrams may be accepted at an office after the usual hours on payment of the following fees, if the other offices through which the telegram would have to pass are open and their attention can be gained.

- (a) If the handing-in office is not open for either postal or telegraph business, *1s.* for the postmaster, *1s.* for the telegraphist, *1s.* for a messenger, if one be required to call the telegraphist.
- (b) If the office is open for postal business but not for telegraph business, *1s.* for the telegraphist, *6d.* for a messenger, if one be required to call the telegraphist.
- (c) If the office is open for the receipt of press news (but not for other telegraph business, or ordinary postal business), *6d.* for the postmaster, *6d.* for the telegraphist.

When several telegrams are handed in together by the same person, late fees are payable on one telegram only.

When a telegram has to pass through an intermediate office which is not open for telegraph business, late fees are payable in respect of such office, as in the case of the office of origin.

If a postmaster or telegraphist be called up to send a telegram, and it subsequently appears that it cannot be despatched, the person desiring to send it must nevertheless pay the fees.

When a telegram is handed in at an office which is open, for one which is not open for telegraph business, the following fees are to be paid by the sender:—

- (a) If the terminal office is not open for postal business, 1s. for the telegraphist, 1s. for the messenger, 6d. an hour for the telegraphist, if he has to wait for a reply.
- (b) If the terminal office is open for ordinary postal business, 1s. for the telegraphist, 6d. for the messenger.

Alternatively the telegram may be held over for delivery the next morning at the request of the sender.

Night Telegraph Letter Service.

Night Telegraph Letters may be sent between any two towns in which the Head Telegraph Offices are open always (*see* pages 149 to 509) for delivery by the first post the next morning—including Sundays if there is a Sunday delivery. The rate is 9d. for 86 words or less, and ½d. for every 8 words beyond 86.

Night Telegraph Letters must be in plain language. They should be written on telegram forms and the charges prepaid in postage stamps. They may be handed in at or telephoned to the Head Office of the town before midnight, or posted in time to reach it by midnight, prepaid at the above rate, in an envelope marked simply "Telegraph Letter." They may not bear multiple addresses; and registered telegraphic addresses will not be accepted.

Miscellaneous Regulations.

Telegrams are not dropped into a letter box unless personal attention cannot be gained at the place of address. If attention cannot be gained and there is no letter box, a notice is pushed under the door stating that the telegram can be obtained at the Post Office. Whenever, therefore, a house is shut up for several days, instructions should be given to the Postmaster as to the disposal of telegrams.

In London and other large towns, a telegram for an office or other place of business arriving after 7 p.m., or on Sunday, is not delivered until the following morning, unless the addressee has requested by letter that it may be delivered immediately on arrival.

If the addressee is known to the messenger, a telegram may be delivered wherever on the road the messenger may meet him. If the place of meeting is within the free delivery area, no charge is made for portage; but, if beyond, portage is charged at the ordinary rate as far as the point of meeting.

The name and address of the sender of a telegram, if not to be telegraphed, should be written on the back of the form, so that in the event of non-delivery the sender may be advised.

The sender may have instructions, such as "private," "confidential," "to be opened at once," or the like written on the outside of the envelope of the message. He may also insert the words "By hand" before the full address of a telephone subscriber in order to ensure, exceptionally, delivery by messenger. The instructions will be charged for as part of the message.

Telegrams intended for delivery to callers at a Telegraph Office should contain in the address the words "Poste Restante" or "to be called for." Such telegrams are kept for two clear days at the office to which they are addressed.

Telegrams for railway passengers should be addressed "c/o Station Master."

Telegrams indecently or obscenely worded, or appearing to contain grossly offensive matter, will not be transmitted.

Inland telegrams are only kept for three months from the date of transmission, and during that time are not produced except to the sender or addressee, or their duly authorized agents.

Enquiries or complaints in regard to Inland telegrams should be addressed to the local Postmaster, and should be prepaid in the ordinary way.

The Postmaster General is not liable for any loss or damage which may be incurred or sustained by reason or on account of any mistake or default in the transmission or delivery of a telegram.†

FOREIGN AND COLONIAL TELEGRAMS.

Charges.

The charges for Foreign and Colonial telegrams will be found on pages 740 to 768.

Telegram Forms and Mode of Payment.

Special forms are provided for Foreign and Colonial telegrams. Telegrams written on forms supplied by the Telegraph Companies are also accepted at Post Offices. Stamps must be affixed to the forms by the senders.

Books containing 25 forms, each bearing an embossed 10*d.* stamp, interleaved, can be obtained, price £1 1*s.* each.

A receipt for a telegram can be obtained for 1*d.* A certified copy of a telegram can be obtained on application to the Secretary, General Post Office, at a charge of 5*d.*; postmasters are not allowed to supply such copies.

Plain language; Code language; Cypher.

Telegrams are accepted without restriction to most places abroad. A few countries, however, still maintain restrictions, of which particulars may be obtained at any Post Office.

*Telegrams in plain language are those composed of words, figures and letters which form an intelligible meaning. They may be expressed in any of the principal European languages, and certain others. They must be written in Roman characters.

* Special restrictions apply to deferred telegrams accepted at reduced rates. See page 100.

† The Postmaster General has received a notification from the Western Union Telegraph Company that the Company will not accept any liability for mistakes or delay in the transmission or delivery of any unrepeatd message, and that they will not be liable for mistakes or delay in a repeated message beyond 50 times the extra sum received by the Company for repeating such message over its own lines.

Code language is composed of real words not forming comprehensible phrases, or of pronounceable groups of letters having the appearance of real words. No word or group of letters must exceed ten letters in length. The real words may be drawn from any of the following languages:—English, French, German, Italian, Spanish, Portuguese, Dutch and Latin; the groups of letters must be pronounceable according to the current usage of one of those languages.

Cypher is composed of—

(a) Arabic figures or groups or series of Arabic figures having a secret meaning, or letters or groups or series of letters having a secret meaning;

(b) Words, names, expressions, or combinations of letters not fulfilling the conditions applicable to plain language or code.

Letter and figure cypher cannot be combined in one group.

It is desirable to avoid the use of letter cypher as far as possible, as it is less easy to transmit than pronounceable groups of letters, and is, therefore, more liable to error. Where letter cypher is used, it should be arranged in groups of five letters, in order to facilitate transmission.

Combinations in plain language, code or cypher, formed by running together two or more real words (whole or contracted), are prohibited.

Counting: Compound Words, Misspelt Words, Figures, etc.

In plain language the maximum number of letters allowed to pass at the charge for a single word is 15, any excess being charged for at the rate of 15 letters to a word.

Subject to this limit, ordinary compound words and names of towns, countries, provinces, places, family names, and names of ships, written without break, are counted as single words; the same mode of counting applies to the names of streets, squares, etc., but the words "street," "square," etc., or their equivalents in other languages, cannot be combined, contrary to the usage of the language, with such names so as to form a single chargeable word. If joined by a hyphen, or separated by an apostrophe, such compound words or names are counted as so many separate words. Compound numbers written in words and without break are also counted as single words, subject to the same limit as to the number of letters. The name of the office of destination in the address is charged for as one word whatever its length; and when the name of the country, state, province, or district has to be added to distinguish the office from others of the same name, the whole expression is charged for as one word, provided it is written in accordance with the *International List of Telegraph Offices.

Words incorrectly spelled, so as to reduce the number of letters below the maximum, or incorrectly joined together, contrary to the usage of the language, are inadmissible.

If the sender of a telegram from a place abroad irregularly joins together words for the purpose of reducing the charge, the amount undercharged is collected from the addressee.

* Application for copies of this book should be addressed to the Secretary, General Post Office.

*In all telegrams every isolated letter or figure is charged for as a word. Groups of letters forming cypher and group figures are counted at the rate of five letters or figures to a word, and at the same rate for any excess. The same method of counting is applicable to groups of letters forming commercial expressions or commercial marks—that is, marks impressed on packages or bales of goods or on the goods themselves. Groups of letters in current use are similarly counted when occurring in the text. But such letters are not admissible in groups in the address; they are charged for as so many separate words. Letters added to figures to form ordinal numbers or commercial marks, or to represent the number of a house, are counted as figures. Bars of division, decimal points, and stops used in the formation of numbers are counted as figures; otherwise signs of punctuation are not transmitted except at the special request of the sender, and they are then charged for as separate words.

In code language no word must exceed ten letters in length. Words in plain language in the text of a telegram which also contains words in code language are charged for at the rate of 10 letters to a word, any excess being charged for at the rate of 10 letters to a word.

Addresses of Telegrams.

The address must be paid for, and must in no case consist of less than two words. When it is expressed in two words, the first should designate the addressee, and the second the name of the telegraph office of destination. Such abbreviated addresses should be registered at the office of destination.

In telegrams for large towns, the name of the street and the number of the house should be given when the address is not registered. If these particulars cannot be furnished, the profession, trade or calling of the addressee, or similar information should be given, otherwise the telegram will be forwarded only at the risk of the sender. The address should be in French or in the language of the country to which the telegram is sent. If there are more places than one of the same name, the name of the country or state, province or district, in which the place is situated should be added to the address in the manner shown in the †International List of Telegraph Offices.

In telegrams bearing addresses consisting of a name prefixed to a registered address, or addressed to one person at the house of another whose name is also given it is necessary to insert "care of," "chez," or an equivalent expression in the language of the country of destination. It is undesirable to use the symbol c/o, as the equivalent of "care of," except in the case of telegrams addressed to English-speaking countries.

The name and address of the sender are charged for if they are to be transmitted. They must in any case be written at the foot of the form.

* For special rules relating to deferred telegrams accepted at reduced rates see page 100.

† Application for copies of this book should be addressed to the Secretary, General Post Office.

Multiple Addresses.

A telegram addressed to several persons in the same town, or to the same firm at different localities in the same town, is charged for as a single telegram (all the words in the several addresses and the text being counted), but a sum of 5*d.* must be prepaid for every extra copy to be delivered if the number of chargeable words per copy does not exceed 100, and an additional sum of 5*d.* per copy for every additional 100 words or part of 100 words. The instruction "_____ addresses," or "TM _____" (the latter being counted as one word) must be written before the address and paid for. Telegrams of this kind are not accepted by the routes of the North Atlantic Cable Companies.

Prepaid Replies.*

A reply of any length can be prepaid to all telegrams, but the minimum payment is 10*d.* If the sender desires to prepay a reply he must insert before the address of destination "RP——" which is charged for as one word. A voucher for the reply is issued by the office of delivery, and the person receiving it is entitled to use it at any time within six weeks from the date of its issue in payment, or partial payment, as the case may be, of a telegram to any destination abroad.

If the addressee does not use the reply form of a telegram, the cost of the reply will be returned to the sender on application to the Secretary, General Post Office, within three months of the date of issue of the form. The form must be returned with the application. When the charge for the reply sent is less than the amount prepaid, the balance, provided that it is not less than 10*d.* in amount, will be returned to the sender of the original telegram on application to the Secretary, General Post Office, within three months of the date of issue of the reply form.

Repetition at Request of Sender to Ensure Accuracy.*

The sender can have his telegram repeated from office to office throughout the whole course of its transmission by paying, over and above the charge for the original transmission, a quarter of that charge. If the telegram is for one of those countries for which there is a minimum charge per telegram, the lowest charge will be the minimum charge plus one quarter of the minimum charge. Whenever a telegram is repeated, "T C," which is charged for as one word, must be inserted before the address of destination.

Repetition is desirable for all telegrams in code or cypher.

The sender can have the telegram repeated between the office of origin and the last Post Office in the United Kingdom at which it is dealt with on payment of a charge equal to the rate for an ordinary inland telegram of the same length.

* For special rules relating to deferred telegrams accepted at reduced rates see page 100.

Repetition at Request of Addressee to Detect Errors.

The addressee of a telegram can, by application at the Delivery Office, obtain the verification of doubtful passages or words. For this purpose he must pay a sum calculated by multiplying the number of words to be repeated by the ordinary rate per word to the place from which the repetition is to be obtained. The minimum charge is 10*d.*

The amount is refunded if it should prove that the passages or words in question were inaccurately transmitted, but if the repetition shows that some of the words repeated, but not all, were inaccurately transmitted, a proportionate part only of the amount paid for repetition will be remitted.

The addressee of a telegram may have it repeated from the first Post Office in the United Kingdom at which it was dealt with on depositing the ordinary charge for the transmission of an inland telegram, viz. 9*d.* if the part to be repeated contains 12 words or less, and $\frac{1}{2}$ *d.* per word for each word after 12. If there has been an error the amount deposited for the repetition will be refunded.

Charges Returned.

The following charges are returned :—

The cost of a telegram in plain language or a telegram of which the repetition to the office of destination has been paid by the sender, if the telegram was rendered useless by inaccurate transmission. In no circumstances is the charge for an unrepeatable telegram, containing code or cypher, which has been inaccurately transmitted, refunded.

The cost of telegrams which have failed to reach their destination in consequence of some error of the telegraph service; the cost, if not less than 10*d.*, of any word or words omitted during transmission.

The amount paid for a telegram cancelled before transmission, less 3*d.* If the telegram is cancelled after transmission to the next office has been completed, but before it has reached the place to which it is addressed, any balance of charges due will be returned.

Claims for reimbursement should always be accompanied by documentary evidence; viz. :—

In the case of non-delivery, by a written statement from the office of destination or the addressee that the telegram has not been received.

In the case of error in a plain language or a repeated telegram, or in the case of the omission of one or more words, by the actual message form delivered to the addressee.

In the case of error in a telegram of which the receiver has obtained the repetition from the office of origin, by the original message form delivered to him, together with the form upon which the repeated telegram is written.

The cost of telegrams rendered necessary by the non-delivery, delay, or incorrect transmission of a telegram is in no case returned, except in the case of telegrams sent at the request of the addressee asking for repetition (*see above*). No reimbursement is

allowed in respect of correcting telegrams exchanged between the sender and the addressee direct.

No claim for reimbursement will be entertained unless made within five months of the date of the original telegram.

Foreign Administrations will not enquire into complaints (except in cases of serious or repeated irregularities) which do not involve a return of the cost of the telegram as shown above.

REDUCED RATES FOR EXTRA-EUROPEAN TELEGRAMS IN PLAIN LANGUAGE.

(See special note at foot of page 768.)

Telegrams in plain language are accepted for transmission to the British oversea Dominions and other extra-European places at reduced rates on certain conditions. The places to which they may be sent and the rates of charge are given on pages 742 to 768. The service is at present suspended by certain routes.

Deferred telegrams are accepted on condition that they may, if necessary, be deferred during transmission in favour of full-rate traffic.

Deferred telegrams must be in plain language with the restrictions mentioned below. They must not contain either code or cypher, and must not bear any meaning other than that which appears on the face of them. Signs of punctuation are allowed if used in the ordinary way.

Deferred telegrams for any destination may be written in either English or French. In the case of some countries other languages may be used. These are indicated in the table of rates. Not more than one language may be used in the same deferred telegram. **Deferred telegrams must bear the chargeable indication LCO (language of the country of origin) LCF (French), or LCD (language of the country of destination), according to the language used.**

Prepaid replies and repetitions in connexion with deferred telegrams are charged for at the full ordinary rate. Reply vouchers issued with ordinary or deferred telegrams may be used to prepay, to the amount of their value, a foreign telegram of either of these classes.

MIXED POSTAL AND TELEGRAPH SERVICE.

A telegram can be forwarded partly by telegraph and partly by post. Thus a telegram intended, say, for India, can be telegraphed to Marseilles for despatch thence by post to its destination in the outgoing weekly mail. In addition to the cost of the telegram to the place of posting, a charge of 2½*d.* is collected from the sender if the telegram is to be posted from one country to another, but no charge is made for postage if the telegram is to be posted from one place to another in the same country. If the telegram is to be posted as a registered letter, a registration fee of 2½*d.* is charged in addition to the charge for postage (if any).

The sender should write the word "Poste" before the addressee's name, the name of the terminal telegraph office being written last in the address. For example: "Poste Smith 10 Broad Street Calcutta Marseilles." The word "Poste" is charged for as a part of the telegram. Registered abbreviated addresses cannot be used.

Messages telegraphed to certain ports in the United Kingdom for inclusion in Outgoing Mails—See under Inland Telegrams, page 92.

Notice of Delivery.

On payment of an additional rate for five words, the sender may have a notice of the time at which his telegram was delivered transmitted to him by telegraph. In that case, "P C," which is charged for as one word, must be inserted before the address of destination. The information will be given by post on payment of a fee of 2½*d.*, and of the charge for one additional word for the expression "P C P" before the address.

Special Delivery.

The sender can prepay portorage at destination, or (by inserting the word "Jour" at the commencement of the address) secure that a telegram arriving at night shall not be delivered till the daytime, or (by inserting the word "Nuit" at the commencement of the address) secure that it shall be delivered at once, if in the normal course it would be retained until the daytime.

Telegrams to Follow the Addressee.

When the sender is not certain that the addressee of a telegram will be found at the address given, and wishes the telegram to be sent on to him, he should insert before the address "F S," which will be charged as one word.

The addressee may also give instructions in writing, or by prepaid telegram, for any telegrams that may arrive for him to be re-directed to another address. The instructions may be given by a person duly authorised by the addressee on his behalf. The person giving such instructions is responsible for any charges that may be incurred.

Telegrams to be called for.

In telegrams intended to be left until called for at telegraph or post offices, the words "Télégraphe restant" (or "T R") or "Poste restante" (or "G P") or "Poste restante registered" (or "G P R"), as the case may be, must be inserted before the address. The instructions "T R," "G P" and "G P R," are each charged for as one word.

Signalling Stations for Communication with Ships at Sea.

Signalling Stations are maintained by Lloyd's, and by others, at various points round the coast of the United Kingdom; and telegrams to and from vessels passing such stations may be signalled when the vessels are passing.

The charges made by Lloyd's and others for signalling, or for reporting the passing of a ship, or for giving other information, vary in amount. These are not collected by the Post Office.

In all cases the Post Office charge for the transmission of the telegram (including the reply, if any) must be prepaid at the ordinary rate for inland telegrams.

Commercial telegrams can be sent to or received from ships passing the Smalls Lighthouse (St. David's), Haisborough Lightship (Bacton), and Tuskar Rock Lighthouse (Wexford). In the case of inward telegrams the charge at the ordinary inland rate will be collected by the Post Office. A signalling charge of 1s. 6d. will be made on each commercial telegram: it will not, however, be collected by the Post Office.

Payment at the rate for ordinary Inland telegrams (plus 10*d.* per message) will be demanded on the delivery of "casualty" telegrams.

Telegrams in reply will be accepted from the owners or others for transmission, if possible, to the vessel in distress, and will be subject to the same charges.

RADIOTELEGRAMS.

Ship Service Messages.—Radiotelegrams relating to the safety or working of the ship to which they are addressed, and sent by the Owners or Agents of the ship (Ship Service Messages), are accepted at any Telegraph Office for transmission to ships equipped with wireless telegraph apparatus through any of the coast stations in the list (Parts I. and II.) given at pages 769 to 778.

Private Radiotelegrams.—Radiotelegrams concerning the private affairs of individuals or firms are also accepted for transmission to merchant ships in all waters except the following:—

Baltic,

Black Sea, and Sea of Marmora.

The coast stations open for the transmission of such radiotelegrams are shown in Part II. of the list at pages 769 to 778.

Private radiotelegrams are accepted for transmission to His Majesty's ships whether at home or abroad. The landline, cable and coast station charges are the same as for messages to merchant ships. No ship charge is made. Messages for His Majesty's ships must have in the address the words "British Warship" followed by the name of the vessel and the name of the coast station through which the message is to be sent. If the coast station is not known, the sender should enquire of the Secretary, Admiralty, London, by telegram with prepaid reply or by letter stating when it is proposed to send the radiotelegram.

Charges.—(I.) For Radiotelegrams for transmission through coast stations in the United Kingdom (except Poldhu.—As regards this station *see* paragraph headed **Long-Distance Communication**).—The usual inclusive charge for a radiotelegram, whether a ship service or a private message, sent through a coast station in the United Kingdom to ships of most nationalities, including British, is 10½*d.* a word, but for radiotelegrams to ships of Argentine, Belgian, Dutch, German, Greek, Norwegian and Portuguese nationality the charges are as follows, viz.:—6½*d.* a word for the coast station and inland telegraph charge, plus 4*d.* a word with a minimum of 3*s.* 4*d.* a radiotelegram for the ship charge.

Reduced charges are, however, applicable in the case of the Cross-Channel and other short-voyage ships.—*See* table at pages 774–779.

Charges.—(II.) For Radiotelegrams for transmission through coast stations abroad.—The charges are made up as follows:—

(a) The charge for transmission to the coast station abroad (*see* Table of Charges for Foreign and Colonial Telegrams at pages 740 to 768);

(b) The coast station charge, given in the table at pages 769 to 778;

(c) The ship station charge (4*d.* a word, except for the short-voyage ships mentioned in the table at pages 774–779, and in the case of Argentine, Belgian, Dutch, German, Greek, Norwegian and

Portuguese ships, for which the ship charge is 4*d.* a word, with a minimum of 3*s.* 4*d.* a radiotelegram); and

(*d*) The charge for special service, if any (*e.g.*, prepayment of a reply. The special services available can be ascertained at a Telegraph Office).

Address.—The address of a radiotelegram should contain (1) the name of the addressee; (2) the name of the ship, prefixed “steamship” when there is a risk of the name of the ship being confused with the name of a Telegraph Office (*see* above as to messages for British Warships); and (3) the name of the coast station through which the sender wishes the radiotelegram to be sent. (The Post Office is unable at present to give assistance in the choice of the coast station.)

Long-Distance Communication.—There is a special long-distance service with certain ocean liners through a Government station at a total charge of 10½*d.* a word. Particulars of this service can be obtained on application at any Telegraph Office.

Radiotelegrams are accepted for transmission through the Marconi Company's station at Poldhu to ships which are not within range of any other British coast station. The Poldhu station communicates with ships at night only, and its range is about 1,500 miles. The charge is 2*s.* 6*d.* a word, plus the ship charge, which is usually 4*d.* a word. Such radiotelegrams must bear the name of the station “Poldhu” in the address.

Radiotelegrams for Delivery by Post.—Radiotelegrams can also be sent to a ship in any waters, except those specified in the paragraph headed “Private Radiotelegrams,” to be posted as letters at a port of call. A charge of 2½*d.* is made for postage, in addition to the ordinary radiotelegraph charges.

Radiotelegrams from Ships.—In the case of a radiotelegram from a ship, the word “Radio” appears (as an indication of the manner in which the message has been transmitted) in the delivered copy in the space provided for the name of the office of origin, together with the name of the coast station through which the radiotelegram has been sent, and the name of the ship on which it originated.

Abbreviated Addresses for Radiotelegrams from Ships.—Abbreviated addresses for the receipt of radiotelegrams from ships are registered at a charge of 2*s.* 6*d.* a year.

Counting of Words, etc.—All radiotelegrams to and from ships, whether transmitted through British or through foreign coast stations, are subject to the same rules, with regard to the counting of words, etc., as Foreign and Colonial Telegrams (*see* pages 96, 97).

The name of the ship to which a radiotelegram is addressed is counted as one word.

The name of the coast station in the address of a radiotelegram when written in the form given in the list at pages 769–773 also counts as one word.

Information regarding Position of Ships.—Enquiry may be made of any Post Office coast station by inland telegraph as to the position and time of arrival of ships, and such public information as may be available at the station will be furnished. The charge for this service is 9*d.*, in addition to the cost of the telegram and the reply at the ordinary inland rate.

TELEPHONES.

The Postmaster General now controls the entire Trunk and Local Telephone Service throughout the United Kingdom, except in Hull where the Corporation conducts the Local Service.

TRUNK LINES.

The Telephone Trunk Lines which connect the various Telephone Exchange areas throughout the Kingdom can be used by callers at Post Offices which are connected with the Trunk Telephone system as well as by subscribers and callers using Telephone Exchanges. The names of places at which Trunk Telephone communication is possible are indicated in the List of Offices on pages 149-509.

The fees for the use of the Trunk lines are as follows:—

For 25 miles or under	Fourpence.
„ 50	„	..	Eightpence.
„ 75	„	..	One Shilling.
„ 100	„	..	One Shilling and Fourpence.
„ every additional 40 miles or fraction thereof	Eightpence.

The distances are usually calculated as between the terminal Trunk Exchanges through which the calls are effected.

Special rates are charged where submarine lines are used.

The unit period of conversation is three minutes from the time when the caller or subscriber has been informed that the connexion is completed, but any caller, by prepaying a double fee, may secure the option of extending a three minutes' conversation to six minutes on demand at the end of the first period.

When the option of extending a call to six minutes has been asked for by a caller, and the call is completed in three minutes, the fee for the second period will be refunded.

No person is entitled to use a Trunk line continuously for more than six minutes.

The charge for a six minutes' conversation between 7 p.m. and 7 a.m. is the same as for a conversation of three minutes' duration in the day time. During the same period, for a three minutes' conversation, for which the day charge is 1s., a reduced fee of 8d. is charged, and half the usual day charge is made where the ordinary fee is 1s. 4d., or more.

When on weekdays (excluding Saturdays) the Telephone Trunk traffic is light, *e.g.*, in many cases before 9 a.m., between 1 and 2 p.m., and between 5 and 6 p.m., the use of the Trunk Telephone lines for conversations of one or more quarter-hour periods is permitted at a reduced charge. For instance, such conversations would be possible between London and Birmingham, and the charge would be 7s. 6d. per day, or £8 5s. 0d. per month of 22 days when the line is taken for one quarter hour daily. The charges are payable monthly in advance, as the arrangements are subject to a monthly agreement, terminable at the end of any month by either party giving eight days' previous notice in writing. The Postmaster General reserves the right to withdraw the service in the case of emergency. In such a case, however, a proportionate allowance would be made in respect of the period of withdrawal either by rebate of rental or by an equivalent allowance of time during the same day. Application for these facilities should in each case be made to the Secretary, General Post Office, London.

All sums payable for the use of a Trunk line must be prepaid. Subscribers are required to make deposits for Trunk charges, &c., and callers originating Trunk calls are also required to pay a Call Office fee of 2d. in the Provinces and 3d. in London. This Call Office fee is payable in respect of each 3 minutes' conversation in the daytime and each 6 minutes' conversation at night.

A list of the charges for Telephone Trunk wire conversations between all towns connected with the Trunk wire system can be obtained through the local Post Office, or from the Secretary, General Post Office.

No charge is made for the use of the Trunk lines when the subscriber originating a call and the subscriber to whom the call is addressed are not placed in effective communication with each other.

If a call cannot be duly effected, owing to pre-occupation or inattention on the part of one of the subscribers, attempts will be made by the telephonist at short intervals to effect it, so long as the originating subscriber desires such attempts to be made. No additional charge will be made in respect of these attempts.

When a call is cancelled after the attention of both subscribers has been obtained and effective communication is practicable, a full fee is charged as for an effective call.

ANGLO-FRENCH AND ANGLO-BELGIAN TELEPHONE SERVICE.

Telephonic communication can be obtained between London and the principal provincial towns in England on the one hand and Paris on the other. London and certain provincial towns in England can also communicate with certain provincial towns in France, as well as with Brussels and certain provincial towns in Belgium.

The fee for a day call of three minutes over the Anglo-French circuits varies between 6s. and 12s. 10d. according to distance.

The charges for single calls at night over the Anglo-French circuits, effected between the hours of 9 p.m. and 7 a.m. in summer, and 8 a.m. in winter, are three-fifths of the day charges.

The fee for a call of three minutes over the Anglo-Belgian circuits is 8s.

The period of conversation is subject to the same conditions and regulations as in the case of inland Trunk line conversations.

Conversations over the Anglo-French and Anglo-Belgium circuits for 6 minutes or longer at a fixed hour nightly for a minimum period of a month can be obtained at reduced rates.

Further particulars regarding charges and other details may be obtained from the Controller, London Telephone Service, 144A, Queen Victoria Street, E.C. 4.

LONDON TELEPHONE SYSTEM.

The terms and rates of subscription may be ascertained on application to the Controller, London Telephone Service, 144A, Queen Victoria Street, London, E.C. 4.

PROVINCIAL SYSTEM.

The terms for Telephone Exchange circuits may be ascertained on application to the District Manager.

USE OF TELEPHONES FOR SENDING AND RECEIVING TELEGRAMS.

Telephone subscribers' circuits and public telephone call offices may be used for the dictation of messages to telegraph offices for onward transmission as telegrams subject to certain conditions (*see page 92*).

Telegrams may also be delivered to telephone subscribers by telephone, and may be addressed to subscribers' telephonic addresses (*see page 89*).

USE OF TELEPHONES FOR SENDING EXPRESS AND ORDINARY LETTERS.

Any subscriber to a Telephone Exchange may telephone messages to many Post Offices which can be reached through the local Exchange system, or by means of the Post Office Trunk wires, in order that the messages may be written down and dealt with as express letters or ordinary letters. Similarly the public may dictate letters from many telephone Call Offices where Trunk Calls are accepted. The Express Delivery Service is available only during the hours of telegraph business, and is not available on Sundays at any place outside the London Postal District.

An Express letter telephoned to a Post Office is delivered for the usual express delivery fee if it does not contain more than 30 words, including the address. If it exceeds that number, each additional 30 words, or part thereof, is charged for as a separate express letter.

The charge for the use of the telephone is the same as in the case of an ordinary call.

Any person receiving an express letter in this way may send another express letter back to the Post Office to be telephoned to the sender of the original message. Full express and telephone fees are payable for the reply as for a separate message.

In the case of a message telephoned for transmission as an ordinary letter each 80 words, or part thereof, is charged for as a separate letter.

Any subscriber to a Telephone Exchange may obtain the services of an express messenger by telephoning to the nearest Post Office which is connected with his Exchange. The fees for the Express Service are calculated upon the whole distance travelled by the messenger from the Post Office.

The senders of telephone messages which are to be written at Post Offices should speak very distinctly, and should spell all proper names, numbers or difficult words. The persons who take down messages at Post Offices will repeat them to the senders, who are requested to do all in their power to prevent and correct mistakes.

SUNDAY DELIVERY OF LETTERS BY TELEPHONE IN LONDON.

A message to a telephone subscriber in the London Telephone Area posted in London or in the provinces in time to be received at the General Post Office, London, early on Sunday morning can be delivered on Sunday by telephone. Letters containing such messages should be addressed to "The Central Telegraph Office, London, E.C. 1" and marked conspicuously "For telephone delivery on Sunday." A broad perpendicular line should be drawn across the centre of each side of the envelope. The ordinary postage on the letter should be prepaid by means of stamps affixed to the envelope and a fee of threepence for a message not exceeding thirty words, and threepence for each additional thirty words, or part thereof, should be prepaid in stamps affixed to the sheet of paper on which the message is written.

PRIVATE TELEGRAPHS AND TELEPHONES.

The terms on which private telegraph and telephone lines can be provided may be ascertained in the Provinces by application to the District Manager of the Post Office Telephone Service, and in London by application to the Controller of the London Telephone Service.

Apart from the arrangements under which private persons or firms can rent long-distance telegraph or telephone lines for their exclusive use, they can, under certain conditions, secure the regular use of the public long-distance telephone lines at night throughout the year. Particulars can be obtained on application to the Secretary, General Post Office, London.

TIME SIGNALS.

Where the Telegraph arrangements permit, Greenwich mean time can be supplied by electric current every hour in the day in London, and at either 10 a.m. or 1 p.m. (Greenwich time) to places in the country.

Where sufficient support is forthcoming special arrangements can be made for the hourly synchronization of clocks.

Information as to rates and arrangements can be obtained in London from the Controller, London Telephone Service, 144A, Queen Victoria Street, London, E.C. 4, and in the provinces from the District Managers of the Telephone Service.

MONEY ORDERS AND POSTAL ORDERS.

In Money Orders and Postal Orders the Postmaster General gives the means of transmitting small sums by post throughout the United Kingdom, and to most places abroad. Money Orders can be obtained at 15,000 Post Offices, and Postal Orders at almost all Post Offices.

An Inland Money Order may be obtained for any sum, not comprising a fractional part of a penny, up to £40; for transmission abroad the limit varies from £20 to £40. If payable in the United Kingdom an Order may be crossed for payment through a Bank.

Orders for payment of sums up to £40 may also be transmitted by telegraph to offices within the United Kingdom, and to certain Foreign Countries.

Postal Orders can be obtained for 6d. and for any multiple of 6d. up to £1 and also for £1 ls. Od. Intermediate amounts may be made up by affixing Postage Stamps not exceeding three in number and 5d. in total value. The Orders may be cashed at any office which the sender, or, in default of the sender, the payee, selects.

British Postal Orders are issued and paid in most British Possessions and Protectorates and certain other places abroad.

INLAND MONEY ORDERS.**Rates of Poundage.**

The rates of poundage on ordinary Inland Money Orders are :—

For sums not exceeding £3	4d.
„ above £3 and not exceeding £10	6d.
„ „ £10	„	„	£20	.. 8d.
„ „ £20	„	„	£30	.. 10d.
„ „ £30	„	„	£40	.. 1s.

No single Money Order can be issued for a sum exceeding £40.
No Order may contain a fractional part of 1*d.*

Mode of Application for Money Orders.

When applying for Money Orders the public should use the printed requisition form which is supplied gratuitously at all Money Order Offices, and should state thereon as fully as possible the name, title or designation, as the case may be, of the Payee.

The Remitter may request at the time of issue that the Order be crossed like a cheque thus “_____ & Co.,” in order that it may be paid only through a bank, or the Remitter may cross the Order after obtaining it.

Advices of Payment.

The Remitter of an Order payable in the United Kingdom may request to be furnished with the date of payment of the Order. In such case he must apply at the Office of Issue, either at the time of issue of the Order, or subsequently, and pay a fee of 2*d.* The Issuing Postmaster will then arrange for an Advice of Payment to be sent to the Remitter.

Transmission of Order to Payee.

A Money Order, when issued, is handed by the Postmaster to the Remitter to be transmitted by him to the Payee, and an Advice is sent from the Issuing Office to the Paying Office, containing information as to the amount and as to the name of the Payee and of the Remitter.

Unless the Order be presented through a bank, the person presenting it for payment must furnish the Remitter's name for comparison with the advice.

Cashing of Orders.

If, when an Order is presented for payment (otherwise than through a bank), it is properly receipted, and the name of the Remitter, as

furnished by the applicant, is in agreement with the Advice, it will be paid, unless the Postmaster has good reason for believing that the applicant is neither the Payee nor his agent. In the case of a Money Order payable to a Limited Liability Company, Corporation, or Society, the name of the Company, Corporation or Society must be stamped or written in the receipt space, and below it must appear the signature of some responsible officer, such as Secretary, Manager, Director, Treasurer, or Accountant, with a description of his official position.

If payment of an Order be refused, in consequence of the Remitter's name not being furnished correctly, or in consequence of the signature on the Order not corresponding with the entry on the Advice, the applicant for payment should communicate with the Remitter, and request him to apply to the issuing Postmaster.

Payment of a Money Order is subject to the possession by the Postmaster of the paying office of sufficient funds, and delay is possible, especially in the case of Orders for large amounts drawn on small offices.

Payment through a Banker.

The holder of a Money Order payable in the United Kingdom may direct, by crossing it, that the Order be paid through a bank, even though its payment was not originally so restricted.

When an Order is presented through a bank duly crossed with the name of that bank, by a person known to be in its employment, the formalities observed on presentation in the ordinary way will be dispensed with.

Stoppage of Payment.

If it be desired to stop payment of an Order payable in the United Kingdom, a notice, accompanied by a fee of fourpence in postage stamps, must be sent to the office where the Order is payable.

Deferring Payment.

If the Remitter of a Money Order is desirous of delaying payment for any period **not exceeding ten days**, he must, at the time of issue, fill up and sign the request printed at the foot of the Order, and inform the Postmaster. An Order deferred for ten days and issued (say) on the 1st day of a month would become payable on the 11th.

Repayment to Remitter.

The Postmaster General has power to refund to the Remitter the amount of a Money Order, and is free in such case from all liability to the payee. The remitter of a deferred Order is entitled to have the amount repaid if payment has been stopped at his request within the deferred period.

Alteration of Name. Transfer of Payment.

If alteration in the name of the Remitter or Payee of an Inland Money Order be required, an application, accompanied by a penny postage stamp, must be made by the Remitter to the Postmaster of the office at which the Order was issued. Should transfer of payment of an Inland Order from one office to another in the United Kingdom, or repayment of the amount of an Order, be required, an application enclosing the Order must be made to the Postmaster at whose office the Order is payable. He will transmit, in exchange, a new Order payable at the place desired, deducting the amount of a second poundage. Printed forms for making applications in all these cases may be obtained at any Money Order Office. Whenever, on complaint being made, it is found that the payment of fresh poundage has been rendered necessary by the fault of an officer of the Post Office, the charge will be remitted.

Loss of an Order. Issue of a Duplicate.

In case of the miscarriage, or loss, of a Money Order in transmission through the post, a duplicate will be granted, free of charge, on a written application, with the necessary particulars, being forwarded to the Controller of the Money Order Department, London, N. 7, or to the Accountant, General Post Office, Edinburgh or Dublin, according to the place of issue. Should an Order be lost by the Remitter or Payee, a fee of sixpence (which should be forwarded with the application for a duplicate Order) will be charged.

Lapsed Orders.

At the end of twelve months from the month in which it was issued, a Money Order, if still unpaid, becomes legally void, but, when a good reason can be given for the delay in presenting it, an application for a new Order, subject to a deduction of 6d., is entertained.

Non-liability of Postmaster General.

After once paying a Money Order, by whomsoever presented, the Postmaster General is not liable to any further claim, nor is he liable to pay compensation for loss or injury arising out of delay in payment of a Money Order, or out of any other irregularity in connexion with an Order.

INLAND TELEGRAPH MONEY ORDERS.

Money may be transmitted by Telegraph Money Order from any Money Order Office in the United Kingdom which is also a despatching office for telegrams, and may be made payable at any Money Order Office which is also an office for the delivery of telegrams.

Limit of Amount and Charges.

No single Telegraph Money Order can be issued for a greater amount than £40.

The charges for Inland Telegraph Orders are as follows :—

- (1) A Money Order poundage at the ordinary rate for Inland Money Orders—*See* page 110.
- (2) A charge for the Official Telegram of Advice to the office of payment at the ordinary rate for Inland Telegrams, the minimum being 9d.
- (3) A supplementary fee of 2d. for each Order.

Remitter's Instructions as to Delivery.

In order to avoid any misunderstanding, the Remitter, when filling up the printed Form of Requisition, should state clearly whether the Order is to be called for at the Post Office or delivered at the Payee's address.

(a) If the Order is to be kept at the Paying Office till called for, he should write the name of the Paying Office in the space provided, and give the Payee's address as "Postoffice." He should inform the Payee of the despatch of the Order and of the name of the Post Office at which he must apply for it, unless this is already known to the Payee.

(b) If the Order is to be delivered at the Payee's address, the Remitter must furnish on the Form of Requisition a sufficient address. (The Order will be payable at the Office from which it is delivered.)

(c) The person applying for payment must in all cases furnish the name of the Remitter, and if the Order is addressed "to be called for" at the Post Office, he must also produce evidence of his identity. If the Remitter wishes his name (or name and address) to be delivered to the Payee with the order the words must be paid for as a private message to be added to the official telegram of advice (*see* page 114).

(d) A registered abbreviated address cannot be accepted in place of the name of the Payee, but it may be used as an address only, if prefixed by the symbol "c/o." Thus an Order cannot be made payable to "Ajax, London," but it may be drawn in favour of "John Wilson, c/o Ajax, London." The use of abbreviated addresses may, however, in some cases give rise to delay in payment.

(e) The provision on page 111, relating to deferring payment of ordinary Orders, does not apply to Telegraph Orders.

Crossing for Payment through a Bank.

The Remitter may give directions for the Order to be crossed for payment through a bank, in which case he must pay for the insertion of the word "crossed" in the Telegram of Advice.

Private Messages from Remitter to Payee.

The Remitter of a Telegraph Money Order is allowed, on paying for the additional words required, to have a **short private communication** for the Payee, not exceeding twelve words, added to the Official Telegram of Advice. The communication must be written by the Remitter in the space provided for the purpose in the Requisition Form. If desired, the private message may include the Remitter's own name (or name and address), which information is not in ordinary course communicated to the Payee.

Charges for Repetition and Portorage.

The regulations applying to the repetition of ordinary Telegrams for the purpose of securing accuracy and as to portorage charges apply also to Money Order Telegrams (*see* pages 87 and 91).

Certificate of Issue.

A Certificate of Issue is handed to the Remitter of every Telegraph Money Order, and this Certificate should accompany any inquiry respecting the Order.

Identification of Payee.

Except in cases in which Telegraph Money Orders are delivered at the Payee's address, any person expecting such a remittance must furnish satisfactory evidence that he himself is the person entitled to receive the money. He, or someone on his behalf, must attend at the office to obtain payment. Whenever doubt is entertained by a Postmaster as to the authority, express or implied, of a person to receive payment on behalf of the Payee, he may require such person to produce an authority in writing from the Payee for the payment of the money.

Orders payable at the smaller Offices.

In the case of a Telegraph Money Order payable at one of the smaller Offices, there may be some delay in effecting payment, if sufficient funds are not in hand, or if the Office on which the Order is drawn is closed for a weekly half holiday.

Re-direction.

A Telegraph Money Order may be re-directed at the request of the Remitter or Payee under the same conditions as an ordinary Telegram (*see* page 91).

Repayment or Transfer of Payment.

Repayment or transfer of payment of a Telegraph Money Order may be obtained upon application being made either by the remitter or payee to the Postmaster of the Office of payment, provided that the order be enclosed in the application, or be lying in the Postmaster's Office. Any application made by a remitter should be accompanied by the Certificate of Issue. If the Order be not available, repayment or transfer can only be arranged through the Controller, Money Order Department, London, N. 7, or the Accountant, General Post Office, Edinburgh, or Dublin, according to the Country of Issue. Forms of application can, if desired, be obtained at any Money Order Office.

General.

In other respects Telegraph Money Orders are subject to the regulations which govern the transmission of ordinary Money Orders. If, however, an Advice of Payment is required, the Remitter must not only pay the usual fee of 2*d.*, but also the cost of including the words "Advise Payment" and his address in the Telegram of Advice.

When, however, application is made too late, the particulars of the Order, if issued at a Telegraph Office, may be notified to the Money Order Department **by telegraph** under the following conditions and subject to the payment of the following charges, in addition to the usual poundage:—

(a) A charge for the Telegram of Advice (which may not contain a private message from the Remitter to the Payee), at the ordinary Inland rate, the minimum being 9*d.*

(b) A supplementary fee of 6*d.* for each Order.

Orders from the same Remitter for the same Payee not exceeding £40 in all, may be advised in one telegram.

A Certificate of Issue will be handed to the Remitter.

Advices of Payment.

The Remitter of a Money Order payable in any of the countries, &c., indicated by the letters "A P" in the Table at pages 726-733 may, if he so desires, obtain an Advice of Payment. To do this he must apply at the Office of Issue as in the case of Inland Money Orders, and must pay a fee of 2½*d.*

Payment of Orders abroad.

(a) The currency in which payment is made, and the poundage, if any, deducted in cases where payment in the country of destination is arranged through the medium of another country, are shown in the list of Countries on pages 730-737.

(b) Payment is subject to the regulations of the country of payment.

(c) **In Foreign Countries** the Payee may be, and generally is, required to produce documentary evidence of his identity before payment is made.

(d) If the remitter desires to stop payment he should apply to the Controller, Money Order Department, London, N. 7, enclosing postage stamps, 4*d.* If the remitter desires the telegraph to be used, he must, in addition, pay the cost of the telegram to the country of payment.

Period for which Orders are valid.

Orders issued in the United Kingdom for payment abroad are valid for **twelve months** after the month of issue, except Orders payable in the Belgian Congo which are valid for **eight months** only, in India, the Dutch West Indies, and Uruguay, for **six months** only, after the month of issue.

Orders issued abroad for payment in the United Kingdom.

(a) The Payees of Orders issued in British Possessions, Protectorates, etc. (excepting Egypt and the Sudan, India, Aden, Ceylon, Federated Malay States and the Nyasaland Protectorate), in France and at certain French Postal Agencies outside France, in Hawaii, Porto Rico, the United States, and by the British Post Offices at Panama and Tangier should receive the Orders direct from the Remitters. Orders representing remittances from Post Offices in Morocco other than Tangier should reach the Payees from the Tangier Post Office, where the Orders are issued. In some cases the Advices have to be examined in the Money Order Department, London, and some little delay in payment may thus occur.

(b) In all other cases the Payees will receive Orders issued by the Money Order Department, London, from particulars supplied by the country of origin.

(c) The general regulations with regard to the payment of Inland Money Orders apply also to the payment in the United Kingdom of Money Orders issued abroad.

Transfer of Payment.

Payment of Foreign and Colonial Money Orders payable in this country may, as in the case of Inland Money Orders, be transferred from one office to another. Forms of application for transfer are obtainable at all Money Order Offices.

Stoppage of Payment.

Application for the stoppage of payment of an Order issued abroad for payment in the United Kingdom should be made direct to the Post Office where the Order is payable, and should be accompanied by a fee of 4d.

Duplicates of Orders payable in the United Kingdom.

Applications for duplicates of Money Orders payable in the United Kingdom should be made to the Controller of the Money Order Department, London, and should be accompanied by a fee of 6d.

Duplicates of Orders payable abroad.

With the exception of France and Algeria, and the British Post Offices in Morocco and Panama, duplicates of Money Orders payable in places abroad are issued by the Chief Office of the country of payment on application by the payee. In the exceptional case duplicate orders are issued in London.

FOREIGN AND COLONIAL TELEGRAPH MONEY ORDERS.

Telegraph Money Orders may be sent to and are received from certain British Colonies, Dependencies, etc., and Foreign countries, which are indicated by the letter T in column 4 of the list of Countries on pages 726 to 738. In certain of these countries, which are noted in the list (column 5), the Telegraph Money Order Service is restricted to particular places, a list of which may be seen at any Telegraph Money Order Office.

Deferred Telegrams for British Dominions and Dependencies.

At the option of the sender, the Telegram of Advice for British Dominions and Dependencies may be sent at **ordinary** or **deferred** rates. In the latter case the Telegrams will be subject, if necessary, to deferment during transmission for a period not exceeding 24 hours in favour of full-rate telegrams. In cases of special urgency, therefore, the Telegrams of Advice should be sent at the full rates.

Special features of Service with Canada, Newfound- land, and the United States.

Under an arrangement with the Western Union Telegraph Company, Telegraph Money Orders may now be sent from any Telegraph Money Order Office in the United Kingdom to any place in Canada or the United States, and to certain places in Newfoundland. Payment is made not by the Post Office but by the local Agents of the Western Union Telegraph Company, and, when the Order is addressed to a Post Office to be called for, the Payee should apply, not for a Telegraph Money Order, but for a letter (*i.e.* a notice from the agent of the Company telling him where the money is to be obtained).

The charges for Telegraph Money Orders payable abroad are as follows:—

- (1) Money order poundage at the ordinary rate for Money Orders payable abroad. See page 114 and back of cover.
- (2) A charge for the Telegram of Advice at the ordinary, or, in certain cases, the *deferred* rate for telegrams addressed to the place of destination.

(Note.—The ordinary rate must be charged for the Telegrams of Advice of all Orders payable in Foreign Countries, but Telegraph Money Orders payable in any British Colony, Dependency, etc., may be sent at the deferred or ordinary rates at the option of the remitter.)

(3) A Supplementary Fee as follows:—

For Foreign Countries—6d.

For British Colonies and Dependencies (except Canada and Newfoundland)—1s.

For Canada and Newfoundland—6d. at ordinary rate, 1s. at deferred rate.

The Remitter is allowed, on paying for the additional words required, to add to the official Telegram of Advice any short communication which he may wish to send to the Payee.

The Remitter may also obtain an Advice of Payment, as in the case of ordinary Orders payable abroad, on paying a fee of 2½d. If he wishes the request for an Advice of Payment to be communicated to the Office of Payment in the Telegram of Advice he must pay the cost of including the words "Advise Payment."

The general regulations relating to Money Orders payable abroad and to Inland Telegraph Orders apply, so far as they are applicable, to Telegraph Money Orders exchanged with Foreign Countries, British Colonies, etc.

The commission thus paid must be affixed in Postage Stamps to the back of the Order. Postal Orders which are not presented for payment within six months from the last day of the month of issue must be sent to the Controller of the Money Order Department, London, with a request for payment at some specified Office.

The purchaser of a Postal Order must, before parting with it, fill in the name of the person to whom the

* Postage Stamps of these Countries and British Agencies, when properly affixed to British Postal Orders by the senders, will be paid up to the value of 6d. Postage Stamps of British Agencies are not recognised for this purpose if the value has been overprinted in local currency (see Regulations on preceding page regarding Postage Stamps affixed to Postal Orders). The Postage Stamps of the British Agencies in China are Hong Kong Stamps overprinted "China."

amount is to be paid, and is recommended to fill in the name of the Office of Payment as a precaution in case the Order should be lost or stolen. If the purchaser does not know which Post Office is most convenient to the payee, he should insert the name of the town, village or district where the payee resides. The Order will then be paid at any Post Office in the place named. An Order intended to be paid only at the Head Office of a place should bear the words "Head Office" after the name of the place, *e.g.*, "Liverpool Head Office."

Counterfoils.

Every person to whom a Postal Order is issued should tear off and retain the counterfoil. Its production will facilitate inquiry if the Order should be lost.

Miscarriage or Loss.

The Postmaster General cannot undertake to consider any application respecting a Postal Order which has miscarried, or which has been lost or destroyed, unless the counterfoil be produced, and unless proof be given to his satisfaction that the name of the payee was inserted in the Order before the holder parted with it.

After a Postal Order has once been paid, to whomsoever it is paid, the Postmaster General will not be liable to any further claim.

Payment to the Public.

Before a Postal Order is paid the name of the Payee and the name of the Office of payment must have been filled in and the Order must be properly receipted.

At Offices which are not Money Order Offices there may occasionally be delay in cashing a Postal Order.

Payment through Bankers.

If a Postal Order be crossed, payment will only be made through a banker; and, if the name of a banker be added, payment will only be made through that banker.

A Postal Order presented by, or through, a banker for payment will not (in the absence of an express arrangement between that banker and the Postmaster General to the contrary) be paid until after the Order has been examined at the Chief Office in London.

Repayment to Sender.

The sender of a Postal Order can obtain repayment of the amount (but not the poundage) on presenting the Order and the Counterfoil at the issuing Office. If the Order has been crossed for payment through a bank the sender must first cancel the crossing by writing across the face of the Order the words "Please pay cash" and adding his initials.

Erasures, Alterations, &c.

If any erasure or alteration is made, or if the Order is cut, defaced, or mutilated, payment may be refused.

Postal Orders not Negotiable.

Postal Orders do not, like Bank of England Notes, represent value in themselves. If an Order is lost or stolen, no person into whose hands it may fall, though himself innocent, is entitled to receive the amount of the Order. The rightful owner is alone entitled to cash the Order.

POST OFFICE SAVINGS BANK.

The Post Office acts as a Bank for Savings throughout the United Kingdom.

In every town and in almost every village small savings may be paid in at the Post Office. The money will be held in safety by the Government, will earn interest, and, when required, may be drawn out again through the local Post Office wherever the owner may be.

Special facilities are also afforded to depositors in the Post Office Savings Bank for making investments in Government Stock, for purchasing Annuities, and for effecting Life Insurances.

GENERAL INFORMATION.

Any person over the age of seven may become a depositor in the Savings Bank, and accounts may also be opened—

- (a) On behalf and in the names of children under 7 years of age. (Money so deposited is not withdrawable until the children attain the age of 7 years, and is then payable to their signatures only.)
- (b) By two or more persons jointly on their own behalf, provided no one of them has any other account in a Savings Bank.
- (c) By one or more persons in Trust for another person or persons also named in the account. A person may act as Trustee in any number of accounts, and at the same time have an account in his own name.
- (d) On behalf of insane persons by the Committees of their Estates.
- (e) By a duly registered Friendly Society upon the application of all the Trustees of such Society.
- (f) By a duly registered Industrial and Provident Society, not chargeable with Income Tax (*see* Industrial and Provident Societies Act, 1893, sections 39 and 24).
- (g) By a Charitable or Provident Society, Penny Bank, or similar Institution, through the Trustees or Treasurer.
- (h) By Corporate Bodies (subject to the approval of the Postmaster General).
- (i) By Vicars and Rectors of Parishes in England and Wales, and by other official persons, being Corporations Sole (subject to the approval of the Postmaster General), the accounts being opened in their official titles.
- (j) In the name of the Registrar of a County Court.
- (k) In the name of the Public Trustee.

When it is desired to deposit under (d), (e), (f), (g), (h), or (i), application must first be made for authority to the Controller of the Savings Bank. A copy of the Rules of the Society or information as to the constitution of the Body Corporate should accompany the application, except in cases under paragraphs (d) and (i).

Opening an Account.

On opening an account, a person must state his full name, occupation, and residence. He must also sign a declaration to the effect that he takes no benefit from any other account in the Post Office Savings Bank, or in a Trustee Savings Bank. He need not attend at the Post Office himself provided the declaration is duly made by him and presented on his behalf.

The Deposit Book.

Every person opening an account should see that he obtains a Deposit Book. This Book may be used to make deposits or withdrawals at any Post Office Savings Bank in the United Kingdom.

Two patterns of deposit book are in use :—

1. If the amount of the opening deposit is 10s. or more a book is issued in which deposits are recorded by means of written entries.
2. If the amount of the opening deposit is less than 10s., a book is issued in which deposits are recorded by means of adhesive labels (called Coupons) of the uniform value of one shilling. When the amount due in a Coupon Book reaches £1, the account is transferred to a book of the other pattern.

If a Depositor loses his book, he should immediately give notice to the Controller, stating at what Post Office and about what date the account was opened, and, if possible, the number of the book: also the date and amount of the last withdrawal and at what Post Office it took place.

Note.—A deposit book is not a proper security for money lent, and no claim by any person holding a deposit book in respect of a loan can be recognised. Deposits in the Post Office Savings Bank are not liable to "Attachment" or to its Scottish equivalent "Arrestment."

Deposits.

Any sum from a shilling upwards may be deposited, but fractions of a shilling may not form part of an ordinary deposit in a personal account. The deposits of Societies, Penny Banks, etc., etc., are not subject to this limitation.

Every deposit in a Post Office Savings Bank must be immediately entered in the Deposit Book by the Officer who receives it, and this Officer must affix his signature or initials and the stamp of his Office against the entry.

In addition to this receipt an acknowledgment for every deposit of £20 or more will be sent by post from London. **This can be addressed to a Post Office to be called for if the Depositor so requests when making the deposit (see under Secrecy).** The acknowledgment should reach the Depositor within a few days (twelve days in the case of a deposit by cheque), and if it does not come to hand, or if it is incorrect or shows signs of erasure or alteration, the Depositor should at once write to the Controller, Post Office Savings Bank, London, and should renew his application until he gets a satisfactory reply.

No acknowledgment is sent for any deposit under £20.

Cheques, Money Orders, and Postal Orders as Deposits.

A Cheque or Postal Order is accepted for deposit, **provided it is not crossed to a particular Bank.** A Money Order (with a similar limitation as to crossing) is also accepted, but only at the office on which it is drawn, and subject to the usual conditions for cashing Money Orders. Cheques bearing the words "account payee" are only accepted when drawn in favour of the depositor. Scotch Cheques are accepted in Scotland and Ireland; Irish Cheques in Ireland only. Irish and Scotch Bank-notes can only be accepted in the country of issue. Cheques drawn on Banks in the Channel Islands and the Isle of Man are only accepted at Post Offices in the Channel Islands and the Isle of Man respectively. Cheques made payable to Limited Liability Companies cannot be accepted from private individuals.

Bills of Exchange, even if drawn "on demand" or "at sight," cannot be accepted for deposit.

Home Safes, etc.

Home Safes can be obtained at all Post Office Savings Banks. The Safe is a small steel box in which coins may be placed for subsequent deposit in the Savings Bank; it is locked when issued, but every Savings Bank Office keeps a key which will open it when presented for the purpose of having the contents placed to the credit of the holder. The charge for the Safe is 3s. Of this amount 1s. is a registration fee and is not repayable, but the balance of 2s. will be repaid if the Safe be given up in good condition.

Forms to which stamps may be affixed are supplied at Post Offices for the assistance of children and others unable to save more than a penny or two at a time.

Special facilities are provided for assisting managers of Penny Banks, and for the saving of pence by children attending elementary schools. Information on the subject will be furnished on application to the Controller of the Savings Bank.

Withdrawals.

A Depositor can, on presenting his deposit book at any Post Office Savings Bank, withdraw on demand any sum not exceeding £1. **This method of withdrawal does not apply to the accounts of Societies, Penny Banks, or Corporations.**

If more than £1 is required, a form of notice of withdrawal which can be obtained at any Post Office Savings Bank must be filled up and posted to the Controller. The Depositor will then receive a warrant for the amount desired, payable to him upon presentation with his book at the specified Post Office. If he wishes to authorize another person to receive payment on his behalf, he can do so by executing in favour of such person an Order on a form which can be obtained at any Post Office Savings Bank.

When an account stands in the name of more than one person payment can be made to any one of the parties if a request to that effect is made by all the parties in the notice of withdrawal.

No application to withdraw the whole or any portion of a deposit should be made until four clear days have elapsed from the date of deposit if made in England and Wales, or six days if made in Ireland or Scotland. A cheque deposit cannot be withdrawn until twelve days have elapsed.

If a Depositor who cannot write wishes to make a withdrawal he must, unless personally known at the Post Office, be accompanied by some person known there who can vouch for his identity and attest his mark.

Deceased or Insane Depositors.

Forms of application for claiming the deposits of deceased Depositors are obtainable at any Post Office Savings Bank.

Information as to the repayment of the deposits of Depositors who have become insane, or who are unable from any cause to act for themselves, will be furnished on application to the Controller.

Interest.

Interest at the rate of £2 10s. per cent. per annum (*i.e.* one halfpenny a calendar month, or sixpence a year) is allowed on every complete pound standing to the credit of a Depositor, and is added to his account at the close of each year ending 31st December, after which it becomes part of the principal.

Money deposited bears interest from the beginning of the month following that in which it is received. Money withdrawn ceases to bear interest from the beginning of the month in which a warrant for repayment is issued.

Once in each year, on the anniversary of the day on which his first deposit was made, the Depositor should forward his book to the Controller of the Savings Bank, in order that it may be compared with the ledgers, and that the interest to the previous 31st of December may be inserted. Envelopes for the transmission of the book can be obtained at any Post Office Savings Bank.

Married Women.

All deposits standing in the sole name of a married woman domiciled in England or Ireland will be deemed, unless and until the contrary is shown, to be the separate property of such married woman. The deposits of married women domiciled in Scotland are subject to Scottish Law, and those in the Isle of Man and the Channel Islands to the Laws of those Islands respectively.

Any woman who marries while she is a Depositor should inform the Controller by letter and should forward her deposit book and Stock Certificates (if she holds Stock through the Post Office) with the letter.

Transfers.

Deposits may be transferred from one account to another, or a name may be added in the title of an account. Deposits may also be transferred to or from Trustee Savings Banks in this country, and to or from certain Government Saving Banks abroad. Applications should be made to the Controller.

Nominations.

A depositor not under the age of 16 may nominate a person or persons to receive any sum from the amount due to him at the time of his death. Application should in all cases be made to the Controller, as it is essential that the Nomination should be in due form and should be registered in the records of the Department during the Depositor's lifetime.

Cheap Certificate of Birth, Marriage, or Death.

When required as evidence in connexion with a Post Office Savings Bank account, these certificates can be obtained at a reduced fee of one shilling each, if application be made on a special form which may be obtained from the Controller.

Settlement of Disputes.

Any dispute arising between any depositor and the Postmaster General is referred for arbitration to the Registrar of Friendly Societies, whose award is binding and final.

Secrecy.

Officers of the Postmaster General are not allowed to disclose the name of any Depositor, or any particulars of his account.

Depositors may have communications from the Savings Bank addressed to a Post Office instead of to their private address, if they so desire.

Personal Enquiries.

An Office for personal enquiries is open at the Central Savings Bank (Blythe Road, West Kensington, London, W. 14) from 9 a.m. to 4 p.m., Saturdays 9 a.m. to 1 p.m.

Detailed information with regard to any point connected with Savings Bank business may be also obtained by writing to the Controller of the Savings Bank.

If the amount of an Annuity purchased is less than £100, further Annuities may be purchased until that limit is reached. These Annuities are payable by equal half-yearly instalments on the 5th of January and the 5th of July, or on the 5th of April and the 10th of October, according to the date of purchase, and by division of the purchase money it is possible to arrange for quarterly payments if desired.

Tables showing the annual premiums for Insurances from £5 to £100 can be obtained together with forms of proposal at any Post Office Savings Bank.

Members of Friendly or Provident Societies may insure through the Post Office and arrange to have their premiums collected by their own Society and handed over periodically.

Employees of Firms and Public Bodies may also insure through the Post Office and arrange, with their Employer's consent, for the deduction of premiums from their wages.

II. Premiums Payable Weekly by means of Postage Stamps.

This system has been introduced in order to afford the greatest benefit possible to those who find it most convenient to keep up an insurance policy on the basis of fixed weekly instalments.

The Premiums are payable by means of ordinary postage stamps to be affixed weekly by the insured person within a Premium Book. At the end of each 13 weeks the stamped page containing the Quarter's premiums will be withdrawn on presentation of the book at a Post Office, and a receipt for the amount will be given on the counterfoil.

Persons of either sex between the ages of 14 and 50 are eligible for insurance under this scheme. All premiums cease at age 60.

A simplified Proposal Form has been issued and may be obtained

at any Post Office Savings Bank. On this form is printed a Table from which the following extract has been taken :

† Those who desire to set aside more than 6d. a week should apply to the Controller.

Medical Examination.

Insurances not exceeding £25 can be effected with or without Medical Examination, but for Insurances above that amount examination (which is free) is necessary. The conditions attaching to Insurances with and without Medical Examination are shown in the proposal forms.

The Postmaster General reserves to himself the right of declining to insure any life that may be presented.

Surrender Value.

After having paid not less than two years' premiums an Insurant may surrender the Contract and receive such sum as the National Debt Commissioners shall determine. Or at the option of the Insurant a Paid-up Insurance will be granted of an amount equivalent to the surrender value.

Nominations.

Any person, not under the age of 16 years, to whom an Insurance is granted, may nominate any person or persons to receive the money due at death. A form of nomination, with full instructions as to filling it up, can be obtained upon application to the Controller.

NATIONAL SAVINGS CERTIFICATES.

National Savings Certificates (formerly known as War Savings Certificates) are a Government security bearing interest free of Income Tax.

The purchase price of a single Certificate is 15s. 6d. and this amount is repayable at any time on application together with any interest which has accrued. (See under "Repayment.")

Interest.

At the end of the first year, a 15s. 6d. Certificate becomes worth 15s. 9d. Thereafter, interest is added at the rate of 1d. for each month, and at the end of five years a bonus of 3d. is added raising the full value of the Certificate to £1.

At the option of the holder and without application by him the Certificate is allowed to run for a further period of five years. Interest continues to be added at the rate of 1d. for each month, with an

additional bonus of 1s. at the end of the further five years. The full value of the Certificate will then be £1. 6s.

This is equivalent to a rate of interest of approximately 5½ per cent. per annum over the whole period.

A holder of Certificates purchased on different dates may postpone encashment of any or all of the Certificates until the tenth anniversary of the date of the last Certificate purchased. Any Certificate so retained will increase in value after the tenth year at a flat rate of 1d. per month.

How Obtained.

The Certificates are sold at most Post Offices in the United Kingdom, at most Banks, and by Official Agents in most towns of the United Kingdom, in denominations of

	£1 (purchase price 15s. 6d.)	
	£12 (" " £9. 6s.)	
and	£25 (" " £19. 7s. 6d.).	

Single Certificates for amounts from £26 (purchase price £20. 3s.) to the maximum, £500 (purchase price £387. 10s.), may be obtained on application to the Comptroller and Accountant General, General Post Office, London, E.C. 1. For such applications special forms are provided at most Post Offices and most banks, and the purchase money may be paid (1) by means of cheques payable to the Postmaster General or bearer and crossed "Bank of England," (2) by means of Money Orders which may be obtained free of poundage on application at a Head Post Office or at one of the larger Sub-Offices in the United Kingdom, or (3) when application is made through a Bank, by payment to that Bank.

National Savings stamps to the value of 6d. and cards to which such stamps may be affixed can be obtained at most Post Offices. These cards when completed will be accepted in purchase of National Savings Certificates.

Special facilities for the accumulation of small sums for investment in National Savings Certificates are also provided by Savings Associations established under the auspices of the National Savings Committee, Salisbury Square, London, E.C. 4, and the Scottish Savings Committee, 90, Princes Street, Edinburgh.

By whom Certificates may be purchased.

National Savings Certificates are intended as an investment for individuals only and cannot be held by a Registered Company, by a Partnership, or by a Public Body. They may be purchased by any person over seven years of age in his own name and for his own benefit. They may also be purchased--

- (a) By one person on behalf of another ;
- (b) On behalf of a child under seven years of age (In such cases the Certificates are held at the disposal of the child on attaining the age of seven years and are not repayable in the meantime) ;
- (c) By two or more persons in their joint names ;
- (d) By one person in trust for one or more beneficiaries (A trustee may also hold Certificates up to the authorised maximum in his own name) ;
- (e) By a Friendly Society upon the application of the Trustees of such Society ;

(f) By such Charitable and Provident Societies as may be approved by the Postmaster General for the purpose of purchasing Certificates.

Signatures required.

The actual signature of the purchaser should be furnished at the time of purchase. In the case of a purchase on behalf of another person the signature of the latter only is required, and may be handed in on a separate slip of paper or may be supplied subsequently. In the case of applications for Certificates to be held in trust the signatures of both the trustee and the beneficiary are required. When second or subsequent purchases are made on behalf of the same person, a further signature will not be required if the serial number of the first Certificate purchased be entered on the signature portion of the fresh Certificate.

Maximum holding.

No person (or Society allowed to purchase National Savings Certificates) may either individually or jointly hold or have any interest in Certificates of aggregate nominal value exceeding £500. A person becoming entitled, on the death of another person, to Certificates which bring his holding above £500 may, however, retain the excess, but may not purchase more. (*See also* Sub-section (d) on page 132.)

Repayment.

Repayment with accumulated interest may be obtained at any time on written application being made by the registered holder to the Controller, Money Order Department, except in the case of a child under seven years of age. Where Certificates are held in trust, applications for repayment must be signed both by the trustee and the beneficiary. Forms of application for repayment (P. 576) can be obtained at most Post Offices.

Transfer.

Certificates cannot be transferred from one person to another except with the consent of the Postmaster General, and such consent will be given only in exceptional circumstances. No transfer is allowed which in the nature of a sale. A fee of 1s. will be payable in respect of each transferee.

Not tenable as Security for Loan.

The deposit of Certificates as security for a loan will not be recognised by the Postmaster General.

Nomination.

A holder, not under the age of sixteen years, who wishes to nominate any person or persons to receive the value of his Certificates in case of death should apply to the Controller, Money Order Department, for a form of nomination. It is essential that every such nomination should be in due form and should be sent to the Controller during the lifetime of the holder.

Procedure in case of Death.

In the case of the death of a holder application should be made to the Controller, Money Order Department, by the legal representative or next of kin of the deceased.

Married Women.

Any holder who changes her name by marriage should inform the

Controller, Money Order Department, by letter, forwarding her Savings Certificates with the letter and keeping a record of the serial numbers.

Loss of Certificates.

If Certificates be lost and the serial numbers be furnished to the Controller, Money Order Department, fresh Certificates will be issued at an inclusive charge of 1s.

Holders are advised to keep a note of the serial numbers in a place apart from their Certificates.

EXCLUSIVE RIGHTS OF THE POSTMASTER GENERAL.

Postal.

Subject to certain exceptions, the Postmaster General possesses, by virtue of the Post Office Acts, the exclusive privilege of carrying letters from place to place, and of performing all incidental services such as those of collecting and delivering letters.

The principal exceptions are—

Letters sent by a private friend, on his journey, to be delivered to the person to whom they are directed.

Letters sent by the servant of the sender or by a special messenger employed by him.

Letters concerning goods sent by carrier, such letters being carried gratuitously and delivered with the goods to which they relate.

But no collection of letters of any kind (whether exempt from the Postmaster General's privilege or not) can be made for the purpose of conveyance or delivery, and carriers are specially prohibited from carrying letters.

Railway Companies are carriers, and no letter may be sent by a Railway Company except in the Postmaster General's Mails or under the arrangement as to single letters detailed on pages 87-89.

Penalties are imposed for any infringement of the Postmaster General's rights.

Telegraphic.

Subject to certain exceptions, the Postmaster General possesses, by virtue of the Telegraph Acts, the exclusive privilege of transmitting telegrams within the United Kingdom, and of performing all the incidental services of receiving, collecting, and delivering telegrams.

The term "telegram" means any message or other communication transmitted or intended for transmission by telegraph, and the term "telegraph" means a wire or wires used for the purpose of telegraphic communication, whether worked by electricity or not, and any apparatus connected therewith, and also any apparatus for transmitting messages or other communications by means of electric signals, whether involving the use of wires or not. Thus the term telegram includes spoken telephonic messages, and messages sent by wireless telegraphy.

Under certain exceptions contained in the Telegraph Act, 1869, private persons, corporations, or companies may establish telegraphic communication between themselves and their servants or agents for

the purpose of transmitting telegrams which relate solely to their own business or private affairs, but telegraphic communications between two persons having independent interests are not permissible without the Postmaster General's license (Telegraph Act, 1869, Sections 4 and 5). Thus a merchant may establish telegraphic communication between his house and his office, or between his head office and a branch office, for the purpose of transmitting messages connected with the transaction of his business; but he may not establish telegraphic communication with another merchant with whom he does business, nor may the two combine to establish such communication.

It follows then that fire alarm circuits between places of public entertainment—such as theatres, concert halls, etc.—and fire stations fall within the exclusive privilege of the Postmaster General.

Foreign telegrams, *i.e.*, telegrams transmitted to or from any place out of the United Kingdom, are not within the Postmaster General's monopoly.

Persons infringing the Postmaster General's monopoly are liable to penalties (Telegraph Act, 1869, Section 6).

Wireless Telegraphy.

Under the Wireless Telegraphy Act, 1904, no person may establish a wireless telegraph station or instal or work any apparatus for wireless telegraphy in any place in the British Isles or on board any British Ship in the territorial water abutting on the coast of the British Isles except under a Licence granted by the Postmaster General.

By an Order in Council dated the 29th February, 1908, the provisions of the Act were extended to British ships on the high seas.

Under the Defence of the Realm (Consolidation) Regulations 1914, no person may, without the written permission of the Postmaster General, make, buy, sell, or have in his possession or under his control any apparatus for the sending or receiving of messages by wireless telegraphy, or any apparatus intended to be used as a component part of such apparatus.

Wireless telegraphy is defined to mean any system of communication by telegraph without the aid of any wire connecting the points from and at which the messages or other communications are sent and received.

Any person contravening the Act or Regulations renders himself liable to serious penalties.

Imitation of Post Office Forms.

The Post Office Act, 1908, forbids the manufacture and use of fictitious stamps and of forms in imitation of postal or telegraphic forms. Telegram forms and envelopes come within this enactment.

The Act also forbids the imitation of postmarks.

Penalties are imposed for any contravention of the Act.

HOURS OF BUSINESS.

WEEK DAYS.

In the Provinces.

The larger Provincial Post Offices are, as a rule, open for every kind of business from 8 a.m. to 7 p.m., except on Public Holidays; many of the smaller offices are not open before 9 a.m., and are closed for a period in the middle of the day. Further restrictions are in force at certain Sub-Offices where Telegraph business is not transacted.

The hours during which an office is open and the class of business transacted can be ascertained by reference to the local window notice.

Exceptional hours of daily attendance for telegraph business are generally shown on pages 149-509; but where a Delivery Office is closed for any part of the normal attendance, and delivery is maintained meanwhile from a neighbouring office, the time of closing is not shown. The hours of attendance, however, always appear in the local window notice.

Most Town and Country Sub-Offices are closed early one day in the week, generally on the local half-holiday. Telegrams are then delivered from a neighbouring Office at the same portorage (if any) as if delivered from the usual Delivery Office.

Telegrams handed in within an hour of the closing time of the office of delivery cannot always reach their destination until the next morning.

In London.

At the **General Post Office, King Edward Street**, every description of Postal and Telegraph business is transacted between the hours of 6.45 a.m. and 9 p.m. Mondays to Fridays and 6.45 a.m. and 8 p.m. Saturdays. For Telegraph business and the sale of stamps the Office at the corner of Newgate Street is open always.

The **Principal Offices** in the several Districts are open as under:—

South-Western District Office	...	7 a.m. to 10 p.m.
Western District Office
Northern District Office
Eastern District Office
North-Western District Office
Paddington District Office	...	8 a.m. to 8 p.m.
South-Eastern District Office
Western Central District Office
Battersea
Norwood

At these Offices every kind of business is done during these hours except Money Order, Savings Bank, and Licence business, which is done only between 8 a.m. and 8 p.m.

The hours of business at Post Offices in the London Postal Area are shown in column 4 of pages 516 to 547. Where no times are stated, the hours of business are from 8 a.m. to 8 p.m.

Postal Orders are issued and paid, and Stamps are sold, during the time the office is open. The West Strand Telegraph Office (447, Strand, W.C. 2) is open always for Telegraph and Telephone business and the sale of stamps.

The hours of business at Railway Station Telegraph Offices are shown at pages 549 and 550.

For late-fee posting at Post Offices and Railway Termini in London, see pages 510 to 514.

SUNDAY, CHRISTMAS DAY, AND GOOD FRIDAY.

In the Provinces.

All Head Offices and most Country Sub-Offices are open on **Sunday** mornings for the sale of postage stamps, the registration of correspondence (except parcels), and, if telegraph offices, for telegraph business.

The usual hours are **from 8.30 a.m. to 10 a.m.**, but in Scotland telegraph business is, as a rule, transacted from **9 a.m. to 10 a.m.** only. Some offices, however, are open also in the afternoon or evening for telegraph business and the sale of postage stamps. In these cases the extra hours are shown on pages 149 to 509.

Town Sub-Offices as a rule are closed on Sundays.

These regulations apply to **Christmas Day** and **Good Friday**, except in Scotland, where Post Offices are open as on week-days.

At Offices in Rural Districts the despatch of letters is as a general rule made early in the day.

At no place in **England** or **Ireland** is there more than one delivery of letters on Sunday, Christmas Day, or Good Friday. Places which have no Sunday delivery are indicated in the list on pages 149 to 509.

In **Scotland** few places have any delivery by Postmen on Sunday; but letters can be obtained at most Head Post Offices.

At any place in the United Kingdom where there is a Sunday delivery any person can have his letters retained in the Post Office on Sunday by addressing to the Postmaster a written request, duly signed; and such request will be held to include all kinds of correspondence, even such as may be marked "immediate," as no distinction can be allowed. No correspondence the non-delivery of which by Postman on Sunday has been directed can be obtained from the Post Office on that day.

There is **no delivery of parcels on Sunday** in any part of the United Kingdom, nor are parcels accepted for transmission.

On Christmas Day and Good Friday, in England and Ireland, there is one delivery of parcels, but parcels are not accepted for transmission; in Scotland, parcel post business is transacted as usual during the time the office is open.

Private box-holders may, if they choose, apply for letters at the Office on Sunday while it is open for delivery to callers. Private boxes

and bags may also be rented for use on Sunday only. For particulars *see* page 46.

A Sunday Post cannot be established unless the extra cost is warranted.

Applications for the establishment of a **Sunday Postal Service**, whether in a town or in a rural district, or for any extension of Sunday postal services, or for the opening of a country Telegraph delivery office on Sundays, can be entertained only if they are supported by a resolution passed by the local authority, together with an assurance from the local authority that the resolution represents the **substantially unanimous desire** of the inhabitants.

Applications for the **abolition of a Sunday Postal Service**, or for the closing of a country Telegraph Delivery Office on Sundays, will be considered only if supported by a resolution passed by the local authority, together with an assurance from the local authority that the resolution represents the **general desire** of the inhabitants.

As a postman in a rural district usually returns to his starting point on Sunday about an hour after the completion of his delivery, applications for Sunday afternoon or evening collections of letters in rural districts are not, as a rule, entertained.

In London.

All Post Offices in the London Districts are closed on **Sunday**, with the exception of those specially indicated on pages 516 to 547, which are **opened for Telegraph business** and for the sale of postage stamps during the hours stated on those pages. **Railway Telegraph Offices open on Sunday** are shown on pages 549 and 550.

The Sunday arrangements for posting correspondence for the Provincial Night Mails are indicated on pages 513 and 514. There is also a general collection at times varying from 10 p.m. in the outer suburbs to midnight in the central districts to connect with the early day mails to the Provinces and with the first delivery in London on Monday.

There is no delivery of ordinary Letters or Parcels in London on Sunday, but Express Letters are delivered under the conditions set forth at pages 35 and 36.

On **Christmas Day** and **Good Friday** attendance is generally given at those Telegraph Offices which are open on Sundays, for the receipt and despatch of telegrams, the sale of postage stamps, and for telephone business; but in some cases the hours of attendance are less than on Sundays. At all offices open on Christmas Day and Good Friday a notice showing the hours of attendance is exhibited in advance.

The arrangements for posting correspondence for the Provincial Night Mails on Christmas Day and Good Friday are identical with those shown for Sundays on pages 513 and 514, except in those cases mentioned above, in which the hours of attendance are less than on Sundays. In such cases the latest time for posting is generally correspondingly earlier than on Sundays. There is the usual morning delivery of Letters and Parcels, except when Christmas Day falls on a Sunday, when Parcels and Express letters only are distributed.

PUBLIC HOLIDAYS.

In the Provinces.

On **Bank Holidays** in **England and Ireland** and on **Public holidays** (exclusive of New Year's Day) in **Scotland**, certain offices are closed altogether, and at no Office is **Ordinary Money Order, Savings Bank, Licence and Old Age Pension business transacted**. All Head Offices and the more important Sub-Offices are open for a period in the morning, and in some cases also for a short period in the evening, for the sale of Postage Stamps, Registration of Letters, Telegraph, Parcel Post and Express Delivery business, and (at the morning attendance only) for Postal Order business.

Telegraph business is transacted from 10.30 a.m. to 12 noon at all Telegraph Offices, with a few exceptions, in England and Ireland. Offices which open on Sunday evening for telegraph business are generally open also on **Bank Holidays** for the same period in addition to the morning attendance. Exceptional hours of Telegraph business after midday on **Bank Holidays** are shown in the third column of the list of Provincial Offices (pages 149 to 509). In **Scotland** Telegraph business is, as a rule, conducted as on ordinary week-days.

Telegraph Money Order Business is transacted during the hours when an Office is open for Telegraph business, but in no case earlier than 8 a.m. or later than 8 p.m.

The arrangements in force at individual offices can be ascertained locally.

In **England and Ireland** on **Bank Holidays** there is only one delivery of letters and parcels, and, as a rule, only one despatch. At Offices in Rural Districts the despatch of letters is generally made early in the day.

In **Scotland** on **Sacramental Fast Days** (where observed), and on **Holidays fixed by Local Authorities**, there is generally only one delivery by Postmen.

In **Scotland on New Year's Day** there is only one delivery of letters and parcels, and the hours for public business are restricted to those which obtain on Sundays. Money Order (including Telegraph Money Order), Postal Order, Savings Bank, Old Age Pension, Parcel Post, and Licence business is not transacted, and, in certain rural areas, packets for registration and parcels are not accepted from the public by postmen on that day.

In London.

On **Bank Holidays** the General Post Office, King Edward Street, Head District Offices, and certain other Offices are open for the transaction of all business except Savings Bank, Old Age Pension, and ordinary Money Order business. Telegraph Money Orders are issued and paid only at King Edward Street, the Head District Offices, and the Charing Cross Office. Express Correspondence for the Provinces and abroad is accepted at post offices which are open, and Express Letters may be posted in any pillar or wall box. Telephone business is transacted at Telephone offices. The first morning delivery of Letters and Parcels is made throughout London. The evening collection of Letters for the Provincial and Foreign Night Mails, and the usual late collection, are made throughout London, but the only collection of Parcels is made during the morning from offices which are open.

MISCELLANEOUS REGULATIONS AS TO STAMPS.

Use of Cut-out Postage Stamps.

Embossed or impressed postage stamps (except stamps issued in Queen Victoria's reign, which are no longer valid) cut out of envelopes, post-cards, letter-cards, newspaper wrappers, or telegram forms may be used as adhesive stamps in payment of postage or of a telegram provided they are not imperfect, mutilated, or defaced in any way. Embossed or impressed Inland Revenue stamps cannot be used in payment of postage, and stamps indicating the payment of a registration fee may only be used for registered correspondence.

Spoiled Stamps.

Payment of postage cannot be made by means of imperfect or defaced postage stamps. Stamps are considered defaced when marked on the face with any written, printed, or stamped characters. Stamps may, however, be perforated with initials (but not with names or trade-marks) provided that the perforating holes are no larger than those dividing one stamp from another in a sheet of stamps. The work of perforating stamps with initials is left to private enterprise. Any Officer of the Post Office who undertakes the business does so in his private capacity and not as an agent of the Postmaster General, who has no responsibility in the matter.

Applications for the recovery of the value of spoiled postage stamps, or spoiled or unused Inland Revenue stamps, or Insurance Stamps which are spoiled or not required and have not been affixed to any material, can be made in London to the Controller of Stamps, Somerset House, W.C. 2, or Telegraph Street, E.C. 2 (Wednesday and Friday only); to the Officer in Charge at the following Branch Post Offices, viz. :—Stratford, High Street (413), E. 15; Finsbury Park, Seven Sisters Road (290), N. 4; Greenwich, Nelson Street, S.E. 10; Hampstead, High Street (63), N.W. 3; Hackney, Mare Street (236), E. 8; Forest Hill, S.E. 23; Balham, High Road, (92A) S.W. 12; Putney, S.W. 15; Wimbledon, S.W. 19; Ealing, W. 5; Hammersmith Broadway, W. 6; Paddington, Spring Street, W. 2; and to the Postmaster at most of the large Post Offices in the provinces.

If the aggregate value of the stamps in respect of which allowance is desired does not exceed 10*s.* the stamps may be forwarded by post, prepaid, to the Controller of Stamps, Somerset House, London, W.C. 2, or to the Comptroller of Stamps, Edinburgh or Dublin as the case may be, accompanied by a statement of the grounds on which the claim is made.

Repurchase of Postage Stamps.

Any person who has unspoiled adhesive postage stamps which have not been affixed to any material may obtain cash for them subject to the following conditions :—

- (1) No smaller amount than £1 worth of stamps is repurchased from one person at one time.
- (2) Commission is charged at the rate of 5 per cent. of the face value of the stamps.

LIST OF PROVINCIAL OFFICES IN THE UNITED KINGDOM

(Including those in the Isle of Man, and the Orkney, Shetland, Seilly, and Channel Islands).

NOTES AND EXPLANATIONS.

The names of all **Post Offices** (with a few unimportant exceptions) outside the London Postal District, and the names of **Railway Stations** and other offices transacting **Telegraph business** when there is no Postal Telegraph Office serving the place of the same name are shown in the **first column**.

Head Offices are printed in **CAPITALS**.

Other principal Offices at towns or villages are printed in **antique**, thus :—**Stoneclough**.

Town Sub-Offices—offices which do not bear as a rule the name of a town or village but of some street or quarter—are printed in *italics*. **Branch Offices** in a town are also printed in *italics*, but are distinguished by the letters **BO**.

Railway Stations and other offices which are not Post Offices are printed in small upright type thus :—**Handborough Railway Station**.

The **character of the business** transacted at the Post Office, Railway Station, or other office is indicated in the **second column**.

Business of all kinds, except in some cases telephone business, is transacted at every **Head Office**.

Postal Orders are issued and paid at all **Post Offices** with very few exceptions. The symbol **O** indicates the exceptions.

The letter **M** opposite the name of an office not a **Head Office** indicates that **Money Order, Savings Bank, Annuity, and Insurance** business is transacted at that office. The letters **SB** indicate that **Savings Bank, Annuity and Insurance** business is transacted, but not **Money Order** business.

The letter **T** opposite the name of an office indicates a **Telegraph Office** open both for the **Acceptance and Delivery of Telegrams**, the delivery of **Express Correspondence**, and if a **Money Order Office** both the **Issue and Payment of Telegraph Money Orders**.

The letter **t** indicates a **Telegraph Office** open only for the **Acceptance of Telegrams**—not for their **Delivery**. **Express Correspondence** is not delivered, and **Telegraph Money Orders** are **Issued** but not **Paid** at such an office.

The capital letters in parentheses after the name of a Branch Office or Town Sub-Office denote the name of the office as abbreviated for telegraph purposes; thus, the abbreviated name of the Telegraph Office at Cheltenham Road, Bristol, is shown as "Bristol F."

The symbol **☎** opposite the name of a Head Office or the principal office in a place indicates that a Telephone Call office will be found either at the Post Office or elsewhere in the town or place. When the symbol appears opposite the name of a *Branch Office* or *Town Sub-Office* it denotes that there is a Call office at that office.

The symbol **☎ Ex** denotes an office at which Telephone messages may be written down and treated as express letters, or ordinary letters.

The letter **D** opposite the name of a Railway or Coastguard Station indicates that the Station undertakes general delivery of telegrams in the neighbourhood, **rD** indicates delivery of telegrams at the station only, and **nD** that there is no delivery—the office being open only for the despatch of telegrams.

Where **Money Order business is not transacted** at a Country Sub-Office mentioned in the first column, the nearest office at which such business is transacted appears in the third column, followed by the letter **M**.

Where **Telegraph business is not transacted** at a Country Sub-Office shown in the first column, the nearest office at which such business is transacted is shown in the third column, followed by the letter **T**.

Where the **Telegraph Office is situate more than three miles** from the office specified in the first column, the number of miles is shown thus: **T 4**. No charge is made for delivery up to three miles. Beyond three miles the charge is *3d.* for each mile or part of a mile, the distance being calculated from the limit of free delivery (*see page 87*).

The name of a Telegraph Office is sufficient in the address of a telegram without the addition of a post town or county, unless such name (1) appears in the third column followed by the name of a post town or county, or (2) is printed in the first column in italics, in which case the name of the post town must be added. Exceptions to 2 are shown in the third column prefixed by the symbol †.

When the Terminal Telegraph Office for a telegram is a Railway Station or Coastguard Station, and when delivery is not limited to the Station premises, the place name of the Railway Station or of the Coastguard Station is in itself sufficient address for telegrams, unless there is another Telegraph Office of the same name.

Exceptional hours for Telegraph business are indicated in the third column. Where no day is specified the exception relates to week-days; where the prefix (Sun.) occurs, to Sundays. Offices open on Sunday evenings are also open on Bank Holidays during the same hours, unless otherwise indicated. **For further particulars of Hours of Business, see pages 135 to 140.**

Offices at which there is **no Sunday delivery** of letters are distinguished by the letters **nS**.

There are, however, some offices not so distinguished at which there is only a restricted delivery on Sundays, or only a delivery to callers at the Post Office.

The following is an alphabetical list of the symbols used :—

- BO** = Branch Office.
- D** = General delivery of telegrams.
- M** = Money Order and Savings Bank Office.
- nD** = No delivery of telegrams.
- nS** = No Sunday delivery of letters.
- O** = Postal Order business not transacted.
- rD** = Delivery of telegrams by Railway Company or Coast-guard at stations only.

LIST OF PRINCIPAL STREETS IN THE LONDON POSTAL AREA.

The **first column** of this List contains in alphabetical order the names of the **principal streets** in the various districts of the London Postal Area. For smaller streets not appearing in the List, reference should be made to the name of the nearest important street or road.

The name of each street is followed by initials denoting the District in which it is situated, and by a number denoting the **Office of Delivery**.

In the address of any letter, parcel or other postal packet for any house in the London Postal Area there should appear:—

- (1) Name of addressee.
- (2) Number (or if there is no number, the name) of the house.
If a house bears a name and also a number, the number should always be used, whether or not the name be added.
- (3) Name of street or road in which the house is situated.
- (4) Initials of the Postal District, followed by the number of the Office of Delivery, thus:—S.W. 4, N.W. 8.
- (5) The word "London," if the place of posting is outside the London Postal Area.

Column A indicates the nearest **Money Order Office** to each street, and

Column B the **Office for payment of Telegraph Money Orders**, so that any person wishing to remit money to an address in London can ascertain on what office a Money Order should be drawn,

These columns are intended to be used in connection with the list of offices given on pages 516 to 547, the reference numbers corresponding with the numbers prefixed to the names of offices in that list.

The figure following the letter "C" shows the number of identical copies of the Customs Declaration which are required in each case.

When a non-adhesive form "C" is used, the sender must also fill up a despatch note. One Despatch Note and one set of Customs

Customs Declarations must be prepared in the same way as for parcels addressed to Russia. The presence in the address of the name of any other place before the name of one of those towns usually involves conveyance by the Chinese Post Office and prepayment at the rates specified under (A) above. In addition, parcels for Chefoo and Wel-hai-wel must bear the indication:—"Via Russia and Chefoo (Japanese Post Office)"; parcels for Tientsin the indication:—"Via Russia and Tientsin (Japanese Post Office)"; and parcels for Shanghai the indication:—"Via Russia (Vladivostok) and Shanghai (Russian Post Office)." As far as possible the forms should be made out in the French language and should show weights or measures in the French (decimal-metric) system.</p> <p>Every package of plums, preserved vegetables or sardines must bear the name of the country of origin in raised or sunken letters; the cover of the parcel must also bear the name.</p> <p>Parcels are accepted for transmission to Alsace and to Lorraine at the rate of postage and under the general conditions applicable to parcels for France.</p>

| C 1 | <p>Prohibitions.—Letters (except one for the addressee); soiled paper; cotton waste; coffee prepared with colouring matter; colouring matter and essences used for the manufacture or adulteration of wine; arms and ammunition of war (unless addressed to the State authorities); game (from Feb. 1 to Aug. 1); copper, nickel, silver or gold coins not current in Roumania (except antique coins); coins intended for purposes of ornament; saccharine and similar products (unless addressed to authorised chemists). Tobacco, cigarette papers, playing cards, salt, ikons, patent medicines, pharmaceutical specialties, mineral waters, margarine, and weights and measures of any kind are only admitted by special permission. Trees and shrubs and parts thereof must be accompanied by a phylloxera certificate—see p. 67. The importation of food and meat is subject to special conditions, and parcels containing them can only be accepted at the sender's risk.</p> <p>Observations.—Contents should be described in detail in French on the Customs declaration according to the terms of the Roumanian tariff. The value and net weight of each kind of article or goods must be stated. Parcels containing merchandise sent by or to traders must be accompanied by invoices, which should be attached to the relative Despatch Notes.</p> <p>Persons wishing to send goods to Roumania by Parcel Post should make enquiry of the Export Licence Department of the Board of Trade as to export restrictions.</p> |
| C 2 | <p>Prohibitions.—Letters; arms and ammunition; spirits.</p> <p>Observations.—Parcels must be packed in wood, tin, canvas, linen, or similar material and not merely in paper or cardboard, and be securely sealed with wax or lead, preferably lead. Parcels not packed in wooden or metal boxes must be covered with canvas, linen, or oilcloth (not linen-faced paper) sewn up at the flaps and folds, and secured with string sealed at the knots and ends. Parcels covered with oilcloth must be provided with a stout linen-backed label securely sewn to the cover by stitching along the edges and diagonally across the label on which a clear space not less than 5 in. by 3 in. has been left for affixing official labels. The parcels may be addressed on the rest of the label. If addressed on the cover itself, the address must be painted on the cover, preferably with white paint. The name and address of the sender must be shown on the cover of every parcel addressed to Russia. Wooden boxes must be of stout material well screwed or nailed together at the sides, top and bottom. To avoid delay at the Russian frontier, senders are strongly advised to tie all parcels round with cord, sealing the loose ends with lead seals. Addresses must be clearly written. The name of the town and province should be added in English, French or German. Customs Declarations must show the gross weight (in grammes) of the parcel, including the packing, and the total value of the parcel must be stated. No erasure or amendment may be made in the entries relating to the description, number, or weight of the contents. A separate entry must be made of each kind of article or goods, describing precisely in each case the quality according to the commercial denomination, the quantity (according to ordinary trade usage) by number, measurement, and net weight (in grammes), and the value in English or in Russian currency. Neglect of these regulations will lead to the rejection of the parcel by the Russian Customs and its return to the sender.</p> <p>Separate Despatch Notes and separate Customs Declarations are required in the case of each parcel for Russia. Senders must indicate on the cover of the parcel and on the back of the relative Despatch Note, and, if possible, in the French language, whether, in the event of non-delivery, the parcel shall be (a) redirected to another address (in which case the alternative address should be furnished), (b) returned at the sender's expense, or (c) abandoned. No other alternative is permissible.</p> <p>Persons wishing to send goods by Parcel Post should make enquiry of the Export Licence Department of the Board of Trade as to export restrictions.</p> |

* Telegrams paid at triple rate—i.e. 4d. a word—receive priority of treatment over other private telegrams on the cables between this country and Russia, and on the Russian land lines. The word "urgent" must be inserted before the address and paid for as an extra word. The telegrams are accepted subject to senders' risk as in the case of those forwarded at ordinary rates.

¶ Telegrams for the places in Morocco to which the ordinary rate is 4d. per word are normally forwarded from Tangier to their destination by post, for at least a part of the way, and are subject to delay. Such telegrams will be sent by wireless telegraphy instead of by post in Morocco, if a charge of 1s. 7½d. per word instead of 4d. is paid, and if the indication "D." which must be paid for as an extra word, is inserted before the address between hyphens.

¶ Telegrams in plain language (English or French) for Mauritania, Senegal and Upper Senegal and Niger may be accepted at half rates, on condition that they may, if necessary, be deferred during transmission in favour of full-rate telegrams. When the total charge for the telegram ends in an odd number of farthings, the sum of 4d. must be added to the amount so as to bring it up to the next 4d. or 1d. For example, the deferred rate to Senegal is 4½d., and the charge for a deferred telegram of 9 words is, therefore, 9 x 4½d. = 4s. 9½d. + 4d. = 5s. 3½d.

§ Urgent telegrams paid at triple rates may be accepted for Norway, Sweden, and Turkey. The word "urgent" must be inserted before the address and paid for as an extra word.
