Schedule No.	Description	Form to be used for Reqs. on Supplies Dept.	Remarks
<u>STANDARD STEEL DATE STAMP (BAYONET FITTING) AND ACCESSORIES.</u>			
<p>NOTE.—It is essential that the following instructions relating to the replacement of parts of the stamp be strictly complied with, and Head Postmasters should reply fully to the questions on the back of the Requisition form, so far as they apply. All parts of this stamp and the type are of standard size. When, owing to wear and tear, loss, or damage, any part requires renewal, do not return the stamp and box of type to the Depot, but requisition the necessary new part quoting schedule numbers as follows:—</p>			
MS 33	Type (day, month, year and index letter or star) for steel date stamp.	P656W	Single pieces.
„ 34	Type (clock time minutes)	„	Single pieces, —, 15, 30, 45, A.M., P.M.
„ 35	Type (clock time hour)	„	Single pieces, 1 to 12.
„ 36	Type (day, month and year)	„	Set of forty-six pieces, 31 days, 12 months, 3 years.
„ 38	Catch Spring, Locking, complete with spring and nut.	„	
„ 40	Typeholder, combined, to take clock time type, engraved with name of office.	P 1058W	} Maximum number of characters 33.
„ 41	Typeholder, combined, to take index letter or star type, engraved with name of office (standard).	„	
„ 43	Typeholder, single, with star (or distinguishing letter), engraved with name of office.	„	
„ 44	Body, complete with catch spring and handle, assembled.	P 656W	To take MS 40, MS 41 or MS 43.
„ 45	Tool, adjusting, for MS 38	„	

If a new typeholder is required, the name to be engraved thereon (which should be in accordance with the entry in "Post Offices in the United Kingdom") should be stated on the requisition, as well as the schedule number of the item.

"Standard" type must not be mixed with type supplied for old pattern, pre 1929 screw top stamps—as it is not interchangeable with it.

Schedule No.	Description	Form to be used for Reqns. on Supplies Dept.	Remarks
